HEIGHTS & CONTOURS IN METRES
CONTOUR INTERVAL 10 METRES

*Water features are shown in blue where they generally contain water.
*Cultivated areas are coloured yellow.
The exterior boundaries of areas of Reserved or Protected Forests are shown by green ribbons.

Contours are approximate.
A relative height, e.g. 10 marked along a canal, indicates the height of the top of the canal embankment above the adjacent country.
Tanks, shown dry, in this area usually contain water from July to November.
Forest boundaries have not been shown for lack of reliable information.

* Not applicable.

All unmetalled roads along canals are motorable in dry season whereas the cattle-tracks are jeepable in dry season. Permission to use these is required from the irrigation authorities.
