

**PART-II**

**(To be filled by the concerned Deputy Conservator of Forests)**  
**(Proposal No. FP/OR/MIN/06/2015, St. Sl. No. OR-040/2015 dated 30.05.2015)**

**16. Location of the Project/Scheme.**

i. State/Union Territory.		Odisha.		
ii. District.		Keonjhar.		
iii. Forest Division.		Keonjhar Forest Division.		
iv. Area of Forest land proposed to be utilized for prospecting (in ha.)	The area of the forest land proposed to be utilized for prospecting is 5.597 ha.			
	Sl. No	Pattern of Utilization	Number/ Dimension	Forest land (ha)
	1	Drilling of Bore Hole	80 Nos./ 4" dia @0.02 ha/ bore hole	1.60
	2	Construction of road/ path	Length= 7994.00 Mtr Width= 5.00 Mtr	3.997
	<b>Total</b>			<b>5.597</b>

17. Legal status of Forest land identified for prospecting		Sidhamath Reserved Forest
--	--	---------------------------

**18. Details of vegetation available in the forest land proposed for diversion.**

i. Forest type		3C/C2e Moist Peninsular Valley Sal
ii. Average crown density of vegetation		0.6
iii. Species wise local or scientific names and girth wise required to be felled.		Species wise local or scientific names and girth wise trees required to be felled is enclosed as <b>Annexure -</b>
iv. Working Plan prescription for the forest land proposed to be utilized for prospecting.		<ul style="list-style-type: none"> <li>• Rehabilitation through artificial regeneration.</li> <li>• Grass and Fodder planting.</li> <li>• Silvicultural Treatment involving removal of high stumps and singling out of multiple coppice shoots,</li> <li>• Thinning Operation in congested crops</li> <li>• Soil Moisture Conservation measures.</li> </ul>

19. Brief note on topography and vulnerability of the forest land proposed to be utilized for prospecting to erosion.		This site falls under the physiographic Joda Barbil plateau extending from Chamakpur to the boarder of Singhbhum of Jharkhand in north and boarder of Bonai in the west. This region is very largely an extension southwards of Singhbhum rocks. This group of rocks comprising trap,

		tuffites, shale, quartzite, phyllite, banded haematite jasper and banded haematite quartzite form high hill ranges with narrow deep valley in between. In this area massive deposit of iron and manganese are associated with B.H.J. and shales respectively. The undulating hilly slope is prone to soil erosion.
--	--	--

20. Approximate distance of the forest land proposed to be utilized for prospecting from boundary of the Forest land.		The proposed prospecting operation site within the mining lease is situated in Sidhamath Reserved Forest.
---	--	---

21. Significance of the forest land proposed to be utilized for prospecting from wildlife point of view.

i. Details of wildlife present in and around the forest land proposed to be utilized for prospecting.		The wildlife present in and around the forest land proposed to be utilized for prospecting are Sambar, Spotted deer, Barking deer, Jackal, Hyena, Elephant, Sloth Bear, Leopard, Mongoose, Peacock, Cuckoo, Grey Jungle Fowl, Blue jay, Owl, Bluelegged bustard, Golden-backed Woodpecker, Python, Krait, Cobra, Russell's Viper, Blind snake, Monitor, Chamelion, <i>Catla catla</i> , <i>Labio rohita</i> , <i>Cirrhinus mrigala</i> , <i>Wallago attu</i> , <i>Notopturus chitala</i> and <i>Chana striatus</i> .
ii. Weather forms part of National Park, Wild life Sanctuary, Biosphere Reserve, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor etc. (If so, the details of the area and comments of the Chief Wild Life Warden to be annexed)		The proposed site does not form part of National Park, Wild life Sanctuary, Biosphere Reserve, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor. However, the site falls in elephant habitat zone- 2 as per report of ORSAC, Bhubaneswar.
iii. Weather any National Park, Wildlife Sanctuary, Biosphere Reserve, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor etc. is located within 10 Kms. From boundary of the forest land proposed to be utilized for prospecting (If so, the details of the area and comments of the Chief Wild Life Warden to be annexed)		No National Park, Wildlife Sanctuary, Biosphere Reserve, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor etc. is located within 10 Kms. from boundary of the forest land proposed to be utilized for prospecting. However, the proposed site is about 100.00 Km away from the nearest Similipal Tiger Reserve.
iv. Weather any National Park, Wildlife Sanctuary, Biosphere Reserve, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor etc. is located within 1 Km. From boundary of the forest land proposed to be utilized for		No National Park, Wildlife Sanctuary, Biosphere Reserve, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor etc. is located within 1 Kms. From boundary of the forest land proposed to be utilized for prospecting.

prospecting (If so, the details of the area and comments of the Chief Wild Life Warden to be annexed)		
v. Whether any rare/ endangered/unique species of flora and fauna in the area, if so details thereof.		

22. Whether any protected archeological/ heritage site/ defense establishment or any other important monument is located in the area. if so the details thereof with NOC from competent authority to be annexed.		No protected archeological/ heritage site/ defense establishment or any other important monument is located in the area applied for prospecting.
--	--	--

23. Comments as to the reasonability of the extent of the forest land proposed to be utilized for prospecting.

i. Whether the requirement of Forest land as proposed by the user agency in para- 6 and para- 7 of the part- I is unavoidable and bare minimum for the project.		Unavoidable and bare minimum.
ii. If no, recommended area of forest land which may be used for prospecting.		N/A

24. Details of violation committed

i. Whether any work in violation of the Act or guideline issued under the Act has been carried out (Yes/No).		No
ii. If yes, details of the violation including period of work done, area of forest land involved in violation, name, address and designation of the person(s) responsible for violation and action taken against the person(s) responsible for violation		N/A
iii. Whether work in violation is still in progress (yes/ no)		N/A

25. Details of Compensatory Afforestation Scheme

i. Legal status of the land identified to raise compensatory afforestation.		N/A
---	--	-----

ii. Details such as location, survey or compartment or khasra No, area and distance from adjoining forest of each plot of non-forest area or degraded forest land identified for compensatory afforestation.		N/A
iii. Survey of India Toposheet(s), in original in 1:50000 scale showing non-forest or degraded forest land identified for compensatory afforestation and adjoining forest boundaries enclosed (yes/ no)		N/A
iv. Detailed compensatory afforestation scheme including species to be planted, implementing agency, time schedule, cost structure etc. enclosed (yes/ no)		N/A
v. Total financial outlay for compensatory afforestation scheme.		N/A
vi. Certificate from the concerned Deputy Conservator of Forests regarding suitability of area identified for compensatory afforestation and from management point of view enclosed? (yes/ no)		N/A

26. Site Inspection Report of the D.C.F. highlighting important facts pertaining to the impact of proposed activities on flora and fauna enclosed (yes/ no).		Site Inspection Report is annexed as Annexure- _____
--	--	--

27. Specific recommendation of the D.C.F. for acceptance or other wise of the proposal with reasons.		The proposed forest diversion proposal on prospecting operation will be exercised through drilling of boreholes within the granted mining lease with temporary change in land use. Therefore, the proposal on prospecting operation over 5.597 ha in forest land within the mining lease is recommended for acceptance.
