NOTES :-

All heights above Indian mean sea level.

Contour interval represents the approximate height, in metres between the top and bottom of contour.

Many areas usually contain water from July to December.

Cart-tracks in this sheet are generally trafficable in dry season. Permission to use should be sought from the irrigation authorities.

Although the course of the Ganga River is continually changing, the channel marked along a canal, indicates the height of the top of the canal embankment only.

Towns numerous throughout the sheet; only the important ones have been shown. Roads along roads, railways and canals are shown in slant type,e.g.,S' whereas those shown in upright type,e.g.,S'.

When it follows the main deep water channel of the Ganga River, will change with the channel.
