NEW OPPORTUNITIES

Letter No....11683.../OMC/F&E/2021
09th August, 2021

To

Divisional Forest Officer
Keonjhar Forest Division

Sub: Proposal for diversion of 345.189 ha of forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

Ref: (i) Letter No. 8-46/2018-FC, dt. 31.01.2019 by MoEF & CC, Govt. of India.
(ii) Memo No. 2825, dt. 08.02.2019 by Spl. Secretary to Govt., F & E Dept., Govt. of Odisha.
(iii) Memo. No. 8516 dt. 27.04.2021 by CF (Nodal).

Sir,

MoEF & CC, Govt. of India vide letter under reference (i) has stipulated twenty seven conditions in the in-principle (Stage-I) approval order pertaining to Khandabandh Iron Ore Mining lease of OMC Ltd over an area of 366.311 ha. The State Govt. vide letter under reference (ii) has also imposed six additional conditions for compliance. The point wise compliance to the conditions stipulated by MoEF & CC, Govt. of India and the State Government is given as under:

i. Legal status of the diverted forest land shall remain unchanged.

In compliance, it is submitted that OMC will pursue the matter with the State Government to keep the legal status of forest land unchanged. An undertaking by OMC in this regard is given at **Sl.No.1 of Annexure-I.**

ii. Compensatory Afforestation shall be raised over equal identified non-forest land (NFL) within three years from the date of Stage-II Clearance and maintained thereafter by the State Forest Department at the cost of the User Agency. At least 1000 saplings per hectares shall be planted over 345.189 ha (345189 plants). If this is not possible to plant these many seedlings in the identified NFL, the balance seedlings will be planted in degraded forest land as per the prescriptions of the Working Plan at the cost of the User agency. In such case CA cost will be revised and duly approved by competent authority and deposited online in the CAF managed by CAMPA.

In compliance, it is submitted that State Forest Department shall raise CA within a period of three years from the date of grant of Stage-II FC over equal identified non-forest land of 345.189 ha allotted by the Collector, Keonjhar in Sikulapada (62.058 ha), Raidiha (51.225 ha), Fuljhar (46.397 ha) villages under Keonjhar Forest Division and by Collector, Kalahandi in Balangi (11.00 ha), Kerapai (38.644 ha) and Dalimguda (135.865 ha) villages under Kalahandi (S) Forest Division by utilizing the funds deposited by OMC. DFO, Keonjhar Division has recommended 88695 plants in the above three villages and 41720 plants in 104.30 ha of degraded forest land in Keonjhar district. DFO, Kalahandi (S) has also recommended 214774 plants in three villages in Kalahandi district. Therefore, total 345189 plants (88695 + 214774 + 41720) have been recommended to meet the requirement of 1000 plants/ha against 345.189 ha of non-forest land. All the CA schemes have been revised as per the current wage rate and technically approved by APCCF (FD & NO, FC Act) vide Memo No.11050 dt 06.07.2021. The differential cost of CA amounting Rs 86, 77,400.00 (Revised estimate: Rs 12, 50, 70,200.00 – Amount deposited by OMC: Rs. 11, 63, 92,800.00) has been transferred by OMC online. The abstract of the CA scheme recommended by DFO, Keonjhar and DFO, Kalahandi (S) and approved by APCCF (FD & NO, FC Act) is furnished hereunder:

Sl. No.	CA site		Area (in ha)	Number of plants	Approved Amount in Rs	Amount Deposited in Rs	Differential amount deposited in Rs
1	Sikulapada	Keonjhar	62.058	49646	3,72,56,700/-	10,24,55,700/-	83,63,900/-
2	Raidiha		51.225	20490			
3	Phuljhar		46.397	18559			
4	Balangi	Kalahandi	11.00	17403	7,35,62,900/-		
5	Kerapai		38.644	58387			
6	Dalimguda		135.865	138984			
Total			345.189	303468	11,08,19,600/-		
7	Baitarani RF	Keonjhar	104.30	41720	1,42,50,600/-	1,39,37,100/-	3,13,500/-
G. Total				345189	12,50,70,200	11,63,92,800/-	86, 77,400/-
Rs 15, 55, 35,502/- deposited vide UTR No. UBINA 20318549222, dt. 13.11.2020 includes Rs11, 63, 92,800/- Rs 87, 52,000/- deposited vide UTR No. UBINJ 21197384846, dt. 16.07.2021 which includes Rs 86, 77,400/-							

iii. 25% of the CA cost additionally will be spent towards Soil and Moisture Conservation activities in the proposed CA area as per site requirement and deposited in CAF.

In compliance, it is submitted that the CA schemes have been technically approved by APCCF (FD & NO, FC Act) with a total financial outlay of Rs 12, 50, 70,200/- which includes Rs 7,68,85,952/- towards cost of plantation excluding the cost of barbed wire fencing and 20% escalation cost. Out of Rs 7,68,85,952/- an amount of Rs. 2,39,41,219.93/- i.e. (31.14%) will be spent towards cost of SMC activities deposited by OMC online. Therefore, additional cost for SMC may not be required to be spent. Justification to this effect is given as under for kind perusal:

Sl. No.	Scheme	Year wise Amount towards SMC measures in Rs. Per ha.					Cost per Ha. (Rs.)	Sub-Total cost in Rs.	Addl. SMC & Staggered Trenches suggested by DFO (Rs.)	Grand Total
		0th	1st	2nd	3rd	4th to 10th

Total										23941219.93

iv. User Agency shall pay penal NPV as per guideline issued by this Ministry's Letter No.11-42/2017-FC dated 29.01.2018 and the same be deposited in the account of CAMPA before Stage-II Clearance.

In compliance, it is submitted that OMC has transferred Rs. 51, 87, 65,551/- which includes Rs. 47, 11, 96,750/- towards cost of penal NPV as per the demand raised by DFO, Keonjhar on dt. 28.08.2019 in Account No. 150825887070438 vide UTR No. ANDBH 19267382500 in Corporation Bank, Lodhi Road, New Delhi on dt. 24.09.2019 in compliance with the guidelines by MoEF & CC dt 29.01.2018. The copy of the challan generated through PARIVESH portal with UTR number in support of the proof of the deposit by OMC is enclosed as **Annexure-II.**

v. User Agency shall pay CA for entire area before Stage-II Clearance. Thus, User Agency shall transfer the cost for raising and maintaining the compensatory afforestation in lieu of entire area proposed for diversion i.e. 345.189 ha of forest land at the current wage rate in consultation with State Forest Department. Accordingly, CA cost shall be revised and duly approved by competent authority and deposited online in the CAF managed by CAMPA. The scheme may include appropriate provision for anticipated cost increase for works scheduled for subsequent years;

In compliance, it is submitted that the total financial outlay of Rs 12, 50, 70,200/- for raising compensatory afforestation approved by APCCF (FD & NO, FC Act, 1980) over the entire area of 345.189 ha has been deposited by OMC in two phases as given below:

i) Rs 15, 55, 35,502/- deposited vide UTR No. UBINA 20318549222, dt. 13.11.2020 includes Rs11, 63, 92,800/-)
ii) Rs 87, 52,000/- deposited vide UTR No. UBINJ 21197384846, dt. 16.07.2021 which includes Rs 86, 77,400/-)

The approved schemes include appropriate provision for anticipated cost increase for works scheduled for subsequent years. The copy of the technically approved CA schemes (3 schemes), demand letter by DFO, Keonjhar, challan generated through PARIVESH portal and payment receipt with UTR number in support of the proof of the deposit by OMC is enclosed as **Annexure-III series**.

vi. User Agency shall submit approved Wildlife Management Plan and commensurate funds shall be deposited in account of CAMPA through online portal.

Initially, the Site Specific Wildlife Conservation Plan (SSWCP) prepared by OMC was technically approved by PCCF (WL) & CWLW, Odisha on dt 06.09.2011 and subsequently after lapse of five years, it was revised and approved on dt 15.09.2020. As per the demand raised by DFO, Keonjhar, OMC deposited Rs.3, 70, 60,000/- online through RTGS vide UTR No. ANDBH 19206649652 dt 25.07.2019 in the Ad-hoc CAMPA Account No. 150825887070934 and subsequently transferred the differential amount of Rs 40, 16,000/- online through RTGS vide UTR No. UBINA 20318549222 dt 13.11.2020 in Ad-hoc CAMPA Account No.150825887070699 towards recommendation to be implemented in the project impact area.

DFO, Keonjhar vide letter no. 4474/Mining dt. 30.07.2021 has raised a demand of Rs. 98, 10,000/- towards recommendation to be implemented within the ML area. An amount of Rs. 98, 10,000/- has been deposited by OMC vide UTR No. UBINJ21218304942 dt. 06.08.2021 in Ad-hoc CAMPA Account No.150825887070251.

The copy of the demand letters by DFO and the RTGS receipt in support of the proof of the deposit by OMC is submitted at **Annexure-IV series**. The copy of the initial approved SSWLCP along with the revised financial outlay is enclosed herewith as **Annexure-V**.

vii. Following activities shall be undertaken by the user agency at the project cost:

A. Mitigative measures to minimize soil erosion and choking of stream shall be implemented within a period of three years with effect from the issue of Stage-II clearance in accordance with the approved Plan in consultation with the State Forest Department.

In compliance, it is submitted that a scheme to minimize the soil erosion and choking of stream has been prepared in consultation with DFO, Keonjhar and approved by RCCF, Rourkela with a total financial outlay of Rs. 44,16,000/- on dt 11.06.2021 estimated at the current wage rate. An undertaking by OMC to execute the scheme in accordance with the approved Plan within a period of three years with effect from the date of issue of Stage-II FC at the

approved financial outlay is given at Sl.No.2 of Annexure-I. The copy of the approved scheme and approval is enclosed as Annexure-VI.

B. Planting of adequate drought hardy plant species and sowing of seeds, in the appropriate area within the mining lease to arrest soil erosion in accordance with the approved scheme;

In compliance, it is submitted that a scheme for planting of adequate drought hardy plant species and sowing of seeds in the appropriate area within the mining lease to arrest soil erosion has been prepared in consultation with DFO, Keonjhar and approved by RCCF, Rourkela without any financial outlay as the cost towards measures proposed in this scheme has already been included within the scheme prepared in compliance with condition No. (xii) towards fencing, protection and regeneration of the safety zone area. An undertaking by OMC to execute the scheme at the approved financial outlay is given at **Sl.No.3** of **Annexure-I**. The copy of the approved scheme and approval is enclosed as **Annexure-VII.**

C. Construction of check dams, retention toe walls to arrest sliding down of the excavated material along the contour in accordance with the approved scheme;

In compliance, it is submitted that a scheme for construction of check dams, retention toe walls to arrest sliding down of the excavated material along the contour has been prepared in consultation with DFO, Keonjhar and approved by RCCF, Rourkela on dt 11.06.2021 with a total financial outlay of Rs. 62,73,900/- estimated at the current wage rate. An undertaking by OMC to execute the scheme at the approved financial outlay is given at **Sl. No. 4** of **Annexure-I**. The copy of the approved scheme and approval is enclosed as **Annexure-VIII.**

D. Stabilize the overburden dumps by appropriate grading/benching, in accordance with the approved scheme, so as to ensure that angles of repose at any given place is less than 28° and

In compliance, it is submitted that a scheme to stabilize the overburden dumps by appropriate grading/benching, has been prepared in consultation with DFO, Keonjhar and approved by RCCF, Rourkela on dt 11.06.2021 with a total financial outlay of Rs. 2,06,12,300/- estimated at the current wage rate. An undertaking by OMC to execute the scheme at the approved financial outlay is given at Sl. No. 5 of Annexure-I. The copy of the approved scheme and approval is enclosed as Annexure-IX

E. No damage shall be caused to the top-soil and the user agency will follow the top soil management plan.

In compliance, it is submitted that an undertaking is given at **Sl.No. 6** of **Annexure-I** that no damage shall be caused to the top-soil. OMC also undertakes to follow the top soil management plan, prepared in consultation with the DFO, Keonjhar and approved by RCCF, Rourkela on dt 11.06.2021 with a total financial outlay of Rs. 3, 47, 47,300/- estimated at the current wage rate. The copy of the approved scheme and approval is enclosed as **Annexure-X.**

viii. The land identified for the purpose of CA shall be clearly depicted on a Survey of India topo-sheet of 1:50,000 scale.

In compliance, it is submitted that the land identified for the purpose of CA has been clearly depicted on the Survey of India Topo sheet Nos. F45N11 (Raidiha & Sikulapada), F45N6 (Phuljhar), E44F2 (Dalimguda), E44F3 (Kerapal) and E44E15 (Balangi) on 1:50,000 scale. The copy of the Topo sheets is enclosed as **Plate No. I & II** for villages located in Keonjhar district and as **Plate No. III, IV & V** for villages located in Kalahandi district.

ix. The admissible non-forest land shall be identified for raising compensatory afforestation and the same shall be transferred and mutated in favour of the State Forest Department before issue of the Stage-II clearance. The non-forest land identified for raising Compensatory Afforestation shall be notified by the State Government as RF under Section-4 or PF under Section-20 of the Indian Forest Act, 1927 or under the relevant Section (s) of the local Forest Act, as the case may be, within a period of six months. The Nodal Officer (Forest Conservation) shall report compliance in this regard;

In compliance, it is submitted that 345.189 ha of accepted non-forest land in six villages (3 in Keonjhar and 3 in Kalahandi district) selected for raising CA has been transferred and mutated in favour of the State Forest Department vide RoRs issued by the Tahasildar Bansapal, Keonjhar district and Tahasildar, Thuamul Rampur, Kalahandi district respectively. The said mutated non-forest land has been notified by the State Government as PF on dt 11.06.2021 as per the details given below:

Sl. No.	Name of the village	Status of mutation		Notified as PF by the State Govt.		
		Area in ha	RoR	Letter No.	Date	Name of the PF
A. Tahasil: Banspal; District: Keonjhar						
1	Raidiha	51.225	Issued	10464	11.06.2021	Raidiha Protected Forest
2	Fuljhar	46.397	Issued	10478	11.06.2021	Fuljhar Protected Forest
3	Sikulapada	62.058	Issued	10471	11.06.2021	Sikulapada Protected Forest
B. Tahasil: Thuamul Rampur; District: Kalahandi						
4	Balangi	11.00	Issued	10429	11.06.2021	Balangi Protected Forest
5	Kerapai	18.993	Issued	10436	11.06.2021	Kerapai-A Protected Forest
6	Kerapai	19.651	Issued	10443	11.06.2021	Kerapai –B Protected Forest
7	Dalimguda	24.078	Issued	10450	11.06.2021	Dalimguda-A Protected Forest
8	Dalimguda	111.787	Issued	10457	11.06.2021	Dalimguda-B Protected Forest
TOTAL		345.189				

The copy of the RoRs of six villages and PF Notifications issued by the State Government are enclosed as **Annexure-XI** series.

x. The User Agency shall transfer online, the Net Present Value (NPV) of the forestland being diverted under this proposal, as per the orders of the Hon'ble Supreme Court of India dated 28.03.2008, 24.04.2008 and 09.05.2008 in Writ Petition (Civil) No. 202/1995 and the guidelines issued by this Ministry vide its letter No.5-3/2007-FC dated 05.02.2009. The requisite funds shall be transferred through online portal into Ad-hoc CAMPA account of the State Concerned;

In compliance, it is submitted that OMC has transferred the total amount of NPV as per the demand raised by DFO, Keonjhar in phases. The details are given as below:

Sl. No.	Area in ha	Amount deposited	Mode of payment (DD/RTGS) by OMC
1	129.095	Rs 74875100.00	DD No.717349 to 717423 of Rs 990000/- each DD No.717424 of Rs 625100/-, dt 09.09.2006
2	165.435	Rs 120767550.00	DD No.650823, dt 21.07.2010
3	Interest on belated payment	Rs 178670.00	UTR No. ANDBN 14067595317, dt 07.03.2014
4	50.669	Rs. 47568801.00	UTR No. ANDBH 19267382500, dt.24.09.2019

OMC has deposited NPV as per the guidelines by Hon'ble Supreme Court of India. As per the instruction by the State Forest Department during 2006, OMC submitted the DDs drawn in favour of DFO, Keonjhar and DFO, Keonjhar vide letter No.5586 dt 14.09.2006 sent the original DDs received from OMC to CCF (Nodal). It is submitted that during final recommendation of this part of the compliance, the details of DDs finally submitted by CCF (N) to MoEF & CC may kindly be referred so that the verification of CAMPA account by MoEF & CC at New Delhi get easier. During 2010 the

DD was drawn in favour of CAF-1585 in Corporation Bank and thereafter continued to deposit online since 2014. The copy of the DDs and RTGS receipt in support of the proof of the deposit by OMC is enclosed as **Annexure-XII** series for kind perusal.

xi. At the time of payment of the Net Present Value (NPV) at the then prevailing rate, the User Agency shall furnish an undertaking to pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India;

In compliance, it is submitted that OMC has furnished an undertaking at **Sl. No. 07** of **Annexure-I** to pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India.

xii. Fencing, protection and regeneration of the safety zone area [7.5 meters strip shall be kept within the mining lease boundary and area of the safety zone shall be part of the total area of mining lease as per the Ministry's guidelines dated 27.05.2015] shall be done within three year at the project cost from the issue of Stage-II Clearance. Besides this afforestation on degraded forest land to be selected elsewhere measuring one & a half times the area under safety zone shall also be done at the project cost. The degraded forest land (DFL) so selected will be informed to the MoEF & CC with shape files and afforestation will be done within three years from the date of Stage-II clearance and maintained thereafter in accordance with the approved Plan in consultation with the State Forest Department;

In compliance, it is submitted that a scheme for fencing, protection and regeneration of the safety zone area (7.5 meters strip all along the ML boundary) has been approved by RCCF, Rourkela on dt 11.06.2021 with a total financial outlay of Rs. 93, 35,600/-. An undertaking by OMC to execute the scheme at the approved financial outlay is given at **Sl.No.8** of **Annexure-I**. The copy of the approved scheme with approval letter is enclosed as **Annexure-XIII.**

OMC has transferred Rs.15, 55, 35,502/- in Ad-hoc CAMPA Account through RTGS vide UTR No. UBINA 20318549202 dt 13.11.2020 including Rs 17, 32,600/- towards the cost of 1.5 times Safety Zone over 10.38 ha (6.919 x 1.5) of degraded forest land as per the scheme technically approved by RCCF, Rourkela in Baitarani East (A) PRF under Champua Range of Keonjhar Forest Division. Due to revision in the wage rate, the scheme has been revised and technically approved by RCCF, Rourkela on dt 11.06.2021 with a total financial outlay of Rs 17,61,700/-. On receiving the demand from DFO, Keonjhar, OMC transferred the differential amount of Rs 29,100/- (Rs 17, 61,700.00 – Rs 17, 32,600.00) in Ad-hoc CAMPA Account through RTGS vide UTR No. UBINJ 21197384846 dt 16.07.2021. The afforestation will be done by the forest department within three years from the date of Stage-II Forest Clearance and maintained thereafter in accordance with the approved Plan. The copy of the approved scheme with approval letter, RTGS receipt in support of the proof of the deposit by OMC is enclosed as **Annexure-XIV series.**

xiii. User Agency shall ensure that the Compensatory levies (CA cost, NPV, etc.) are deposited through challan generated online on web portal and deposited in appropriate bank online only. Amount deposited through other mode will not be accepted as compliance of the Stage-I clearance.

In compliance, it is submitted that OMC has deposited the compensatory levies in shape of DDs as per the advice by DFO, Keonjhar in his demand letter during 2006 and 2010. All the dues thereafter have been transferred through RTGS as per the challan generated by PARIVESH portal. The details of compensatory levies deposited by OMC are given in the format enclosed as **Annexure-XV.**

xiv. Period of diversion of the said forest land under this approval shall be for a period co-terminus with the period of the mining lease proposed to be granted under the Mines and Minerals (Development and Regulation) Act, 1957, as amended and the Rules framed there-under;

In compliance, it is submitted that the State Government vide order No.III (A) SM-14/2013-4904/SM dt 25.06.2018 have been pleased to order that in terms of Rule 3 (1) of the Mineral (Mining by Government Company) Rules,2015, the period of original lease is deemed to be granted for 50 years i.e. from dt 30.11.1963 to dt 29.11.2013 and in terms of Rule 3 (2) read with Rule 3 (3) of said rules, the validity period of the lease is extended for a further period of 20 years from dt 30.11.2013 to 29.11.2033 subject to execution of supplementary lease deed for the extension period upon getting all the statutory clearances within a period of three months. The State Government vide letter No.9566/SM dt 09.11.2020 has allowed further one year time with effect from 25.09.2020 for execution of supplementary lease deed. OMC shall execute the lease on getting the forest clearance. An undertaking by OMC to execute the lease on getting all clearances is given at Sl.No.9 of **Annexure-I**. The copy of the letter by the State Government in this regard is enclosed as **Annexure-XVI**.

xv. The State Government shall complete settlement of rights, in terms of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, if any, on the forest land to be diverted and submit the documentary evidence as prescribed by this Ministry in its letter No. 11-9/1998-FC (pt.) dated 03.08.2009 read with 05.07.2013, in support thereof;

In compliance, it is submitted that the process of settlement of rights, in terms of the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, over 345.189 ha of forest land has been completed. The documentary evidence as prescribed by the Ministry in their letter No. 11-9/1998-FC (pt.) dt 03.08.2009 read with dt 05.07.2013, in support thereof is enclosed as **Annexure-XVII series**.

xvi. The User Agency shall obtain the Environment Clearance as per the provisions of the Environmental (Protection) Act, 1986, if required;

In compliance, it is submitted that EC as per the provisions of the Environmental (Protection) Act, 1986 has been granted by MoEF, Govt. of India vide letter No.J-11015/1081/2007-IA.II (M) dt 15.12.2008 for production of 1.0 MTPA of iron ore. The copy of the grant order of EC is enclosed as **Annexure-XVIII**.

xvii. No labour camp shall be established on the forest land and the User Agency shall provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas;

In compliance, it is submitted that no labour camp has been established on the forest land. An undertaking is given at **Sl.No.10** of **Annexure-I** to provide alternate fuels to the labourers and staff working at site as to avoid any damage and pressure on the nearby forest areas.

xviii. The boundary of the diverted forest land, mining lease and safety zone, as applicable, shall be demarcated on ground at the project cost, by erecting four feet high reinforced cement concrete pillars, each inscribed with its serial number, distance from pillar to pillar and GPS co-ordinates;

In compliance, it is submitted that the boundary of the diverted forest land, mining lease and safety zone, has been demarcated on ground by erecting four feet high reinforced cement concrete pillars, each marked with durable paint its serial number, distance from pillar to pillar and GPS co-ordinates. The photographs are attached at **Annexure-XIX**.

xix. The layout plan of the mining plan/proposal shall not be changed without the prior approval of the Central Government and the forest land shall not be used for any purpose other than that specified in the proposal;

In compliance, it is submitted that an undertaking is given at **Sl.No.11** of **Annexure-I** that the layout plan of the mining plan/proposal shall not be changed by OMC without the prior approval of the Central Government. Further, the forest land shall not be used for any purpose other than that specified in the proposal.

xx. The forest land proposed to be diverted shall under no circumstances be transferred to any other agency, department or person without prior approval of the Central Government;

In compliance, it is submitted that an undertaking is given at **Sl.No.12** of **Annexure-I** that the forest land proposed to be diverted shall under no circumstances be transferred by OMC to any other agency, department or person without prior approval of the Central Government.

xxi. No damage to the flora and fauna of the adjoining area shall be caused;

In compliance, it is submitted that an undertaking is given at **Sl.No.13** of **Annexure-I** that no damage to the flora and fauna of the adjoining area shall be caused by OMC.

xxii. The user agency shall explore the possibility of translocation of maximum number of trees identified to be felled and shall ensure that any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department.

In compliance it is submitted that an undertaking is given at **Sl.No.14** of **Annexure-I** to explore the possibility of translocation of maximum number of trees identified to be felled and shall ensure that any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department.

xxii. User agency either himself or through the State Forest Department shall undertake gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests (having crown density less than 0.40), if any, located in the area within 100 m from outer perimeter of the mining lease. The plan for plantation and SMC activities will be prepared and submitted to MoEF & CC before Stage-II Clearance;

In compliance, it is submitted that on receiving the demand from DFO, Keonjhar towards a scheme for gap planting and soil and moisture conservation activities to restock and rejuvenate the degraded open forest within 100 m from outer perimeter of Khandabandha Iron Ore mining lease approved by RCCF, Rourkela OMC has transferred Rs.15, 55, 35,502/- in favour of Ad-hoc CAMPA through RTGS mode vide UTR No. UBINA 20318 549202 dt.13.11.2020 including Rs 34, 02,100/- towards differential cost of the scheme. Due to revision of wage rate the revised scheme has been technically approved by RCCF, Rourkela on dt 11.06.2021 at a financial outlay of Rs 33, 56,600/-. On receiving the demand from DFO, Keonjhar, OMC transferred the differential amount of Rs 45500/- (Rs 34, 02,100.00 - Rs. 33, 56,600.00) through RTGS in to A/c No.150825887070369 vide UTR No. UBINJ 21197384846 dt 16.07.2021 in state CAMPA for execution of the work by State Forest Department. The copy of the demand letter and RTGS receipt in support of proof of the deposit by OMC is enclosed as **Annexure-XX series.**

xxiv. The User Agency shall undertake mining in a phased manner after taking due care for reclamation of the mined over area. The concurrent reclamation plan as per the approved mining

plan shall be executed by the User Agency from the very first year, and an annual report on implementation thereof shall be submitted to the Nodal Officer, Forest (Conservation) Act, 1980, in the concerned State Government and the concerned Regional Office of the Ministry. If it is found from the annual report that the activities indicated in the concurrent reclamation plan are not being executed by the User Agency, the Nodal Officer or the concern Addl. Principle Chief Conservator of Forests (Central) may direct that the mining activities shall remain suspended till such time such reclamation activities area satisfactorily executed.

In compliance, it is submitted that OMC has submitted an undertaking at Sl.No.15 of Annexure-I to carryout mining as per the mining plan/scheme of mining approved by IBM. An undertaking by OMC is also furnished at same serial number to submit an annual report on implementation of the concurrent reclamation plan to the Nodal Officer, Forest (Conservation) Act, 1980, Odisha and Eastern Regional Office, MoEF & CC, Bhubaneswar.

xxv. The User Agency shall prepare a list of existing village tanks and other water bodies with GPS co-ordinates located within five km. from the mine lease boundary. This list is to be duly verified by the concerned Divisional Forest Officer. The User Agency shall regularly undertake desilting of these village tanks and other water bodies so as to mitigate the impact of siltation of such tanks/water bodies. A detailed approved plan for desilting of identified ponds and water bodies to be prepared in consultation with forest department and shall be submitted to MoEF & CC before Stage-II approval;

In compliance, it is submitted that the list of existing village tanks and other water bodies with GPS co-ordinates located within five km. from the ML boundary has been duly verified by DFO, Keonjhar. A plan for desilting of ponds and water bodies as per the list attached to the scheme has been prepared in consultation with DFO, Keonjhar and got it approved by RCCF, Rourkela on dt 11.06.2021 at a total financial outlay of Rs. 22,88,500/. The copy of the approved plan is enclosed herewith as **Annexure-XXI** for onward submission to MoEF & CC for Stage-II approval. An undertaking by OMC is furnished at Sl.No.16 of Annexure-I to desilt the village tanks and other water bodies at the approved financial outlay.

xxvi. The User Agency shall submit the annual self-compliance report in respect of the above stated conditions to the State Government, concerned Regional Office and to this Ministry by the end of March every year regularly;

In compliance, it is submitted that an undertaking by OMC is furnished at Sl. No.17 of Annexure-I to submit the annual self-compliance report in respect of the conditions stipulated in this stage-I clearance to the State Government, concerned Regional Office and to this Ministry by the end of March every year regularly.

xxvii. Any other condition that the concerned Regional Office of this Ministry may stipulate with the approval of competent authority in the interest of conservation, protection and development of forests & wildlife; and

In compliance, it is submitted that an undertaking by OMC is furnished at **Sl. No.18** of **Annexure-I** to abide by any other condition that the concerned Regional Office of this Ministry may stipulate with the approval of competent authority in the interest of conservation, protection and development of forests & wildlife.

xxviii. The user agency shall comply all the provisions of the all Acts, Rules, Regulations, Guidelines, Hon'ble Court Order (s) and NGT Order (s) pertaining to this project, if any, for the time being in force, as **applicable** *to the project,*

In compliance, it is submitted that an undertaking by OMC is furnished at **Sl. No.19** of Annexure-I to comply all the provisions of the all Acts, Rules, Regulations, Guidelines, Hon'ble Court

Order (s) and NGT Order (s) pertaining to this project, if any, for the time being in force, as applicable to the project

Besides the above conditions, the compliance to the additional conditions imposed by the State Government vide letter under reference (ii) is given as under:

A) The User Agency shall pay towards cost of removal of trees enumerated before commencement of work on Stage-II approval and tree felling should be taken up in phases strictly as per requirement under the supervision of the Divisional Forest Officer, Keonjhar Forest Division.

In compliance, it is submitted that an undertaking by OMC is furnished at Sl. No.20 of **Annexure-I** to pay towards cost of removal of trees enumerated before commencement of work on Stage-II approval. OMC also undertakes that tree felling shall be taken up in phases strictly as per requirement under the supervision of the DFO, Keonjhar Forest Division.

B) Claims settled under FRA pertaining to forest land within the leasehold area, shall be compensated suitability before taking possession of such forest land by the lessee for mining operation.

In compliance, it is submitted that an undertaking by OMC is furnished at **Sl. No.21** of **Annexure-I** to compensate the claims settled under FRA pertaining to forest land within the leasehold area suitably before taking possession of such forest land by OMC for mining operation.

C) Phased Reclamation Plan shall be executed by the lessee at their cost.

In compliance, it is submitted that an undertaking is furnished at Sl. No.22 of **Annexure-I** to execute the phased reclamation plan by OMC at project cost.

D) The lessee shall have valid Consent to operate order from SPCB, Odisha before commencement of mining operation.

In compliance, it is submitted that an undertaking by OMC is furnished at Sl. No.23 of **Annexure-I** to obtain Consent to operate order from SPCB, Odisha before commencement of mining operation.

E) The User Agency shall pay the proportionate cost for implementation of Regional Wildlife Management Plan as per revised cost norm. Since the SSWLCP has been approved in the year 2011, the approved cost of the Plan needs to be revisited as per current wage rate and accordingly the modified cost needs to be realized from the user agency upon having Stage-I forest clearance.

In compliance, it is submitted that OMC has transferred Rs.15, 55, 35,502/- in favour of Ad-hoc CAMPA through RTGS mode vide UTR No. UBINA 20318549202 dt. 13.11.2020 which includes Rs 30037502/- towards proportionate cost for implementation of RWMP as per the demand raised by DFO, Keonjhar vide letter No. 2067 / 6F - Mining- 15 / 2017 dt 13.03.2019. The copy of the demand by DFO, Keonjhar and the copy of the RTGS receipt in support of proof of the deposit by OMC is enclosed as **Annexure-XXII Series.**

The compliance to the second part of the above condition has already been given against Condition No.vi of the stage-I approval letter by MoEF & CC, Govt. of India and hence not repeated again. The copy of the RTGS receipt in support of proof of deposit by OMC is enclosed as Annexure-IV Series.

F) The user agency shall undertake demarcation of the lease area on the ground posting four feet high cement concrete pillars embedded two feet inside the soil with serial number, forward and backward bearings, and distance from pillar to pillar. The user agency shall also submit the map of lease area showing

different kinds of forest land using DGPS survey data and latitude and longitude of each pillar to the Divisional Forest Officer, Keonjhar for his reference before commencement of work on final forest clearance.

In compliance, it is submitted that the ML area has been demarcated on the ground by posting 4' high RCC pillars embedded two feet inside the soil with serial number, forward and backward bearings and distance from pillar to pillar. OMC has submitted the map of lease area showing different kinds of forest land using DGPS survey data and latitude and longitude of each pillar to the DFO, Keonjhar vide letter No. 2803/OMC/F&E/2019 dt. 18.02.2019. The photographs of the completed work and copy of the letter to DFO, Keonjhar are enclosed as **Annexure-XXIII series.**

G) Since the DFO has reported that soil erosion is likely to increase in the area, the; user agency shall take appropriate steps to control erosion in the applied area.

In compliance, it is submitted that adequate SMC measures have been planned to be executed by OMC within mining lease area as per the schemes under condition No.vii (A, B, C and D) of this stage-I approval order duly approved by RCCF, Rourkela to comply the observation raised by DFO, Keonjhar.

H) Present status of mining lease shall be indicated with specific reference to whether the ML period has been extended as per MMDR Amendment Act, 2015 and if so, whether supplementary lease deed has been executed for the extended period.

In compliance, it is submitted that the State Government has extended the mining lease period vide letter No. III (A) SM-14/2013-4904/SM dt 25.06.2018 till dt 29.11.2033 for a period of 70 years from the date first execution of the lease deed in terms of Rue 3 (1), 3 (2) & 3 (3) of Mineral (Mining by Government Company) Rules, 2015. On getting forest clearance supplementary lease deed shall be executed.

It is therefore requested to kindly examine the above compliance and recommend to RCCF, Rourkela for onward submission for grant of final forest clearance.

Yours faithfully,

Encl: As above.

ANNEXURE-I

UNDERTAKINGS

[As per condition No. i, vii (A), vii (B), vii (C),vii (D), vii (E),xi, xii, xiv, xvii, xix, xx, xxi, xxii, xxiv, xxvi, xxvii, xxviii stipulated in the Stage-I Forest Clearance granted by MoEF & CC, Govt. of India vide letter No. 8-46/2018-FC, dt. 31.01.2019 and condition No. A, B, C and D of the Memo No. 2825, dt. 08.02.2019 given by the State Government pertaining to Khandabandha Iron Ore Mining Lease over 366.311 ha of OMC Ltd.]

I Sri Suman Krishna Sit, General Manager (Geology), Authorized signatory of O.M.C.Ltd. for this project do hereby undertake the following for furtherance of the Forest Diversion Proposal for grant of 345.189 ha of forest land included within Khandabandha Iron Ore mining lease of OMC located in Keonjhar Forest Division of Keonjhar district, Odisha:

Sl. No.	Condition No.	Undertakings by OMC
Conditions stipulated by MoEF & CC, Govt. of India vide Letter No. 8-46/2018-FC, dt. 31.01.2019		
1	i	That the legal status of forest land remain unchanged.
2	vii (A)	To execute the scheme by OMC to minimize the soil erosion and choking of stream in accordance with the approved plan within a period of three years w.e.f. the date of issue of Stage-II FC at the approved financial outlay of Rs. 44,16,000/-.
3	vii (B)	To execute the scheme by OMC for planting of adequate drought hardy plant species and sowing of seeds in the appropriate area within the mining lease to arrest soil erosion as approved by RCCF, Rourkela.
4	vii (C)	To execute the scheme by OMC for construction of check dams, retention toe walls to arrest sliding down of the excavated material along the contour at the approved financial outlay of Rs.62,73,900/-.
5	vii (D)	To execute the scheme by OMC to stabilize the overburden dumps by appropriate grading/benching at the approved financial outlay of Rs. 2,06,12,300/-.
6	vii (E)	To execute the top soil management plan approved with a total financial outlay of Rs.3,47,47,300/-.
7	xi	To pay the additional amount of NPV, if so determined, as per the final decision of the Hon'ble Supreme Court of India.
8	xii	To execute the scheme by OMC for fencing, protection and regeneration of the safety zone area (7.5 meters strip all along the ML boundary) at the approved financial outlay of Rs. 93,35,600/-.
9	xiv	To maintain the period of diversion of the forest land under this approval co-terminus with the period of the mining lease proposed to be granted under the Mines and Minerals (Development and Regulation) Act, 1957, as amended and the Rules framed there-under.

Sl. No.	Condition No.	Undertakings by OMC
Conditions stipulated by MoEF & CC, Govt. of India vide Letter No. 8-46/2018-FC, dt. 31.01.2019		
10	xvii	To prohibit construction of labour camp on the forest land and provide fuels preferably alternate fuels to the labourers and the staff working at the site so as to avoid any damage and pressure on the nearby forest areas.
11	xix	To maintain the layout plan of the mining plan/proposal unchanged till prior approval of the Central Government and use the forest land for the purpose specified in the proposal.
12	xx	To retain the forest land proposed to be diverted without any transfer to any other agency, department or person without prior approval of the Central Government;
13	xxi	To maintain and no damage to the flora and fauna of the adjoining area shall be caused.
14	xxii	To explore the possibility of translocation of maximum number of trees identified to be felled and ensure that any tree felling shall be done only when it is unavoidable and that too under strict supervision of the State Forest Department.
15	xxiv	To carryout mining as per the mining plan/scheme of mining approved by IBM and to submit an annual report on implementation of the concurrent reclamation plan to the Nodal Officer, Forest (Conservation) Act, 1980, Odisha and Eastern Regional Office, MoEF & CC, Bhubaneswar.
	xxiv	To submit an annual report on implementation of the concurrent reclamation plan to the Nodal Officer, Forest (Conservation) Act, 1980, Odisha and IRO, MoEF & CC, Bhubaneswar
16	xxv	To desilt the village tanks and other water bodies at the approved financial outlay.
17	xxvi	To submit the annual self-compliance report in respect of the conditions stipulated in Stage-I clearance, conditions to the State Government, concerned Regional Office and MoEF & CC by the end of March every year regularly;
18	xxvii	To abide by any other condition that the IRO, Bhubaneswar may stipulate with the approval of competent authority in the interest of conservation, protection and development of forests & wildlife.
19	xxviii	To comply all the provisions of the all Acts, Rules, Regulations, Guidelines, Hon'ble Court Order (s) and NGT Order (s) pertaining to this project, if any, for the time being in force, as applicable to the project,

Additional Conditions stipulated by the State Government vide Memo No. 2825, dt. 08.02.2019.

