Distance stones are in miles.

A relative height, e.g. 10r, against a well, in blue, indicates its total depth in metres.

The area appearing in reserve A/1, A/2 & A/3 of this map is magnetically disturbed and the variation given may differ largely from the actual value.

The triangulated heights and contours in this sheet have not been adjusted to the heights of the spot-identified bench-marks and may not be strictly in accordance with them.
