

RECOMMENDATION

It is recommended that the forest land of 1.84 Ha. of Kasanakandi village of Koppal Range Munirabad bearing Sy, 25, Koppal may be diverted for non forestry purpose i.e laying of pipe line, transmission line, Substation & construction of Break Pressure tank to M/S AARESS IRON AND STEEL Limited Hospet with the conditions that the User Agency has to pay the NPV amount. Extraction cost of the trees which are to be felled and also user agency has to bear the cost of raising of compensatory plantation as per MOEF Guidelines. The user agency has to take precautionary measures to prevent soil erosion of the diverted forest area.

The forest land to be diverted is unavoidable and it is barest minimum for the purpose of laying pipe line, transmission line sub-station, & Break pressure Tank. Since this is a Steel plants it provide several employment to the local people, hence the proposal may be recommended.

Deputy Conservator of Forests
Koppal Division Koppal.