Sl. No.	Condition No.	Undertakings by OMC
20	A	To pay the cost of removal of trees enumerated before commencement of work under Stage-II approval and tree felling shall be taken up by OMC in phases strictly as per requirement under the supervision of the DFO, Keonjhar.
21	B	To compensate suitability the claims settled under FRA pertaining to forest land within the leasehold area before taking possession of such forest land by OMC for mining operation.

Additional Conditions stipulated by the State Government vide Memo No. 2825, dt. 08.02.2019.

Sl. No.	Condition No.	Undertakings by OMC
22	C	To execute the Phased Reclamation Plan by OMC at project cost.
23	D	To obtain Consent to Operate order from SPCB, Odisha before commencement of the mining operation.

OFFICE OF THE DIVISIONAL FOREST OFFICER, KEONJHAR DIVISION

Phone No- 06766-254315, email ID- dfokjr.od@gov.in

No. 8121 /6F-Mining-15/2017

Dated, Keonjhar the 28-08-/2019

To

The Executive Director (F&E),
M/s OMC Ltd, OMC House,
Bhubaneswar- 751001

Sub: Proposal for diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd in Keonjhar District, Odisha.

X-Sub: **Demand of funds towards Penal Net Present Value over 129.095 ha.**

Ref: F. No. 8-46/2018-FC dated 31.01.2019 of MoEF&CC, Govt. of India and letter No. 2821/F&E dated 08.02.2019 of Special Secretary to Govt. F&E Department, Odisha, Bhubaneswar & memo No.14712 dated 21.08.2019 of Addl. PCCF, FD&NO, FC Act, O/o- the PCCF, Odisha, Bhubaneswar.

Sir,

With reference to the aforementioned letter on the captioned subject, this is to apprise that it has been stipulated vide condition No. (iv) of the Stage- I clearance *inter alia* state that User Agency shall pay penal NPV as per guideline issued by this Ministry's letter No. 11-42/2017-FC dated 29.01.2018 and the same be deposited in the account of CAMPA before Stage- II Clearance.

It is therefore requested to deposit the maximum up to Five (5) times the NPV as per guideline letter No. 11-42/2017-FC dated 29.01.2018 of MoEF&CC, Govt. of India of the applicable rate as calculated hereunder-

1. Area of forest land utilized in violation to FC Act, 1980 = 129.095 ha
2. Applicable rate of NPV per ha under FC Act, 1980 {Eco Value Class-I, Density less than 0.3 (taking in to account of adjoining mining leases) - Rs. 7,30,000/-.
3. Amount of penal NPV due for deposit- Rs. 7,30,000 x 129.095 ha x 5 times = Rs.47,11,96,750/- **(Rupees forty seven crore eleven lakh ninety six thousand seven hundred fifty) only.**

The demanded amount has to be deposited within 30 days from the date of issue of this letter through e-portal of MoEF&CC as provided in the https://parivesh.nic.in/ and the proof/evidence of the deposit of fund be submitted to this office for further necessary action at this end.

Yours faithfully,

Santosh 27/8/19

Divisional Forest Officer,
Keonjhar Division.

CHAPTER- I

BRIEF NOTE ON THE PROPOSED FOREST DIVERSION PROPOSAL

The mining lease of Khandbandh Iron ore mine was granted over 905.175 Acers or 366.311 ha vide letter No. III (A) II-9/63- 11708, dated 22.11.1963 of Govt. of Odisha Mining & Geology Department. The said Mining lease was executed on dated 30.11.1963 for a period of 30 years with effect from 30.11.1963 to 29.11.1993 over an area of 366.311 ha. The first RML was applied on 09.11.1992 one year prior to expiry of the original mining lease period. The second RML was applied on 06.11.2012 over the said area from extension of ML period 30.11.2013 to 29.11.2033.

The Mining Lease of Khandbandh Iron Ore Mines of M/s OMC Ltd lies between longitude E 85^0 23'12.66888" – 85^0 24' 45.86016" and latitude N 21^0 55' 40.27579'' – 21^0 57' 29.90066" in Survey of India topo sheet no. F 45 N 5. The said mining lease over 366.311 ha involves 97.217 ha Village Forest, 209.973 ha DLC forest land and 37.999 ha Non-forest land recorded as Forest as on 25.10.1980. The instant diversion proposal has been submitted over 345.189 ha (Revenue forest-97.217 ha, DLC Forest-209.973 ha and 37.999 ha Non- Forest land recorded as Forest as on 25.10.1980) including safety zone area over 6.77 ha Forest land for diversion under Section-2 (ii) of Forest (Conservation) Act, 1980. The certified status of the non-forest land, involved in the mining lease, depicts that 37.999 ha non-forest land in village Khandbandh, Guruda & Jaroli is Forest as on 25.10.1980. The total broken up land, involved in the mining lease, is 129.095 ha.

Non-forest Govt. land over 209.324 ha is required for compensatory afforestation for the said project. Out of 209.324 ha, 159.68 ha has been identified and allotted in villages Sikulapda, Phuljhar & Raidiha under BJP Range of Banspal Tahasil (earlier Telkoi Tahasil) of Keonjhar district vide letter No. 1740/Rev dated 29.06.2006 and letter No. 679/Rev dated 30.04.2009 of the Collector, Keonjhar and for 49.644 ha has been identified and allotted in villages Kerapai and Balangi under Thuamul Rampur Tahasil of Kalahandi (S) Division in Kalahandi District vide letter No. 53/Rev dated 09.01.2014 and letter No. 1971/Rev dated 19.12.2016 of the Collector, Kalahandiin favour of Khandbandh Iron Ore Mines of M/s OMC Ltd for Compensatory Afforestation. The present Compensatory Afforestation scheme has been prepared at the prevailing wages @Rs. 298.00 per man days with maintenance period of 10 (ten) years.

Earlier a compensatory afforestation scheme over 159.680 ha of non-forest Govt. land identified in villages Sikulapada, Raidiha and Phuljhar has been approved by PCCF (N) @ Rs. 286.30 per man day and @ 298.00. Labour Commissioner of Odisha letter no. 4864/LC dt. 22.07.2020 has revised the minimum wage rate to Rs. 303.40/- per man day. In this context the scheme has been revised @ Rs. 303.40/- per man day.

CHAPTER- II

DETAILS OF LAND IDENTIFIED FOR COMPENSATORY AFFORESTATION

A. LAND IDENTIFICATION AND JOINT VERIFICATION OF THE IDENTIFIED SITE.

The site for Compensatory Afforestation has been identified in village Sikulapda over 62.058 ha, Phuljhar over 46.397 ha & Raidiha over 51.225 ha under Bansapal Tahasil in B.J.P. Range of Keonjhar Forest Division over 159.680 ha and has been jointly verified by the Tahasildar, Bansapal, Revenue Inspector, Kanjipani, Range Officer, B.J.P. Range and Forest Section Officer, Kanjipani. The identified land has been allotted in favour of Khandbandh Iron Ore Mines of M/s Odisha Mining Corporation Ltd by the Collector, Keonjhar vide letter No.1740/Rev dated 29.06.2006 and letter No. 679/Rev dated 30.04.2009. The identified bearing Khata No. 51 & plot No. 10, 11(P), 176(P) & 317(P) of Sikulapda village, Khata No. 154(AAA) & plot No. 1836(P), 1945, 1946, 1969 & 1970 of Phuljhar village and Khata No. 35(AAA) & plot No. 136(P), 137, 138(P), 139(P) & 295(P) of Raidiha village.

B. INFORMATION ON NON-ENCROACHMENT AND NON-ENCUMBRANCE.

The Tahasildar, Bansapal has given certificate of non-encroachment and non-encumbrance in respect of the non-forest Govt. land identified and allotted for Compensatory Afforestation.

C. INFORMATION ON LAND STATUS.

The land schedule and land status of 159.680 ha land identified and allotted for Compensatory Afforestation is furnished hereunder:-

Tahasil	Village	Khata No.	Plot No.	Area taken for instant proposal for CA (in ha).	Kissam
Banspal	Sikulapda	51	10	16.000	Parbat- II
			11(P)	11.700	Parbat- II
			317(P)	17.100	Parbat- II
			176(P)	17.258	Parbat- II
			Total	62.058	
	Phuljhar	154	1836(P)	3.833	Parbat- II
			1945	10.086	Parbat- II
			1946	15.598	Parbat- II
			1969	12.344	Parbat- II
			1970	4.536	Parbat- II
			Total	46.397	
	Raidiha	35	136(P)	9.2310	Parbat- II
			137	15.2000	Parbat- II
			138(P)	15.7472	Parbat- II
			139(P)	6.6602	Parbat- II
			295(P)	4.3866	Parbat- II
			Total	51.2250	
	Grand Total			159.680	

D. SUITABILITY OF IDENTIFIED SITE FOR COMPENSATORY AFFORESTATION.

The identified land is free from encroachment and encumbrance. This land is neither covered under Section-4 of Orissa Forest Act, 1972 nor included in DLC report.

The non-forest Govt. land identified in villages Sikulapda, Phuljhar & Raidiha are in three patch situated in hilly slopes with existing growth of Sal and its associates. The slope of the identified site is moderate and suitable for Compensatory Afforestation in ANR with gap plantation model@ 400 seedling per ha over 159.680ha.

The topography of the area is mainly hilly. The soil is prone to erosion necessitating soil-moisture conservation measures. Available depth of sandy-loam soil is conducive for plantation with suitable soil-moisture conservation measures. The average temperature varies from 13.5° C minimum in December to 45°C maximum in May. The annual rainfall varies from 1200 mm to 1500 mm. The maximum rainfall is received during the rainy season from July to September. The identified land is considered for Compensatory Afforestation in ANR with gap plantation model over 159.680 ha. The CA scheme is envisaged to be executed with involvement of Sikulapda & Raidiha VSS.

CHAPTER-III

DELINEATION OF PROPOSED AREA ON SUITABLE MAP

GPS COORDINATES AND GPS MAP OF THE CA SITE

The area has been demarcated through GPS survey and 68nos of 4' height RCC pillars have been posted around the identified area and the GPS survey data showing latitude & Longitude of each point and their chainage with bearing has been depicted in the village sheet map (Map Enclosed). A durable sign board has been erected at the identified site at a conspicuous location with name of the project, year of allotment, name of the scheme, details of plots etc. depicted there on.

CHAPTER- IV

AGENCY RESPONSIBLE FOR COMPENSATORY AFFORESTATION

I. AGENCY RESPONSIBLE FOR PLACEMENT OF FUNDS

The user agency shall provide funds for raising CA as per the approved scheme.

II. AGENCY RESPONSIBLE FOR EXECUTION OF COMPENSATORY AFFORESTATION

The Territorial Wing of the Forest Department i.e. Divisional Forest Officer, Keonjhar Division will be assigned with the task for execution of CA.

CHAPTER- V

DETAILS OF WORK SCHEDULE PROPOSED FOR CA

A. PLANTING PLAN

Planting Plan reflects the species specific treatment of the identified site. Choice of species is based on the geo-morphology of the site, soil-texture, structure, fertility and depth, proneness of the site to water logging etc. Specific treatment of the site in terms of soil and moisture conservation intervention will be depicted in the treatment map. A treatment map will invariably be prepared for Species to be planted and treatments to be applied to the different patches shown in the treatment map and planting plan. This plan will be followed when actual planting is carried out.

Species to be planted:-

1. *Sizyziumcumini*(Jamu)
2. *Adina cardifolia*(Kuruma)
3. *Anogeissuslatifolia*(Dhaura)
4. *Accacia catechu* (Khair)
5. *Dalbergiasissoo*(Sissoo)
6. *Azadirrachtaindica*(Neem)
7. *Gmelinaarborea* (Gambar)
8. *Terminaliabelerica*(Bahada)
9. *Terminaliachebula*(Harida)
10. *Pongamiapinnata* (Karanja)
11. *Emblicaofficinalis* (Anla)

B. PRE-PLANTING OPERATION

B (I)-RAISING OF PLANTATION STOCK- NURSERY

Nursery will be raised @ 880/ ha seedlings for village-Sikulapada (over 62.058 ha) and @440/ ha seedlings for village- Phuljhar (over 46.397 ha) & Raidiha (over 51.2250 ha) including seedlings for 10% causality replacement under ANR model for 159.680ha.

Name of the village	Total area (in ha)	ANR plantation @ 800/ha	ANR with gap plantation @ 400/ha	Remarks
Sikulapada	62.058	62.058 ha	-	-
Phuljhar &	97.622	-	46.397	In vill-Phuljhar
Raidiha			51.2250	In vill-Raidiha

B (II)-SURVEY, DEMARCATION & PILLAR POSTING, GPS READING WITH MAPPING

The planting area has been surveyed and demarcated through GPS survey and 68 nos. of 4' height RCC pillars have been posted at inter visible distance (as per the direction of forest Range Officer, BJP Range) with GPS co-ordinates, forward and backward bearing, pillar No. and distance between pillars inscribed in it. A GPS map in the scale of 1:4000 has been prepared along with GPS co-ordinates forward and backward bearing, pillar No. and distance between pillars reflected in the map. A durable sign board has been erected at a conspicuous location with name of the site, scheme, area etc. depicted on it.

B (III)-SITE PREPARATION AND SILVICULTURAL OPERATION INCLUDING CLEARANCE OF WEED, CLIMBER CUTTING, HIGH STUMP CUTTING, SINGLING OF SHOOTS

The clearing of the site involving removal of invasive weeds, bushes, climbers, high stumps and singling of shoots will be taken up preferably by the end of February and latest by the end of March. Pits of the dimension 30 x 30 x 30 cm. will be dug @800 & @ 400 per ha in the available gaps over 159.68 ha preferably 2 months before or at least a month before planting of seedlings.

C. PLANTING OPERATION

Planting of seedlings will be taken up in the month of July. The polythene covering of the balls of earth will be carefully removed before planting. Care will be taken to see that the ball of earth is not broken while doing so. The seedling with the ball of earth will then be placed firmly in the pit and buried at such a depth that the root collar is well below the surface of the soil. The soil around the plant will be well compacted with the heal as a final step so that there is a proper bond between the ball and the surrounding soil. The earth close to the collar will be slightly elevated so that rain water does not accumulate very close to the plant.

D. POST PLANTING OPERATION

D (1)-CASUALTY REPLACEMENT

The entire area will be gone over in the same order as plantation was carried out and casualties, if any, will be replaced as soon as the main plantation operation is over.

D (2)-WEEDING AND SOIL WORKING

Regular and efficient weeding will start immediately after sprouting of the stumps is complete or after the seedlings have started throwing up new buds.

D (3)-MANURING AND INSECTICIDE APPLICATION

On degraded sites urban compost or farmyard manure, wherever available, will be added to the soil while refilling the pits. As regards artificial fertilizers, the minerals required and dosage @ 50 grammes of patent mixtures like 'Gromor' or N.P.K. (2:2:1) will be applied in two split doses one in August and the other in September.

D (4)-SOIL MOISTURE CONSERVATION MEASURES

Special Soil Moisture Conservation Measures will be taken up through construction of LBCD structures of dimension 10' x 10' x 5' to the tune of 160 nos. over the entire plantation site and Staggered trenches of 2.5 mt x 0.5 mt x 0.5 mt) @195 MD for 450 structures per ha over 159.680 ha.

D (5)-PROTECTION AGAINST FIRE AND BIOTIC INTERFERENCE

It is proposed to protect the CA plantation from grazing by domestic animals using Barbed wire fencing (7 Strands). The total length of such Barbed wire fencing for both the patches which comes to 13.35 Km (13350 M).Fire line tracing will be ensured to protect the plantation from fire and watch & ward will be provided as per the approved norm for protecting the plantation from grazing with involvement of Sikulapada & Raidiha VSS.

CHAPTER- VI

COST STRUCTURE OF PLANTATION, PROVISION OF FUNDS AND UTILIZATION

A. COST NORM FOR ANR PLANTATION @ 800 PLANTS PER HECTARE

WAGE RATE Rs. 303.40/- PER MANDAY (VILLAGE - SIKULAPADA)

SL. No	Item of Work	Preferable Period of Execution	Labour in Mandays	Lobour Cost (Rs)	Material Cost (Rs)	Total Cost in (Rs)
	0TH YEAR					
1	Survey, Demarcation and Pillar Posting, GPS Reading with mapping	Nov/Dec	2	606.80	0	606.8

	Mulia	4.6	Rs 303.40	1395.64
		Total		5354.25
4	Cutting, bending, binding, straightening and tying the grills and placing in position including cost of M.S Tor Steel and binding wire etc (Ref-A/R-2006 item No. 9 Page 52). Taking output for 1 quintal			
	Cost & carriage of HYSD Steel including 5% for wastage & overlapping	1.05 qtl	Rs 5500.00	5775.00
	Binding wire	8 kg	Rs 80/kg	640.00
	Labour for cutting, bending, shifting to site, tying & placing in position Mate	0.44	393.40	173.10
	Blacksmith Special	4	453.40	1813.60
	Semiskilled mulia	8	343.40	2747.20
		Total		11148.90

01) 02 ply barbed wire (5 Rmt per kg)
7 straight strand x 1000 Mt =7000Mt
2 Diagonal strand = 2 X $\sqrt{(6.5')^2 + (8.2')^2}$ = 2 x 10.50 ft
=21.00 ft x 400 nos=8400 ft or =2560Mt
=9560Mt

Cost per KM=9560/5=1912 Kg @ Rs.80/Kg Rs.1, 52,960.00

02). Construction of RCC pillars of size-
Length—8ft, Bottom width 6"x6", Top width-4"x4"
Reinforced with 6mm rods with proper curing
$\{8' \times \frac{6"+4"}{2}\} \times \frac{6"+4}{2}$ = 1.34 cft or 0.038 cum
i) Cost of c.c. work 1:2:4=0.038 cum @5354.25/cum = 203.46
ii) Cost of rod including cutting, bending & binding
0.038x0.9qtl=0.0342 qtl@ Rs. 11148.90/qtl. = 381.29
iv) Contingency (15%) including = 87.71
Curing, stacking, provision of hooks etc.
Rs.672.46

Requirement of pillars per KM-
Spacing=2.5mtx2.5mt
Requirement=1000mt/2.5mt = 400
Strut pillar in every 10th pillar=(400/10)x2 = 80
480 Nos
Cost of pillars per Kilometer= 480@ Rs 672.46 Rs.3, 22,780.80

03).Fitting fixing of RCC pillars in position with hbg metal (4cm) in C.M (1:4:8)
i) Digging of pits 1.5'x1.5'x1.5'=3.375cft/pit
for 480 pits, 480x3, 375=1620 cft or 45.86 cum @ Rs. 13307.12/100cum = Rs 6102.65
ii) Fixing of pillars with 4cm hbg metals in C.M 1:4:8
pit size-1.5'x1.5'x1.5' =3.375 cft
Deduct 1/3rd of butt of pillar i.e.3.375/3 = (-) 1.125 cft
Total c.c. work per pillar 2.25cft
For 480 pillars=480x2.25=1080cft or 30.577 cum @ Rs. 3715.93/cum Rs.1, 13,621.99

04). Labour for straightening the barbed wire and fixing & clipping with pillars
70M.d per km@ Rs 303.40 per manday = Rs.21, 238.00

05). Carriage of Barbed wire & pillars to work site
@ Rs.1000/tl. and cost of loading & unloading within 5 km distance

Approximately 10 tld @ 800/tld = Rs.18, 000.00

06). Provision of one Iron Gate of size (4' x 5') on LS = Rs. 7,500.00

Total = Rs.6, 42,203.44

Labour Cess 1% = Rs. 6,422.03

Expenditure per 1 km of barbed wire fencing Rs. 6, 48,625.47

07).Expenditure towards maintenance for 3 years (3rd, 6th & 9th year)

@ 2% of cost per rkm = 3 x 2% x Rs.6, 48,625.47 = Rs.38, 917.53

Expenditure per 1 km of barbed wire fencing including maintenance = Rs.6, 87,543.00

Or say Rs 6, 87,600.00

Total perimeter to be covered by Barbed wire fencing is 13.35 km. The total cost shall be Rs 687600 X 13.35 = Rs 9179460.00.

CHAPTER- VII

DETAILS OF PROPOSED MONITORING MECHANISM

Compensatory Afforestation will be taken up in the identified site by the Range Officer, BJP Forest Range of Keonjhar Division. The Range Forest Officer, BJP Forest Range will undertake field checks of the works undertaken at the identified site and will be cross checked by the Asst. Conservator of Forests, (Affn.) and Divisional Forest Officer, Keonjhar Division. GPS co-ordinates along with other required information of Compensatory Afforestation will be uploaded in the e-Greenwatch Portal of NIC, MoEF & CC, Govt. of India for the purpose of online monitoring. Annual progress of plantation involving growth of planted seedlings, survival percentage etc. will be monitored and recorded in the plantation journal by the field staffs of BJP Forest Range and reported to the Divisional Forest Officer for necessary action. The same thing will be reported to the Regional Chief Conservator of Forests, Rourkela Circle and Chief Conservator of Forests (PP&A), O/o the Pr. Chief Conservator of Forests, Odisha, Bhubaneswar and necessary corrective measures will be followed if required so.

12/2/25

Divisional Forest Officer,
Keonjhar Division

STATE FOREST HEADQUARTERS
OFFICE OF THE PRINCIPAL CHIEF CONSERVATOR OF FORESTS, ODISHA, BHUBANESWAR

Memo No. 11046 /9F (MG) - 22/2018
Dated, Bhubaneswar the 06th July, 2021

To

The DFO, Keonjhar Forest Division.

Sub: **Proposal for diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd in Keonjhar district, Odisha – Submission of revised financial outlays of CA Schemes at ₹ 311/- per manday regarding.**

In inviting a reference on the captioned subject, the revised financial outlay for Compensatory Afforestation Scheme over 159.680 ha of non-forest land identified in village Sikulpada, Phuljhar and Raidihi under Banspal Tahasil of BJP Range of your division against proposed diversion of the above mentioned project has been technically approved for ₹ 3,72,56,700/- (Rupees three crores seventy two lakhs fifty six thousand and seven hundred) only by Addl.PCCF (FD & NO, FC Act) at current wage rate of ₹ 311/- per manday is enclosed.

The revised financial outlay for Additional Compensatory Afforestation Scheme over 104.30 ha of degraded forest land identified in Baitarani RF under Champua Forest Range of your division to accommodate the balance 41720 nos of plants against proposed diversion of the above mentioned project has been technically approved for ₹ 1,42,50,600/- (Rupees one crore forty two lakhs fifty thousand and six hundred) only by Addl.PCCF(FD & NO, FC Act) at current wage rate of ₹ 311/- per manday is enclosed.

Similarly, the revised financial outlay for Compensatory Afforestation Scheme over 185.509 ha of non-forest land identified in village Balangi, Kerapai and Dalimguda under Thuamul-Rampur Tahasil in Kalahandi District of Kalahandi (South) Forest division against proposed diversion of the above mentioned project has been technically approved for ₹ 7,35,62,900/- (Rupees seven crores thirty five lakhs sixty two thousand and nine hundred) only by Add.PCCF(FD & NO,FC Act) at current wage rate of ₹ 311/- per manday is enclosed.

P.T.O

You are requested to raise demand on the user agency for payment of the amount through web portal of MoEF & CC and submit the deposit particulars of the amount paid in prescribed format alongwith updated Stage-I compliance.

This is most urgent.

SCHEME FOR

SITE SPECIFIC COMPENSATORY AFFORESTATION

OVER

185.509 HA OF NON-FOREST GOVT. LAND

IDENTIFIED IN BALANGI, KERAPAI AND DALIMGUDA VILLAGES

UNDER THUAMUL RAMPUR TAHASIL

IN

KALAHANDI DISTRICT

AGAINST

KHANDABANDH IRON ORE MINES OF

ODISHA MINING CORPORATION LTD.
(A Govt. of Odisha Undertaking)
OMC HOUSE, POST BOX-34, BHUBANESWAR-1

(@ Rs. 303.40/- per manday)

Scheme for Compensatory Afforestation (CA) to be carried out over 185.509 ha of non-forest Govt. land allotted in villages Balangi, Kerapai and Dalimguda under Thuamul Rampur Tahasil of Kalahandi District in lieu of diversion of forest land pertaining to Khandabandh Iron Ore Mines of Odisha Mining Corporation Ltd. located in Keonjhar District.

MoEF & CC, Govt. of India vide F.No. 8-46/2018-FC, dt 31.01.2019 has accorded Stage-I Forest Clearance over 345.189 ha of forest land out of the total mining lease area of 366.311 ha pertaining to Khandabandh Iron Ore Mines of M/s Odisha Mining Corporation Limited (OMC) located in Keonjhar District of Odisha subject to compliance of several conditions. The condition no. (v) out of several others is read as follows:

"*User Agency shall pay CA for entire area before Stage-II Clearance. Thus, User Agency shall transfer the cost for raising and maintaining the compensatory afforestation in lieu of entire area proposed for diversion. i.e. 345.189 ha of forest land at the current wage rate in consultation with State Forest Department. Accordingly, CA cost shall be revised and duly approved by competent authority and deposited online in the CAF managed by CAMPA. The Scheme may include appropriate provision for anticipated cost increase for works scheduled for subsequent years*"
Accordingly, the requirement of non-forest Govt. land for raising CA is worked out to be 345.189 ha out of which 159.68 ha of non-forest Govt. land has been allotted by Collector, Keonjhar for CA in village Sikulapada (62.058 ha), Phuljhar (46.397 ha) and Raidiha (51.2250 ha) under Banspal Tahasil of Keonjhar District. Therefore, balance 185.509 ha (345.189-159.68) of non-forest Govt. land has been allotted by Collector, Kalahandi. The details are given as under:

Sl.No.	Name of the village	Area allotted	Letter No & date
1	Kerapai	38.644 ha	Letter No. 35/Rev dt 09.01.2014
2	Balangi	11.00 ha	Letter No. 1971/Rev dt 19.12.2016
3	Dalimguda	135.865	Letter No.1132/Rev dt. 02.07.2019

On analysis through DSS it was found that around 49 ha of area in village Dalimguda, 2.152 ha in village Kerapai and 0.123 ha in village Balangi is coming under MDF category. Hence compensatory afforestation over total non-forest land in both the districts shall be raised in the following sites:

Sl No	District	Tahasil	Forest Division	Revenue Village	Area in hectare	Scheme	No. of seedlings
1.	Keonjhar	Bansapal	Keonjhar Forest Division	Sikulapada	62.058	ANR with 800 plants.	49646
2.	-do-	-do-	-do-	Raidiha	51.225	ANR with 400 plants.	20490
3.	-do-	-do-	-do-	Phuljhar	46.397	ANR with 400 plants.	18558
Sub-total					159.680		88694
4	Kalahandi	Thuamul Rampur	Kalahandi (S) Division	Bolangi	11.000	Bald Hill 10.877 ha with 1600 plants + ANR without gap over 0.123 ha.	17403
5.	-do-	-do-	-do-	Kerapai	38.644	Bald Hill 36.492 ha with 1600 plants + ANR	58387

						without gap over 2.152 ha.	
6	-do-	-do-	-do-	Dalimguda	135.865	Bald hill 86.865 ha with 1600 Plants + ANR without gap over 49.00 ha.	138984
Sub-total					**185.509**		**214774**
Grand Total					345.189		**303468**

The number of plants required to be planted over 345.189 ha as per the MoEF & CC guideline is worked out to be 345189 nos @ 1000 plants per hectare. The present scheme is prepared for CA over 185.509 ha in Balangi, Kerapai and Dalimguda villages under DFO, Kalahandi (S).

Non-forest land suitable for plantation in Balangi, Kerapai and Dalimguda villages under Thuamul Rampur Tahasil of Kalahandi District allotted in favour of OMC by the Collector, Kalahandi vide letter No. 35/Rev, dt. 09.01.2014, letter No. 1971/Rev dt. 19.12.2016 and letter No. 1132/ Rev. dt. 02.07.2019 respectively was jointly verified by Revenue, Forest and OMC and the letter of allotment order by Collector, Kalahandi is enclosed at **Annexure-A.**

The site specific schemes are therefore prepared as follows:

1. Details of non-forest land:

District: Kalahandi; Tahasil: Thuamul Rampur

Village	Khata No	Kisam	Plot No.	Area (Acr)	Area considered (Acr)
Kerapai	51 (AAA)	Dangar	307	27.50	26.902
		Dangar	311	20.03	20.03
		Dangar	365	13.23	13.23
		Dangar	366	23.58	23.58
		Dangar	367	11.75	11.75
	Sub-Total				**95.492 Ac or 38.644 ha**
Balangi	122 (AAA)	Dangar	196	29.00	27.18
	Sub-Total				**27.180 Ac or 11.000 ha.**
Dalimguda	26 (AAA)	Dangar	60	18.50	11.00
		Dangar	61	37.50	30.00
		Dangar	68	42.28	33.50
		Dangar	69	26.00	26.00
		Dangar	73	40.61	29.89
		Dangar	147	33.75	5.26
		Dangar	148	40.00	40.00
		Dangar	149	32.75	32.75
		Dangar	150	35.50	35.50
		Dangar	151	26.00	26.00
		Dangar	152	24.00	24.00
		Dangar	153	40.00	40.00
		Dangar	155	5.00	1.84
Sub-Total					**335.740 Ac or 135.865 ha**
Grand Total					**185.509 ha**

Topo sheet No. E44E15, E44F3 and E44F2 showing CA sites at village Balangi, Kerapai and Dalimguda respectively are enclosed as **Plate-I**. The village maps showing the land details for the proposed CA are enclosed as **Plate No. II (A, B & C)**. The jointly verified non-forest land by Forest and Revenue authorities is enclosed as **Annexure-B**. The GPS co-ordinates of survey stations & Key Plan of CA area shown on topo sheet is furnished as **Annexure-C Series.**

2. Description of the area

I. Whether the site selected for Compensatory Afforestation is a land bank or not: This identified non-forest area is under the control of Revenue Department and classified as 'Dangar'. It is not a land bank

II. If the CA site is other than the land bank, reasons be given: No land bank has been established yet for this purpose.

III. In case of non forest area identified for CA, then what is the distance of CA site from the adjoining forest boundary: Dalimguda is adjoining Arakhapedi RF, Kerapai is at a distance of 2.1 km from Mohangiri RF and Balangi is at a distance of 300 mtr from Singari RF.

IV. Soil type: The soil is eroded with exposed rocks in some areas. Good depth of loamy soils are available in blank plain areas and podu affected areas.

V. Topography :

a) Hilly/Undulating/Plain: The Compensatory Afforestation sites are hilly and undulating.

b) Slope: Steep/Medium/Gentle: The sites selected for Compensatory Afforestation have medium to gentle slope.

VI. Whether the area is bearing any root stock of vegetation: The sites selected for Compensatory Afforestation degraded Sal and root stock of Sal in some areas. Few big trees also occur in scattered manner.

VII. Suitability of the land for compensatory afforestation: The identified land is free from encroachment and encumbrance.

3. Plantation Model: Bald Hill plantation with 1600 plants per hectare will be raised over 10.877 ha in Balangi, over 36.492 ha in Kerapai and over 86.865 ha in Dalimguda. ANR without gap will be raised over 0.123 ha in Balangi, over 2.152 ha in Kerapai and over 49.00 ha in Dalimguda village. Maintenance of plantation for 10 years is also required as per F.No. 11-168/2009-FC date 14.02.2012 of MoEF. Cost norm for Bald Hill plantation is given at **Annexure-D** and ANR without gap plantation is furnished as **Annexure-E.**

4. Schedule of Plantation Programme:

Details of year wise break up of requirements of funds are given as under:

Year	Bald Hill with 1600 plants per ha			ANR without gap plantation		
	Area	Rate/Ha.	Amount	Area	Rate/Ha.	Amount
0th Year	134.234 Ha.	103116.93	13841797.98	51.275 Ha.	2867.13	147012.09
1st Year		91553.60	12289605.94		14223.51	729310.48
2nd Year		35709.87	4793478.69		5412.12	277506.45
3rd Year		18477.06	2480249.67		2863.56	146829.04
4th Year		16884.21	2266435.05		1060.71	54387.91
5th Year		16884.21	2266435.05		1060.71	54387.91
6th Year		16884.21	2266435.05		1060.71	54387.91
7th Year		16884.21	2266435.05		1060.71	54387.91
8th Year		16884.21	2266435.05		1060.71	54387.91
9th Year		16884.21	2266435.05		1060.71	54387.91
10th Year		16884.21	2266435.05		1060.71	54387.91
Total		367046.93	49270177.60		32791.29	1681373.39

5. Technical details: Technical details of Compensatory Afforestation Scheme are as follows:

a) General Details :

Survey & Demarcation of boundary: The identified area will be surveyed by DGPS and the area will be demarcated with RCC pillars of size 2.5 mtr x 30 cm x 30 cm. This work will be done by the User Agency at Project cost.

Fencing: To protect the plantation from grazing and other biotic interference, it will be provided with 7 strand straight and 2 strand crossed barbed wire fencing with RCC pillars, the cost for which will be paid by the User Agency. Since non-forest areas adjoining this site have also been taken for Compensatory Afforestation for other projects and barbed wire fencing will be done around the entire patch, the length of barbed wire fence needed in this project is furnished below.

Sl No	Village	Length of outer periphery of the site in mtr	Length of enclosures if required to be fenced	Length of common fence of adjoining project which need not be fenced	Total length of fence in mtr (3+4-5)
1	2	3	4	5	6
1	Balangi	1564	0	965 mtr with Sukurangi	599
2	Kerapai	2161	0	-	2161
3	Dalimguda Patch I	2299	0	469 mtr with Unchabali	1830
4	Dalimguda Patch II	4711	0	-	4711
Total		**10735**	**0**		**9301**

Estimate for barbed wire fencing has been provided in **Annexure-G.**

Planting and post-planting:

b) Plantation will be taken up in time as per cost norm. While taking up plantation, the following points shall be taken up for consideration:

- Care to be taken to raise healthy plantable seedlings of minimum 60 cm height. 10% extra seedlings are to be raised for replacement of casualty.
- Pitting shall invariably be done during November-February i.e., before onset of monsoon. If possible the soil of upper portion and lower portion of pit should be placed separately in specific direction so that while planting the pits will be filled with top-soil first.

- Planting shall be done on the onset of monsoon to get full benefit of monsoon rain and planting should never be delayed.
- Basal dose of 50 grams of NPK and 5 grams of Chlorpyriphos dust per plant should be applied at the time of planting carefully by mixing with top-soil so that the roots of seedlings do not come in direct contact with fertilizer.
- In case of any mortality of planted seedlings, it should be replaced with good seedlings as soon as possible for better success rate.
- Complete weeding in proper time will be done. Strip weeding will not be permitted.
- Soil-working and application of 2nd dose fertilizer of 50 gms NPK per plant should be done in time.
- Since the area is provided with barbed wire fence, watch & ward will be easier and the watchers may be engaged in weeding in problematic areas alongwith watch & ward.

c) **Species:**

Although indigenous species are to be preferred in the plantation, considering adverse soil & moisture conditions we may go for hardy exotic species where required so that the plants are able to survive. For success of plantation in interior tribal areas, plantation of fruit and NTFP species plays a great role since economic species have a little value for local people. Considering the topography, soil and moisture availability of the plantation area, the following species will be planted:

Name of species	Common name	Remarks
Azadirachta indica	Neem	
Derris indica	Karanja	
Emblica officinalis	Amla	
Terminalia chebula	Harida	In lower areas with good soil depth
Terminalia bellirica	Bahada	In lower areas with good soil depth
Dalbergia sissoo	Sissoo	In lower areas with good soil depth
Gmelina arborea	Gambhari	In lower areas with good soil depth
Dendrocalamus strictus	Salia bamboo	In lower areas with good soil depth healthy seedlings from rhizomes may be planted
Dalbergia sissoo	Sissu	In lower areas with good soil depth
Cassia siamea	Chakunda	In lower areas with good soil depth
Tamarindus indica	Tentuli	In lower areas with good soil depth
Madhuca indica	Mahul	Only two years old seedlings may be planted
Simaruba glauca	Simaruba	In rocky areas with low soil depth
Zizyphus mauritania	Ber	In rocky areas with low soil depth
Tectona grandis	Teak	Potted seedlings from pre-sprouted healthy stumps will be planted

Mangifera indica	Mango	In situ plantation (direct placing of mango stone in planting site) during pre-monsoon may be adopted in few lower areas or where life-saving watering can be done during summer

d) Soil and Moisture Conservation Works :

Since most of the areas are hilly and undulating, half-moon trenches on down-hill side of plants should be constructed within cost norm.

e) Protection of the plantation: 7 strand Barbed wire fences with RCC pillars all along the periphery of the plantation will be provided. Few watchers will also be engaged for protection of the plantation.

