Kilometres 2.850 m to 1 cm
1:250,000
0-4 cm to 1 km
25 Kilometres

HEIGHTS & CONTOURS IN METRES
CONTOUR INTERVAL 100 METRES

Water features are shown in blue where they generally contain water.
The exterior boundaries of areas of Reserved or Protected Forests are shown by green ribands.
Contours are approximate.

A relative height, 'h', represents the approximate height, in metres, between the top and bottom of a steep slope.
Wooded areas are coloured green. Scattered trees and other vegetation are in green, but prominent surveyed trees are in black.

The triangulated heights and contours in this sheet have not been adjusted to the heights of the spirit-levelled bench-marks and may not be strictly in accordance with them.
Where only (Milestone) and (Kilo) are for roads or railways, they are shown with their numbers in upright type. 'A', 'B' and 'C' alignments only kilometre stones with their numbers in slant type, 'A', 'B' and 'C' are shown when though both types of distance stones exist.
Generally cart-tracks are pedestrian and motorable roads are motorable in dry weather.
Some of the Protected and Reserved Forest boundaries have not been shown in this sheet for want of reliable information.
Some roads, canals, telephone lines, power lines and reservoirs etc. have been altered as a result of verification survey carried out during 1982-83.
The tehsil boundary between Pipariya and Sohagpur has been furnished during 1982-83 as pointed out by the local officials and has not been verified by the concerned authority.

Administrative Index

1 SEHORE.
2 NARSIMHAPUR.

Towns or Villages: Inhabited, deserted. Fort
Hutsi: permanent; temporary. Tower. Antiquities
Temple. Chhatri. Church. Mosque. Idgah. Tomb. Graves
Lighthouse. Lightship. Beacon: lighted; unlighted. Inchange
Mine. Visa on India. Grass. Scrub