6. Proposed Monitoring Mechanism: - The scheme shall be executed by the Divisional Forest Officer, Keonjhar Forest Division with his staff and all prescribed records are to be maintained. Compensatory Afforestation work will be monitored by officers of State Forest Department and MoEF&CC.

7. Total cost of the project: The total cost of the project is Rs Rs **6,88,16,400.00 (Rupees Six Crore Eighty eight lakh Sixteen thousand Four hundred)** only as detailed in **Annexure-G** which shall be payable by the user agency as per demand of the DFO, Kalahandi (S) Forest Division.

ANNEXURE: A

OFFICE OF THE COLLECTOR & DISTRICT MAGISTRATE: KALAHANDI

No. 53 /Rev- Date: 09.01.2014

To,

Divisional Forest Officer (South)
Kalahandi, Bhawanipatna

Sub: Filing of requisition for Compensatory Aforestation – allocation of non-forest Govt. land.

Ref: Your letter No. 6135 / 3F dated 18.12.2013.

Sir,

I am to say that non-forest Government land measuring to an area of Ac. 167.65 under Th.Rampur Tahasil has been identified and allotted for raising compensatory aforestation in lieu of the forest land pertaining to lease hold area of the granted mining lease against South-Kaliapani and Sukurangi Chromite Mines in Jajpur District and Khandabandh Iron Ore Mines in Keonjhar District of M/S. OMC Ltd., Bhubaneswar.

As such, you are requested to file necessary requisition before the Tahasildar, Th.Rampur for processing alienation proposal for sanction of the land in favour of Forest Department immediately.

Enc: Land schedule

Yours faithfully,

9.1.14
Collector,
Kalahandi

Memo No. 54 /Rev. Date: 09.01.2014

Copy alongwith joint verification report forwarded to Tahasildar, Th.Rampur for information. He is requested to process the alienation proposal in favour of the Forest Department on obtaining the requisition from the Divisional Forest Officer (South), Kalahandi

Divisional Forest Officer
Kalahandi South Division
AREA PROPOSED FOR COMPENSATORY AFFORESTATION
N. RAMPUR

KEY PLAN
TOPOSHEET - E44F3
SCALE - 1:50000
Bhaluknam
Tangli Dangar
Kutugi Mali
BIJAYANAGARA
Mohugan
Kalayan
DHANDA R.F
KALAGAN R.F
MANDIBISHI R.F
Pana Mali
PROPOSED FOR COMPENSATORY AFFORESTATION OVER AN AREA OF 38.548 Ha.
AREA EXCLUDED(APPROX-2.152 HA.)

ANNEXURE - C

Seiref

GPS READING OF THE AREA PROPOSED FOR CA

Village: Kerapai

ANNEXURE-D

COST NORM FOR BALD HILL PLANTATION @ 1600 PLANTS PER HECTARE

(Labour cost @Rs 303.40 per manday)

Sl No	Item of Work	Preferable Period of execution	Manday	Labour Cost (Rs)	Material Cost (Rs)	Total Cost in (Rs)
	PREPARATORY OPERATION (0TH YEAR)					
1	Survey and demarcation	June	2	606.8	0	606.8
2	Pitting (1600 per ha) each pit-45 cm^3	Nov-Dec	128	38835.20	0.00	38835.20
3	**Soil and water conservation measures** (a) Staggered trench along the contour @ 300 per ha (2.5mx0.5 m x0.5m); digging of percolation pits @ 600 per ha in lieu of staggered trenches, gully plugging and Drainage line treatment, half moon trench on the uphill side of each planting pit (100 MD for staggered trench / percolation pits and 30 MD for gully plugging, drainage line treatment and half moon trench).	Sep-Nov	130	39442.00	0.00	39442.00
	(b) Site clearance-8 MD, alignment and staking of contour lines on ground, planting pits, contour trenches/ percolation pits and check dam sites, etc.- 2 MD.	July-Aug	10	3034.00	0.00	3034.00
4	Raising of seedlings in poly bags (minimum 60 cm high) @ Rs.12.67 per seedling (Rs.8.83 in 0th year + Rs.3.84) Part (1760 saplings to be raised for one hectare)	Oct-Mar	44	13349.60	2939.00	16288.60
	TOTAL 0th year		**314**	95267.60	2939.00	**98206.60**
5	Monitoring & Supervision charge 5% of the total cost			0.00		4910.33
	GRAND TOTAL		**314**	95267.60	**2939.00**	**103116.93**
	PLANTING OPERATION (1ST YEAR)					
1	Cost of sapling (balance) from April-June/July @Rs.3.84 per seedling for 1760 seedlings	Apr-Jun	21.5	6523.10	593.00	7116.10
2	Freshening of pits -64 MD, filling with fertile soil and farm yard manure (FYM)-24 MD, application of insecticide and planting of 60 cm tall saplings including carriage of plants- 21 MD	Jun-Jul	109	33070.60	0.00	33070.60
3	Cost of Fertile Soil 0.25 cft @ Rs.8 per cft/FYM 0.25 cft @ Rs.15 per cft per pit		0	0.00	9200.00	9200.00
4	Sowing of seeds on dug out earth of trench	June	6	1820.40	200.00	2020.40

5	Carriage-6MD,Planting including Casualty replacement-6 MD, fertilizer application- 5 MD, 1st weeding-7 MD, 2nd weeding -5 MD, soil working- 7 MD	Jul-Aug	36	10922.40	0.00	10922.00
6	Cost of fertilizer and insecticide (Granular Insecticide @ 5 gms/plant @ Rs.80/- per kg=Rs.640.00, NPK 100 gms/plant in two doses @ Rs.24 per kg= 3840		0	0.00	4480.00	4480.00
7	Maintenance of soil and Moisture Conservation measures (20% of cost)	Oct-Dec	26	7888.40	0.00	7888.40
8	Closure to grazing fire and other biotic interference by engaging watch & ward	Apr-Mar	30	9102.00	0.00	9102.00
9	Fire tracing and control, display board construction, painting/writing, other misc. cost	Jan-Feb	10	3034.00	360.00	3394.00
	TOTAL (1st Year)		**238.5**	**72360.9**	**14833.00**	**87193.90**
10	Monitoring & Supervision charge 5% of the total cost			0.00		4359.70

11	10th Year	18	16080.20	0	804.01	16884.21
	Total	835.50	327823.70	21744.80	17478.43	367046.93

In case of Bald Hill Plantation, the hills having more than 30% slope will qualify for Bald Hill Plantation norm. In remaining areas of the hill, cost norm for normal plantation @ 1600 plants per hectare will be applicable. In case of highly refractory sites having rocky out crop having less than 30% slope, the concerned CFs/RCCFs I/C circle will have to certify specifically about the Bald Hill characteristics of the site. In case of high hills, the upper portion may quality for Bald Hill Cost Norm and the foot hill with normal soil depth may be taken up at par with norms applicable for normal plantation. But the provision of fencing Bald Hill Plantation Norms will be available for the entire plantation in such case also.

Divisional Forest Officer
Kalahandi South Division

Annexure-E

COST NORM FOR AIDED NATURAL REGENERATION (ANR without gap) PER HECTARE

Wage rate Rs 303.40 per Day.

ESTIMATE FOR BARBED WIRE FENCE

7 strands straight + 2 diagonal strands of 2 ply barbed wire on RCC posts fixed at 2.5 mtr intervals.
Two struts at every 10th pillar
Fence post size Length-8ft,Bottom width 6"x6", Top width-4"x4"Reinforced with 6mm rods
Minimum wage rate Rs. 303.40 per day for unskilled labourer

ANALYSIS OF RATE

1	Earth work in hard or gravelly soil within 50m. Initial lead and 1.5m. initial lift including rough dressing of clods to maximum 5 cm. to 7 cm and laying in layers not exceeding 0.3 m. in depth (per 100 cum.)			
	Mulia	43	303.40	13046.20
	2% sundries and T & P etc.			260.92
		Total		**13307.12**
2	Cement concrete (1:4:8) with 4 cm hard granite metal including lying, compacting, curing with all cost, conveyance, royalty of materials etc. (per 1 cum)			
	HG metal	0.96 cum	Rs 1223.40	1174.64
	Sand	0.48 cum	Rs 443.00	212.62
	Cement	1.72 qtl	Rs 630.00	1083.60
	Mason 2nd Class	0.18	Rs 343.40	61.81
	Man mulia	1.80	Rs 303.40	546.12
	Woman mulia	1.40	Rs 303.40	424.76
	Man mulia	0.70	Rs 303.40	212.38
		Total		**3715.93**
3	Cement Concrete (1:2:4) with 12 mm size C.B.H.G chips including cost, carriage & royalty etc complete.			
	HG chips 12 mm	0.96 cum	Rs 1581.40	1518.14
	Sand	0.45 cum	Rs 443.42	199.53
	Cement	3.23 qtl	Rs 630.00	2034.90
	Mason 2nd Class	0.60	Rs343.40	206.04
	Mulia	4.6	Rs 303.40	1395.64
		Total		**5354.25**
4	Cutting, bending, binding, straightening and tying the grills and placing in position including cost of M.S Tor Steel and binding wire etc (Ref-A/R-2006 item No. 9 Page 52). Taking output for 1 quintal			
	Cost & carriage of HYSD Steel including 5% for wastage & overlapping	1.05 qtl	Rs 5500.00	5775.00
	Binding wire	8 kg	Rs 80/kg	640.00
	Labour for cutting, bending, shifting to site, tying & placing in position Mate	0.44	393.40	173.10
	Blacksmith Special	4	453.40	1813.60
	Semiskilled mulia	8	343.40	2747.20
		Total		**11148.90**

01) 02 ply barbed wire (5 Rmt per kg)

7 straight strand x 1000 Mt =7000Mt

2 Diagonal strand = $2 \times \sqrt{(6.5')^2 + (8.2')^2} = 2 \times 10.50$ ft

=21.00 ft x 400 nos=8400 ft or =2560Mt

=9560Mt

Cost per KM=9560/5=1912 Kg @ Rs.80/Kg — Rs.1, 52,960.00

02). Construction of RCC pillars of size-

Length—8ft, Bottom width 6"x6", Top width-4"x4"
Reinforced with 6mm rods with proper curing
$\{8' \times \frac{6"+4"}{2}\} \times \frac{6"+4}{2}$ = 1.34 cft or 0.038 cum

i) Cost of c.c. work 1:2:4=0.038 cum @5354.25/cum = 203.46
ii) Cost of rod including cutting, bending & binding
0.038x0.9qtl=0.0342 qtl@ Rs. 11148.90/qtl. = 381.29
iv) Contingency (15%) including = 87.71
Curing, stacking, provision of hooks etc.
Rs.672.46

Requirement of pillars per KM-
Spacing=2.5mtx2.5mt
Requirement=1000mt/2.5mt = 400
Strut pillar in every 10th pillar = (400/10)x2 = 80
480 Nos

Cost of pillars per Kilometer= 480@ Rs 672.46 — Rs.3, 22,780.80

03) Fitting fixing of RCC pillars in position with hbg metal (4cm) in C.M (1:4:8)

i) Digging of pits 1.5'x1.5'x1.5'=3.375cft/pit
for 480 pits, 480x3, 375=1620 cft or 45.86 cum @ Rs. 13307.12/100cum =Rs 6102.65

ii) Fixing of pillars with 4cm hbg metals in C.M 1:4:8
pit size-1.5'x1.5'x1.5' =3.375 cft
Deduct 1/3rd of butt of pillar i.e.3.375/3 = (-) 1.125 cft
Total c.c. work per pillar 2.25cft
For 480 pillars=480x2.25=1080cft or 30.577 cum @ Rs. 3715.93/cum — Rs.1, 13,621.99

04) Labour for straightening the barbed wire and fixing & clipping with pillars
70M.d per km@ Rs 303.40 per manday = Rs.21, 238.00

05) Carriage of Barbed wire & pillars to work site
@Rs.1000/tl. and cost of loading & unloading within 5 km distance
Approximately 10 tld @ 800/tld = Rs.18, 000.00

06). Provision of one Iron Gate of size (4' x 5') on LS = Rs. 7,500.00

Total = Rs.6, 42,203.44
Labour Cess 1% = Rs. 6,422.03

Expenditure per 1 km of barbed wire fencing — Rs.6, 48,625.47

07) Expenditure towards maintenance for 3 years (3rd, 6th & 9th year)
@ 2% of cost per rkm = 3 x 2% x Rs.6, 48,625.47 = Rs.38, 917.53

Expenditure per 1 km of barbed wire fencing including maintenance = Rs.6, 87,543.00
Or say Rs 6, 87,600.00

Divisional Forest Officer
Kalahandi South Division

Revised Financial Outlay of **Compensatory Afforestation Scheme** over an area of **185.509 ha** of **non-forest land** identified in **village Balangi, Kerapai & Dalimguda** under Thuamul-Rampur Tahasil in Kalahandi District in lieu of diversion of forest land pertaining to **Khandbandh Iron Ore Mining** Lease in Keonjhar District of **M/s Odisha Mining Corporation Ltd.**

(Wage Rate @ Rs.303.40 per MD)

Sl. No.	Description	Amount (Rs.)
1.	Cost of Bald Hill Plantation @ 1600 Plants per ha over 134.234 ha without provision of fencing @ Rs.3,67,196.55 per ha with 10 years maintenance	4,92,90,127.00
2.	Cost of ANR without gap plantation over 51.275 ha @ Rs.32,791.29 per ha with 10 years maintenance	16,81,373.00
3.	Cost of barbed wire fencing around the plantation site over 9.301 Kms @ Rs.6,83,362/- per RKM with 3 years maintenance	63,55,950.00
	Total	**5,73,27,450.00**
4.	Add Escalation Cost (20%)	1,14,65,490.00

Memo No. 11046 /9F (MC) - 22/2018
Dated, Bhubaneswar the 06th July, 2021

To

The DFO, Keonjhar Forest Division.

Sub: Proposal for diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd in Keonjhar district, Odisha – Submission of revised financial outlays of CA Schemes at ₹ 311/- per manday regarding.

In inviting a reference on the captioned subject, the revised financial outlay for Compensatory Afforestation Scheme over 159.680 ha of non-forest land identified in village Sikulpada, Phuljhar and Raidihi under Banspal Tahasil of BJP Range of your division against proposed diversion of the above mentioned project has been technically approved for ₹ 3,72,56,700/- (Rupees three crores seventy two lakhs fifty six thousand and seven hundred) only by Addl.PCCF (FD & NO, FC Act) at current wage rate of ₹ 311/- per manday is enclosed.

The revised financial outlay for Additional Compensatory Afforestation Scheme over 104.30 ha of degraded forest land identified in Baitarani RF under Champua Forest Range of your division to accommodate the balance 41720 nos of plants against proposed diversion of the above mentioned project has been technically approved for ₹ 1,42,50,600/- (Rupees one crore forty two lakhs fifty thousand and six hundred) only by Addl.PCCF(FD & NO, FC Act) at current wage rate of ₹ 311/- per manday is enclosed.

Similarly, the revised financial outlay for Compensatory Afforestation Scheme over 185.509 ha of non-forest land identified in village Balangi, Kerapai and Dalimguda under Thuamul-Rampur Tahasil in Kalahandi District of Kalahandi (South) Forest division against proposed diversion of the above mentioned project has been technically approved for ₹ 7,35,62,900/- (Rupees seven crores thirty five lakhs sixty two thousand and nine hundred) only by Add.PCCF(FD & NO,FC Act) at current wage rate of ₹ 311/- per manday is enclosed.

P.T.O

You are requested to raise demand on the user agency for payment of the amount through web portal of MoEF & CC and submit the deposit particulars of the amount paid in prescribed format alongwith updated Stage-I compliance.

This is most urgent.

01	Mukundpur	104.30	14.30	90.00	0.00	6.264
	Total	104.30	14.30	90.00	0.00	6.264

CHAPTER- I

BRIEF NOTE ON THE PROPOSED FOREST DIVERSION PROPOSAL

Khandbandh Iron ore Mining Lease was granted over 905.175 Acers or 366.311 ha vide letter No. III (A) II-9/63- 11708, dated 22.11.1963 of Govt. of Odisha Mining & Geology Department. The said Mining lease was executed on dated 30.11.1963 for a period of 30 years with effect from 30.11.1963 to 29.11.1993 over an area of 366.311 ha. The first RML was applied on 09.11.1992 one year prior to expiry of the original mining lease period. The second RML was applied on 06.11.2012 over the said area from extension of ML period from 30.11.2013 to 29.11.2033.

The Mining Lease of Khandbandh Iron Ore Mines of M/s OMC Ltd lies between longitude E 85^0 23' 12.66888" – 85^0 24' 45.86016" and latitude N 21^0 55' 40.27579" – 21^0 57' 29.90066" in Survey of India topo sheet no. F 45 N 5. The said mining lease over 366.311 ha involves 97.217 ha Village Forest, 209.973 ha DLC forest land and 37.999 ha Non-forest land recorded as Forest as on 25.10.1980. The instant diversion proposal has been submitted over 345.189 ha (Revenue forest-97.217 ha, DLC Forest- 209.973 ha and 37.999 ha Non- Forest land recorded as Forest as on 25.10.1980) including safety zone area over 6.77 ha Forest land for diversion under Section-2 (ii) of Forest (Conservation) Act, 1980. The certified status of the non-forest land, involved in the mining lease, depicts that 37.999 ha non-forest land in village Khandbandh, Gurunda & Jaroli is Forest as on 25.10.1980. The total broken up land, involved in the mining lease, is 129.095 ha.

Non-forest Govt. land over 345.189 ha is required for compensatory afforestation for the said project. Out of 345.189 ha, 159.68 ha has been identified and allotted in villages Sikulapda, Phuljhar & Raidiha under BJP Range of Banspal Tahasil (earlier Telkoi Tahasil) of Keonjhar district vide letter No. 1740/Rev dated 29.06.2006 and balance 185.509 ha of non-forest Govt. land has been allotted by Collector, Kalahandi in village Kerapai (38.644 ha), Balangi (11.00 ha) and Dalimguda (135.865 ha) under Thuamul Rampur Tahasil vide letter dt. 09.01.2014, 19.12.2016 and 02.07.2019 respectively. Out of the 185.509 ha of non-forest Govt. land around 51.275 ha of non-forest Govt. land is coming under MDF category. The details are given as below:

Sl. No.	Name of the village	MDF Area in Ha.
01	Dalimguda	49.000
02	Kerapai	2.152
03	Balangi	0.123
	Total	51.275

Hence compensatory afforestation will be raised as proposed below:

Sl No	District	Tahasil	Forest Division	Revenue Village	Area in hectare	Scheme	No. of seedlings proposed
1.	Keonjhar	Bansapal	Keonjhar Forest Division	Sikulapada	62.058	ANR with 800 plants	49646
2.	-do-	-do-	-do-	Raidiha	51.225	ANR with 400 plants	20490
3.	-do-	-do-	-do-	Phuljhar	46.397	ANR with 400 plants	18559
Sub-total					159.680		88695
4	Kalahandi	Thuamul Rampur	Kalahandi South Division	Balangi	11.000	Bald Hill 10.877 ha with 1600 plants + ANR without gap over 0.123 ha (MDF)	17403
5.	-do-	-do-	-do-	Kerapai	38.644	Bald Hill 36.492 ha with 1600 plants + ANR, without gap over 2.152 ha (MDF)	58387
6.	-do-	-do-	-do-	Dalangpda	135.865	Bald Hill 86.865 ha with 1600 plants + ANR without gap over 49 ha (MDF)	138984
Sub-total					185.509		214774
Grand Total					345.189		303469

As per the guideline, the required plants comes to 345.189 x 1000 = 345189 no. Therefore, there is a shortfall of 41720 (345189-303469) nos. of plant which could not be accommodated in non-forest Govt. land allotted in Kalahandi District. DFO, Kalahandi (S) while forwarding the scheme over 185.509 ha vide letter dt. 12.03.2020 also requested DFO, Keonjhar to identify additional degraded forest land in order to accommodate the required no of shortfall seedlings. In this context, the present plantation scheme has been prepared at the prevailing wages @ Rs. 298.00 per mandays with maintenance period of 10 (ten) years over 104.30 ha degraded forest land, identified in Baitarani RF under Champua Range of Keonjhar Division, to accommodate the balance seedling.

CHAPTER- II

DETAILS OF LAND IDENTIFIED FOR PLANTATION

IDENTEFICATION OF DEGRADED FOREST LAND

II (1)- Details of identified Forest land-

The identified Forest land for plantation is situated in Baitarani RF under Champua Range of Keonjhar Forest Division near village Mukundapur. This Forest Block is included in the working plan under Rehabilitation working circle.

II (2)- Character of existing vegetation of the identified site for Compensatory Afforestation-

The prevailing forest growth has been categorized under forest type- open jungle mainly Sal in Survey of India Topo Sheet No. F45H12. The vegetation consists of Sal and its scattered associates like Jamu, Piasal, Asana, Sisoo, Kuruma, Karada, Dhaura, Khair, Sidha, Harida, Bahada and Ainla.

II(3)- Working Plan prescription for the identified site for Compensatory Afforestation-

The prescribed objectives of management for the identified forest block is depicted hereunder-

1. Regenerate of the degraded forest blocks including the areas once affected by shifting cultivation, by appropriate silvicultural inputs and protection measures with people's participation.
2. Improvement of the micro-climate and micro-edaphic conditions though soil and moisture conservation measures.
3. Encouragement of natural regeneration for increasing the biodiversity in forest crop.
4. Fulfillment of the bonafide needs of the local inhabitants for fuel wood, small timber, fodder and N.T.F.P. to the extent possible depending upon the productivity of the forests to ensure their participation.

II(4)- Suitability of the identified site for Compensatory Afforestation-

The identified site in Baitarani RF is a degraded patch with existing vegetation of Sal and Sal associates. Gaps are sporadically spread over the forest block. The topography is characterized by gentle slope with boulder mixed clayey-loam soil conducive for plantation under ANR with Gap model @ 400 seedling per ha. The average maximum temperature is 40^{0}to 45^{0}C and minimum 5^0 to 10^0 C and annual rainfall varies from 1100 mm to 1800 mm. The maximum rainfall is received during the rainy season from July to September. The identified site is situated adjacent to village Mukundpur. The site has been demarcated with 4 feet RCC pillars with erection of durable signboard depicting Scheme, Year, User Agency, Area etc. on it. Therefore, the scheme is envisaged to be executed with involvement of Mukundpur VSS.

CHAPTER-III

DELINEATION OF PROPOSED AREA ON SUITABLE MAP

III(1) GPS COORDINATES AND GPS MAP OF THE COMPENSATORY AFFORESTATION SITE

The area has been demarcated through GPS survey and GPS survey data showing latitude and longitude of each point and their chainage with bearing is also enclosed in the map prepared thereon (Maps enclosed).

CHAPTER- IV

AGENCY RESPONSIBLE FOR COMPENSATORY AFFORESTATION

IV(1) AGENCY RESPONSIBLE FOR PLACEMENT OF FUNDS

The user agency shall provide funds for raising Compensatory Afforestation as per the approved scheme.

IV(2) AGENCY RESPONSIBLE FOR EXECUTION OF COMPENSATORY AFFORESTATION

The Territorial Wing of the Forest Department i.e. Divisional Forest Officer, Keonjhar Division will be assigned with the task for execution of Compensatory Afforestation.

CHAPTER- V

DETAILS OF WORK SCHEDULE PROPOSED FOR COMPENSATORY AFFORESTATION

A. PLANTING PLAN

Planting Plan reflects the species specific treatment of the identified site. Choice of species is based on the geo-morphology of the site, soil-texture, structure, fertility and depth, proneness of the site to water logging etc. Specific treatment of the site in terms of soil and moisture conservation intervention will be depicted in the treatment map. A treatment map will invariably be prepared for Species to be planted and treatments to be applied to the different patches shown in the treatment map and planting plan. This plan will be followed when actual planting is carried out.

Species to be planted:-

1. *Sizyzium cumini*(Jamu)
2. *Adina cardifolia*(Karuma)
3. *Anogeissus latifolia*(Dhaura)
4. *Accacia catechu* (Khair)
5. *Dalbergia sissoo*(Sissoo)
6. *Azadirrachta indica*(Neem)
7. *Gmelina arborea* (Gambar)
8. *Terminalia belerica*(Bahada)
9. *Terminalia chebula*(Harida)
10. *Pongamia pinnata* (Karanja)
11. *Emblica officinalis* (Anla)

B.PRE-PLANTING OPERATION

B(I)-RAISING OF PLANTATION STOCK- NURSERY-

Nursery will be raised @440 seedlings per ha including seedlings for 10% causality replacement.

B(II)-SURVEY, DEMARCATION & PILLAR POSTING, GPS READING WITH MAPPING-

The planting area has been surveyed and demarcated with four feet height RCC pillars at inter visible distance (as per the direction of forest Range Officer, Champua Range) with GPS co-ordinates, forward and backward bearing, pillar No. and distance between pillars inscribed in it. A GPS map in the scale of 1:4000 has been prepared along with GPS co-ordinates forward and backward bearing, pillar No. and distance between pillars reflected in the map. A durable sign board has been erected at a conspicuous location with name of the site, scheme, area etc. depicted on it.

B(III)-SITE PREPARATION AND SILVICULTURAL OPERATION INCLUDING CLEARANCE OF WEED, CLIMBER CUTTING, HIGH STUMP CUTTING, SINGLING OF SHOOTS-

The clearing of the site involving removal of invasive weeds, bushes, climbers, high stumps and singling of shoots will be taken up preferably by the end of February and latest by the end of March. Pits of the dimension 30 x 30 x 30 cm. will be dug @ 400 per ha in the available gaps over 104.30 ha preferably 2 months before or at least a month before planting of seedlings.

C. PLANTING OPERATION

Planting of seedlings will be taken up in the month of July. The polythene covering of the balls of earth will be carefully removed before planting. Care will be taken to see that the ball of earth is not broken while doing so. The seedling with the ball of earth will then be placed firmly in the pit and buried at such a depth that the root collar is well below the surface of the soil. The soil around the plant will be well compacted with the heal as a final step so that there is a proper bond between the ball and the surrounding soil. The earth close to the collar will be slightly elevated so that rain water does not accumulate very close to the plant.

D. POST PLANTING OPERATION

D(1)-CASUALTY REPLACEMENT

The entire area will be gone over in the same order as plantation was carried out and casualties, if any, will be replaced as soon as the main plantation operation is over.

D(2)-WEEDING AND SOIL WORKING

Regular and efficient weeding will start immediately after sprouting of the stumps is complete or after the seedlings have started throwing up new buds.

D(3)-MANURING AND INSECTICIDE APPLICATION

On degraded sites urban compost or farmyard manure, wherever available, will be added to the soil while refilling the pits. As regards artificial fertilizers, the minerals required and dosage @ 50 grammes of patent mixtures like 'Gromor' or N.P.K. (2:2:1) will be applied in two split doses one in August and the other in September.

D(4)-SOIL MOISTURE CONSERVATION MEASURES

Special Soil Moisture Conservation Measures will be taken up through construction of LBCD structures of dimension 10' x 10' x 5' to the tune of 104 nos. over the entire plantation site and staggered trenches of dimension 2.5 x 0.5 x 0.5 mtr to the tune of 300 Nos. per ha over 104.30 ha.

D(5)-PROTECTION AGAINST FIRE AND BIOTIC INTERFERENCE

It is proposed to protect the CA plantation from grazing by domestic animals using Cattle Proof Trench Fencing. The total length of such Cattle proof trench fencing comes to 6.264 Km (6264 M).Fire line tracing will be ensured to protect the plantation from fire and watch & ward will be provided as per the approved norm for protecting the plantation from grazing with involvement of Mukundapur VSS.

CHAPTER- VI

COST STRUCTURE OF PLANTATION, PROVISION OF FUNDS AND UTILIZATION

COST NORM FOR ANR PLANTATION @ 400 PLANTS PER HECTARE

WAGE RATE Rs. 298.00/- PER MANDAY

A. Estimate of cost for 1.00 HA under ANR plantation model

0th year (Advance work) Pre-planting operation.

Sl No	Item of work	Preferable period of execution	person days	Labour (Rs)	Material (Rs)	Total (Rs)
	0th year

Total for 104.30 ha					6015790.37

ADDITIONAL COST PROPOSEDFOR COMPANSATORY AFFORESTATION OVER 104.30 Ha

.1	SMC measures- LBCD structure of dimension 10' x 10' x 5' @Rs. 10489/- per LBCD structure for 104 LBCD structures.		1090856.00
2	Staggered trenches @130MD per ha over 104.30 ha.		4040582.00
3	Additional incentive (3% of cumulative expenditure upto 4th year) for VSS/Fr./FG proposed for more than 80% survival and very good growth during 4th year of maintenance as per recommendation of DFO and RCCF. @Rs. 2082/- for 104.30 ha.		217153.00
4	Additional EPA expenses if implemented through VSS at rate Rs.1200/- in 0th Year, Rs.2400/- in 1st Year, Rs.1800/- in 2nd Year, Rs.600/- in 3rd Year, Rs.600/- in 4th Year,Rs.600/- in 5th Year,Rs.600/- in 6th year, Rs.600/- in 7th year, Rs.600/- in 8th year, Rs.600/- in 9th year, Rs.600/- in 10th year @ Rs. 10200/- per Ha. for 104.30 ha		1063860.00
5	Cattle proof trench fencing for 6.264 (6264 M)	215.00	1346760.00
	Cattle proof trench fencing maintenance @ 5%/Annum for 10 year	673380.00	673380.00
	Sub-Total		8432591.00

N.B:- Unit cost of LBCD structures of different dimension along with staggered trenches and Cattle proof trench fence is enclosed as Annexure- I, II & III.

TOTAL COST FOR CA OVER 104.30 Ha.

1.	Plantation over 104.30 ha @400 seedlings/ ha of Rs. 57677.76/-	6015790.37
2.	Additional Cost	8432591.00
	Sub Total	1,44,48,381.37
3.	15% plantation cost as EPA	21,67,257.20
	Total	1,66,15,638.57
4.	Add 20% escalation	33,23,127.71
	Grand Total	1,99,38,766.28 Or say 1,99,38,800.00

(Rupees one crore ninety nine lakh thirty eight thousand eight hundred) only.

3/7/20

Divisional Forest Officer
Koonjhar Division

A. PROVISION OF FUNDS AND FUND UTILIZATION

Rs. 1,99,38,800/-(one crore ninety nine lakh thirty eight thousand eight hundred) only shall be deposited by the User Agency M/s Odisha Mining Corporation Ltd on approval of the scheme in Ad-hoc CAMPA Account and the funds will be utilized for raising of Compensatory Afforestation by the Divisional Forest Officer, Keonjhar Division on allotment by the Principal Chief Conservator of Forests, Odisha, Bhubaneswar.

Divisional Forest Officer,
Keonjhar Division

CHAPTER- VII

DETAILS OF PROPOSED MONITORING MECHANISM

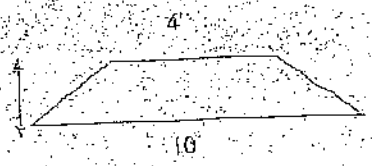

Compensatory Afforestation will be taken up in the identified site by the Range Officer, Champua Forest Range of Keonjhar Division. The Range Forest Officer, Champua Forest Range will undertake field checks of the works undertaken at the identified site and will be cross checked by the Asst. Conservator of Forests, (Affn.) and Divisional Forest Officer, Keonjhar Division. GPS co-ordinates along with other required information of Compensatory Afforestation will be uploaded in the e-Greenwatch Portal of NIC, MoEF&CC, Govt. of India for the purpose of online monitoring. Annual progress of plantation involving growth of planted seedlings, survival percentage etc. will be monitored and recorded in the plantation journal by the field staffs of Champua Forest Range and reported to the Divisional Forest Officer for necessary action. The same thing will be reported to the Regional Chief Conservator of Forests, Rourkela Circle and Chief Conservator of Forests (PP&A), O/o the Pr. Chief Conservator of Forests, Odisha, Bhubaneswar and necessary corrective measures will be followed if required so.

31/1/20

Divisional Forest Officer,
Keonjhar Division

Annexure-I

LOOSE BOULDER CHECK DAM

(A) Size – 10' x 10' x 5'

(i) Requirement of boulder (Procured from quarry)

½ (10' + 4') x 10' x 5' = 350 cft or 9.90 cum

Cost of Boulder @ Rs. 199/- per cum for 9.9 cum = Rs. 1,970.00/-

(ii) Labour for construction of LBCD for 1 cum.

Mulia	1.04 No x 213.50 =	222.04
Mason special	0.17No. x 273.50 =	46.49
Stone packer –	0.35No. x 233.50 =	81.72
Total		= 350.25

For 9.90 cum 9.90 x 350.25 = Rs. 3467.47/-

Rs. 5437.47/-

(Rounded to Rs 5438/-)

Rate for 1 cum Rs. 549.25 per cum or Rs. 550 per cum

LOOSE BOULDER CHECK DAM

(A) Size- 10' x 10' x 5'

(i) Requirement of boulder (Picked up and broken)

½ (10' + 4') x 10' x 5' = 350 cft or 9.90cum

@ Rs.185/- per cum Rs. 1,831.50/-

(ii) Labour for construction of LBCD for 1 cum

Mulia	1.04 No x 213.50 =	222.04
Mason special	0.17No. x 273.50 =	46.49
Stone packer –	0.35No. x 233.50 =	81.72
Total		= 350.25

For 9.90 cum 9.90 x 350.25 = Rs. 3467.47/-

Rs. 5298.97/-

(Rounded to Rs 5300/-)

For 1 cum Rs.535.25/-cum or Rs. 535/- per Cum

N.B. The cost of transportation with a lead of 5 Kms- Rs.156.40/cum.

ABSTRACT		
SL. NO.	ITEM	REMARKS
1	Loose Boulder Check Dam(LBCD) Constructed from the boulder procured from the quarry	Rs. 550/Cum
2	In- situ collected, broken and utilized for construction of LBCD	Rs.535/Cum
3*	Cost of transportation within a lead of 5 Kms	Rs. 156.40/-Cum

* Rate will be proportionately enhanced for lead more than 5 km in specific cases.

Annexure-II

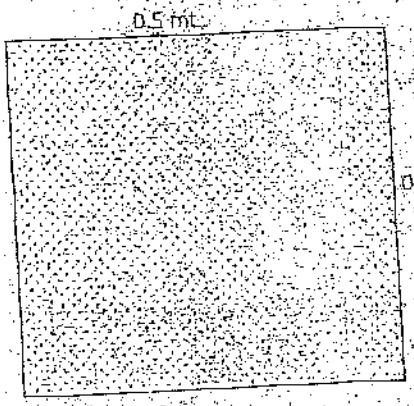

Staggered Contour Trench (2.5 mt x 0.5 mt x 0.5 mt)

Specifications:

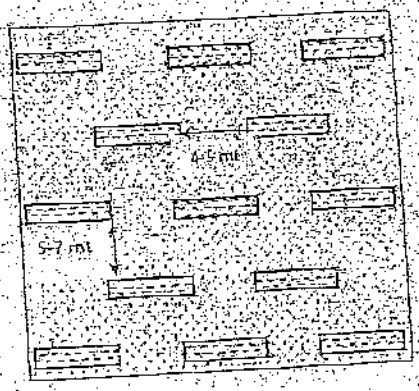

Lepgth	2.5 mt		
Width	0.5 mt		
Depth	0.5 mt		
Cross Section	(0.5 mt x 0.5 mt)	=	0.25 sq mt
Earth Work	(2.5 mt x 0.25 sq mt)	=	0.625 cum

	0-30° slope	Above 30° slope
Gap between Trenches (Horizontal)	4-5 mt	2-3 mt
Distance between contour lines (Vertical)	5-7 mt	3-4 mt
Cost of Staggered Trench per Ha	Rs 12,810 for 300 nos of ST	Rs 41,623.00 for 450 nos of ST

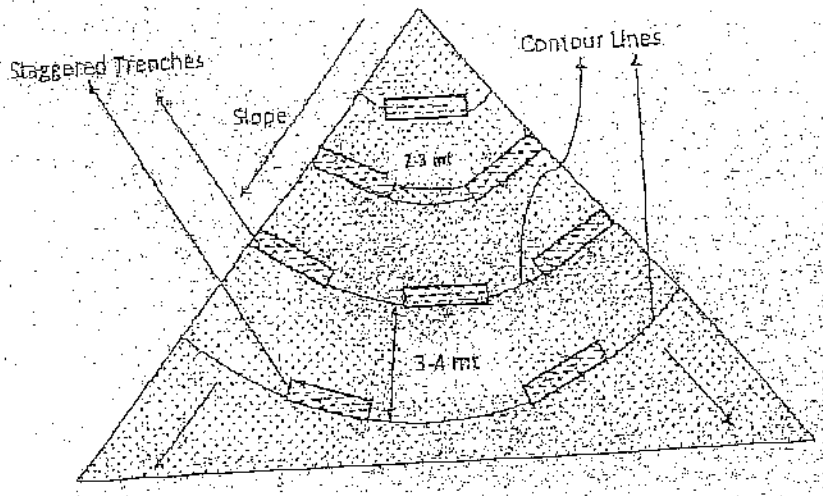

Cross Section of each staggered trench

Staggered Trenches Design in less than 30° slope

Staggered Trenches Design on more than 30° slope

Annexure- III

Cattle Proof Trench Fencing (for 1 Running meter length)

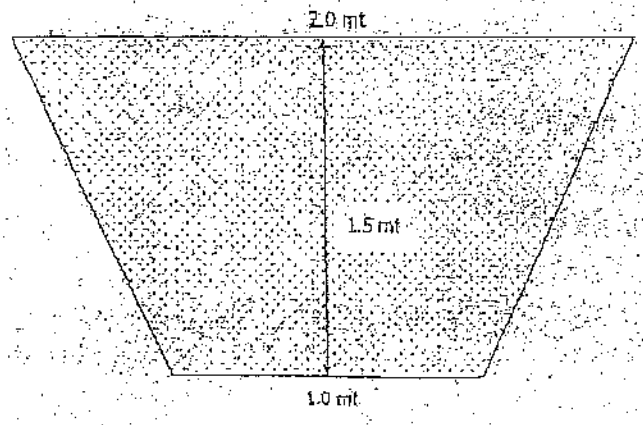

Specifications:

Length	1.0 mt		
Top Width	2.0 mt		
Bottom Width	1.0 mt.		
Depth	1.5 mt		
Cross Section	((2.0 mt + 1.0 mt)/2 x 1.5 mt)	=	2.25 sq mt
Earth Work	(1.0 mt x 2.25 sq mt)	=	2.25 cum

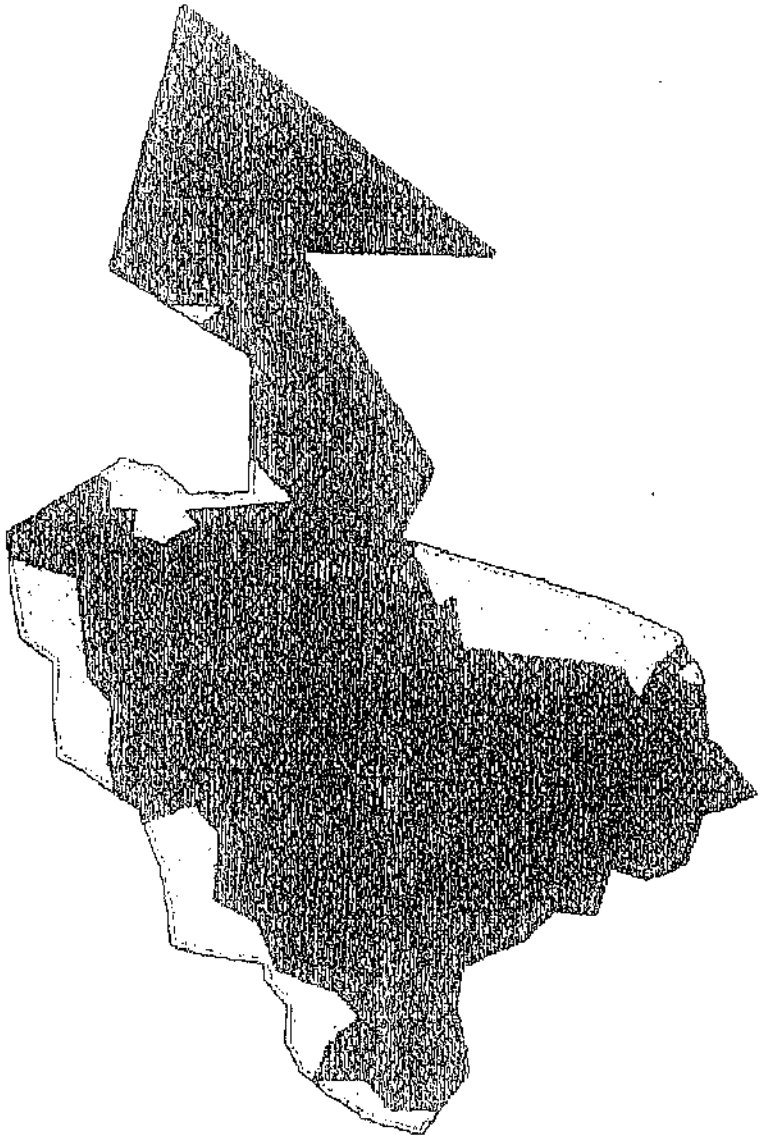

215.00 246.00

Cost per 1 mt = 0.72 MD = Rs 177.5 (@ Rs 265.00/Wage MD rate)

Cross Section

No. 6950 / 6F-Mining-15/2017

Dated, Keonjhar, the 12/07/2019

To

The Executive Director (F&E),
Odisha Mining Corporation Ltd.
OMC House, Bhubaneswar-751001.

Sub: Proposal for diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd in Keonjhar District, Odisha.

X-Sub: **Demand of funds towards Site Specifc Wildlife Conservation Plan at the current wage rate of @Rs. 280/- per Mandays.**

Ref: Memo No. 5704 dated 09.07.2019 of Principal Chief Conservator of Forests, (WL) & Wildlife Warden, Odisha, Bhubaneswar & this office letter No. 1070 dated 07.02.2013.

Sir,

A Site Specific Wildlife Conservation Plan was earlier approved by the Principal Chief Conservator of Forests, (WL) & Chief Wildlife Warden, Odisha, Bhubaneswar vide his letter No. 6000 dated 06.09.2011. Accordingly you were requested vide this office letter under reference to deposit ₹170.00 lakh towards the cost of approved Site Specific Wildlife Conservation Plan for activities to be implemented in project impact area in Keonjhar Division. But till date you have not deposited the same.

Now, the Principal Chief Conservator of Forests, (WL) & Chief Wildlife Warden, Odisha, Bhubaneswar has approved the Revised Site Specific Wildlife Conservation Plan at the current wage rate of ₹280/- per MD for your above project with a financial out lay of ₹464.04 lakh, out of which you are required to deposit ₹370.60 lakh towards activities to be implemented by DFO, Keonjhar Division in the project impact area. Further it is intimated that the PCCF(WL) has imposed three other conditions along with the aforesaid approval which has to be abided by as follows.

1. The plan shall be revisited after 5 years and the User Agency will give undertaking to contribute towards the revised cost of the conservation plan till the project period, if any.
2. The project proponent has to prepare and submit the conservation plan for the next 10 years of their lease period (balance period for which forest land remains diverted) at least one year before the expiry of the present conservation plan and deposit the outlay amount upon its approval. In case of delay, it will be dealt as per law for violations of Forest (Conservation) Act, 1980 and Environmental (Protection) Act, 1986.
3. The project proponent has to give an undertaking to bear the differential cost in case of enhancement of wage rate at the time of implementation of this plan.

Now, it is once again requested to deposit the aforesaid amount of ₹370.60 lakh through e-portal of MoEF&CC as provided in the https://parivesh.nic.in/ and the proof/evidence of the deposit of fund be submitted to this office for further necessary action at this end.

Yours faithfully,

12/7/19

Divisional Forest Officer,
Keonjhar Division.

Memo No. 7013 /7WL-FD&WLC-106/2020

Dated, Bhubaneswar the 26 July, 2021

To

The Divisional Forest Officer,

Keonjhar Division

Sub: Diversion of 345.189 ha of forest land including 6.919 ha in Safety Zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore mines of M/s OMC Ltd.

Ref: This office memo No.7429 dt 15.09.2020

A Site Specific Wildlife Conservation Plan was earlier approved at a cost of Rs.216.00 lakh and communicated to you in this office memo No.6001 dt 06.09.2011 in compliance to the specific condition No.(xxix) stipulated by Government of India, MoEF vide their letter No.J-11015/1081/2007-IA.II(M) dt 15.12.2008 while according environmental clearance to Khandbandh Iron Ore mines involving total mine lease area of 366.311 ha of M/s OMC Ltd. in Keonjhar district.

The financial outlay of the plan has subsequently been revised several times basing on the upward revision of minimum wage rate at Rs.280/-, Rs.298/- and finally at Rs.303.40. The cost of the Site Specific Wildlife Conservation Plan finally revised to Rs.508.86 lakh basing on the minimum wage rate of Rs.303.40 per manday has been communicated to you vide memo under reference. In the said approval letter, it was instructed to raise demand with user agency for deposit of Rs.410.76 lakh being the project impact area cost of the plan, in CAMPA fund. As informed by the user agency, it has deposited the entire project impact area cost of Rs.410.76 lakh in CAMPA fund.

P.T.O.

In the meanwhile, the Compensatory Afforestation Fund Act, 2016 has come into force with effect from 03.08.2016 and Government of India, MoEF&CC (FC Division) vide their letter in File No.FC-11/43/2021-FC dt 22.03.2021 have issued guidelines for deposit of compensatory levies by the user agency in full in CAMPA fund as estimated for implementation of Wildlife Management Plan, etc. on time, citing the provisions of the clause (iii) of sub-section 3 of Section of 4 of the said Act.

Citing the above guideline, M/s OMC Ltd. have requested (copy of letter enclosed) for issue of revised demand for deposit of entire approved cost of the plan to facilitate submission of compliance to stage-I stipulations.

In view of the facts mentioned above, you are requested to please raise demand with the User Agency for deposit of total cost of Rs.508.86 lakh subject to adjustment of the amount already deposited in this regard.

Letter No. 1050/OMC/F&E/2021
19th July, 2021

To

The PCCF (Wildlife) & Chief Wildlife Warden, Odisha
Prakruti Bhawan, Plot No. 1459,
Saheed Nagar, Bhubaneswar

Sub: Proposal for diversion of 345.189 ha of forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

Ref: File No.FC-11/43/2021-FC dt 22.07.2021 by MoEF & CC, Govt. of India.

Sir,

MoEF & CC, Government of India vide letter under reference (i) has reiterated the following:

"3. The State Government/UT Administration shall also ensure that the user agency deposits compensatory levies in full as estimated for implementation of Wildlife Management Plan, Catchment Area Treatment Plan, or any other stipulated activity on time."

In order to comply the above, condition no.vi of the stage-I approval and the additional condition imposed by the State Govt. while communicating the Stage-I grant order pertaining to Khandbandh Iron Ore Mining lease of OMC over 366.311 ha, the following are submitted for kind perusal:

- A Site Specific Wildlife Conservation Plan (SSWLCP) was approved by PCCF (WL) & CWLW, Odisha vide Memo No. 6000/1WL (C) SSP-314/2011 dt. 06.09.2011 at a financial outlay of Rs. 216.00 lakh which includes Rs. 46.0 lakhs for the project area and Rs. 170.00 lakh in the project impact area.
- The above said SSWLCP was revised on account of wage revision vide Letter No. 5704 dt. 09.07.2019 by PCCF (WL) & CWLW, Odisha with a financial outlay of Rs. 464.04 lakhs which includes Rs. 93.44 lakh for project area and Rs. 370.60 lakh in the project impact area.
- On receiving the demand, OMC has already deposited an amount of Rs. 3, 70, 60,000/- on dt. 25.07.2019.
- The SSWLCP was again revised to Rs. 508.86 lakhs by PCCF (WL) & CWLW, Odisha vide letter No.7428 dt 15.09.2020 which includes Rs. 98.10 lakhs for the project area and Rs. 410.76 lakhs for the project impact area.
- On receiving the demand, OMC deposited the differential amount of Rs. 40, 16,000/- on dt. 13.11.2020.

According to the guidelines by MoEF & CC under reference (i), the entire amount approved under Wildlife Management Plan is to be deposited in full in CAMPA account.

In this regard, it is sincerely requested to inform DFO, Keonjhar to raise a demand on OMC to deposit the entire amount in order to comply the stage-I stipulation by MoEF & CC.

An early action is highly solicited.

Yours faithfully,

(Dr. Suman Krishna Sit)

2.For activities to be implemented by the DFO, Keonjhar Division in the Project impact area-		Rs.170.00 Lakhs
	Total:	Rs.216.00 Lakhs

Various activities in the lease hold area will be executed by the User Agency under the guidance of D.F.O., Keonjhar Division. Rs.170.00 Lakhs may be deposited with the Divisional Forest Officer, Keonjhar Division under CAMPA for implementation of various activities within the project impact area.

SITE SPECIFIC WILDLIFE MANAGEMENT PLAN FOR KHANDABANDH IRON ORE MINES OF M/S ORISSA MINING CORPORATION LTD. IN THE DISTRICT OF KEONJHAR

CHAPTER – VII

FINANCIAL FORECAST

6.0.0 Basing on the Wildlife Management Plan as per the foregoing Chapter the estimate has been prepared. The estimate has been divided into two categories.

1. For the activities within the mining area to be taken up by the lessee.
2. For the activities within the Zone of Influence i.e. within 10 Kms. radius of the mining activity – to be taken up by the Forest Department.

6.1.1. The cost estimate for different categories have been worked out separately. The estimates are given below:

6.1.2. Activities within Mining area

Rs. In Lakh.

Sl.No.	Description of works	Amount approved by CWLW, Orissa.
1	Wild animal watchers Rs.4000X2X12monthsX10 years	09.60
2	Solar Electric fencing 2 Kms.	06.00
3	Creation of awareness	05.00
4	General provision of equipments, such as GPS,Computers,Vehicle, Motor Cycles etc. as per specification of the DFO	20.00
5	Fire protection measures 4000X2X5-monthX10	04.00
6	Unforeseen	01.40
	Total:	46.00

Contd..2

6.1.3 Activities within the zone of Influence.

Rs. In Lakh.

Sl.No.	Description of works	Amount approved by CWLW, Orissa.
1	ANR gap plantation over 300ha. @ 20,000/- per ha.	60.00
2	Grass land Development- 5ha.	07.50
3	Soil and moisture conservation- check-dams	20.00
4	Creation of Water Body	05.00
5	Engagement of Motivators 2 Nos.	09.60
6	Anti poaching squad – Rs.4000X4X12X10	20.00
7	Barrack of Anti Poaching Squad	06.00
8	Fire watchers- 3Nos. 4000X3X5-months X 10 years	06.00
9	Fire fighting Equipments	02.00
10	Incentive for Fire Prevention	05.00
11	Fire line tracing	02.00
12	Corpus Fund.	10.00
13	Intelligence Collection	03.00
14	Creation & Maintenance of salt licks	01.00
15	Cattle immunization 2000 Nos. for 10-years	04.00
16	Monitoring & Evaluation	05.00
17	Unforeseen	03.90
	Total:	170.00

6.1.3 The total estimate of this plan is therefore (Rs.46.00 Lakhs + Rs.170.00 Lakhs) = Rs.216.00 lakhs.

Approved by
Principal C.C.F. (WL) &
Chief Wildlife Warden, Orissa..

Conservator of Forests (WL).

PREFACE

Khandabandh Iron ore Mines of Orissa Mining Corporation Limited in the District of Keonjhar spreads over an area of 366.311 Ha out of which Forest Kissam land is 294.53Ha. The lease area is surrounded by other Mines in all sides. Although, wild animals are very sparse with-in the lease area, the Elephants are usual visitors to the area particularly during paddy harvesting season and at the time of ripening of Jackfruits. Mining activities in this area will affect the Wild-life of the adjoining forest areas and will pose various threats to the Wild animals. As various Mines are in operation adjoining the lease area, the problem can be properly addressed only if a comprehensive wild-life Management plan is prepared for the entire belt which will help in protecting the wild-life as well as their habitat. In this Plan therefore it is left to the discretion of the DFO/ Forest Department to alter the proposal depending on the field demand and necessity.

This plan aims at minimizing the threats posed by mining activities and to improve the Wild-life Habitat in the adjoining Forest area such as the Zone of Influence and beyond.

Proper implementation of the Plan will definitely improve the Wild-life Habitat in the area and will reduce man-wild animal conflict.

My thanks are due to Sri S.K. Mohanty DFO Keonjhar Forest Division and his staff for providing relevant information for the plan.

My special thanks to Mr. S.C.Mishra IFS Executive Director, OMC and Sri D.K.Patnaik, Manager (F&E), OMC for providing important information and documents and extending necessary help at all stages for preparing this plan.

B.K.Patnaik

(g) Dust hazards will be controlled by regular spray of water on haul roads and the mine product at the time of loading and transportation.

(h) Garbage will be disposed of through efficient garbage management methods.

(i) Man animal conflict will be reduced by creating awareness through engagement of motivators and quick payment of compassionate amounts.

(j) The proposed cost for implementation of this plan is Rs. 213.50 lakhs out of which the lessee will take up the activities for Rs. 53.00 lakhs and the Forest Department will take up various measures for Rs. 161.50 lakhs. This amount of Rs.161.50 lakhs will be deposited with the Forest Department.

0.6.3 The proposed amount indicated above includes the logistic support in shape of equipments, Vehicles etc. as required by the implementing DFO to a tune of up-to Rs.25.00 lakhs.

0.7.1 The activities proposed in this plan are expected to be undertaken within a period of 5 years with the presumption that, the desired result will be achieved within this period. However after completion of five years the objectives as well as the achievements will be reviewed, and further steps as required will be taken depending on approval of Mining plan.

CUM-WILD LIFE WARDENS
KEONJHAR DIVISION.

EXECUTIVE SUMMARY

0.0.0 This Wild-Life Management Plan is prepared as a partial fulfillment of the requirement of MoEF , Govt. of India.

0.1.0 Khandabandh Iron Ore Mines has been leased out to Orissa Mining Corporation Ltd.

The total area of the mine for which renewal has been applied is- 366.311ha out of which Forest Kissam land is 294.53Ha.

0.2.1 The Mineable Reserve of Iron ore in the lease area has been estimated to be, 89,27,613 Metric Tons. The production target has been fixed at 1 million Tons per annum. Therefore the life of the mine has been estimated to be 9 years.

0.2.2 The lease area of Khandabandh Iron Ore Mines is located on the Topo Sheet No. 73G/5 (1:50,000) and bounded by

Latitude – 21° 55'20" N and 21° 57'40" N.

Longitude – 85° 23'20" E and 85° 25'00" E.

This area can be approached from Joda-Barnebari State Highway. The distance of the lease area is around 26 kms from Barbil and around 13 kms from Joda.

The area is highly undulating and mountainous, the altitudes vary from 525 mt. to 677 mtr. above MSL. However four prominent peaks with altitudes 639m, 670m, 664m and 677m are present with in the lease area. The drainage leads to river Baitarani through two nos of Nalas, Kundra and Karo.

0.2.3 The climate is tropical with a very hot summer, the temperature rising upto 46°C, a moderate to cool winter and well defined rainy season. The minimum temperature during winter is as low as 7°C.

0.2.4 The existing Forest kissam lands can be classified as Moist peninsular valley Sal.

0.3.1 The lease area does not form a part of any National Park or Sanctuary or Critical Wild Life habitat. No protected area is situated in the vicinity or within the zone of influence.

0.3.2 Wild animals are occasionally noticed in the area. Elephants are regular visitors during paddy season and Jackfruit ripening period. Surprisingly Wild bear are not found here.

0.4.1 There is no population within the lease area. There are 38villages within the zone of influence with 54.79% Tribal population.

0.4.2 The major employment of the population is mining. The proposed mine will directly employ 430 persons in various mining activities. Besides several other persons (approximately 2000 persons) will be engaged in scores of related activities on contract basis such as Ore crushing/ dressing, Transportation etc.

0.5.1 The process of mining will be opencast mechanized method with drilling and blasting.

0.6.1 The threats perceived due to operation of the mine are:

(a) Reduction of wild life habitat

(b) Soil erosion

(c) Water pollution & water scarcity

(d) Dust hazards

(e) Noise disturbance

(f) Lighting problems

(g) Garbage problems

(h) Physical threats such as fall of animals in the pits, poaching etc.

(i) Forest fire

0.6.2 The management plan has addressed all the above threats and tried to minimize such threats.

(a) Restoration of habitat will be done by the lessee with plantation 8000 seedlings within the lease area in addition to maintaining the Forest Cover along the safety Zone at its own cost. 300 ha ANR plantation along with Silvicultural operation is proposed to be taken up and 15 ha Silvipasture with elephant fodder species will be developed within the Zone of Influence by the Forest Department. The lessee will contribute Rs. 67.50 lakhs for this purpose.

(b) Soil conservation measures will be taken up by constructing Check Dams. The lessee has proposed to contribute Rs. 20.00 lakhs for this purpose.

(c) One large water body will be created at a cost of Rs. 5.00 lakhs to provide water to animals throughout the year.

(d) Two motivators will be engaged for creating awareness and change of cropping habit. Improved seeds will be provided to the farmers for change of cropping habit.

(e) Anti-poaching squad will be formed to prevent poaching and other related offences. Barracks and other logistics will be provided for them.

(f) Water pollution will be checked by diverting the water to pass through garland drains and settling tanks and treating the water generated in the mine.

(g) Dust hazards will be controlled by regular spray of water on haul roads and the mine product at the time of loading and transportation.

(h) Garbage will be disposed of through efficient garbage management methods.

(i) Man animal conflict will be reduced by creating awareness through engagement of motivators and quick payment of compassionate amounts.

(j) The proposed cost for implementation of this plan is Rs. 213.50 lakhs out of which the lessee will take up the activities for Rs. 53.00 lakhs and the Forest Department will take up various measures for Rs. 161.50 lakhs. This amount of Rs.161.50 lakhs will be deposited with the Forest Department.

0.6.3 The proposed amount indicated above includes the logistic support in shape of equipments, Vehicles etc. as required by the implementing DFO to a tune of up-to Rs.25.00 lakhs.

0.7.1 The activities proposed in this plan are expected to be undertaken within a period of 5 years with the presumption that, the desired result will be achieved within this period. However after completion of five years the objectives as well as the achievements will be reviewed, and further steps as required will be taken depending on approval of Mining plan.

CHAPTER- I

INTRODUCTION

Odisha has very rich Mineral resources. Various minerals like Iron Ore, Manganese, Bauxites, Quartz & quartzites, Gold, Vanadium, Soap stone, China clay, Asbestos, Pyrophyllite of different colors, Copper, Galena, Nickel, Kyanite, Mica, Vermiculite, Kanker, Mercury, Coal, Diamond, Gemstones, Lime stone, Granites of extensive grains and colors and decorative stones and scores of other minerals are available in different parts of Odisha.

Large deposits of Iron and Manganese Ore are found in the districts of Mayurbhanj, Keonjhar, Jajpur and Sundargarh. In these areas several Steel plants and ancillary units have come up, besides operation of large scale Mining activities.

Khandabandh Iron Ore Mines of Keonjhar district is being operated by Orissa Mining Corporation Limited.

1.1.0 The Mining lease over 905.175Ac granted by the Govt. of Orissa in letter No.11708Dt22.11.63. The surface right over 140Acres area was granted by the Collector, Keonjhar, in letter No.203 Dt28.1.1964. Subsequently surface right over 562.4Ac was granted within the lease area of 905.175Ac by the Collector Keonjhar in letter No. (M)419/Dt12.2.1966. Again surface right over 140.65Ac granted by Collector Keonjhar in his Order No.140Dt.2.2.71.

1.2.0 The Govt. of India in their Ministry of Environment and Forest letter No.J-11015/1081/2007-IA-II(M) Dated the 15th December,2008 have communicated the Environment clearance for the project over 366.311Ha. which include the Forest land of 294.53Ha.

1.3.0 The State Pollution Control Board have also accorded their consent for opration of the mining activities in their Order No.12898/ND-I-CON-243 Dt.5.1.10.

1.4.0 Renewal application has been filed by OMC on Dt.9.11.92 with Collector Keonjhar.

1.5.0 The Mining Plan was originally approved by the Indian Bureau of Mines, Bhubaneswar Regional Office in their letter No. BBS/KJ/Fe/MP-162 dt.29.10.2003 with the targeted production of 0.2million Tons per annum.

1.6.0 The expansion proposal and the enhanced target of 1million Tons per annum has been approved by the Govt. Of India, Ministry of Mines, Indian Bureau of Mines, MCCM, Central Zone in their letter No. 314(B)/2008-MCCM(CZ)/MS-36, Nagpur, Dated 18th June, 2009. Environmental clearance has been issued by the Govt. Of India, Ministry of Environment and Forests in their letter No.J-11015/1081/2007-IA.II(M), Dated the 15th December,2008 for this enhanced production.

1.7.0 The lease area of Khandabandh Iron Ore Mines can be located on the Topo Sheet No. 73G/5 (1:50,000) and bounded by

Latitude - 21° 55'20" N and 21° 57'40" N

Longitude - 85° 23'20" E and 85° 25'00" E.

1.8.0. The District of Keonjhar is very rich in Forest as well as wild life. This district is a part of Eastern Ghats and is a continuation of famous Saranda Forest. Various Wild Life species including Elephants are present in this District.

1.9.0. The lease area is a part of Keonjhar Forest Division in Keonjhar District. The entire belt is very rich in mineral deposits such as Iron Ore and Manganese Ore.

1.10.0. Keonjhar District is also an Industrial Belt. A number of Industries have come up in District. Presence of Wild-Life along

with Industries and Mining activities create a conflicting situation. Hence this Plan aims at minimizing the conflict to the extent it relates with the Mining activities.

1.11.0. This plan (Wild Life Management Plan and Site Specific Conservation Plan) is prepared as a partial fulfillment of the conditions as required by the MoEF, Govt. of India for approval of Diversion proposal.

1.4.0 This Plan will be operative in consonance with the existing Mining Scheme, ie. Up to the year 2012-13 and can be reviewed thereafter.

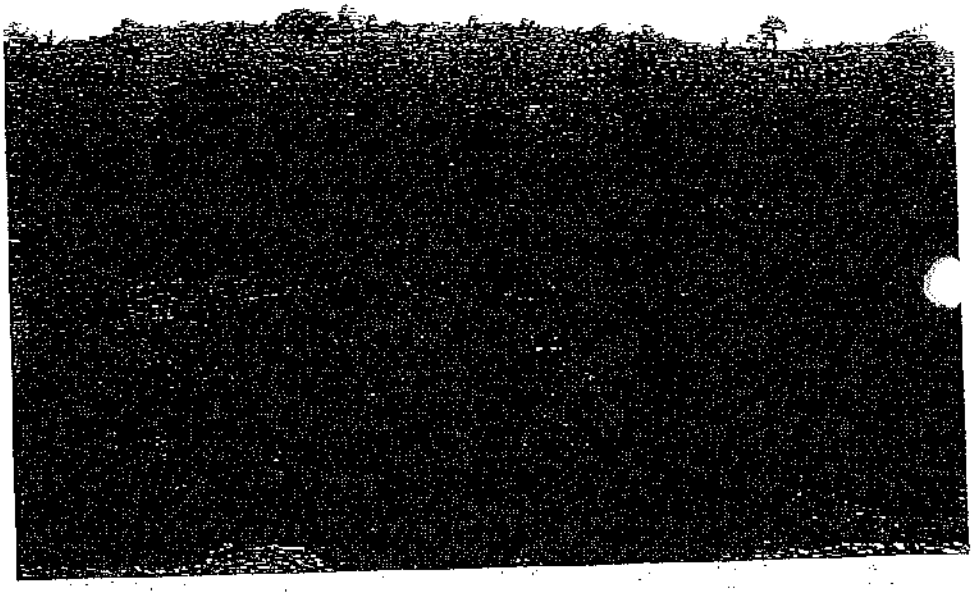

with Industries and Mining activities create a conflicting situation. Hence this Plan aims at minimizing the conflict to the extent it relates with the Mining activities.

1.11.0. This plan (Wild Life Management Plan and Site Specific Conservation Plan) is prepared as a partial fulfillment of the conditions as required by the MoEF, Govt. of India for approval of Diversion proposal.

1.4.0 This Plan will be operative in consonance with the existing Mining Scheme, ie. Up to the year 2012-13 and can be reviewed thereafter.

CHAPTER – II

DETAILS OF THE LEASE AREA

2.0.1. This lease of Khandabandh Mines for extraction of Iron Ore has been granted in favour of Orissa Mining Corporation with Registered Office at Bhubaneswar.

2.0.2. **Brief of the lease area.**

Khandabandh mining lease area falls within Keonjhar District. The total lease area is 366.311Ha out of which Forest area is 294.530Ha.

2.0.3. **Location**

District and State – Keonjhar , Orissa

Sub-Division – Champua

Village in the vicinity – Khandabandh

Mining lease area - 366.311ha .

This area can be located on Topo Sheet No.73G/5 with

Latitude between - 21° 55'20" N and 21° 57'40" N

Longitude between - 85° 23'20" E and 85° 25'00" E.

(a) This area can be approached from Joda-Barnebari State Highway. The distance of the lease area is around 26 kms from Barbil and around 13 kms from Joda.

(b) The State express highway is situated at a distance of 1km from the lease area.

(c) The nearest Township are Joda and Barbil where all the market facilities, transport and excellent health care are available.

(d) The Daitari-Keonjhar-Banspani Railway link is situated at a distance of 0.5km North-Eastern side. The nearest Railway Stations is Bansapani which is situated at a distance of around 5 kms from the lease area where excellent loading facilities are available . Road Transport facilities at Joda and Barbil are also excellent.

(e) The nearest port is Paradeep, situated at a distance of around 380 km. and the Airport at Bhubaneswar at a distance of around 320 kms. from the mining area.

(f) The river Baitarani flows at a distance of 2.8kms of the lease area which serves as the ultimate drainage system of the lease area .

(g) The surface right for the mine has been granted in the year 1964, therefore all the infrastructure are available.

(h) The lease area is completely surrounded on all sides by mining leases as detailed below.

1. M/S TISCO, Jururi - NE
2. M/S Tarini Minerals, Jururi - E
3. M/S TISCO, Joribahal - SE
4. M/S TISCO, Guruda - S
5. M/S TISCO, Khandabandh - W
6. M/S KMC, Jururi - N

This lease area being situated at the middle of all the above mines (the location map enclosed as a Plate) will have practically no impact on Wildlife.

2.0.4. Status of Lease area

The lease area comes within the limits of five villages. The land use pattern that existed at the time of granting lease is as follows.

Sl. No.	Name of the Village	Forest land in Ac	Govt. waste land in Ac	Community land in Ac	Private land in Ac	Total land in Ac
1	Khandabandh	658.90	107.06	2.10	53.55	332.502
2	Guruda	4.38	12.49	0.55	1.62	19.04
3	Jalahari	26.50	-	-	-	26.50
4	Jarali	36.25	-	-	-	36.25
5	Jajang	1.75	-	-	-	1.75
Total area in Ac.		727.78	119.55	2.65	55.17	905.15
Total area in Ha.		294.530	48.381	1.072	22.327	366.311

2.0.5. Land use pattern of the ZoI

The Zone of Influence is predominantly Forest area. The details are:

Settlement	-	1886Ha	5.26%
Agriculture	-	5742 Ha	16.01%
Forest Land			
Dense Forest	-	11177Ha	31.18%
Open Forest	-	9390Ha	26.19%
Scrub	-	3490Ha	9.73%
		24057Ha	67.10%
Waste Land	-	2599Ha	7.25%
Grazing Land	-	1176Ha	3.28%
Water Body	-	396Ha	1.10%
Total Land	-	35856Ha	

2.1.1. Land use Pattern

The land use pattern which exists at present is as follows:

Type of land use	Forest area in Ha	Waste land area in Ha	Total area in Ha
Mining	95.75	9.30	105.06
Waste Dumping	19.49	8.87	28.36
Ore stack	2.37	0.28	2.64
Transport	-	2.63	2.63
Workshop,	6.37	-	6.37

Magazine			
Township	0.58	4.94	5.51
Others	4.54	-	4.54
Total	129.10	26.02	155.12

2.1.2. Proposed land use

The land use pattern proposed during the plan period for the Mining lease area is as follows.

Sl. No.	Purpose	Forest land in Ha.	Govt. waste land in Ha.	Total area in Ha.
1	Mining	138.88	30.16	169.04
2	OB Dump	19.49	8.87	28.36
3	Mineral storage	3.91	0.46	4.36
4	Transport	0	2.63	2.63
5	Workshop, Garage, Magazine	8.00	-	8.00
6	Others	4.54	-	4.54
	Total	191.15	47.06	238.21

The overall land use pattern during the conceptual period is proposed to be as follows:

Sl. No	Type of use	Area in Ha
1	Area to be excavated	271.026
2	OB dump	28.359
3	Infrastructure	9.473
4	Roads	10.638
5	Green Belt	8.880
6	Plantation	1.012
7	Public purpose	1.479
8	Agriculture/private kept as such	19.106
9	Magazine	16.338
Total		366.311

2.1.3. Communication

The lease area is well connected to the adjoining towns such as Joda and Barbil. All the modern facilities are available in these towns. As the Mining lease has been in operation for the last several years, all the required infrastructures are available in the lease hold area.

2.1.4. Topographical Features

The Mining lease area lies in the southern continuation of Bonai-Keonjhar Belt of Ranchi Plateau. The area is with rugged topography and undulating terrain. The area is marked with North-South trending hills with swing to NNE-SSW. There are four prominent hillocks with altitude of 639m, 670m, 664m and 675m. The general elevation of the lease area varies from 580mt. above MSL to 530mt. above MSL.

2.1.5. Climate

The lease area falls within the Tropical region which is marked by very hot and prominent summer. There are three distinct seasons, a prominent summer season from March to June, Well defined rainy season from July to October and moderate winter from November to February.

The average annual rainfall of past 5years is 1583 mm. Maximum rainfall is received due to South-West Monsoon. About 80% of the rainfall is received during the month of July & August. The number of rainy days varies from 65 to 80 days during the year.

The temperature during summer rises very high. The maximum temperature rises to 46°C in hot summer where as the minimum temperature at times comes down to 7°C during winter months.

2.1.6. Drainage

Due to the high altitude the lease area does not contain any perennial water source. Drainage takes place through some seasonal nalas which drain in to river Baitarani through Kundra Nala and Karo Nala. The river Baitarani flows at a distance of 2.8kms from the lease area.

2.1.7. Mineable Reserve

The net reserve of Iron ore as per the estimate undertaken in the lease area has been estimated as follows:

Category	Geological Reserve	Mineable Reserve
Proved	92,13,022	87,80,133
Probable	73,740	73,740
Possible	73,740	73,740
Total	93,60,502	89,27,613

The annual Target for extraction of Iron Ore is 1million Tons. Therefore the life of the Mine for extraction of Iron Ore is estimated to be 9 years.

2.1.8. Local Geology

The Lease area is a part of the ``Horse Shoe'' shaped iron ore Geo-syncline (Jones, 1934) representing the famous Singhbhum-Bonai-Keonjhar iron ore belt. Geologically the terrain forms a part of oldest meta-sedimentary formations of pre-cambrian age locating a number of economically important Iron & Manganese deposits. The group is identified as a part of Jamda-Koira valley synclinorium

The Precambrian iron ore group of rocks comprise of lower volcanics and tuffs, shales & Banded Hematite Jasper (BHJ) with iron ore and upper shales. Economic mineral deposits of iron &

manganese are confined to BIF and shales respectively. The host rocks which form a part of the eastern limb of the famous horse-shoe shaped, Bonai synclinorium are in consonance with the disposition of the synclinorium.

The latest regional stratigraphic succession of the lease area is given below :

End of Singhbhum Orogenic Cycle

(850 million years)

Newer Dolerites (1600 to 950 my)

Mayurbhanj Granite (1200 my)

Gabro-anorthosite (1400 my)

Ultramafic intrusion

Kolhan Group

Unconformity

Banded Shale Formation

(Banded shale Member, Black Shale ,ember)

Dhanjori Group *Jaganathpur Lavas (1600 – 1700 my)* *Dhanjhori Similipal Lava Quartzite and Conglomerate*

Unconformity

Chaibasa Formation

Unconformity

Singhbhum Granite (2950 my)

Iron Ore Orogeny

Iron Ore Group

Unconformity

Older Metamorphic Gneiss (3200 my)

----------Older Metamorphic Orogeny----------

Older Metamorphic Group

In the year 1975 more detailed stratigraphic succession has been described.

Kolhan Group	*Sandstone*	*Conglomerate Breccias*

----------Unconformity----------

Koira Group

		Basic Lava, tuffs and tuffites of Volcanic facies.
Dolomite, silty	*Mixed facies Formation*	*Iron, Manganese, Lenses of iron formation, Chert, patches of chemical facies. Minor lenses of sandy and Shale of clastic facies.*
	Banded shale Formation	*Banded Shale member Black Shale member*
	Banded Iron Formation	*Black Shale-chert member Finely banded Jaspilite Coarsely banded*
	Volcanic Formation	*Tuffeceous shale Basic lava*
with	*Basal sand stone*	*Gritty sandstone, quartzite Conglomerate at places inter bedded lava at top.*

----------Unconformity----------

Singhbhum Granite

2.1.9. Forest and Forest type :

As per the Orissa Forest Status Report 2003-04, the total Forest area in the District of Keonjhar are as follows:

Reserved Forest	..	1834.09 Sq.Km.
Demarcated Protected Forests	..	273.64 Sq.km.
Undemarcated Protected Forest	..	220.79 Sq.km.
Other Forests under the control of Revenue Department	..	768.40 Sq.km.
Other areas with forest growth	..	264.01 Sq.km.
Total	..	**3360.93 Sq.km.**

Out of the total forest land only 1669 Sq.km. are Dense Forest and the balance area is either open forest or degraded.

As per the India State of Forest Report 2009, Keonjhar District has the following types of Forests.

- Very dense Forest 308 Sq. Kms.
- Moderately dense Forest 1410 Sq. Kms.
- Open Forest 1511 Sq. Kms.

Total - 3229 Sq. Kms.

Thus approximately 132 Sq. Kms of Forest land has absolutely no Forest.

As per the classification of Forest types of India, the leasehold area can be classified as-

Group 3C : Northern Tropical Moist Deciduous Forest.

Sub-group-3C/C_e (iii) Moist peninsular valley Sal.

The geological formation and the soil conditions are very suitable for the growth of sal and its associates.

2.1.9. Forest and Forest type :

As per the Orissa Forest Status Report 2003-04, the total Forest area in the District of Keonjhar are as follows:

Reserved Forest	..	1834.09 Sq.Km.
Demarcated Protected Forests	..	273.64 Sq.km.
Undemarcated Protected Forest	..	220.79 Sq.km.
Other Forests under the control of Revenue Department	..	768.40 Sq.km.
Other areas with forest growth	..	264.01 Sq.km.
Total	..	3360.93 Sq.km.

Out of the total forest land only 1669 Sq.km. are Dense Forest and the balance area is either open forest or degraded.

As per the India State of Forest Report 2009, Keonjhar District has the following types of Forests.

- Very dense Forest	308 Sq. Kms.
- Moderately dense Forest	1410 Sq. Kms.
- Open Forest	1511 Sq. Kms.
Total -	3229 Sq. Kms.

Thus approximately 132 Sq. Kms of Forest land has absolutely no Forest.

As per the classification of Forest types of India, the leasehold area can be classified as-

Group 3C : Northern Tropical Moist Deciduous Forest.

Sub-group-3C/C $_{e}$ (iii) Moist peninsular valley Sal.

The geological formation and the soil conditions are very suitable for the growth of sal and its associates.

The lease area contains Forest Kissam land as per DLC findings. This area is subjected to heavy Biotic pressure and ongoing mining activities. There is practically no vegetation on the lease area.

Wild animals stray away from the nearby forests and are occasionally seen in the area.

2.1.10. Working Plan Prescription :

The lease area is not covered under the Working Plan.

2.1.11. Flora Fauna :

The lease area doesn't come within part of any National Park, Wild Life Sanctuary, Elephant Reserve, Biosphere Reserve or any critical wildlife habitat. The vegetation in this area is also very sparse. Some of the species of Forestry importance found in the lease area are:

Local Name	English Name	Zoological Name	Schedule
Gunduri	Patridge	*Perdicula asiatisa*	IV
Kathahana	Wood peacker	*Picoides nanus*	IV
	REPTILES		
Ajagar	Python	*Python molurus*	I
Dhamana	Rat snake	*Ptyas mucosus*	II
Godhi	Yellow monitor	*Varanus monitor*	I

2.2.0 **Population :**

Lease area :- No habitation is affected by the lease.

Zone of Influence :

Thirty eight (38) Census villages are coming within the Zone of Influence (within a radius of 10kms. of the lease area). The list of the villages with other demographic features is furnished in the Annexure.

The population abstract is :

Total No. of household	-	31182
Total population	-	140017
Male Population	-	71885 (51.34%)
Female Population	-	68132 (48.66%)
Scheduled Caste	-	14793 (10.57%)
Scheduled Tribe	-	76715 (54.79%)
Literacy	-	55477 (39.62%)
Total Workers	-	55703 (39.78%)
Main Workers	-	44609 (31.86%)
Main Cultivators	-	4889 (3.49%)
Agricultural labourers	-	2396 (1.71%)
Household Industry	-	864 (0.62%)
Others	-	36460 (26.03%)
Non Workers	-	84314 (60.22%)

Provision of adequate employment is necessary so as to divert their

dependence on Forest.

2.2.1 **Employment** : The lease area as well as the zone of Influence comes within the industrial and mining belt of Keonjhar District. The major employment of the population is Mining and some are however Industrial Workers.

This mine will provide direct employment to 430 persons daily on regular basis, besides around 2000 people will be engaged in various ancillary operations.

2.2.2 **Industries :** A number of industries are situated around the lease area. The most important Industries are Iron Ore Crushers.. Rourkela Steel Plant is also situated within a distance of about 70kms.

CHAPTER – III

MINING PROCESS

3.1.0 **Process :** The mining process is open cast mechanized mining method with deployment of mechanized shovel and high capacity dumper of matching size. Drilling and blasting activities will also be taken up. The method is called as shovel dumper system. The Ore will be converted to the desired size by using suitable crushers and transported through road. Mechanised loading arrangements are made at the mine area. Transportation to the Railway siding will be done through high capacity dumpers.

For excavation of the mineral Excavators/Shovels of 0.90Cum will be utilized.

The Mining process will therefore be mostly mechanized.

3.2.0 **Overburden :** The over burden will be drilled and blasted by using rotary blast wagon drills. Hydraulic shovel type excavators will be used for removal of over burden. The overburden will be removed by dumpers. Total generation of overburden which will be removed is estimated to be 18,81,942 cubic meters (the swelled volume of the waste is estimated to be 30,11,107m^3) during the plan period

3.3.0 **Size of the Benches :** The height and width of the Benches shall be maintained at 6 mts each.

The bench slopes is proposed to be 70° where as the overall slope will be 45° with the horizontal.

3.4.0 **Drilling & Blasting** : The proposed mining will have 6 m height benches and will be drilled for blast holes by 100mm compressed air operated Jack hammers and Wagon Drill. The depth of the blast hole will be 6.6mts with 3.5mt spacing. Sequential blasting with delayed detonators, proper spacing, usage of optimum explosives etc. will be adopted to reduce fly rock and vibrations.

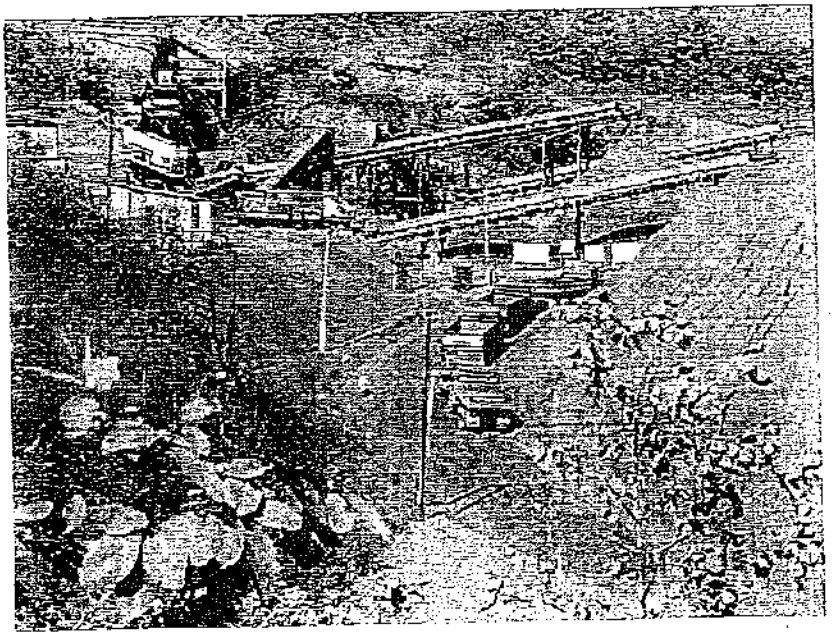

The in-situ massive ore will be dislodged by drilling followed by blasting prior to excavation and loading. The common type of explosives such as (a) Nitroglycerine based gelatinous explosive and (b) ANFO will be used for the mine.

3.5.0. **Extent of mine pits** : The pits will have different sizes for each deposit. In all 6 deposits have been identified. The average length and width of the pit will be as follows:

Deposit	Size of the pit in mts
1	400x360
2	300x180
3	500x450
4	1100x250
5	500x300
6	140x100

At the end of conceptual period the mine pit will cover 271.026Ha.

3.6.0. **Ore Crushing Units** : The Iron ore obtained from the mines will be transported to mechanized crushers. The crushed materials will be transported by dumpers to the Railways siding.

3.7.0. **Water Management** : The water table in the lease area is very low and therefore the mine will generate very small amount of

water. However during rains there will be accumulation of some water. The rain water will be channeled through garland drains provided around the dumps to the settling tanks provided along the drains. The rain water dewatering process if required will involve channallising the water along with slurry to pass through these garland drains and settling tanks. The treated water will be utilized for spraying the haul road for suppression of dust.

It has been estimated that, approximately 167m^3 of water will be required per day during the normal season and 197m^3 per day during peak period (during summer). It is proposed to lift 65m^3 from bore wells, draw 43m^3 /day (73m^3 /day) from Kundra Nala and use 59m^3 recycled water per day.

3.8.0. **Vehicles and Machineries** :

The major mining activity will involve excavation and transportation of the Ore. For this purpose the following vehicles are proposed to be used in the mining process besides use of drilling machines, generator operated-trolley mounted lighting systems and other required machineries like shovel loaders etc.

Sl. No.	Equipment	Existing	Proposed
1	Hydraulic Excavator 0.9m^3	4	5
2	Wagon Drill	2	2
3	Bull Dozer	0	1
4	Pay Loader	0	1
5	Tippers	20	15
6	Ambulance	1	1
7	Tractor	2	2
8	Compressor	2	2
9	Jack hammers	2	2
10	Generator	1	1
11	Water Tanker	1	1
12	Crusher	1	1

3.9.0. **Deployment of Manpower:**

The Mining operation will involve engagement of various technical and skilled persons. Although most of the works will be executed through Contract, the following persons will be directly employed for the mining activities.

I. Manager (Mining) - 2 nos

II. Mining Engineer - 1 no.

III. Mining Foreman - 4 nos

IV. Mining Mate - 8 nos

V. Compressor Operators - 3 nos.

VI. Drill Operators - 6 nos.

VII. Blaster - 2 nos.

VIII. Blasting Helper - 4 nos.

IX. Semi Skilled Miners - 400 nos.

Total - 430 nos.

Besides the above mentioned regular employees around 2000 persons will be engaged in scores of other contractual jobs such as transportation, maintenance, canteen, security etc.

3.10.0. **Salient Features of mode of working** : The mining operation such as excavation, blasting, loading crushing will be mechanized.

The overburden transportation will be done through dumpers.

The mine product will be transported through high capacity dumpers to the Railway siding.

CHAPTER –IV

THREATS TO WILDLIFE AND ITS HABITAT

The lease area of Khandabandh Iron Ore mines spread over 366.311Ha. An area of 294.530Ha is Forest Kissam land which is under the control of Revenue Department.

The Lease hold area contains scattered vegetation. This area does not form a part of any Sanctuary, National Park, Biosphere Reserve or Critical Wild-life habitat. This area being an existing mine no wild animals are present in this area. This area is also surrounded by various mines and mining activities and therefore is not a good habitat for wild life.

The Forests around the lease area are disturbed due to various Mining activities and presence of Wild-life is very sparse. As per the information collected the following Wild life species are occasionally found in the Reserve Forests within the Zone of Influence.

Local Name	English Name	Zoological Name	Schedule
MAMMALS			
Barha	Wild Boar	*Sus scrofa*	III
Bhalu	Sloth bear	*Melur sursinus*	I
Bilua	Jackal	*Canis aureus*	II
Hati	Elephant	*Elephas maximus*	I
Heta	Hyaena	*Hyaena hyaena*	III
Jhinka	Porcupine	*Hystyrix indica*	IV
Kutura	Barking deer	*Muntiacus muntijak*	III
Mankad	Monkey	*Presbytes entellus*	II
Neula	Mongoose	*Herpestes eduardsii*	II
BIRDS			
Bana Kukuda	Jungle fowl	*Gallus gallus*	IV
Kapta	Ring Dove	*Streptopelia chinensis*	IV
Koel	Cuckoo	*Eudynamis Scolopaceus*	IV
Kumbhatua	Crow pheasant	*Centropus sinensis*	IV
Gunduri	Patridge	*Perdicula asiatisa*	IV
Kathahana	Wood peacker	*Picoides nanus*	IV
REPTILES			
Ajagar	Python	*Python molurus*	I
Dhamana	Rat snake	*Ptyas mucosus*	II
Godhi	Yellow monitor	*Varanus monitor*	I

Non of the Endangered or Endemic Wild-Life species are found here. This area does not form a part of any National Park or Sanctuary or Critical Wild Life Habitat. However, the following threats are anticipated to the wild life and its habitat.

1. Threats within the mining area.
2. Threats within the Zone of Influence.

4.1.0. ***Threats within the Mining area.***

Mining operation in the area will involve various activities which have been enumerated in Chapter-III under mining process. Such activities may cause the following threats.

4.1.1. **Reduction in wildlife habitats**

Due to the mining activities 294.530Ha. forest area will not be available for general purpose such as collection of fuel, small timber and other NTFP items by the local population. This area will also not be available for use by the wild animals. Thus Wild-Life Habitat to the extent of Forest area under lease will be reduced.

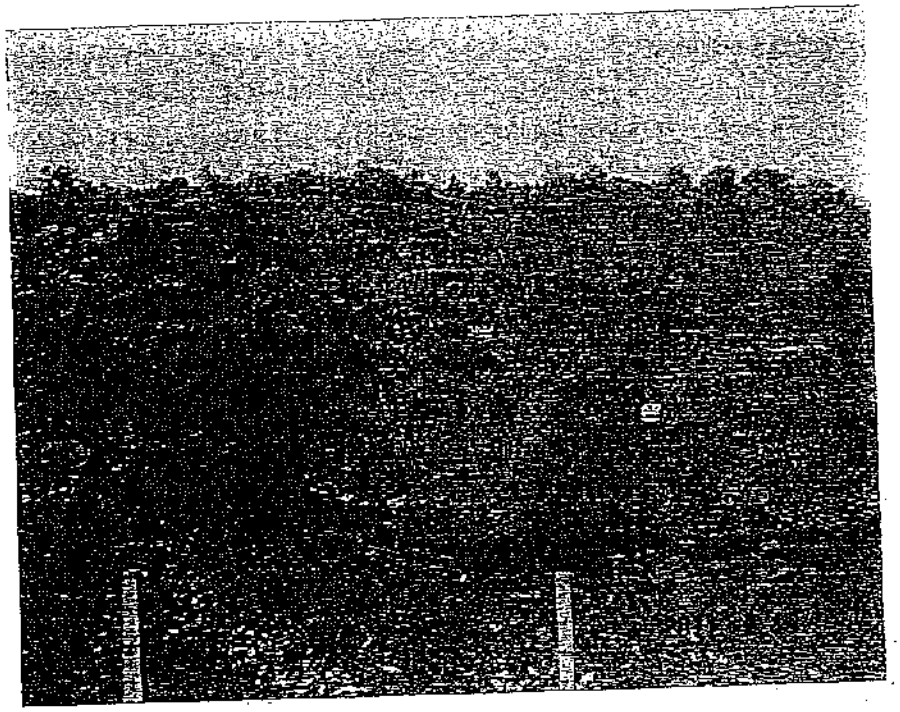

4.1.2. **Soil erosion**

The mining activity will involve removal of all the forest cover and top Soil and digging of large pits. Major part of the forest land will come under the mining pit setting aside the safety zone. The Topographical features of the lease area puts it in high erosion prone area. Therefore Large scale soil erosion is bound to take place which may cause formation of Gullies and Ravines leading to further destruction of adjoining Forest as well as wild-life habitat. The possibility of land slide also cannot be ruled out.

4.1.3. **Water availability**

(a) **Loss of Moisture:-** Due to mining activity there will be large scale evaporation from the exposed soil and moisture retention capacity of the soil along the periphery of the mine pits will reduce. The sub-soil water will also be reduced which may lead to destruction of some more vegetation due to desiccation. The process of dewatering and releasing huge quantities of water in to the natural drainage system may reduce the Sub-soil water as well as the ground water recharge in the area resulting in water scarcity.

(b) **Water accumulation:-** In the lease area digging of large pits will accumulate huge quantities of water and will lure the Wild animals and ultimately may trap them in the pits which will be fatal for them.

4.1.4. Water pollution

The water source available within the mining area is likely to be muddy due to generation of large amount of dust and broken up soil and mineral particles. It is also likely to be contaminated due to excessive plying and cleaning of heavy vehicles and machineries. Use of Slurry pumps for de-watering purpose and releasing the said water along with Slurry in the natural drainage system will contaminate the natural streams and pose health hazards for the human population as well as animals.

4.1.5. Dust hazards

The mining process includes Blasting, Drilling, movement of heavy vehicles and machineries etc. These activities will produce large amount of dust. There will also be some Ore Crushing Units which will generate dust along with some mineral powder. The process of internal transportation, unloading, reloading etc. may spread large amount of dust. Such dust mixed with mineral powder is likely to cause air pollution. This will create respiratory problems in wild animals. Large amount of Dust will also settle on

problems for both human population as well as animal population including wild animals.

4.1.9. **Fall of animals**

The mine pits are dug with very steep slopes and 6 metres bench height with slope of 70^0 the overall slope being 45^0. Usually no physical barrier is provided around the mine pits. Any accidental fall of the animals in those pits may be fatal for the animals.

4.1.10. **Poaching**

The poachers may also drive the animals and lead them in to the mining pits using the same as animal traps.

4.2.0. ***Threats in the Zone of Influence.***

Due to the mining operation there will be some disturbance in the surrounding area, particularly in the Zone of Influence.

4.2.1. **Destruction of wildlife habitat.**

Due to mining activity over the lease area, the biotic pressure which was exerted over the lease area will be shifted to the surrounding areas. Collection of fuel wood, small timber and other NTFP by the local people will also be shifted to the surrounding area which will create additional pressure on the surrounding area. Grazing pressure of the local Cattle will also be shifted to these Forests. Therefore the wildlife habitat in these Forest areas is likely to be disturbed.

4.2.2. **Water pollution**

Large quantities of water produced in the process of mining which are highly polluted will be released in to the natural drainage

system, there by contaminating natural water sources. The slurry generated in the mining process will also be pumped out in to the natural drainage system making the natural water source unfit for consumption by animals as well as human beings. Besides large amount of Garbage will be generated in the mining area and will contaminate the water. The contaminated water will create health problems within the Zone of Influence as well as beyond.

4.2.3. Dust problems

The mining process such as drilling, blasting etc, Ore Crushing/dressing and transportation will spread large quantities of dust in the surrounding area. The dust generated in the process will settle on the fodder plants and grasses and the dust intake by the animals will create various digestive problems and infections. There will be heavy air pollution in and around the lease area creating various air related problems for the animals.

4.2.4. Man animal conflict.

Due to reduction of habitat, additional biotic interference will be exerted in the Zone of Influence which will create disturbance. There will also be shortage of food. The animals are therefore likely to invade cultivated lands and human habitation in search of food and water which will result in man-animal conflict. The elephants are usually attracted to the paddy fields and sugarcane areas. These animals sometimes become the target of peoples anger and succumb to vindictive attitude of the people.

4.2.5. Accidental killing of animals

Due to plying of large number of vehicles the animals will be

scared and in the process some animals may be killed accidentally by vehicles.

4.2.6. Forest Fire

Forest fire is a common phenomena in almost all forests areas irrespective of mining activity. But due to mining activity such as movement of large number of vehicles, people etc. the incidence of accidental fire is likely to increase. Increased Biotic pressure in the Zone of Influence will also increase the incidence of fire hazard. Different threats are posed to wild-life due to Forest fire can be: (1) The wildlife habitat is destroyed along with important flora and fauna. The small animals including reptiles are usually killed in the forest fire. Sometimes the large animals are also trapped in the fire. (2) The Wildlife habitat is destroyed and the animals enter human habitation in search of food, water and shelter creating Man-Wild animal conflict.

CHAPTER –V

WILDLIFE MANAGEMENT PLAN

5.0.0. Although there are no Wild animals within the lease area, their occasional movement in the area cannot be ruled out. Due to grant of lease and operation of various mining activities the Wild life movement within the lease area will be threatened. Besides the Wild-life habitat is reduced to the extent of lease. The Wildlife Management Plan therefore aims at improving the habitat in the surrounding areas. Certain measures are also required to be taken within the mining area.

5.0.1. The proposed measures can be taken within the mining area by the lessee and beyond the lease area by the Government (Forest Department) with the financial support provided by the lessee.

5.0.2. **Management Plan**

Basing on the perceived threats to wildlife as per the foregoing chapter, the Management Plan is prepared to address almost all such threats. The lease hold area as well as the Zone of Influence will be treated for habitat improvement so that, more fodder and water will be available for the wild animals.

The life of the mine has been estimated to be 9 years. But this plan is proposed for a period of 5 years on the presumption that,

5.1.4. Control of Dust

Dust hazards affect more to the human beings and the workers engaged in the mining activity, besides creating problems for the wild animals. Therefore dust control is a major activity in the mining process. Dust pollution cannot be completely eliminated, but attempt is made to reduce the quantum of dust hazard.

The Haul Roads in the mining area are regularly sprinkled with water so that, dust is minimised due to movement of vehicles.

The Ore at the time of loading, transportation and unloading in and around the mining area will also be sprinkled with water to reduce Dust generation. The major steps taken to control dust are:

- Wet drilling practice will be followed.
- Spreading of dust is minimised by use of suitable explosive such as ANFO.
- Main haul roads are metalled.

to be taken for Garbage management are as follows.

(a) Entry of non-biodegradable materials which are likely to produce Garbage such as Polythene bags, Aluminium foils, Tin foils etc. are restricted in to the Mining area.

(b) The Garbage generated in the Mining area are regularly collected and segregated in-to Bio-degradable and non-degradable materials.

(c) The non-degradable materials if any are sent for recycling.

(d) The Bio-degradable substances are put in the Compost pits of size 10' x 10' x 6' for conversion in-to manure. The Manure obtained from these pits will be utilised for plantation purpose.

Two persons will be engaged on regular basis for collection, segregation of Garbage and putting the same at proper place. The expenditure on this account is proposed to be (2x4000x12x5=Rs.4,80,000/-, + Compost pits Rs.50000/-) = Rs.5.30lakhs.

5.1.9. **Fall of animals in the mining pits.**

In order to prevent accidental fall of animals in the mine pits the following steps shall be taken.

(a) Two persons will be exclusively engaged in the mining area during night who will keep a watch on straying wild animals and drive them away to safe distance. The total expenditure for the animal watcher during the proposed 5 years period will be (2x4000x12x5=) Rs.4,80,000/-.

(b) Solar electric fencing will be provided at strategic locations where possibility of entry of wild animals in to the mining area is there particularly towards the forest area. It is proposed to provide Solar Electric

fence over 6Kms., at a cost of Rs.6.00lakhs.

(c) The mining area will be sufficiently illuminated so that the wild animals will avoid the area.

(d) In-spite of the precautions taken, in case of accidental fall of any wild animal in the mining pit, the workers will be educated to inform the local Forest authorities and act as per their advise.

5.1.10. **Prevention of poaching**

The mining area is well guarded and sufficiently illuminated. Hence no poaching can be possible within this area.

5.1.11. **Creation of awareness**

The lessee will also create awareness around the lease area regarding protection of wild life and its habitat through distribution of leaflets, organising Essay Competition, Debate Competition in the Schools etc. For this purpose the lessee will incur expenditure of Re.5.00lakh.

5.2.0. **Measures to be taken within the Zone of Influence.**

Due to diversion of Forest area of 294.530Ha for mining purpose the wild-life habitat to this extent will be reduced. The congregation of wild animals in the Zone of Influence is likely to increase. These animals will therefore be susceptible to greater threats. There will also be additional Biotic pressure on the Zone of Influence. The Management Plan therefore aims at reducing such threats. These activities beyond the Mining lease area and beyond the control of the Lessee will be undertaken by the Forest Department.

5.2.1. **Habitat Improvement**

It is proposed to improve the wild life habitat within the Zone of Influence with the following activities.

(a). ANR Gap Plantation :- Improvement of cover for the wildlife by planting of suitable species in degraded forest areas. It is proposed to take up Silvicultural operation along with plantation in gaps over 300 ha. within 5 years period at a cost of Rs. 60.00 lakhs

(b). Silvi-pasture development:- The natural blanks in the forest areas are to be developed as grass lands along with planning of suitable fodder species for elephants such as Banyan, Kumbhi etc. It is proposed to create 15 Ha Silvipasture plantation during the initial two years period at a cost of Rs.7.50 lakh.

(c). Soil and moisture conservation:- Check dams of random rubble stones are to be provided to prevent soil erosion and to conserve moisture. It is proposed to provide Rs.20.00 lakhs for the activity.

(d). Creation of Water body :-In order to contain the wild animals in a safe habitat, it is proposed to make provision for availability of water during summer season. It is proposed to create one water body at a strategic location at a cost of Rs.5.00 lakhs.

5.2.2. **Control of Water pollution.**

Release of untreated water to the natural drainage system will create health hazards for the animals as well as human beings . All the water including slurry generated in the mining process will be treated. Attempt will be made to utilize the total quantity of water generated in the mine itself for suppression of dust and irrigation of the plantation. Only some surplus treated water will be released to the natural drainage system. This aspect has been dealt in the Mining plan and hence no separate provision is made in this Plan.

5.2.3. Reducing Man-animal conflict.

As far as practicable Man-Animal conflict is to be kept at minimum level. Certain steps are required to be taken to reduce such conflict. The following measures are proposed to be taken within the Zone of Influence to minimise the conflict.

- Awareness: In the lease area as well as the areas within the Zone of Influence the man-animal conflict is found to be minimum. Most important man-animal conflict is Man-Elephant conflict. Such conflict will be reduced by creating awareness in the forest fringe villages about the behaviour of the animals and the procedure to tackle the emergency. The local people can be educated regarding the wild-animal habits and how to tackle the emergency situations. It is proposed to engage two motivators for a period of five years. The cost on this account will be (5x5000/-x2x12months=) Rs.6.00 lakhs. This amount is proposed to be borne by the lessee.

- Change of cropping habit: It is also necessary to change over the cropping habit in Forest fringe villages from the paddy crop to oil seeds which will not attract the wild animals. The motivation part will be taken care of by the above mentioned motivators and the lessee will provide Rs.5.00lakhs for supplying improved oil seed as alternate crop to paddy.

- Anti-poaching cum Anti-depredation squad: In order to assist the regular Forest staff for protection of Wild life, it is proposed to constitute Anti-poaching-cum-Anti-depredation Squad consisting of five Ex-army personnel,

along with Forest Department staff. This squad will be utilised in regular protection duty as well as attend to the depredation activities of wild animals. For this purpose the expenditure will be Rs.5000/- x 5nos x 12 x 5years = Rs.15.00lakhs. Besides an additional Rs.5.00 lakhs will be provided for other logistics such as fuel, Camping etc.

- Provision of Barracks: It is necessary to create permanent camps for the Anti-poaching Squads. It is proposed to construct a Barrack at a strategic location for this purpose. The lessee proposes to contribute Rs.6.00lakh for the Barracks. The barrack will be constructed by the lessee at designated location as per the Plan approved by the DFO, under the supervision of the DFO and handed over to the Forest Department after completion.

- Peripheral Development: It is necessary to take up certain developmental activities in the surrounding villages to get pro-active support from the local population for mining operation as well as Wildlife conservation As per the prevailing system the lessee will pay 5% of its net profit for peripheral development which is to be implemented under the Chairmanship of the Collector. Hence no special provision is made for this.

5.2.4. Forest Fire prevention

Forest fire is the greatest threat, not only to the wild life but also to the forest itself. Repeated forest fire destroys the ground vegetation and the humus. The wild animals do not get adequate food and cover due to such repeated forest fire.

The Wildlife Management Plan therefore lays maximum emphasis on prevention of forest fire. The following measures are therefore proposed to be taken to prevent forest fire:

(a) **Engagement of Fire watchers.**

Fire watcher shall be engaged in the area from the month of March to June every year for a period of 5 years. The lessee proposes to bear the cost of 5(three) fire watchers during the summer months every year. The total cost on this account will be (5x4000x4x5=)Rs.4.00lakhs. These Fire watchers will also be equipped with certain tools to attend to emergencies. The lessee therefore proposes to contribute Rs.1.00 lakh for such fire fighting equipments.

(b) **Provision of incentive to fringe villages.**

Awareness will be created among the forest fringe villages to prevent forest fire. The village which can successfully prevent forest fire in the specified patch of the forest near their village will be rewarded with incentive. It is proposed to reward such villages with Rs.10,000/- annually. The lessee proposes to bear the cost of incentive for 10 such villages within the ZoI and the amount will be deposited with the D.F.O. The cost will therefore be Rs5.00lakhs.

(c) **Fire lines**

Fire lines is an effective means to prevent spreading of Forest fire. The lessee proposes to share the cost of 10 kms. of fire line @4,000/- per kms. annually during the proposed period of five years with a total cost of Rs2.00lakh.

5.2.5. Solar Electric Fencing

At important places solar electric fencing can be taken up to prevent the animals from entering in to human habitation. This can be done at the discretion of the Forest Department. The Lessee proposes to for installation of 5kms of Solar Electric fencing and will contribute Rs.5.00 lakhs for this purpose.

5.2.6. Provision of Corpus fund

Usually any damage to human life and property by wild-animals are compensated through Compassionate Grants released by Govt. But at times delayed payment of compassionate amount leads to revengeful attitude of local people. It is therefore proposed to create a revolving fund for quick payment of compassionate grants. Some amount will be kept with the DFO in shape of interest bearing Bank deposit and the required amount can be withdrawn by the DFO at the time of need and replenish the same when funds are released by Government. The lessee proposes to contribute Rs.10.00 lakhs for this purpose.

5.2.7. Collection of Intelligence.

In-order to properly address the problem of Wild Animal Poaching , it is necessary to keep track of the local Poachers and to collect information regarding their movement. For this it is proposed to create a network of informers and decoys who will secretly keep a watch the movement of the poachers and intimate the Forest authorities. It is therefore necessary to reward the Informers and Decoys. The reward can be paid to the Informer or Decoy either on regular wage basis or lump sum basis at the discretion of the Forest Department. The VSS or

Eco-Development Committees can also be involved with an assured reward system. The lessee proposes to deposit Rs.10.00 lakhs in interest bearing Bank Deposit Account in favour of the DFO and the annual interest can be drawn by the DFO and utilized for this purpose.

5.2.8. **Provision of equipments.**

Certain equipments such as Computers, GPS, four wheeler, Motor-cycles etc, as per the requirement and specification of the Implementing DFO/ Forest Department, will be supplied by the lessee . It is proposed to provide Rs.25.00 lakh for this purpose.

5.2.9. **Discretion of Forest Department**

Although the above proposals are submitted for the mitigation of various threats to Wild-life and its habitat, the Forest Department is free to make alteration of the proposal or to divert the proposed activities to any other suitable locations.

CHAPTER –VI

FINANCIAL FORECAST

6.0.0. Basing on the Wildlife Management Plan as per the foregoing Chapter the estimate has been prepared. The estimate has been divided into two categories:

1. For the activities within the mining area to be taken up by the lessee.
2. For the activities within the Zone of Influence i.e. within 10 kms. Radius of the mining activity – to be taken up by the Forest Department .

6.1.1. The cost estimate for different categories have been worked out separately. The estimates are given below:

6.1.2. **Activities within Mining area**

Sl. No.	Particulars	Estimated cost (In lakhs)	Total
1.	Garbage Management - Wages Compost Pits	4.80 0.50	5.30
2.	Wild animal watchers Rs.4,000/- X 2 X 12 months X 5 years	4.80	4.80
3.	Solar Electric Fencing	6.00	6.00
4	Creation of awareness	5.00	5.00
5	General provision for equipments, such as GPS, Computers, Vehicle, Motor Cycles etc. as per specification of the DFO.	25.00	25.00
6	Unforseen	0.90	0.90
	TOTAL	**47.00**	**47.00**

These activities will be taken up by the lessee. The expenditure on other activities such as Dust control, lighting, general watch and ward etc. are not included in this estimate.

6.1.3. **Activities within the Zone of Influence.**

Sl. No.	Particulars	Estimated cost (In lakhs)
1.	ANR gap Plantation over 300 ha. @20,000/- per ha.	60.00
2.	Grass land Development-5ha.	7.50
3.	Soil and moisture conservation- Check-dams	20.00
4.	Creation of Water Body	5.00
5	Engagement of Motivators 2nos.	6.00
6	Change of cropping habit	5.00
7	Anti Poaching Squad	20.00
8.	Barracks for Anti poaching Squad	6.00
9.	Fire watchers- 3 Nos. 4000 x 3 x4 months x 5 years	4.00
10	Fire fighting Equipments	1.00
11	Incentive for Fire prevention	5.00
12	Fire line tracing	2.00
	Solar Electric Fencing	5.00
13	Corpus fund	10.00
14	Intelligence Collection	10.00
	TOTAL	166.50

6.1.4. The total estimate of this plan is therefore (Rs.47.00 lakhs +166.50 lakhs) =Rs.213.50 lakhs.

Out of this amount the lessee will take up the activities for Rs.53.00 lakhs (which includes the provision of Rs.25.00lakh for equipments, vehicles and other logistics, Rs.6.00lakh for construction of anti-poaching squad Barracks) and the balance amount of Rs.113.50 lakhs will be deposited with the D.F.O/ Forest Department for taking up different activities within the Zone of Influence. However the **Forest Department is free to utilize the entire amount or a part of it for other suitable areas depending on actual need.**

OFFICE OF THE PRINCIPAL CHIEF CONSERVATOR OF FORESTS (WILDLIFE) &
CHIEF WILDLIFE WARDEN, ODISHA
Department of Forest and Environment, Government of Odisha

No. 7704 /1WL-FC-Mine-SSP-127/2018
Dated, Bhubaneswar the 09 July, 2019

To

The Managing Director,
Odisha Mining Corporation Ltd.,
OMC House, Bhubaneswar – 751001

Sub: ***Diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd. In Keonjhar district, Odisha***

Sir,

A site specific wildlife conservation plan was earlier approved and communicated to you in this office memo No.6003 dt 06.09.2011 in compliance to the specific condition No.(xxix) stipulated by Govt. of India, MoEF vide their letter No.J-11015/1081/2007-IA II(M) dt 15.12.2008 while according environmental clearance to Khandabandh Iron Ore mines involving total mine lease area of 366.311 ha of M/s OMC Ltd. in Keonjhar district.

While communicating the stage-I approval granted by Govt. of India, MoEF&CC for diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, the State Govt. in F&E Deptt. have put an additional condition for modification of the approved cost of the plan (approved during the year 2011) as per the existing wage rate.

In view of above, the cost of the site specific wildlife conservation plan approved for Khandbandh Iron Ore Mines is revised basing on the current wage rate.

	Implementation of Activities	Approved Cost	Revised Cost
a.	For activities to be implemented by the user agency in project area	₹46.00 lakh	₹93.44 lakh
b.	For activities to be implemented in project impact area in Keonjhar Division	₹170.00 lakh	₹370.60 lakh
	TOTAL:	₹216.00 lakh	**₹464.04 lakh**

2. Various activities in the lease hold area will be executed by the Project proponent under the guidance of the Divisional Forest Officer, Keonjhar division, as the case may be. A sum of ₹370.60 lakh only may be deposited in the CAMPA fund meant for the purpose for implementation of various activities within the project impact area by the Forest Department as envisaged in the plan.

3. The User Agency is advised to note the following conditions for future compliance.

- This Plan may be revisited after 5 years and the User Agency will give undertaking to contribute towards the revised cost of the conservation plan till the project period, if any.
- The project proponent has to prepare and submit the Conservation Plan for the next 10 years at least one year before the expiry of the present Conservation Plan and deposit the outlay amount upon its approval. In case of delay, it will be dealt as per law for violations of Forest Conservation Act, 1980 and Environment (Protection) Act, 1986.

P.T.O.

- The project proponent has to give an undertaking to bear the differential cost in case of enhancement of wage rate at the time of implementation of this plan.

Yours faithfully

No. 7428 /7WL-FD & WLC-106/2020
Dated, Bhubaneswar the 5th Sept, 2020

To

The Managing Director,
Odisha Mining Corporation Ltd.,
OMC House, Bhubaneswar – 751001

Sub: ***Diversion of 345.189 ha of forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha***

Sir,

A site specific wildlife conservation plan was earlier approved at a cost of ₹216.00 lakh and communicated to you in this office memo No.6003 dt 06.09.2011 in compliance to the specific condition No.(xxix) stipulated by Govt. of India, MoEF vide their letter No.J-11015/1081/2007-IA.II(M) dt 15.12.2008 while according environmental clearance to Khandabandh Iron Ore mines involving total mine lease area of 366.311 ha of M/s OMC Ltd. in Keonjhar district.

The cost of the site specific wildlife conservation plan was later revised to ₹464.04 lakh (in this office letter No.5704 dt 09.07.2019) basing on the wage rate of ₹280/- per man day in compliance to the instructions contained in F&E Department letter No.2821/F&E dated 08.02.2019. The financial cost of the plan was again revised to ₹502.53 lakh in this office letter No.532 dt 17.01.2020 owing to the upward revision of minimum wage rate to ₹298/- per man day with effect from 01.10.2019. In the meanwhile, the wage rate has further been revised to ₹303.40 per man day with effect from 01.04.2020 as per the Notification issued vide letter No.4864/LC dt 22.07.2020 of the Labour Commissioner, Odisha. Basing on this revised wage rate of ₹303.40 per man day, the Regional Chief Conservator of Forests, Rourkela Circle in his memo No.2287 dt 21.08.2020 has submitted a proposal for revision of the cost of the plan.

In view of above, the cost of the site specific wildlife conservation plan approved for Khandbandh Iron Ore Mines is revised again as follows.

Implementation of Activities	Approved Cost (in this office memo No.6000 dt 06.09.2011)	Revised Cost (approved in this office letter No.5704 dt 09.07.2019)	Revised Cost (approved in this office letter No.532 dt 17.01.2020)	Cost now revised to
a. For activities to be implemented by the user agency in project area	₹46.00 lakh	₹93.44 lakh	₹96.45 lakh	₹98.10 lakh
b. For activities to be implemented in project impact area in Keonjhar Division	₹170.00 lakh	₹370.60 lakh	₹406.08 lakh	₹410.76 lakh
TOTAL:	₹216.00 lakh	₹464.04 lakh	₹502.53 lakh	**₹508.86 lakh**

P.T.O.

2. Various activities in the lease hold area will be executed by the Project proponent under the guidance of the Divisional Forest Officer, Keonjhar division, as the case may be. A sum of ₹410.76 lakh only may be deposited in the State CAMPA fund meant for the purpose for implementation of various activities within the project impact area by the Forest Department as envisaged in the plan.

3. The User Agency may be advised to note the following conditions for future compliance.
   - This Plan may be revisited after 5 years and the User Agency will give undertaking to contribute towards the revised cost of the conservation plan till the project period, if any.
   - The project proponent has to prepare and submit the Conservation Plan for the next 10 years at least one year before the expiry of the present Conservation Plan and deposit the outlay amount upon its approval. In case of delay, it will be dealt as per law for violations of Forest Conservation Act, 1980 and Environment (Protection) Act, 1986.
   - The project proponent has to give an undertaking to bear the differential cost in case of enhancement of wage rate at the time of implementation of this plan.

Yours faithfully

ANNEXURE-VI

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE, AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

Encl:- As above.

Regional Chief Conservator of Forests,
Rourkela Circle

Memo No. Date:

Copy forwarded to the Chief Conservator of Forests(Forest Diversion & Nodal Officer, FC Act),O/o the Pr.CCF, Odisha for favour of kind information and necessary action with reference to Memo No.3317 dtd.01.06.2021 of the DFO, Keonjhar Division.

Regional Chief Conservator of Forests,
Rourkela Circle

SCHEME FOR

APPROPRIATE MITIGATIVE MEASURES TO MINIMIZE SOIL EROSION AND CHOKING OF STREAMS

AT

KHANDABANDHA IRON ORE MINES

UNDER KEONJHAR FOREST DIVISION

OF

M/S ODISHA MINING CORPORATION LTD.

(A GOVT.OF ODISHA UNDERTAKING)
OMC HOUSE, BHUBANESWAR-751001

(As per Additional condition No. (vii) (a) of the stage-I Forest Clearance granted by MoEF&CC, Govt.of India vide F.No.8-46/2018-FC dt31.01.2019)

(@ Rs. 311.00/- per manday)

APPROPRIATE MITIGATIVE MEASURES TO MINIMIZE SOIL EROSION AND CHOKING OF STREAMS

1. INTRODUCTION.

Stage-I approval for diversion of 345.189 ha forest land for non-forest purpose for Khandabandha Iron Ore mines has been accorded vide F.No. 8-46/2018-FC, Dt. 31.01.2019 of Ministry of Environment, Forests & Climate Change subject to fulfilment of certain conditions.

As per condition No.(vii) (a) of the Stage-I approval, the User Agency has totake up *"Mitigative measures to minimize soil erosion and choking of stream shall be implemented within a period of three years with effect from the issue of Stage-II clearance in accordance with the approved Plan in consultation with the State Forest Department"*.

In compliance with this condition, a comprehensive scheme is prepared for implementation of the same in 345.189 Ha.area of the said mining lease.

Earlier a scheme on appropriate mitigative measures to minimize soil erosion and choking of streams has been approved by RCCF, Rourkela @ Rs. 286.30 per man day and @ Rs. 298.00 per man day and @ Rs. 303.40 per man day. Labour Commissioner of Odisha vide letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00/- per man day.

2. LOCATION OF THE ML AREA

Khandabandh Iron Ore Mines of M/s Odisha Mining Corporation (OMC) Limited, a State Government Undertaking, is a mining project for exploitation of iron ore. The mining lease (ML) area over 366.311 Hectares (ha) is confined within latitudes: 21^0 55' 40.27579'' – 21^0 57' 29.90060" (Between ML Boundary pillar No.1 & 16) North and Longitudes: 85^0 23'12.6688" – 85^0 24' 45.86016" (Between ML Boundary pillar No. 4 & 29) East located in the Survey of India Topo sheet bearing No. F 45 N 5 in 1:50,000 scale. The key plan showing Khandabandha ML area is enclosed as Plate No. I. It is located at a distance of 12 KM from Joda town to the South via. Bichakundi-Malda road. The other route via Joribahal on Joda-Bamebari-Palasponga road follows a distance of 13 km. The area exhibits an undulated topography with varying elevations from 530 m to 675 m above Mean Sea Level (MSL).

The mining and ancillary activities will convert this area prone to intensive soil erosion by creating reels and gullies on mined out pit benches, on the surface of O.B. dump, on the shoulder of haul roads, on the surface of the surface-soil deposit and on the bank of the natural streams. Such gullies eventually may widen and occupy large tract of the slope and cause heavy soil loss and flooding the valley bottom with heavy siltation. This results the virgin forest area prone to soil erosion. During rains, the exposed soil will not allow percolation of rainwater to charge the groundwater table. Consequently the seasonal streams will be dried up. Therefore, it is essential to treat the area with strategic soil and moisture conservation measures to mitigate the adverse impact of mining.

3. DRAINAGE

There is no perennial nala inside the lease area. Few seasonal nala flow from west to east during rainy season.Drainage of the lease area is towards eastern side which ultimately drain into DalkiNala and then into Baitarani river.

4. FACTORSRESPONSIBLE FOR SOIL EROSION AND CHOKING OF STREAMS

The mining activities, sub grade dumps and overburden dumps are the major factors impacting adversely to any drainage system in the mining areas. The forms of erosion observed in this region include mainly rill and gully erosion. The storm water runoffs from the hills, mine faces, sub grade dumps and OB dump slope areas carry substantial amounts of solids in the lower order streamlets and choke the higher order streams. These lower order streamlets and gullies have high erosion capacity due to steep gradient and transportation of rock fragments with high velocity of the stream and deposition of same in the connecting high order streams due to velocity drop. Streams can also erode by undercutting their banks resulting in mass-wasting processes like slumps or slides. When the undercut material falls into the stream, the fragments are transported and deposited in the stream bed. The other mode of sediment transportation is very nominal.

5. OBJECTIVE OF THE SCHEME:

The objectives of the proposed scheme are as follows:

1. To meet the requirement of condition No. xvii (a) of the Stage – I approval of GoI, MoEF&CC.

2. Prevention of erosion of loose materials from OB dump & erosion of top soil in non-working area which will be chance to chocking the natural streams as well as the effect in agriculture.
3. Prevention of obstruction of natural water sources.
4. Proper Management of overburden materials so as to prevent siltation in the streams
5. Prevention of overflow of eroded soils from the mining areas to the cultivable lands, natural streams and inhabitations.
6. Prevention of overflow of eroded soils from the mining areas to the cultivable lands, natural streams and inhabitations.

6.PROPOSED METHODOLOGY

To achieve the above objectives it has been proposed to take up both biological and structural works for soil and water conservation. The vegetative measures are to be adopted mostly in the upper reaches & around O.B dumping sites whereas the structural works are suggested in the lower reaches such as in the drain & critical points around O.B. dumps. As per the current practice, check dams are constructed across the contour seasonal streams arising from the up-slope areas to arrest the sediment load to prevent choking of streams followed by de-silting before monsoon.

The following activities are proposed to be taken up to mitigate soil erosion and choking of streams:

1. There is only one seasonal stream inside the M.L boundary. However, due to mining activities in future, there is chance of heavy run-off with silts and sediments during monsoon. To minimize the hazard as well as to reduce the flow velocity of water flown from overburden dump, mining pits, stock piles, haul roads as well as areas clear of vegetation, check dams are to be constructed at suitable location.
2. Periodic Sediment / silt removal / De-silting jobs will be undertaken in those proposed check dam points as well as from garland drains and subsequently plantation will be carried out on these de-silted materials.
3. Along with the above sedimentation control measures erosion from O.B. dump slope areas will be controlled by providing retaining wall, garland drain, loose boulders structures, settling tanks etc. The main purpose of the works is to control soil erosion from OB dump and minerals stock piles etc. and prevent chocking of natural stream flow.

7. MEASURES PROPOSED

A. Biological Measures

a) Plantation

Soil erosion and sediment control in areas covered with forests are minimum. As the area is covered with vegetation, there is no scope of taking up of plantation within ML area.

b) Grass Seeding

As the area will be back-filled for reclamation, there will be very small overburden dump. Due to want of suitable area, there is no scope for grass seeding.

B. Structural Measures

Vegetative means of erosion control are the most feasible and economic measures. But there is no scope for such work in the mine. Structural measures serve as supplementary to vegetative measures. The objective behind building mechanical structures is to reduce the degree and length of the slope, reducing run-off and consequently, reducing soil erosion.

a) **Construction of Loose Boulder Structure:** The User Agency has planned to construct 200 running metres of loose boulder structure across the proposed garland drain. 800 Running Metres of Loose Boulder Check Dams will be constructed across seasonal stream and eroded areas. These loose boulder structure will help in stabilization of silt & sediment as well as prevention of soil erosion & enrichment of vegetation & greenery development.

b) **Construction of Garland drain:** A shallow trench (2.0 m wide x 1 m deep) over 2000 rtm for draining surface water before it release to the vacant land or natural water course. 1500 running metres of garland drain will be constructed around Dump and along the haul road. The work has been included in a separate scheme prepared as per condition no. vii(c) stipulated in Stage-I approval. Hence extra fund is not required for the work.

c) **Terracing of OB Dump Slope:** It is proposed to construct berm & terraces over a length of 400 m and breadth of 120 m on the extended portion of O.B. dump during lease period. Considering the volume of OB materials & the area earmarked for dumping. The slope of individual terrace should be within the permissible range considering the angle of repose of the soil and space available, thereby maintaining the angle of repose to be around 28^0. The terracing will be done continuously through the internal resources by deploying the operating mining equipment alongwith progress of mine. Hence no separate fund for this work is provided.

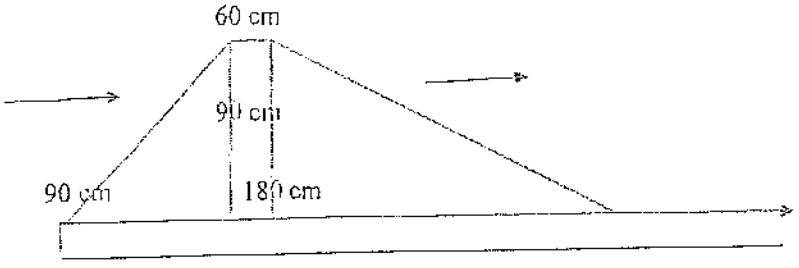

d) Retaining Walls/Toe Walls around OB Dumps: A retaining wall is a structure designed and constructed to resist the lateral pressure of soil when there is a designed change in ground elevation that exceeds the angle of repose of the soil.

The proposed Retaining walls will be constructed around dumpis1056 rmt. The work has been included in a separate scheme prepared as per condition no. (vii) (c) stipulated in Stage-I approval. Hence extra fund is not required for the work in this scheme.

8. Execution of work: Only Loose Boulder Check Dams will be constructed over a total length of 1000mtrs under this scheme.

- Series of check dams should be constructed on the gullies. Bottom level of Check Dam situated on higher slope and top level of the Check Dam located downstream should be same.
- Check Dam or any Soil Conservation Measure should start from the top where the erosion starts and move downwards.
- Check Dam should be constructed where the gully or nala is narrowest and the bank is strong. The tendency of constructing big check dams at wide and accessible points should be avoided.
- For construction of loose boulder check dams as big stones as possible to fit the design should be used and small stones may be used to fill interstices to make the structure stable.
- If possible the construction of loose boulder check dams should be done before plantation is taken up in the area to prevent damage of planted seedlings.

The following simple design should be followed for loose boulder check dams.

Foundation and apron should be 25 cm thick.

Height of check dam above the foundation should be 90 cm or height of the bank whichever is higher.

Uphill side width should be same as that of height of the dam.

Downhill side width should be twice that of height of the dam.

Uphill side apron should be 30 cm and downhill side apron should be 90 cm.

Spillway of 1 mtr long and 30 cm deep may be provide on top of check dam for flowing of excess water.

Volume of stone work will be Cross section of check dam is sq.mtr x length of check dam in mtr.

For example, as per the drawing shown above, the volume calculation for a 2.5 mtr long check dam will be: -

Cross section;

Foundation 4.5 mtr x 0.25 mtr = 1.125 sq.mtr

Super structure (3.3m x 0.6 m)/2 x 0.9m= 1.755 sq.mtr

1.755 sq. mtr + 1.125 sq.mtr = 2.88 sq.mtr

Volume = 2.88 sq.mtr x 2.5 mtr = 7.2 cu.m

Volume of stone for a 2.5 mtr long loose boulder check dam is 7.2 cu.m.

Volume of check dams of different lengths can be calculated accordingly.

Estimate of a standard loose boulder check dam is furnished at **Annexure-I.**

Top width of the check dam will be 60 cm

The bank should be dressed vertically and base area should be level. The earth should be kept for filling interstices of the check dam.

The length of check dam should be 50 cm longer than the width of the nala so that 25 cm on each side should be dovetailed into the bank.

Cross-section of the proposed dam should be marked on the vertical nala bank and the stones should be set properly.

9. INSPECTION, MONITORING AND EVALUATION For successful implementation of the above Mitigative measures, intensive inspection and technical guidance from concerned technical wing is required. Sufficient fuel/ conveyance charges for technical experts shall be provided by the user agency for proper execution of these programmes. Budgetary provision of 15% of the total project cost has been earmarked on this score.

10. EXECUTING AGENCY

The works in the present Scheme shall be executed by the User Agency having specialized departments headed by qualified persons with outsourced man and machinery. To facilitate this, the user agency shall establish its own executing and supervision cells along with required infrastructural facilities. In order to maintain the quality of work, in-house supervision through

comp[redacted] shall be provided. The entire work shall be carried out in coordination with the Fo[redacted] Department.

11. REQUIREMENT OF FUNDS

The total cost of the implementation of mitigative measures will be Rs. 44,16,000.00/-(Rupees forty four lakh sixteen thousand) only for implementation of the above mitigation measures, the above expenditure will be made over the next ten years period. Therefore, budget provision will be kept by the user agency for implementation of the above mitigation measures over a period of next ten years. This budget will be subject to increase in amount considering the increase in materials and labour charges. The tentative expenditure planned for the implementation of mitigative measures is given in the following table:-

FINANCIAL FORECAST

Sl. No.	Particulars of interventions	Quantity	Financial involvement (Rs)
1	Loose Boulder Check Dams @ Rs.3200.00 per running mtr	1000 running mtr	32,00,000.00
Inspection, monitoring and evaluation @15% of the total project cost			4,80,000.00
Total			36,80,000.00
Escalation cost 20%			7,36,000.00
Grand Total			44,16,000.00

(Rupees forty four lakh sixteen thousand) only

Technically Approved

Regional Chief Conservator of Forests
Rourkela Circle

Divisional Forest Officer
Keonjhar Forest Division

Annexure-I

Estimate for Loose Boulder Check Dam of length 2.5 mtr

Foundation and apron 25 cm thick.

Top width 60 cm

Height of check dam above the foundation is 90 cm.

Uphill side width 90 cm.

Downhill side width should be 180 cm.

Uphill side apron 30 cm and downhill side apron 90 cm.

Analysis of Rate

Particulars of work	No./ Quantity	Rate	Amount
Earth work in hard or gravelly soil within 50m. Initial lead and 1.5m. Initial lift including rough dressing of clods to maximum 5 cm. to 7 cm and laying in layers not exceeding 0.3 m. in depth (per 100 cum.)	43	311.00	13373.00
Mulia			267.46
2% sundries and T & P etc.	Total		13640.46
Rough stone dry packing in aprons and revetments with hard granite stones (15 to 30 cm size) per cum			
Granite broken stone 1 cum.	1	507.96	507.96
Mason (Special)	0.17	461.00	78.37
Stone packer	0.35	351.00	122.85
Mulia	1.04	311.00	323.44
2% sundries, T & P etc.			20.65
	Total		1053.27

Estimate for construction of Loose Boulder Check Dam

Length of Loose Boulder Check Dam 2.5 Mtr

Particulars of work	Volume	Rate in Rupees	Total amount in Rupees
Earth work in hard or gravelly soil within 50m. Initial lead and 1.5m. Initial lift including rough dressing of clods to maximum 5 cm. to 7 cm and laying in layers not exceeding 0.3 m. in depth Dressing the side of banks and foundation on L.S	L.S	200.00	200.00
Rough stone dry packing in aprons and revetments with hard granite stones (15 to 30 cm size) per cum Rough stone dry packing in aprons and revetments with hard granite stones (15 to 30 cm size) per cum			
Foundation 4.5 mtr x 0.25 mtr = 1.125 sq.m			
Super structure(3.3mx0.6m)/2x 0.9m=1.755 sq.m	7.2 cu.m	1053.27	7583.54

1.755 sq. mtr + 1.125 sq.mtr = 2.88 sq.mtr Volume = 2.88 sq.mtr x 2.5 mtr = 7.2 cu.m			
Total			7783.54

Cost per running metre of L.B.C.D of 90 cm height = Rs 7783.54/2.5= Rs. 3113.42 or say Rs.3200/-

ANNEXURE - VII

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE, AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

SCHEME FOR
PLANTING ADEQUATE DROUGHT HARDY PLANT SPECIES AND SOWING OF SEEDS IN THE APPROPRIATE AREA WITHIN THE MINING LEASE TO ARREST SOIL EROSION

AT

KHANDABANDH IRON ORE MINES
UNDER KEONJHAR FOREST DIVISION

OF

M/S ODISHA MINING CORPORATION LTD.
(A GOVT.OF ODISHA UNDERTAKING)
OMC HOUSE, BHUBANESWAR-751001

(As per condition No. (vii) B of the stage-I forest clearance granted by MoEF&CC, Govt.of India vide F.No.8-46/2018-FC dt 31.01.2019)

(@ Rs. 311.00/- per manday)

SCHEME FOR PLANTING ADEQUATE DROUGHT HARDY PLANT SPECIES AND SOWING OF SEEDS IN THE APPROPRIATE AREA WITHIN THE MINING LEASE TO ARREST SOIL EROSIONAT KHANDABANDH IRON OREMINES OF M/S ODISHA MINING CORPORATION LTD.

INTRODUCTION:

Government of India in the Ministry of Environment, Forests & Climate Change have approved Stage-I forest clearance vide F.No.8-46/2018-FC Dated 31st January 2019 for diversion of 345.189 ha. forest area in Khandabandha Iron Ore Mines of O.M.C Ltd. In this approval, MoEF&CC has stipulated some conditions to be fulfilled before Stage-II forest clearance is accorded. The condition no. (vii) B of the Stage-I forest clearance is read as under:

"Planting of adequate drought hardy plant species and sowing of seeds, in the appropriate area within the mining lease to arrest soil erosion in accordance with the approved scheme".

In order to comply the above condition, the current scheme is formulated for planting of adequate drought hardy plant species and sowing of seeds, in the appropriate area within the mining lease to arrest soil erosion in accordance with the approved schemewithin Khandabandha Iron Ore M.L area. Since there is no free space available in the Mining Lease area drought hardy plant species will be planted within the safety zone area of mining lease area. As the financial forecast for this scheme has already been considered in scheme prepared in compliance with the condition no.(xii).

1. LOCATION OF THE ML AREA

Khandabandh Iron Ore Mines of M/s Odisha Mining Corporation (OMC) Limited, a State Government Undertaking, is a mining project for exploitation of iron ore. The mining lease (ML) area over 366.311 Hectares (ha) is confined within latitudes: 21^0 55' 40.27579" – 21^0 57' 29.90060" (Between ML Boundary pillar No.1 & 16) North and Longitudes: 85^0 23'12.6688" – 85^0 24' 45.86016" (Between ML Boundary pillar No. 4 & 29) East located in the Survey of India Topo sheet bearing No. F 45 N 5 in 1:50,000 scale. The key plan showing Khandabandha ML area is enclosed as Plate No. I. It is located at a distance of 12 KM from Joda town to the South via. Bichakundi-Malda road. The other route via Joribahal on Joda-Bamebari-Palasponga road follows a distance of 13 km. The area exhibits an undulated topography with varying elevations from 530 m to 675 m above Mean Sea Level (MSL).

2. SOIL TYPE Soil type in the study area varies widely from hard rock to sandy loam. Areas at higher elevations are usually hard rock consisting of Banded Hematite Quartzite (BHQ) and Banded Hematite Jasper, The top soil in the area is scanty. Whatever top soil is available is rocky in nature.

The pH of the soil is normal ranging from 6.20 to 8.20. Low hills and hill slopes are extensively lateralized and consist of lateritic profile of 5 to 10m. The lateritic area is rich in Iron and very often gritty in nature. Bushy vegetation is observed on this soil type.

3. CLIMATE The area is characterized by extreme climate with very hot (43 °C) summer and very cold winter (4°C) winter. It experiences tropical and humid climate which shows three distinct seasons i.e. summer, rainy and winter. The summer is very hot and dry starting from March and continues till end of May or early June. The rainy season lasts from early June to end of September. October and November are the post monsoon months followed by a cold winter which lasts till end of February. The average annual rainfall as recorded at IMD, Keonjhar is around 1763 mm during 2006 to 2008. About 75% of it has been distributed during the South west monsoon i.e. June to September.

4. DRAINAGE

There is no perennial nala inside the lease area. A seasonal nala is flowing from west to east during rainy season. Drainage of the lease area is towards eastern side which ultimately drain into Baitarani river.

5. EXISTING VEGETATION

Majority area of mining lease is covered by open scrub. There is natural vegetation on the area with dry deciduous species like Sal, Kurum, Kangara, Asan, Dhaura, Kendu, Jamu, Mango etc. with canopy density 0.4. The buffer zone (10Km radius) includes part of Sidhamatha& Baitarani Reserve Forest area of Keonjhar Forest division.

6. MEASURES PROPOSED

Biological Measures

a) Plantation

Soil erosion and sediment control in areas covered with forests are minimum. As the area is covered with vegetation, there is no scope of taking up of plantation within ML area.

b) Grass Seeding

As the area will be back-filled for reclamation, there will be very small overburden dump. Due to want of suitable area, there is no scope for grass seeding.

7. INSPECTION, MONITORING AND EVALUATION For successful implementation of the above Mitigative measures, intensive inspection and technical guidance from concerned

technical wing is required. Sufficient fuel/ conveyance charges for technical experts shall be provided by the user agency for proper execution of these programmes.

8. TOTAL COST OF THE PROJECT: As the cost for plantation of drought hardy plant species has already been considered in the scheme prepared in compliance with the condition no. No.(xii) i.e. Scheme for fencing, protection and afforestation of the Safety Zone area, no separate financial forecast has been proposed.

Divisional Forest Officer
Keonjhar Forest Division

ANNEXURE-VIII

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE,
AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^{0} prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

SCHEME FOR

CONSTRUCTION OF CHECK DAMS, RETENTION/TOE WALLS TO ARREST SLIDING DOWN OF THE EXCAVATED MATERIAL ALONG THE CONTOUR

AT

KHANDABANDHA IRON ORE MINES

UNDER KEONJHAR FOREST DIVISION

OF

M/S ODISHA MINING CORPORATION LTD.

(A GOVT.OF ODISHA UNDERTAKING)
OMC HOUSE, BHUBANESWAR-751001

(As per Additional condition No.(vii)(c)of the stage-I Forest Clearance granted by MoEF&CC, Govt.of India vide F.No.8-46/2018-FC dt31.01.2019)

(@ Rs. 311.00/- per Manday)

SCHEME FOR CONSTRUCTION OF CHECK DAMS, RETENTION/TOE WALLS TO ARREST SLIDING DOWN OF THE EXCAVATED MATERIAL ALONG THE CONTOUR

1. INTRODUCTION.

Stage-I approval for diversion of 345.189 ha.forest land for non-forest purpose for KhandbandhIron Ore mine has been accorded vide F.No. 8-46/2018-FC, Dt. 31.01.2019 of Ministry of Environment, Forests & Climate Change subject to fulfilment of certain conditions.

As per condition No.(vii) (c) of Stage-I clearance, a scheme has to be prepared and implemented for *"Construction of check dams, retention toe walls to arrest sliding down of the excavated material along the contour in accordance with the approved scheme";*

In compliance with this condition, a comprehensive scheme is prepared for implementation of the same in 345.189 Ha. area of the said mining lease.

Earlier a scheme for construction of check dams, retention/toe walls to arrest sliding down of the excavated material along the contour has been approved by RCCF, Rourkela @ Rs. 286.30 per man day. Labour Commissioner of Odisha letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00/- per man day.

2. OBJECTIVE OF THE SCHEME:

1. To meet the requirement of condition No. (vii) (c) of the Stage –I approval granted by MoEFCC, Govt. of India.
2. To prevent erosion of sediment due to surface runoff.
3. To prevent obstruction to natural water source.
4. To prevent flow of eroded soil from the mining areas to the cultivable lands, natural streams and habitations.

3. PROPOSED METHODOLOGY:

(a) Propose to construct retaining wall and garland drain around the waste dumping site.

(b) Propose to develop the dump by terracing method. The height of all the terraces will vary from 10 to 12 m and width being 6 to 12 m.

(c) Provision of inwardly sloping, soil bund at the edge of each terraced channel at the toe end of terrace will be made following the rain water management.

(d) Propose to construct catch drain on the deep slope.

(e) Propose to develop garland drains with settling tanks at the toe of the dumps to allow the settling of silt.

The Salient features of the drainage management plan are as follows:

1. The overall drainage planning has been done in such a manner which follows the existing pre mining drainage routing to the extent possible, maintaining the overall slope in the direction of pre mining flow direction so that run off distribution is not affected.
2. Garland drains have been planned on the sides of quarries and external dumps (depending on contours).

   The garland drains shall be routed through catch pits and settling tanks to settle out suspended solids in the storm water. The purified water will be discharged to natural water source.
3. Grass and bushes in drains hold back solid particles during the flow of water in the drain. Small stone barriers constructed across the drain will check water flow and arrest solids.
4. Stone pitching will be made at suitable places to regulate the slope and hence water flow will not be obstructed.
5. Settling pits and drains shall be cleaned intermittently, especially during monsoon.
6. Outer side of the cross-check dams on the drainage lines shall be re-inforced with green cover of non-browsable species like *Jatropha curcas, Vitex negundo, Gliricidia maculate.*

2. MEASURES PROPOSED TO BE ADOPTED

Structural Measures

Vegetative means of erosion control are the most feasible and economic measures. However, as the pressure on land is increasing, need is felt to bring even higher Retaining Wall

(i) It has been proposed to construct 1056 mtr of crated boulder masonry around the proposed OB dump/sub-grade ore dump and excavated area The masonry will be constructed by using wire mesh and small size R.R. Stones. The height of the masonry structure will be 1mt, and the width 1m. The work will be executed with an estimated cost of **Rs.34, 28, 300.00 (Annexure-I).** This will prevent pollution of water flowing in the nala adjoining to the villages.

(ii) It has also been proposed to dig out 1070 meter long Garland drain inside the ML area to protect the excavated material being washed out and allowing storm water through the drain into water exit points. The water exit points will be kept according to the contours and direction of flow of the surface runoff at an interval of about 100 mt. The estimated cost of construction of garland drain including cost of surface cutting and blasting comes to **Rs 3,48,000.00 (Annexure-II).**

3. INSPECTION, MONITORING AND EVALUATION For successful implementation of the above Mitigative measures, intensive inspection and technical guidance from concerned technical wing is required. Sufficient fuel/ conveyance charges for technical experts shall be provided by the user agency for proper execution of these programmes. Budgetary provision of 15% of the total project cost has been earmarked on this score.

4. EXECUTING AGENCY

The works in the present Scheme shall be executed by the User Agency having specialized departments beaded by qualified persons with outsourced man and machinery. To facilitate this, the user agency shall establish its own executing and supervision cells along with required infrastructural facilities. In order to maintain the quality of work, in-house supervision through competent personnel shall be provided. The entire work shall be carried out in coordination with the Forest Department.

5. REQUIREMENT OF FUNDS

The total cost of the implementation of mitigative measures will be **Rs. 62,73,900.00 (Rupees sixty two lakh seventy three thousand nine hundred)** only for implementation of the above mitigation measures, the above expenditure will be made over the next ten years period.

Therefore, budget provision will be kept by the user agency for implementation of the above mitigation measures over a period of next ten years. This budget will be subject to increase in amount considering the increase in materials and labour charges. The tentative expenditure planned for the implementation of mitigative measures is given in the following table:-

FINANCIAL FORECAST

Sl. No.	Particulars of interventions	Financial involvement (Rs)
1	Development of crated boulder masonry wall over a length of 1056 mtr (Annexure-I)	34, 28,300.00
2	Excavation of garland drain over a length of 1070 mtr (Annexure-II).	3,48,000.00
3	Desiltation work of Garland drain, settling pond and check dam twice in a year (on lump sump)	5,50,000.00
4	Maintenance of retaining wall (on lump sump)	2,20,000.00
	Sub-Total:	45,46,300.00
	Inspection, monitoring and evaluation @15% of the total project cost	6,81,945.00
	Total	52.28,245.00
	Price escalation @20%	10,45,649.00
	Grand Total	62,73,894.00
		Or say 62,73,900.00

(Rupees sixty two lakh seventy three thousand nine hundred) only

EXECUTING AGNECY

The work shall be taken up by the User Agency as per condition no. (vii) (c) of the Stage-1 grant order.

Technically Approved

Regional Chief Conservator of Forests
Rourkela Circle

Divisional Forest Officer
Keonjhar Forest Division

Annexure-I

Development of crated boulder masonry near proposed OB dump

(Length of the wall = 1056mtr.)

1) E/W excavation by mechanical means.
Qty. 1056 m x 2m x 0.3 = 633.6 Cum

Taking Qty. 80% = 506.88Cum @ Rs. 54.70 = Rs. 27726.00

2) Blasting.
Taking 20% of Qty item (1) =126.72Cum @ Rs. 354.00 = Rs. 44859.00

3) Providing crate boulder.
Bottom layer: 1056m x 1.5m x1.00 = 1584Cum

Second layer: 1056m x 1.00m x 1.00m = 1056Cum

2640 Cum

@ Rs. 1271.10/Cum = Rs. 3355704.00

Rs. 3428289.00

Say **Rs. 34, 28,300.00**

Annexure-II

Excavation of Earthen drain (Garland drain) near proposed OB dump at Khandabandh.

1) E/W excavation by mechanical means.
1070m x 2.00 x 1.5 = 3210.00 Cum

Taking 80% of above = 2568.00 Cum @ Rs. 47.00/Cum = Rs. 120696.00

2) Blasting. 20% of Item (1) = 642 Cum @ Rs. 354.00/Cum = Rs. 227268.00

Rs. 347964.00

Say Rs. 3,48,000.00

ANNEXURE-IX

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE, AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

SCHEME TO STABILIZE OVERBURDEN DUMP BY GRADING & BENCHING IN KHANDBANDH IRON ORE MINESOF M/S OMC LTD, AGAINST DIVERSION OF 345.189 HECTARE OF FOREST LAND

IN

KEONJHAR FOREST DIVISION.

Compliance to:

Condition no.(vii) (D) of in-principle Approval of MoEF&CC, Govt.of India vide letter no F.No.8-46/2018-FC Dated 31st January 2019

(@ Rs. 311.00/- per manday)

SCHEME TO
STABILIZE OVERBURDEN DUMP BY APPROPRIATE GRADING & BENCHING.

[As per Condition no.(vii) (D) of in-principle Approval of MoEF&CC, Govt.of India vide letter no F.No.8-46/2018-FC Dated 31st January 2019]

1.0 Introduction

Stage-I approval for diversion of 345.189 ha. forest land for non-forest purpose for KhandbandhIron Ore mines has been accorded vide F.No.8-46/2018-FC Dated 31stJanuary 2019of Ministry of Environment, Forests & Climate Change subject to fulfillment of certain conditions.

As per condition No. (vii) (D) of the Stage-I approval, the User Agency shall take up steps to "Stabilize the overburden dumps by appropriate grading/benching so as to ensure that the angles of repose at any given place is less than 28°".

In compliance with this condition, a comprehensive scheme is prepared for implementation of the same in 345.189ha. area of the said mining lease.

Earlier a scheme to stabilize overburden dump by appropriate grading & benching has been approved by RCCF, Rourkela @ Rs. 286.30 per man day and @ Rs. 298.00 per man day and @ Rs. 303.40 per man day. Labour Commissioner of Odisha letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00/- per man day.

2.0 Present Scenario:

The Mining activities will be being carried out in accordance with the approved modified mining plan prepared by MECON Limited, Ranchi and approved by Regional Controller of Mines, Indian Bureau of Mines, Bhubaneswar.

Proved mineral reserve of the mine is 21.032 million tonnes.

Approximate sub-grade ore production 7.98%. However sub-grade ore will be stored temporarily.

Since the mine will be worked by progressively closing mined out area and reclamation by backfilling, requirement of space for dumping of overburden will be very less. About 3 ha. area will be used for dumping overburden.

3.0 Salient points of waste management

- For the management of dump it is suggested to have terrace at every 20m height from the floor at same contour.
- Ultimate height 80m

- Inward slope is to be provided so that rain water will move towards dump side. It will prevent of rain water flow from terrace to lower contour through the walls of the dump and forming gullies / rain cuts and rolling down of waste materials.
- Towards the inner side of terrace, half concrete open pipe are installed to collect rainwater and not allowing penetrating to inside the dump.
- Crated Boulder Retaining wall of 2m height (0.5m below ground + 1.5m above the ground) X 1.0m wide will be constructed around the dump.
- It aims to check any rolldown waste from the dump.
- At regular intervals clear openings are provided at the bottom to allow water to pass out and join the Garland drains.
- Constructed guard wall is of loose boulders.
- Garland drains around the dump will be constructed.
- At the end of the garland drain settling tanks of 15mx10mx1m deep is constructed to allow settling of carried materials.
- Slope of each terrace to be maintained $<28^0$.
- Over all slope shall be $<28^0$.

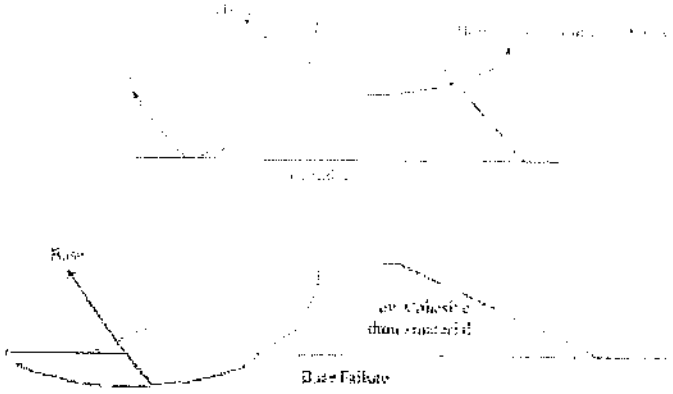

Anticipated fallout.

A. Failure of Dumps:

Three types of Dump Failure may occur in the present type of dump. These are

- Slope Failure.
- Toe failure
- Base failure.

(These are shown in the diagram)

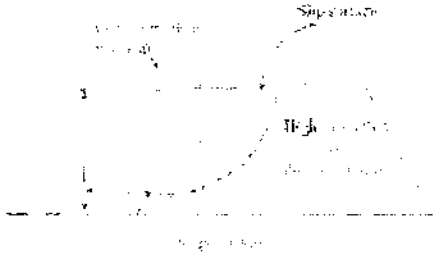

Figure 1 Dump failure line of slip.

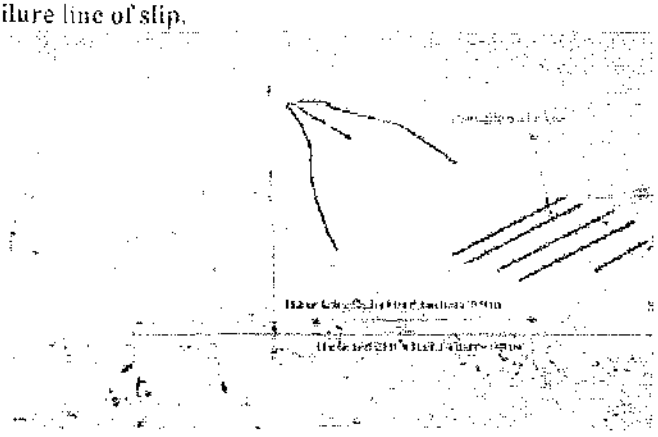

Figure 4 DUMP FAILURE SITUATION.

Reasons for failure

i. Ground water and surface water flow condition plays a critical role on the stability of dump slope. Frictional strength is reduced as the height of dump is raised, due to presence of water.The pore water pressure reduces the normal stress acting on material. The cohesive strength of weak geo-material will be further reduced due to presence of pore water pressure. Waste dump placed in a loose state, shear failure is often followed by static static liquefaction which is complete loss of strength. The flow of water may enhance rhe seepage force, leading to formation and migration of tension crack.

ii. Erosion also plays an important role in affecting the stability by surface weathering, ground water or surface water seepage, toe erosion and slope modification, ground water or surface runoff. Erosion changes the waste dump slope geometry and morphological character. The weathering and attrition of material at the toe of a potential slide reduce the restraining force that may destabilize the slope Erosion of void filling materials, or zone of percolation can efficiently decrease cohesion among grain boundaries.The cohesion strength notable reduce the rock mass shear strength. The decrease in shear strength may allow movement of dump slope along weak plane.

In addition localized erosion may also result in increase permeability and ground water flow along the slope. This may lead to failure due to formation of gully and deep flow channels in dump.

iii. Other affecting parameters are

- Gradient of the Seam,
- Ground Water Regime
- Nature of Over burden Rock
- Presence of clay and Soil layers and their properties.
- Angle of Repose of the broken Over burden rock
- Cohesion of the Over burden Rock materials
- Height of OB Dump in one stretch
- Ultimate Height and Slope of Waste Dump
- Dump Stability Parameters Strip/Cut Width and Depth.

B Dust pollution due to wind / whorl wind.

The average wind speed as noticed in post monsoon is 2.25m/s with a maximum speed of 6.13m/s. In winter the average speed is 1.31m/s with a maximum speed of 5.61m/s. This wind speed has a capacity to pick up heavy dust from dry surface of dump, ore stack & sub grade stack.

C Loss of life & property.

Failure of dump may cause loss of life & property. May put occupational hazards to workman.

Summary of prescription on Benching & Grading:

- Bench height: 20m,
- Bench Width: 20m
- Number of Benches: 4
- Over all slope: $<28^0$.
- Slope of each terrace: $<28^0$.

4.0 Stabilization of Over Burden Dump:

After the declaration of dead of the Over Burden dump, the same shall be covered by means of plantation.

4.1 **By grass seeding:**Grass seeding over 19.489 ha of Over Burden dump will be carried out before planting tall trees to stabilize Over Burden dump.

4.2 **By Planting Tall trees:**Plantation over 19.489 ha will be carried out after the dump is declare dead. The details of plantation is given as under:

4.2.1**Planting & post-planting operations:** Block Plantation over 19.489 ha will be carried out @ 1600 plants/Ha. All planting &post planting measures like casualty replacement, soil working,

manuring, fire protection etc. will be undertaken as given in Cost norm for Block plantation with 1600 seedlings furnished as **Annexure-IV.**

While taking up plantation, the following vital points shall be taken up for consideration.

- Care to be taken to raise healthy seedlings of minimum 60 cm height. 10% extra seedlings are to be raised for replacement of casualty.
- Pitting shall invariably be done during November-February i.e., before onset of monsoon. If possible the soil of upper portion and lower portion of pit should be placed separately in specific direction so that while planting the pits will be filled with top-soil first.
- Planting shall be done on the onset of monsoon to get full benefit of monsoon rain and should not be delayed.
- Basal dose of 50 grams of NPK and 5 grams of Chlorpyriphos dust per plant should be applied at the time of planting carefully by mixing with top-soil so that the roots of seedlings do not come in direct contact with fertiliser.
- In case of any mortality of planted seedlings, it should be replaced with good seedlings as soon as possible for better success rate.
- Complete weeding in proper time will be done. Strip weeding will not be permitted.
- Soil-working and application of 2nd dose fertilizer of 50 gms NPK/plant should be done in time

Since the area is provided with barbed wire fence, watch & ward will be easier. Watchers may be engaged in weeding in problematic areas alongwith watch & ward.

4.2.2Spacing: The spacing adopted for the plantation in gaps is 2.5 mtr X 2.5 mtr. Alignment and pit marking should be done carefully in slopes so that the horizontal distance between plants in a row remains 2.5 mtrs and not the distance measured along the slope.

4.2.3 Species: Although indigenous species are to be preferred in the plantation, considering adverse soil & moisture conditions we may go for hardy exotic species where required so that the plants are able to survive. Considering the topography, soil and moisture availability of the plantation area, the following species will be planted.

Name of species	Common name	Remarks
Acacia auriculiformis	Acacia	In rocky exposed areas
Azadirachtaindica	Neem	In well drained soil
Derris indica	Karanja	In area with good soil depth
Emblicaofficinalis	Amla	In area with soil depth
Cassia siamea	Chakunda	In rocky and exposed areas
Dalbergiasissoo	Sissoo	In lower areas with good soil depth
Gmelinaarborea	Gambhari	In lower areas with good soil depth
Dendrocalamusstrictus	Salia bamboo	In lower areas with good soil depth healthy seedlings from rhizomes may be planted
Zizyphusmauritania	Ber	In rocky areas with low soil depth
Simarubaglauca	Simaruba	In rocky areas with low soil depth

5.0. Monitoring & Evaluation.

The implementation & its maintenance will be evaluated by the authority of the User Agency regularly. The Divisional Forest Officer, Keonjhar Forest Division may be kept informed from time to time as required.

6.0 Implementing Agency.

This prescription is to be implemented by the user agency.

7.0 Financial Forecast

Financial Forecast for the measures proposed like development of created boulder masonry and excavation of garland drain has been considered in the Schemes for in compliance with condition No. (vii)(c). So, no additional cost for the same has been proposed in this scheme. Financial Forest for the measures like Terracing of OB dump, earthen drain within the slope of OB dump, grass seeding on OB dump and plantation on OB dump area has been proposed in this scheme. The detail of financial forecast for scheme of "Stabilize the overburden dumps by appropriate grading/benching so as to ensure that the angles of repose at any given place is less than 28°" is given as below:

FINANCIAL FORECAST

Sl. No.	Particulars of interventions	Financial involvement (Rs)
1	Terracing of OB dump over a length of 30000 sqm @ Rs.343/running meter (**Annexure-I**)	1,02,90,000.00
2	Excavation of concrete drain of 600 cum over a slope length of 1000 mtr in every 50 meter within the slope of proposed OB dump (**Annexure-II**)	2,18,865.00
3	Cost for sowing of grass seeds over 19.489 ha @ Rs. 26043/- ha (**Annexure-III**)	5,07,552.03
4	Maintenance of grass seed @ (5 mandays for period of six month) Total 900 mandays (180 x 5) for six months 900 x Rs. 311.00 = 2,79,900.00	2,79,900.00
5	Block plantation (1600 plants/ha) over 19.489 ha of OB dump area @ Rs. 180171.07/Ha (**Annexure-IV**).	35,11,353.98
	Sub-Total:	**1,48,07,671.01**
	Inspection, monitoring and evaluation @15% of the total project cost	23,69,227.36
	Total	**1,71,76,898.37**
	Price escalation @20%	34,35,379.67
	Grand Total	**2,06,12,278.04**
		Or say
		2,06,12,300.00

(Rupees two crore six lakhs twelve thousand three hundred) only

Annexure-I

Engagement of HEMM (Heavy earth mining machineries) in dump slope for terracing

1. Location- over burden dump- work efficiency of HEMM machine per hour-3.5 Sqm on the dump.
   (Average height of the terrace-20 mt)
2. Rate of engagement of HEMM Machine Rs. 1200/hr
3. Terracing cost at OB dump/sqm- Rs. 1200/3.5=**Rs. 343**
4. In our OB dump average slope length=1500 mtr
5. Average height of terrace 20 mt.
6. Total terrace area in sqm= 1500 x 20=30,000sqm

Annexure-II

Excavation of earthen drain in every 50 meter within the slope of proposed OB dump

A: E/W Excavation by Mechanical Means

1. In our OB dump average slope length=1500 mtr
2. Total no. of drain required within 1500 mtr slope length= 1500/50=30 nos.
3. Average height of terrace 20 mt.
4. E/W excavation by mechanical means for one drain= 20m x 1m x1 m=20 Cum
5. Total volume to be excavated for 30 nos. of drain= 30 x 20=600 cum
6. Taking Rs. 47.00/Cum, total cost for excavation of 600 cum of earthen material= Rs. **28200.00/-.**

B: Providing crate boulder

1. Crate boulder pitching within earthen drain: 600 x 0.5 x 0.5= 150 Cum
2. Considering Rs. 1271.10/Cum, the cost of boulder pitching within earthen drain=150 x 1271.10=**190665.00**
   Total Cost= 28200+190665=2,18,865.00

Annexure-III

Estimate for sowing of grass seeds per ha.

Cost of broadcasting of grass seeds per ha. Labour rate Rs.311.00/- per day				
Sl No.	**Purpose**	**No. of Labour/quantity of materials**	**Rate (in Rs.)**	**Amount in Rs.**
1	Spreading of good top soil	03 Nos	311.00/- Labour	933.00
2	Adding FYM and good earth	2 TL FYM 2TL Good earth	500/TL FYM 500/TL Good earth	2000.00
3	Cost of grass seed 500 Kg/per ha		40/Kg	20000.00
4	Broad casting	10 nos	311.00/-Labour	3110.00
			Total	**26043.00**

COST NORM FOR BLOCK PLANTATION @ 1600 PLANTS PER HECTARE (6 month old seedling)

WAGE RATE @ Rs 311.00/- per day

ANNEXURE-X

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE, AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

Encl:- As above.

Regional Chief Conservator of Forests,

SCHEMEFOR

MANAGEMENT OF TOP SOIL
AT KHANDABANDH IRON OREMINES
OF
M/S ODISHA MINING CORPORATION LTD.

(As it pertains to diversion of 345.189 hectare of Forest Land)

Compliance to:

Condition No (vii) (E) of "in principle approval" order vide F.No.8-46/2018-FC Dated 31st January 2019 of MoEF&CC, Govt. of India.

(@ Rs. 311.00/- per manday)

SCHEMEFOR MANAGEMENT OF TOP SOILAT KHANDBANDH IRON ORE MINE OF M/S ODISHA MINING CORPORATION LTD.

(As per condition No(vii) (E) of "in principle approval" order of MoEF&CC, Govt. of India vide F.No.8-46/2018-FC Dated 31st January 2019)

1. INTRODUCTION

Stage-I approval for diversion of 345.189 ha. forest land for non-forest purpose for Khandbandh Iron Ore mine has been accorded vide F.No.8-46/2018-FC Dated 31st January 2019 of Ministry of Environment, Forests & Climate Change, subject to fulfillment of certain conditions.

As per condition No. (vii) (E) of the Stage-I approval, "No damage shall be caused to the top-soil and the user agency will follow the top soil management plan".

In compliance to this condition a plan for management of top soil is prepared. Earlier a scheme for management of top soil at Khandabandh Iron Ore Mines has been approved by RCCF, Rourkela @ Rs. 286.30 per man day and @ Rs. 298.00 per man day and @ Rs. 303.40 per man day. Labour Commissioner of Odisha letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00/- per man day.

The purpose of this scheme is to prescribe methods to manage fertile top soil / sub soil effectively so as to preserve & conserve precious natural resources which has been formed after years of natural process.

2. Top Soil management.

In order to manage the top soil the following suggestions are put forth and to be practised.

- ✓ Top soil likely to be generated is to be dumped at earmarked place not affected by mining operation.
- ✓ Dump may have a slope less than 28^0
- ✓ Cover the top soil with a tarp / coir mat.
- ✓ Broadcast grass seed over the top soil.
- ✓ During reclamation the top soil may be utilized to cover the top after filling and covered the area under tree planting.
- ✓ Bring the soil under tree planting as soon as possible and covered with mulch to prevent the soil from washing or blowing away.
- ✓ Generation of Top Soil & its utilization will be recorded in a measurement book and copy of the same to be provided to reviewing authorities annually.

3.0 Present Scenario:

As per approved mining plan, no top soil will be generated during first 5 years of mining. But from 2024 till conceptual around 0.36 million Cu.m. of top soil will be generated. Top soil produced will be utilized in reclamation of mine and plantation. The stock register for production and utilization of top soil will be maintained by the User Agency.

This quantity will be generated in course of mining activities mostly during expansion of mining area.

4.0 Plan for top soil management:

The topsoil management plan provides description of the soil stripping and stockpiling procedures to minimize top soil degradation and maximum availability of suitable soil for future rehabilitation within mining lease of Khandbandh Iron Ore Mines of M/s OMC Ltd. Topsoil is to be stripped in areas proposed to be distributed. A comprehensive top soil management plan has been prepared keeping in view of the conservation, regeneration and afforestation in and around the site where top soil will be stored.

In non-mineralized area also there is existence of very thin layers of top soil say 5 cm to 10 cm varying from site to site, which is very difficult to slice down and will be stored separately for use during future reclamation.

The top soil inside the Mining Lease area is scanty and present in extremely thin layer. The topsoil will be utilized for concurrent plantation works in the mine as per this plan.It is proposed to use the top soil generated during the mining operation within a period of six months due to its low shelf-life. Some of the top soil will be stored temporarily until it can be used for plantation works & dump plantation. The details of collection of top soil are given below:

Dimension of the top soil stock yard: 180 mt x 100 mt x 20 mt= 1.8 ha

Volume to be stacked=0.36 million Cum.

5.0 Inspection, Monitoring and evaluation

Intensive inspection and technical guidance from concerned technical wing is required for successful implementation of above top soil management. Sufficient fuel/conveyance charges for technical experts shall be provided by the user agency for proper execution of these programmes. Budgetary provision of 15% of the total project cost has been earmarked on this score.

6.0. Budgetary provision.

Top soil removal / dumping will be as per mining plan and the soil will be utilized for taking up plantations in backfill and other areas. The total cost of the project is given as below.

Sl No.	Description of the work	Funds Required
1	Virgin forest area from where top soil can be collected. Stripping cost 0.5ha/hr@ 1770.00. Therefore 83.0706 ha cost=166.1412 hrs Total 166.1412 hrs x Rs. 1770-=2,94,070/- Loading & transporting cost from the site to top soil stockpiles comes to be : 360000 x (tonnage factor)1.8= 648000 ton 648000 ton x Rs. 35/- (Loading & Transportation @ Rs. 35/ton) = Rs. **2,26,80,000/-** Cost of leveling with 4800 manpower @311.00/- Rs. 311.00 x 4800=Rs. **14,92,800/-**	Rs. 2,44,66,870.00
2	Cost for sowing of grass seeds over 1.8 ha @Rs **26,043.00/-ha (Annexure-I).**	Rs. 46,877.40
3	Maintenance of grass seed @ (3 mandays weekly for period of six month) Total 72 mandays for six months 72 x Rs. 311.00 = 22,392.00	Rs. 22,392.00
4	Retaining wall over a length of 180 meters (**Annexure-II**).	Rs. 5,84,400.00
5	Garland drain over a length of 180 meters (**Annexure-III**).	Rs. 58,600.00
	Sub-total	Rs. 2,51,79,139.40
6	Inspection, monitoring & evaluation @15% of the total project cost	Rs. 37,76,870.91
	Total	Rs. 2,89,56,010.31
7	Price escalation @20%	Rs. 57,91,202.06
	Grand Total	Rs. 3,47,47,212.37 or say **Rs. 3,47,47,300.00**

(Rupees three crore forty seven lakh forty seven thousand three hundred) only

The total cost of the implementation of Top soil management scheme will be Rs. **3,47,47,300.00/- (Rupees three crore forty seven lakh forty seven thousand three hundred)** only as detailed above which will be borne by User Agency at their project cost. The cost of the scheme may subject to increase in amount considering the increase in materials and labour charges which will also be borne by the User Agency.

7.0. Execution.

This is part of the mining operation and to be executed by the User agency.

Technically Approved

Regional Chief Conservator of Forests
Rourkela Circle

Divisional Forest Officer
Keonjhar Forest Division

Annexure-I

Estimate for sowing of grass seeds per ha.

Cost of broadcasting of grass seeds per ha. Labour rate Rs.311.00/- per day				
Sl No.	Purpose	No. of Labour/quantity of materials	Rate (in Rs.)	Amount in Rs.
1	Spreading of good top soil	03 Nos	311.00/- Labour	933.00
2	Adding FYM and good earth	2 TL FYM 2TL Good earth	500/TL FYM 500/TL Good earth	2000.00
3	Cost of grass seed 500 Kg/per ha		40/Kg	20000.00
4	Broad casting	10 nos	311.00/-Labour	3110.00
			Total	26043.00

Annexure-II

Development of retaining wall near proposed Top soil dump
(Length of the wall = 180 mtr.)

1) E/W excavation by mechanical means.
Qty. 180 m x 2m x 0.3 = 108 Cum
Taking Qty. 80% = 86.4 Cum @ Rs. 54.70 = Rs. 4726.08

2) Blasting.
Taking 20% of Qty item (1) =21.6 Cum @ Rs. 354.00 = Rs. 7646.40

3) Providing crate boulder.
Bottom layer: 180 m x 1.5m x1.00 = 270 Cum
Second layer: 180 m x 1.00m x 1.00m = 180 Cum
450 Cum
@ Rs. 1271.10/Cum = Rs. 571995.00
Rs. 5,84,367.48
Say Rs. 5,84,400.00

Annexure-III

Excavation of Earthen drain (Garland drain) near proposed Top soil dump at Khandabandh.

1) E/W excavation by mechanical means.
1070m x 2.00 x 1.5 = 540.00 Cum
Taking 80% of above = 432.00 Cum @ Rs. 47.00/Cum = Rs. 20304.00

2) Blasting. 20% of Item (1) = 108 Cum @ Rs. 354.00/Cum = Rs. 38232.00
Rs. 58536.00
Say Rs. 58,600.00

Office Order No. 209 /Mining

Dated, Keonjhar the 16/6/, 2010.

01. Whereas M/s OMC Ltd has applied for RML under Section- 2 of F.C. Act over 366.311 ha. of land for their Khandabandh Iron Mines, out of which 294.530 ha. is forest land as per the following classification

i. Revenue Forest	-	98.221 ha.
ii D.L.C.		196.309 ha
Total	-	294.530 Ha.

02. Whereas the Apex Court on the recommendation of Central Empowered Committee have issued order for recovery of NPV for the entire forest area deducting the amount of NPV already paid.

03 Whereas the Divisional Forest Officer is vested with the authority by the Apex Court to issue Demand by 24th of June, 2010 at the appropriate rate depending on Eco-value class and the canopy density of the forest area in question.

04. Whereas the forest area in question falls under Class – I of Eco-value class and 0.3 canopy density for which NPV for Rs. 12,07,67,550/- is to be charged at the rate of Rs.7,30,000/- per ha. over 165.435 ha (294.530 ha.- 129.095 ha)

05. Whereas the lessee has already paid an amount of Rs. 7,48,75,100/- towards NPV in respect of forest land over 129.095 ha

06. Now therefore the undersigned by virtue of authority vested by the Apex Court, hereby issue demand notice for payment of Rs. 12,07,67,550/- towards NPV within 30 days of issue of this order, failing which the interest is to be charged. The above amount be deposited in shape of **Demand Draft drawn in favour of Compensatory Afforestation Fund (CAF) Orissa, Account No. CA-1585 in Corporation Bank Lodhi Road, New Delhi.**

It is further ordered that in the event of upward revisions of NPV, an undertaking to pay the differential is to be submitted by the lessee.

No. 950 /Mining. Dated, Keonjhar the 06 February, 2014

To

The Senior Manager (Geo)
M/s OMC Ltd, OMC House
Bhubaneswar- 751001

Sub: **Interest on belated payment of Net Present Value (NPV) in respect of Khandabandh Iron Mines of M/s OMC Ltd.**

Ref:
1. This office Letter No. 4820 dt. 16.06.2010
2. Your Letter No. 14188 dt. 22.07.2010.
3. Letter No.10F (L) 91/2012/9857/F&E dt.9.5.2013 of the Forest & Environment Department, Govt. of Odisha addressed to the PCCF, Odisha, copy communicated to this office vide Memo No. 6656 dt. 15.05.2013 of the CCF (Nodal), Bhubaneswar.

Sir,

Whereas demand was raised for payment of Rs. 12,07,67,550/- as NPV vide this office Letter No. 4820 dt. 16.06.2010, in pursuance of orders of the Hon'ble Supreme Court of India read with clarification of CEC on actionable points following the meeting held on 25.05.2010 and Letter No. 9803/F&E dt. 28.05.2010 of Govt. of Odisha, Forest & Environment Department within a period of 30 days from 16.06.2010, i.e., (within 15.07.2010).

Whereas you have paid an amount of Rs. 12,07,67,550/- on dt. 21.07.2010 which was deposited in Adhoc CAMPA on dt. 22.07.2010.

Whereas Govt. of Odisha in Forest & Environment Department Letter No.10F (L) 91/2012/9857/F&E dt.9.5.2013 have issued direction to charge interest for belated payment at the rate of 9% per annum.

Whereas there has been a time lapse of 0 months, 6 days (Total 6 days) only in between the due date of payment and actual date of payment.

Now, therefore, the undersigned, in pursuance of the aforesaid direction of State Government, charges the following amount towards interest as per the calculation below for payment within 30 days of date of demand.

	Date on which the payment was due	15.07.2010
	Date on which the payment was made	22.07.2010
	The time that has elapsed	6 days
	Interest due	₹1,78,670/-

Contd.2..

Should you fail to deposit the aforesaid amount of ₹1,78,670/- within the stipulated time, you will not be allowed to continue mining till the payment as due is deposited fully as well as any other action as deemed proper under rules/ law.

You are requested to deposit the above interest amount within 30 days, and submit the original proof of the issuing Bank to this office for taking further action at this end.

Yours faithfully,

Divisional Forest Officer,

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

Encl:- As above.

SCHEME FOR
FENCING, PROTECTION AND AFFORESTATION
OF THE SAFETY ZONE AREA

OVER 6.919 HA

AT

KHANDABANDHA IRON ORE MINES
UNDER KEONJHAR FOREST DIVISION

OF

M/S ODISHA MINING CORPORATION LTD.
(A GOVT.OF ODISHA UNDERTAKING)
OMC HOUSE, BHUBANESWAR-751001

(As per condition No.2(xii) of the stage-I forest clearance granted by MoEF&CC, Govt.of India vide F.No.8-46/2018-FC dt31.01.2019)

(@ Rs. 311.00/- per manday)

SCHEME FOR FENCING, PROTECTION AND AFFORESTATION OF THE SAFETY ZONE AREA OVER 6.919 HA AT KHANDBANDH IRON ORE MINES OF M/S ODISHA MINING CORPORATION LTD.

INTRODUCTION:

Government of India in the Ministry of Environment, Forests & Climate Change have approved Stage-I forest clearance vide F.No.8-46/2018-FC Dated 31st January 2019 for diversion of 345.189 ha. forest area in Khandabandha Iron Ore Mines of O.M.C Ltd. In this approval, MoEF&CC has stipulated some conditions to be fulfilled before Stage-II forest clearance is accorded. The condition no. (xii) of the Stage-I forest clearance is read as under:

"Fencing, protection and regeneration of the safety zone area [7.5 meters strip shall be kept within the mining lease boundary and area of the safety zone shall be part of the total area of mining lease as per the Ministry's guidelines dated 27.05.2015] shall be done within three year at the project cost from the issue of Stage-II Clearance. ..."

In order to comply the above condition, the current scheme is formulated for fencing, protection and regeneration of safety zone area within Khandabandha Iron Ore M.L area. Since the area has poor vegetation, the scheme aims to regenerate the area by taking ANR plantation with gap planting of 400 seedlings per hectare. The length of outer periphery of safety zone is 9175.6 mtr and the area of safety zone is 6.919 ha.

Earlier a scheme over 6.919 ha towards fencing, protection and regeneration of safety zone has been approved by RCCF, Rourkela @ Rs. 286.30 per man day and @ Rs. 298.00 per man day and Rs. 308.00 per man day. Labour Commissioner of Odisha letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00/- per man day.

TOPOGRAPHY AND EXISTING VEGETATION:

The area under safety zone is hilly with gentle slope. The soil is mostly gravelly. Soil type is Lateritic. Some patches support shallow soil and even exposed rocks within the site.

PROPOSED TECHNIQUES FOR PLANTATION/REGENERATION:

It is proposed to take up ANR plantation with 400 plants per ha over the entire area of 6.919 ha.

Objective of the scheme:

The main objective of the present scheme is to take up plantation in the safety zone of the M.L area so that a green belt around the mine is maintained which will serve the following purpose:

i) It will be a permanent demarcation zone for the M.L area which will be easily distinguishable.

ii) It will help in controlling pollution to some extent near the mine.

iii) It will provide alternate habitat to birds and animals who have lost their habitat due to mining activity.

iv) Protect the periphery of the mine from soil erosion and land slide.

Item of works to be taken up:

To achieve the above objectives, the following items of works are prescribed to be taken up:

1. Survey & demarcation of boundary.
2. Fencing.
3. Plantation & post-planting operations.

1. **Demarcation of boundary:** The outer periphery of the Mining Lease area and safety zone area has already been surveyed and demarcated.
2. **Fencing:**To protect the plantation from grazing and other biotic interference, it will be provided with barbed wire fencing along the outer periphery over 9026.6mtrs. Additional fence over 149 mtr will be erected on either side of village road. There will be provision of one RCC pillar erected at every 2.5 meter distance with provision of two extra cross pillars for each corner station points. There will be 7 strands of barbed wire fencing for better protection purpose. The cost estimate for barbed wire fencing has been provided in **Annexure–I.**There will be no fence on the inner side.
3. **Planting & post-planting operations:** ANR plantation with gap planting of 400 seedlings per ha over 6.919 ha shall be taken up. All planting &post planting measures like casualty replacement, soil working, manuring, fire protection etc. will be undertaken as given in Cost norm for ANR plantation with gap plantation of 400 seedlings furnished as **Annexure-II.**

While taking up plantation, the following vital points shall be taken up for consideration.

- Care to be taken to raise healthy seedlings of minimum 60 cm height. 10% extra seedlings are to be raised for replacement of casualty.
- Pitting shall invariably be done during November-February i.e., before onset of monsoon. If possible the soil of upper portion and lower portion of pit should be placed separately in specific direction so that while planting the pits will be filled with top-soil first.
- Planting shall be done on the onset of monsoon to get full benefit of monsoon rain and should not be delayed.
- Basal dose of 50 grams of NPK and 5 grams of Chlorpyriphos dust per plant should be applied at the time of planting carefully by mixing with top-soil so that the roots of seedlings do not come in direct contact with fertiliser.

- ❖ In case of any mortality of planted seedlings, it should be replaced with good seedlings as soon as possible for better success rate.
- ❖ Complete weeding in proper time will be done. Strip weeding will not be permitted.
- ❖ Soil-working and application of 2nd dose fertilizer of 50 gms NPK/plant should be done in time

Since the area is provided with barbed wire fence, watch & ward will be easier. Watchers may be engaged in weeding in problematic areas alongwith watch & ward.

4. **Spacing**: The spacing adopted for the plantation in gaps is 2.5 mtr X 2.5 mtr. Alignment and pit marking should be done carefully in slopes so that the horizontal distance between plants in a row remains 2.5 mtrs and not the distance measured along the slope.

5. **Species**: Although indigenous species are to be preferred in the plantation, considering adverse soil & moisture conditions we may go for hardy exotic species where required so that the plants are able to survive. Considering the topography, soil and moisture availability of the plantation area, the following species will be planted.

Name of species	Common name	Remarks
Acacia auriculiformis	Acacia	
Azadirachtaindica	Neem	
Derris indica	Karanja	
Emblicaofficinalis	Amla	
Cassia siamea	Chakunda	
Dalbergiasissoo	Sissoo	In lower areas with good soil depth
Gmelinaarborea	Gambhari	In lower areas with good soil depth
Dendrocalamusstrictus	Salia bamboo	In lower areas with good soil depth healthy seedlings from rhizomes may be planted
Zizyphusmauritania	Ber	In rocky areas with low soil depth
Simarubaglauca	Simaruba	In rocky areas with low soil depth

6. **Protection of the plantation**: 7 strand straight and 2 strands diagonal Barbed wire fence with RCC pillars along outer periphery of the M.L area will be provided. Few watchers will also be engaged for protection of the plantation.

7.**Total cost of the project**: Total cost of the project will be **Rs. 93,35,600.00 (Rupees ninety three lakhs thirty five thousand six hundred) only** as detailed in Annexure-III.

8. **Executing agency**: Since the work will be done inside the Mining Lease area, it will be convenient for the User Agency to execute the work. Hence the work will be executed by O.M.C Ltd.

Divisional Forest Officer
Keonjhar Forest Division

Annexure-I

ESTIMATE FOR BARBED WIRE FENCE

7 strands straight + 2 diagonal strands of 2 ply barbed wire on RCC posts fixed at 2.5 mtr intervals.

Two struts at every 10th pillar

Fence post size Length-8ft,Bottom width 6"x6", Top width-4"x4"Reinforced with 6mm rods

Minimum wage rate Rs. 311.00 per day for unskilled labourer

ANALYSIS OF RATE

1	Earth work in hard or gravelly soil within 50m. Initial lead and 1.5m. initial lift including rough dressing of clods to maximum 5 cm. to 7 cm and laying in layers not exceeding 0.3 m. in depth (per 100 cum.)			
	Mulia	43	311.00	13373.00
	2% sundries and T & P etc.			267.46
		Total		**13640.46**
2	Cement concrete (1:4:8) with 4 cm hard granite metal including lying, compacting, curing with all cost, conveyance, royalty of materials etc. (per 1 cum)			
	HG metal	0.96 cum	Rs 1223.40	1174.64
	Sand	0.48 cum	Rs 443.00	212.62
	Cement	1.72 qtl	Rs 630.00	1083.60
	Mason 2nd Class	0.18	Rs 351.00	63.18
	Man mulia	1.80	Rs 311.00	559.80
	Woman mulia	1.40	Rs 311.00	435.40
	Man mulia	0.70	Rs 311.00	217.70
		Total		**3746.94**
3	Cement Concrete (1:2:4) with 12 mm size C.B.H.G chips including cost, carriage & royalty etc complete			
	HG chips 12 mm	0.96 cum	Rs 1581.40	1518.14
	Sand	0.45 cum	Rs 443.42	199.53
	Cement	3.23 qtl	Rs 630.00	2034.90
	Mason 2nd Class	0.60	Rs 351.00	210.60
	Mulia	4.6	Rs 311.00	1430.60
		Total		**5393.77**
4	Cutting, bending, binding, straightening and tying the grills and placing in position including cost of M.S Tor Steel and binding wire etc (Ref-A/R-2006 item No. 9 Page 52). Taking output for 1 quintal			
	Cost & carriage of HYSD Steel including 5% for wastage & overlapping	1.05 qtl	Rs 5500.00	5775.00
	Binding wire	8 kg	Rs 80/kg	640.00
	Labour for cutting, bending, shifting to site, tying & placing in position Mate	0.44	401.00	176.44
	Blacksmith Special	4	461.00	1844.00
	Semiskilled mulia	8	351.00	2808.00
		Total		**11243.44**

01) 02 ply barbed wire (5 Rmt per kg)

7 straight strand x 1000 Mt =7000Mt

2 Diagonal strand = 2 X $\sqrt{(6.5')^2 + (8.2')^2}$ = 2 x 10.50 ft

=21.00 ft x 400 nos=8400 ft or =2560Mt

=9560Mt

Cost per KM=9560/5=1912 Kg @ Rs.80/Kg **Rs.1, 52,960.00**

02). Construction of RCC pillars of size-
Length—8ft, Bottom width 6"x6", Top width-4"x4"
Reinforced with 6mm rods with proper curing
$\{8' \times \frac{6"+4"}{2}\} \times \frac{6"+4}{2}$ = 1.34 cft or 0.038 cum

i) Cost of c.c. work 1:2:4=0.038 cum @5393.77/cum = 204.96
ii) Cost of rod including cutting, bending & binding
0.038x0.9qtl=0.0342 qtl@ Rs. 11243.44/qtl. = 384.52
iv) Contingency (15%) including = 88.42
Curing, stacking, provision of hooks etc.
Rs.677.90

Requirement of pillars per KM-
Spacing=2.5mtx2.5mt
Requirement=1000mt/2.5mt = 400
Strut pillar in every 10th pillar = (400/10)x2 = 80
480 Nos
Cost of pillars per Kilometer= 480@ Rs 677.90 **Rs.3, 25,392.00**

03) Fitting fixing of RCC pillars in position with hbg metal (4cm) in C.M (1:4:8)
i) Digging of pits 1.5'x1.5'x1.5'=3.375cft/pit
for 480 pits, 480x3, 375=1620 cft or 45.86 cum @ Rs. 13640.46/100cum =Rs 6255.51
ii) Fixing of pillars with 4cm hbg metals in C.M 1:4:8
pit size-1.5'x1.5'x1.5' =3.375 cft
Deduct 1/3rd of butt of pillar i.e.3.375/3 = (-) 1.125 cft
Total c.c. work per pillar 2.25cft
For 480 pillars=480x2.25=1080cft or 30.577 cum @ Rs. 3746.94/cum **Rs.1, 14,570.18**

04) Labour for straightening the barbed wire and fixing & clipping with pillars
70M.d per km@ Rs 311.00 per manday = **Rs.21, 770.00**

05) Carriage of Barbed wire & pillars to work site
@Rs.1000/tl. and cost of loading & unloading within 5 km distance
Approximately 10 tld @ 800/tld = **Rs.18, 000.00**

06). Provision of one Iron Gate of size (4' x 5') on LS = **Rs. 7,500.00**

Total = Rs.6, 46,447.69
Labour Cess 1% = Rs. **6,464.48**
Expenditure per 1 km of barbed wire fencing **Rs.6, 52,912.17**

07) Expenditure towards maintenance for 3 years (3rd, 6th & 9th year)
@ 2% of cost per rkm = 3 x 2% x Rs. 6, 52,912.17 = Rs.39,174.73

Expenditure per 1 km of barbed wire fencing including maintenance = **Rs.6, 92,086.90**
Or say Rs 6, 92,100.00

ANNEXURE-II

ANNEXURE-XIV Series

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE,
AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-elght thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

Encl:- As above.

Regional Chief Conservator of Forests,
Rourkela Circle

Memo No. Date:

Copy forwarded to the Chief Conservator of Forests(Forest Diversion & Nodal Officer, FC Act),O/o the Pr.CCF, Odisha for favour of kind information and necessary action with reference to Memo No.3317 dtd.01.06.2021 of the DFO, Keonjhar Division.

SCHEME FOR AFFORESTATION OVER ONE & HALF TIME OF SAFETY ZONE AREA OVER 10.38 HA IN DEGRADED FOREST LAND IN BAITARANI EAST- A PRF NEAR VILLAGE BASUDEBPUR (CHAMPUA RANGE) OF KEONJHAR FOREST DIVISION IN RESPECT OF KHANDABANDH IRON MINES OF M/s OMC LTD OVER ML AREA 366.311 HA IN KEONJHAR DISTRICT

CHAPTER- I

BRIEF NOTE ON THE PROPOSED FOREST DIVERSION PROPOSAL

Government of India in the Ministry of Environment, Forest and Climate Change has granted Stage-I Forest Clearance vide their letter F.No. 8-46/2018-FC, Dt. 31.01.2019 for diversion of 345.189 hectares of forest land in favour of Khandabandha Iron Ore Mines of M/s Odisha Mining Corporation Limited. Condition no. (xii) of Stage-I FC stipulates that the User Agency shall bear the cost of afforestation in degraded forest land elsewhere to the extent of one and half time of the safety zone area. The safety zone involved in this project being 6.919 ha.

The Range Officer, Champua Range has identified 10.38 ha. of degraded forest land in Baitarani East- A PRF near village Basudebpur. The location of the above degraded forest land has been shown in the map enclosed in the Scheme.

Plantation will be taken up over 10.38 Ha. (1.5 x 6.919) of identified degraded forest area in ANR mode @ 400 plants/Ha. The cost estimate for this plantation calculated as per cost norm for Aided Natural Regeneration (ANR) @ 400 plants per hectare @ Rs. 311.00/Manday is enclosed as **Annexure-1**. Earlier a scheme for afforestation over one and half time of safety zone over an area of 10.38 ha has been approved by RCCF, Rourkela @ Rs. 286.30 per man day, Rs. 298.00 per man day and Rs. 303.40 per man day. Labour Commissioner of Odisha letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00/- per man day.

CHAPTER- II

DETAILS OF LAND IDENTIFIED FOR PLANTATION OVER 10.38 IN ANR MODE @ 400 PLANTS/HA

IDENTIFICATION OF DEGRADED FOREST LAND

II(1)- Details of identified Forest land-

An area of 10.38 ha. degraded forest land in Baitarani East- A PRF near village Basudepur has been identified in Champua Range for taking plantation in ANR mode @ 400 plants/Ha. This area is coming under Improvement Working Circle as per Revised Working Plan of Keonjhar Forest Division. The identified degraded forest land is situated in Baitarani East- A PRF near village Basudebpur. The location map is enclosed as Plate-I. The area has been inspected by the Range Officer, Champua Range and found to be suitable for Afforestation and free from encroachment and encumbrances.

II(2)- Character of existing vegetation of the identified site-

The prevailing forest growth has been categorized under forest type- $3C/C_2e$ Moist Peninsular Valley Sal. The vegetation consists of Sal and its associates like Jamu, Sunari, Asana, Karada, Dhaura etc.

II(3)- Working Plan prescription for the identified site –

The special objectives of management for the identified forest block i.e. Baitarani East- A PRF is depicted hereunder -

- To regenerate the degraded forest block by providing silvicultural inputs and protection measures with people's participation through JFM programme.
- To ensure soil and moisture conservation measures to enrich the micro-edaphic conditions for making the forests productive in near future.
- To meet the bonafide needs of the local inhabitants for fuel wood out of thinning and other cultural operations as prescribed.
- To tend the existing crop to get maximum growth.
- To improve the density condition and composition of the crop.

II(4)- Suitability of the identified site –

The identified site in Baitarani East- A PRF near village Basudebpur is a degraded patch with existing vegetation of Sal and Sal associates. Gaps are sporadically spread over the forest block. The topography of the area is almost plain to gentle hilly in the identified area. The soil is mostly hard rock to sandy loam. The average maximum temperature is 42^0 to 45^0C and minimum 5^0 to 10^0 C and annual rainfall varies from 1100 mm to 1800 mm. The maximum rainfall is received during the rainy season from July to September. The identified site is situated adjacent to village Basudebpur. The site has to be demarcated with 4 feet RCC pillars with erection of durable signboard depicting Scheme, Year, User Agency, Area etc. on it. Therefore, the plantation scheme is envisaged to be executed with involvement of Basudebpur VSS.

CHAPTER-III

DELINEATION OF PROPOSED AREA ON SUITABLE MAP

III(1)- GPS COORDINATES AND GPS MAP OF THE PLANTATION SITE

The area has been demarcated through GPS survey and GPS survey data showing latitude and longitude of each point and their chainage with bearing is also enclosed in the map prepared thereon (Maps enclosed).

Decision Support System of degraded forest land identified in Baitarani East- A PRF near village Basudebpur under Champua Range

Sl. No.	Name of the Village	Verified in Decision Support System (in ha)		
		Total Area	Non-forest	Open-forest
1	Baitarani East- A PRF	10.38	10.38	0.00

DSS map is enclosed as Plate- IV.

CHAPTER- IV

AGENCY RESPONSIBLE FOR PLANTATION OVER 10.38 HA

IV(1)- AGENCY RESPONSIBLE FOR PLACEMENT OF FUNDS

The user agency shall provide funds to carry out plantation as per approved scheme. The funds to be deposited in CAMPA Account by the User Agency.

The Territorial Wing of the Forest Department i.e. Divisional Forest Officer, Keonjhar Division shall be assigned with the task for execution of plantation work.

CHAPTER- V

DETAILS OF WORK SCHEDULE PROPOSED OVER 10.38 HA

A. PLANTING PLAN

Planting Plan reflects the species specific treatment of the identified site. Choice of species is based on the geo-morphology of the site, soil-texture, structure, fertility and depth, proneness of the site to water logging etc. Generally planting will be done with a spacing of 2.5 m X 2.5 m.

Species to be planted:-

1. *Sizyzium cumini* (Jamu)
2. *Adina cardifolia* (Kuruma)
3. *Anogeissus latifolia* (Dhaura)
4. *Dalbergia sissoo* (Sissoo)
5. *Azadirrachta indica* (Neem)
6. *Gmelina arborea* (Gambar)
7. *Terminalia chebula* (Harida)

B.PRE-PLANTING OPERATION

B(I)-RAISING OF PLANTATION STOCK- NURSERY-

Nursery will be raised including seedlings for 10% causality replacement i.e. 440 seedlings per hectare will be raised.

B(II)- SURVEY, DEMARCATION & PILLAR POSTING, GPS READING WITH MAPPING-

The planting area has been surveyed and demarcated with four feet height RCC pillars at inter visible distance with GPS coordinates, forward and backward bearing, pillar No. and distance between pillars inscribed in it. A GPS map in the scale of 1:1000 has been prepared along with GPS co-ordinates, forward & backward bearing, pillar to pillar distance and pillar numbers reflected in the map. A sign board shall be erected at a conspicuous location with name of the site, scheme, area etc. depicted on it.

C. PLANTING OPERATION

Planting of seedlings will be taken up in the month of July. The polythene covering the ball of earth will be carefully removed before planting. Care will be taken to see that the ball of earth is not broken while doing so. The seedling with the ball of earth will then be placed firmly in the pit and buried at such a depth that the root collar is well below the surface of the soil. The soil around the plant will be well compacted with the heal as a final step so that there is a proper bond between the plant and the surrounding soil. The earth close to the collar will be slightly elevated so that rain water does not accumulate very close to the plant.

D. POST PLANTING OPERATION

D(1)-CASUALTY REPLACEMENT

The entire area will be gone over in the same order as plantation was carried out and casualties, if any, will be replaced as soon as the main plantation operation is over.

D(2)-WEEDING AND SOIL WORKING

Regular and efficient weeding will start immediately in the month of August- September.

D(3)-MANURING AND INSECTICIDE APPLICATION

On degraded sites urban compost or farmyard manure, wherever available, will be added to the soil while refilling the pits. As regards artificial fertilizers, the

minerals required and dosage will be applied in the month August to September as per the schedule and dosage provided in the Cost Norm.

D(4)-PROTECTION AGAINST FIRE AND GRAZING

Fire line tracing will be ensured to protect the plantation from fire and watch & ward will be provided as per the approved norm for protecting the plantation & protect the plant site from grazing by domestic animals using Bamboo Twig fencing around the plantation site over an area 1697.24 Rmt with involvement of Basudebpur VSS.

CHAPTER-VI

REQUIREMENT OF FUNDS:

For implementation of all prescriptions outlined above, Rs. 17,61,700/- **(Rupees seventeen lakh sixty one thousand seven hundred)** only will be required as detailed below.

1.	ANR plantation @ 400 plants/Ha with 10 years maintenance amounting to Rs. 59902.71/- per Ha. **Expenditure for 10.38 ha (10.38 x 59902.71) = Rs 621790.13**	Rs.	621790.13
2	Staggered trenches @130 MD per ha over 10.38 ha.	Rs.	419663.40
3	Additional incentive (3% of cumulative expenditure upto 4th year) for VSS/Fr./FG proposed for more than 80% survival and very good growth during 4th year of maintenance as per recommendation of DFO and RCCF. @Rs. 1620.74/- for 10.38 ha.	Rs.	16823.28
4	Additional EPA expenses if implemented through VSS at rate Rs.1200/- in 0th Year, Rs.2400/- in 1st Year, Rs.1800/- in 2nd Year, Rs.600/- in 3rd Year, Rs.600/- in 4th Year,Rs.600/- in 5th Year ,Rs.600/- in 6th year, Rs.600/- in 7th year, Rs.600/- in 8th year, Rs.600/- in 9th year, Rs.600/- in 10th year @ Rs. 10200/- per ha for 10.38 ha	Rs.	105876.00
5	Bamboo twigs continuous fencing @ Rs.207.10 /- per Rmt for Rmt including maintenance to be carried out:- Expenditure for ha (Rs. 207.10/- x 1467.542 Rmt) = Rs 303927.95/-	Rs.	303927.95
	TOTAL PLANTATION COST :-	Rs.	1468080.76
8	Add 20% for escalation	Rs.	293616.15
	Total Plantation cost :-	Rs.	**17,61,696.91** Or **17,61,700.00**

(Rupees seventeen lakh sixty one thousand seven hundred) only.

NB:- The cost norm for ANR plantation @400 plants per ha & the cost norm for Bambo Twings continuous fencing for Block Plantation are taken @Rs. 311.00/Manday.

Technically Approved

Regional Chief Conservator of Forests
Rourkela Circle

Divisional Forest Officer,
Keonjhar Division

CHAPTER-VII

PROVISION OF FUNDS AND FUND UTILIZATION

Rs. 17,61,700/- (Rupees seventeen lakh sixty one thousand seven hundred) only shall be deposited by the user agency M/s OMC Ltd on approval of the scheme to the Ad-hoc CAMPA Account and the funds will be utilized for raising plantation over 10.38 ha by the Divisional Forest Officer, Keonjhar Division on allotment by the Principal Chief Conservator of Forests, Odisha, Bhubaneswar.

Divisional Forest Officer,
Keonjhar Division

	Materials required (10 Running Meter)				
1	Bamboo Poles (Bambusa vulgaris) each of 2.1 m long		6 pieces (1 long bamboo)		
2	Bamboo twigs		1/2 cartload		
3	Split Bamboo(Dendrocalamus strictus)- each 10 m long		4 pieces (or 2 whole pieces)		
4	Binding GI Wire		120 rft		
5	Sand		7 cft		
6	Chloropyriphos		0.25 kg		

OFFICE OF THE DIVISIONAL FOREST OFFICER, KEONJHAR DIVISION

Phone No- 06766-254315, email ID- dfokjr.od@gov.in

No. 5454 /6F-Mining-15/2017
Dated, Keonjhar, the 08-09- 2020

To

The Executive Director, F&E,
M/s OMC Ltd, OMC House,
Bhubaneswar- 751001

Sub: Proposal for diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd in Keonjhar district, Odisha.

X-Sub: **Demand of funds towards scheme of 1.5 times safety zone & gap planting and soil & moisture conservation measures to restock and rejuvenate the degraded open forests located within 100 mtr from outer perimeter of mining lease.**

Ref: Memo No. 2285 dt. 21.08.2020 of Regional Chief Conservator of Forests, Rourkela Circle, Rourkela.

Sir,

With reference to the aforementioned memo on the captioned subject, you are requested to deposit the approved amount of Rs. 50,89,200/- (Rupees fifty lakh eighty-nine thousand two hundred) only towards scheme of 1.5 times safety zone & gap planting and soil & moisture conservation measures to restock and rejuvenate the degraded open forests located within 100 mtr from outer perimeter of mining lease as per current wage rate 303.40/- per mandays through e-portal of MoEF&CC as provided in the https://parivesh.nic.in/ and the proof/evidence of the deposit of fund be submitted to this office for further necessary action at this end.

Sl. No.	Particulars	Area (in ha)	Amount to be deposited as per current wage rate of Rs 303.40/- per mandays (Rs.)
1	1.5 times safety zone over 10.38 ha	10.38	1732600.00
2	gap planting and soil & moisture conservation measures to restock and rejuvenate the degraded open forests located within 100 mtr from outer perimeter of mining lease	16.136	3356600.00
	Total		5089200.00

(Rupees fifty lakh eighty-nine thousand two hundred) only

Yours faithfully,

Divisional Forest Officer,
Keonjhar Division.

To

The Divisional Forest Officer,
Keonjhar Division, Keonjhar

Sub: Issue of Certificate regarding compliance of Schedule Tribe and Other Forest Dwellers (Recognition of Forest Right) Act,2006 regarding Diversion forestland measuring Hc.294.53 for mining activities in Khandabandh Iron & Manganese Mines of M/s OMC Ltd..

Ref:- Memo No.17595/F&E/Dt.24.10.2009 communicated by Joint Secretary to Govt., Forest & Environment Department, Orissa.

Sir,

With reference to the memo on the subject cited above, I am to send herewith the Certificate regarding compliance of Schedule Tribe and Other Forest Dwellers (Recognition of Forest Right) Act, 2006 in respect of proposed diversion of forestland measuring Hc.294.53 in village Khandabandh, Guruda, Jalahari, Jaroli and Jajanga under Barbil Tahasil for mining activities in Khandabandh Iron & Manganese Mines of M/s OMC Ltd alongwith the Gramsabha resolutions of the said villages.

Yours faithfully,

Encl:- As above.

Collector, Keonjhar

Memo No. 235 /Rev/ Dt 18.01.13

Copy forwarded to the Regional Manager, OMC Ltd, Barbil, Keonjhar for information and necessary action.

Collector, Keonjhar

Memo No. /Rev/ Dt

Copy forwarded to the Sub-Collector, Champua alongwith Case record No.255/2012 for information and necessary action

Collector, Keonjhar

REGARDING COMPLIANCE OF SCHEDULED TRIBES ,& OTHER TRADITINAL FOREST DWELLERS (RECOGNITION OF FOREST RIGHT) ACT, 2006 IN RESPECT OF DIVERSION OF FORESTLAND MEASURING Ha.294.53 OR Ac.727.81 FOR MINING ACTIVITIES IN KHANDABANDH IRON & MANGANESE MINES OF M/S O.M.C. LTD

01. It is certified that the complete process for identification and settlement of rights under the Scheduled Tribes & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 has been carried out for the entire Forest area of Ha.294.53 proposed for diversion at village Khandabandh, Guruda, Jalahari, Jaroli and Jajanga under Barbil Tahasil for mining activities in Khandabandh Iron & Managanese mines by the User Agency M/s OMC Ltd. It is pertinent to mention that 08 beneficiaries have occupied Ac.1.08 in the proposed diversion area in respect of Plot No.64 under Khata No.40 in village Khandabandh and their individual claim applications have been received at SDLC level. Rights of those claimants will be settled in due course of time according to their eligibility under F.R.Act. The concerned record of all consulations and meeting held are annexed in shape of Gram Sabha Resolutions.

02. It is certified that the proposal for such diversion has been placed before each Gram Sabhas in presence of more than 50% of members (Voters) of Gram Sabha where the details of the projects and its implication have been explained to them in vernacular language.

03. It is certified that discussions and decisions on such proposals had taken place only when there was a quorum of minimum 50% of the members of the Gram Sabha present.

04. It is certified that the rights of primitive Tribal Groups and pre-agricultural communities have been specifically safeguarded as per section 3(1) (e) of the Forest Rights Act.

05. It is certified that the diversion of Forest land for facilities managed by Government as required u/s 3(2) of the Forest Rights Act (if any) have been completed and the Gram Sabha has consented to it.

17/1/13

COLLECTOR, KEONJHAR
CHAIRMAN, D.L.C

Village- **KHANDBANDH**
Date- 21.8.2011
Place- Khandbandh village Road
Time- 10.00 A.M.

A Gramsabha was conducted to-day dated 21.8.2011 in village Khandbandh under the chairmanship of Sri Radhakanta Nayak, Sarapanch. In presence of more than 60% members of Gramsabha and Forest committee, the following issues were discussed in the Gramsabha Meeting.

1) M/s Odisha Mining Corporation Limited has applied for issue of clearance certificate for diversion of forest land measuring **268.987 hectares** for non-forest use (Mining) of Khandbandh M.L. in village Khandbandh which was thoroughly discussed in the meeting.
2) The aim, objectives and the use of the said diversion proposal was discussed thoroughly in the Gramsabha Meeting.
3) The Rules and Regulations of the Scheduled Tribes and other Traditional Forest dwellers (Recognition of Forest Rights) Act, 2006were discussed keeping in view the said forest diversion proposal. The above proposed land is coming within mining leasehold area of M/s Odisha Mining Corporation Ltd. No Scheduled Tribe or other traditional forest dwellers are cultivating, residing and doing other traditional activity within the proposed forest land and no Forest Right (Individual or Community) has been granted to any Scheduled Tribe or other traditional forest Dwellers within the forest land proposed for diversion.

Hence, it was unanimously resolved in the Gramsabha for issue of clearance certificate under Forest Right Act, 2006 for proposed diversion of **268.987 hectares** of forest land for non-forest use i.e, for mining purpose by M/s Odisha Mining Corporation Ltd.

ENGLISH TRANSLATION OF GRAMSABHA MEETING

Village- **JAJANG**
Date- 23.8.2011
Place- Jajang village Danda
Time- 4.00P.M.

A Gramsabha was conducted to-day dated 23.8.2011 in village Jajang under the chairmanship of Sri Indra Purti, Sarapanch. In presence of more than 60% members of Gramsabha and Forest committee, the following issues were discussed in the Gramsabha Meeting.

1) M/s Odisha Mining Corporation Limited has applied for issue of clearance certificate for diversion of forest land measuring **0.710 hectares** for non-forest use (Mining) within Khandbandh M.L. in village Jajang which was thoroughly discussed in the meeting.
2) The aim, objectives and the use of the said diversion proposal was discussed thoroughly in the Gramsabha Meeting.
3) The Rules and Regulations of the Scheduled Tribes and other Traditional Forest dwellers (Recognition of Forest Rights) Act, 2006 were discussed keeping in view the said forest diversion proposal. The above proposed land is coming within mining leasehold area of M/s Odisha Mining Corporation Ltd. No Scheduled Tribe or other traditional forest dwellers are cultivating, residing and doing other traditional activity within the proposed forest land and no Forest Right (Individual or Community) has been granted to any Scheduled Tribe or other traditional forest Dwellers within the forest land proposed for diversion.

Hence, it was unanimously resolved in the Gramsabha for issue of clearance certificate under Forest Right Act, 2006 for proposed diversion of **0.710 hectares** of forest land for non-forest use i.e, for mining purpose by M/s Odisha Mining Corporation Ltd.

FORM NO.II
(for projects otherthan linear projects)
Government of Odisha
Office of the District Collector, Keonjhar

No. 263 Dt. 22.02.17

TO WHOMSOEVER IT MAY CONCERN

In compliance of the Ministry of Environment and Forests (MoEF), Government of India's letter No.11-9/98-FC(Pt) dt.3rd August, 2009 wherein the MoEF issued guidelines on submission of evidences for having initiated and completed the process of settlement of rights under the Scheduled Tribes and Other Traditional Forest Dwellers(Recognition of Forest Rights Act), 2006 ('FRA' for short) on the forest land proposed to be diverted for non-forest purposes, it is certified that 50.866 hectares of forest land proposed to be diverted in favour of M/s OMC Ltd. for the purpose of mining activities in Khandabanh Iron Ore Mines in Keonjhar District falls within jurisdiction of Khandabandh,Jalahari,Jaroli and Guruda villages in Barbil Tahasil

It is further certified that

(a) the complete process of identification and settlement of rights under the FRA has been carried out for the entire 50.866 hectares of forest land proposed for diversion. A copy of records of all consultations and meetings of the Forest Rights Committee(s), Gram Sabha(s). Sub-Division Level Committee(s) and the District level Committee are enclosed as annexure- 1 to annexure- 28

(b) the proposal for such diversion (with full details of the project and its implecations, in vernacular/local language) have been placed before each concerned Gram Sabha(s) of forest dwellers who are eligible under the FRA.

(c) the each of concerned Gram Sabha(s), has certified that all formalities/processes under the FRA have been carried out, and that they have given their consent to the proposed diversion and the compensation and ameliorative measures, if any, having understood the purpose and the details of proposed diversion. Copies of Gram Sabha Resolutions of village-Khandabandh,Jalahari,Jaroli and Guruda are enclosed as annexture-5,12,17 and 23

(d) the discussion and decisions on such proposals had taken place only when there was a quorum of minimum 50% of the members of Gram Sabha present.

(e) No such facilities managed by Government requiring diversion of forest land u/s 3(2) of the Forest Rights Act, 2006 exist over the forest land proposed for diversion.

(f) the rights of Primitive Tribal Groups and Pre-Agricultural Communities, where applicable have been specifically safeguarded as per section 3(1)(e) of the FRA.

(Dr.N. Thirumala Naik)
Collector, Keonjhar

Memo No. 264 /Rev/ Dt 22.02.2017

Copy of Certificate alongwith its enclosures(Annexture-1 to 28) forwarded to the Divisional Forest Officer, Keonjhar for information and necessary action.

Village-Purunadihi
G.P-Badakalimati

The proposal was received from Tahasildar, Barbil measuring an **area 2.394 Ha.** of declared as forest area for issue of certificate of compliance of ST & OTFD (RFR) Act, 2006 and Amendment Rules, 2012 for necessary diversion of forest land for non forest purpose i.e mining activities in **Dubuna Sekradihi Iron & Manganese Mines.** The Tahasildar Barbil, Forest Range Officer, Champua and President of FRC have recommended joint inquiry report of the proposed area along with requisite documents/information/map. More than 50% of voters were participated in the Gram Sabha of **village Purunadihi** held on **21.12.2016.** The Tahasildar, Barbil also submitted a certificate in this regard. The details of F.R.C Meeting/Palli Sabha/Grama Sabha in different date are noted below: -

19.04.2013:- i) Forest Right Committee was formed in the Palli Sabha.
ii) Applications was invited from the eligible ST & OTFD.
(Annexure-A)

14.12.2016:- i) Forest Right Committee meeting was held. It was unanimously passed in the Forest Right Committee Meeting that there is no objection if the proposed area (2.394 Ha.) is used by the User Agency M/S OMC Ltd. for mining purpose.
(Annexure-B)

21.12.2016:- i)Grama Sabha was held for diversion of forest land for non-forest purpose measuring an area 2.394 Ha. (Notice enclosed)
(ii) The Members present decided considering the different aspects of ST & OTFD Rule that there is no objection if the proposed area is used for mining purpose (Annexure-C)

Awareness

14.12.2016:- Forest Right Committee meeting was held. Application was invited from the eligible person. Different aspects of forest right was discussed

Village-Naibuga
G.P-Basantpur

The proposal was received from Tahasildar, Jhumpura measuring an area 338.732 Ha. (Revenue Forest 290.554 Ha. + 48.178 Ha. Reserve Forest) declared as forest for issue of certificate of compliance of ST & OTFD (RFR) Act, 2006 and Amendment Rules, 2012 for necessary diversion of forest land for non forest purpose i.e mining activities in **Dubuna Sekradihi Iron & Manganese Mines.** The Tahasildar Jhumpura, Forest Range Officer, Champua and President of FRC have recommended joint inquiry report of the proposed area along with requisite documents/information/map. More than 50% of voters were participated in the Gram Sabha of village Naibuga held on **21.12.2016.** The Tahasildar, Jhumpura also submitted a certificate in this regard. The details of F.R.C Meeting/Palli Sabha/Grama Sabha in different date are noted below: -

18.04.2013:- i) Forest Right Committee was formed in the Palli Sabha.
ii) Applications was invited from the eligible ST & OTFD.
(Annexure-A)

14.12.2016:- i) Forest Right Committee meeting was held. It was unanimously passed in the Forest Right Committee Meeting that there is no objection if the proposed area (338.732 Ha.) is used by the User Agency M/S OMC Ltd. for mining purpose.
(Annexure-B)

21.12.2016:- i)Grama Sabha was held for diversion of forest land for non-forest purpose measuring an area 338.732 Ha. (Notice enclosed)
(ii) The Members present decided considering the different aspects of ST & OTFD Rule that there is no objection if the proposed area is used for mining purpose (Annexure-C)

14.12.2016:- Forest Right Committee meeting was held. Application was invited from the eligible person. Different aspects of forest right was discussed

Village-Basantpur
G.P-Basantpur

The proposal was received from Tahasildar, Jhumpura measuring an area 31.018 Ha. for issue of certificate of compliance of ST & OTFD (RFR) Act, 2006 and Amendment Rules, 2012 for necessary diversion of forest land for non forest purpose i.e mining activities in Dubuna Sekradihi Iron & Manganese Mines. The Tahasildar Jhumpura, Forest Range Officer, Champua and President of FRC

have recommended joint inquiry report of the proposed area along with requisite documents/information/map. More than 50% of voters were participated in the Gram Sabha of village Basantpur held on 20.12.2016. The Tahasildar, Jhumpura also submitted a certificate in this regard. The details of F.R.C Meeting/Palli Sabha/Grama Sabha in different date are noted below: -

22.04.2013:- i) Forest Right Committee was formed in the Palli Sabha.
ii) Applications was invited from the eligible ST & OTFD.
(Annexure-A)

08.12.2016:- i) Forest Right Committee meeting was held. It was unanimously passed in the Forest Right Committee Meeting that there is no objection if the proposed area (31.018 Ha.) is used by the User Agency M/S OMC Ltd. for mining purpose.
(Annexure-B)

20.12.2016:- i)Grama Sabha was held for diversion of forest land for non-forest purpose measuring an area 31.018 Ha. (Notice enclosed)
(ii) The Members present decided considering the different aspects of ST & OTFD Rule that there is no objection if the proposed area is used for mining purpose (Annexure-C)

Awareness

08.12.2016:- Forest Right Committee meeting was held. Application was invited from the eligible person. Different aspects of forest right was discussed.

After discussion in SDLC meeting the present members decided to recommend issue of certificate of compliance of ST & OTFD (RFR) Act, 2006 submitted by User Agency M/S OMC Ltd. measuring of an area 1380.139 Ha. to DLC as indicated below for taking further necessary action.

Sl. No	Name of the Mines	Name of the village	Area in Hac. against which compliance certificate recommended
1.	Khandbandh Iron Ore Mines	Khandbandh	40.454 Ha.
		Jalahari	2.904 Ha.
		Jorali	2.386 Ha.
		Guruda	5.122 Ha.
2.	Tiringpahar Iron Ore Mines	Khandbandh	6.578 Ha.
		Kundurpani	6.578 Ha.
3.	Banspani Iron Ore Mines	Jalahari	4.362 Ha.
4.	Uchabali (Mahaparbat) Iron Ore Mines	Balada	23.804 Ha.

CERTIFICATE:

a) The complete process for identification and settlement of rights under the FRA has been carried out for the entire 50.866 Hectares forest land proposed for diversion in village Khandabandha, Jalahari, Jorali & Guruda as revealed from the proceedings for the Gram Sabha.

b) The proposal for such diversion in vernacular/local language have been placed before each concerned Gram Sabha of forest dwellers, who are eligible under the FRA. As revealed from the proceeding of the Gram Sabha

c) The concerned Gram Sabha have certified that all formalities/processes under the FRA have been carried out, and that they given their consent to the proposed diversion and the compensation and ameliorative measures, if any, having understood the purpose and details of proposed diversion.

d) It reveals from the enquiry report furnished by Revenue and Forest personnel the discussion and decisions on such proposals had taken place only when there was a quorum of minimum 50% of the members of Gram Sabha present.

e) It reveals from the enquiry report furnished by Revenue and Forest personnel that no such facilities managed by the Govt. as required under section 3(2) of the FRA requiring diversion of forest land exist within the applied are as.

f) The right of PTG and PAC where applicable have been specifically safeguarded as per section 3(1)(e) of the FRA as reveals from the enquiry report furnished by Revenue & Forest personnel.

g) It reveals from the proceeding of the Gram Sabha of village that no ST or OTFD were in possession of the forest land proposed for diversion before 13.12.2005.

h) Further it reveals from the Gram Sabha proceedings of the above village that no tribal or OTFD are presently residing nor any title of rights has been granted under the ST & OTFD (RFR) Act,2006 to any tribal or OTFD on the Forest land proposed for diversion.

(18) ANNEXURE - XVIII

No.J-11015/1081/2007-IA.II(M)
Government of India
Ministry of Environment and Forests

Paryavaran Bhawan
CGO Complex, Lodi Road,
New Delhi-110 003

Dated the 15th December, 2008

To

M/s Orissa Mining Corporation Limited
OMC House,
P.O. Box-34,
Bhubanswar – 751 001
Orissa
E-mail: info@orissamining.com

Subject: Expansion of Khandbandha Iron Ore Mining Project of M/s Orissa Mining Corporation Limited, located in Village(s) Khandandha, Gurda, Jalahuri, Jaroli & Jajang, Tehsil Barbil, District Keonjhar, Orissa - environmental clearance regarding

Sir,

This has reference to your letter No. 10590/OMC/F&E/2007 dated 15.05.2007 and subsequent letters dated 04.10.2007, 09.07.2008 and 08.08.2008 on the subject mentioned above. The proposal is for renewal of mine lease and enhancement of production of iron ore from 0.2million TPA to 1million TPA. The total mine lease area of the project is 366.311ha, out of which, 19.106ha is an agricultural land, 294.53ha is forestland, 46.231ha is waste land, 2.486ha is grazing land, 0.638ha is roads and 3.32ha is settlements (township). The mine lease area forms part of an un-classed forests. No new township is envisaged. Area proposed for mining is 169.044ha, an area of 9.473ha is kept for infrastructure, 28.359ha for temporary OB dumps, 4.365ha for temporary mineral storage, 10.638ha for roads, 8.88ha for green belt, 3.32ha for township, 16.338ha for magazine and its safety zone and 115.894ha is others (untouched area). The area released by re-handling of OB dump and also mineral storage shall be reclaimed by plantation during post mining stage. The Baitarani River is flowing in the buffer zone of the mine at a distance of 2km from the mine lease boundary. In addition, the Kundra Nallah is also located in the buffer zone of the mine at a distance of 3km from the mine lease boundary. A stretch of one seasonal fourth order stream, admeasuring to 570m, lying in the western side of the lease area will be affected due to expansion of deposit I and deposit V quarry, a diversion channel has been planned. No national park/wildlife sanctuary/biosphere reserve/tiger reserve/elephant reserve etc. is reported to be located in the core and buffer zone of the mine and that the area does not report to form corridor for Schedule-I fauna. In support of this, a duly authenticated map has been provided through the Divisional Forest Officer cum Wild Life Warden, Keonjhar Division. The Karo Kamarda Elephant Corridor is reported to be located at a distance of 11.6km from the mine lease boundary. Six Reserve Forests namely Baitarani RF, Khandabandha RF, Chamakpur RF, Sidhamatha RF, Dandadhuri RF and Mahaparbat RF are located in the buffer zone of the mine at a

...2/-

distance of 0.5km, 1km, 3km, 2km, 7.5km and 6.5km respectively from the mine lease boundary. The mine working will be opencast by semi-mechanized method involving drilling and blasting. There is an existing 60TPH crusher and an additional crusher of 110TPH is proposed as a part of this project. The targetted production capacity of the mine is 1million TPA and the life of mine is 7years. Approximately 3350TPD of mineral will be transported through road. The topography of the area is undulated and hilly at an elevation above mean sea level ranging from 525m-677m AMSL. There are six working pits (deposits). The deposit I and deposit V will be merged by 2013. The ultimate working depth of mine, deposit wise will be 585m AMSL in deposit I & deposit V, 596m AMSL in deposit II, 588m AMSL in deposit III, 626m AMSL in deposit IV and 618m AMSL in deposit VI. The groundwater table reported to vary from 544m-548m AMSL. The mine working will not intersect groundwater table. The peak water requirement of the project is estimated 73m^3 per day, which will be sourced from the perennial Kundra Nallah. Thirty five households comprising a population of 163people including 154tribals from one Village namely Khandbandh are reported to be located in the core zone of the mine, however displacement of population and R&R has not been envisaged. Approximately 0.2494million m^3 of OB has already been accumulated and another 4.518million m^3 of OB is proposed to be generated during the expansion phase (mine life). The entire quantity of the waste will be backfilled. The already accumulated waste will be re-handled in the first five years and there will be no external over burden dumps at the end of the mine life. Plantation will be raised in an area of 210.648ha at the end of the mine life and there will be no water body left during the post mining stage. The State Pollution Control Board, Orissa issued Consent to Establish to the project on 26.04.2007 for enhancement of iron ore production from 0.2million TPA to 1million TPA over mine lease area of 366.11ha.The public hearing of the project was held on 08.03.2007 as per EIA Notification, 2006 for enhancement of production of iron ore from 0.02million TPA to 1million TPA over an area of 366.311ha. The Indian Bureau of Mines had approved modified mining plan including progressive mine closure plan of the project on 23.10.2006 for lease area of 366.311ha. The capital cost of the project is Rs.31.95Crores. The capital cost for environmental protection measures is proposed as Rs.301Lakhs and the annual recurring cost towards environmental protection measures is proposed as Rs.33Lakhs.

2. The Ministry of Environment and Forests has examined the application in accordance with Section 12 of the EIA Notification, 2006 read with para 1.2 of the Circular No. J-11013/41/2006-IA.II(I) dated 13.10.2006 and hereby accords environmental clearance under the provisions thereof to the above mentioned Khandbandh Iron Ore Mining Project of M/s Orissa Mining Corporation Limited for an annual production capacity of 1,000,000tonne(one million tonne) of iron ore by opencast semi-mechanized method involving total lease area of 366.311ha, subject to implementation of the following conditions and environmental safeguards.

/3/-

A. Specific conditions

(i) All the conditions stipulated by the State Pollution Control Board, Orissa in their Consent to Establish shall be effectively implemented.

(ii) The environmental clearance is subject to approval of the State Landuse Department, Government of Orissa for diversion of agricultural land for non-agricultural use.

(iii) Environmental clearance is subject to grant of forestry clearance. Necessary forestry clearance under the Forest (Conservation) Act, 1980 for an area of 294.53ha forestland involved in the project shall be obtained before starting mining operation in that area. No mining will be undertaken in the forest area without obtaining requisite prior forestry clearance.

(iv) The project proponent shall develop fodder plots in the non-mineralised area in lieu of use of grazing land.

(v) The mining operations shall be restricted to above ground water table and it should not intersect groundwater table. In case of working below ground water table, prior approval of the Ministry of Environment and Forests and Central Ground Water Authority shall be obtained, for which a detailed hydro-geological study shall be carried out.

(vi) The project proponent shall ensure that no natural watercourse and/or water resources are obstructed due to any mining operations. Adequate measures shall be taken while diverting the 570m length 4th order seasonal channels during the course of mining operation.

(vii) The top soil, if any, shall temporarily be stored at earmarked site(s) only and it should not be kept unutilized for long. The topsoil shall be used for land reclamation and plantation.

(viii) The over burden generated shall be stacked temporarily at earmarked dump site(s) only. The existing over burden (OB) shall be re-handled and backfilled. Backfilling has already been in progress and the existing dumps shall be liquidated by 2012. There shall be no external over burden dumps. The entire excavated area shall be backfilled and afforested. Monitoring and management of rehabilitated areas should continue until the vegetation becomes self-sustaining. Compliance status shall be submitted to the Ministry of Environment & Forests and its Regional Office located at Bhubaneswar on six monthly basis.

(ix) Catch drains and siltation ponds of appropriate size shall be constructed around the mine working, mineral and temporary OB dumps to prevent run off of water and flow of sediments directly into the Baitarni River, the Kundra Nallah and other water bodies. The water so collected shall be utilized for

...4/-

watering the mine area, roads, green belt development etc. The drains shall be regularly desilted, particularly after the monsoon, and maintained properly.

Garland drains, settling tanks and check dams of appropriate size, gradient and length shall be constructed around the mine pit, topsoil dump and temporary over burden dumps to prevent run off of water and flow of sediments directly into the Baitarni River, the Kundra Nallah and other water bodies and sump capacity shall be designed keeping 50% safety margin over and above peak sudden rainfall (based on 50 years data) and maximum discharge in the area adjoining the mine site. Sump capacity shall also provide adequate retention period to allow proper settling of silt material. Sedimentation pits shall be constructed at the corners of the garland drains and desilted at regular intervals.

(x) Dimension of the retaining wall at the toe of temporary OB dumps and the over burden benches within the mine to check run-off and siltation shall be based on the rain fall data.

(xi) Plantation shall be raised in an area of 210.648ha including a 7.5m wide green belt in the safety zone around the mining lease, backfilled and reclaimed area, quarry benches, around screening plant, roads etc. by planting the native species in consultation with the local DFO/Agriculture Department. The density of the trees should be around 2500 plants per ha.

(xii) Effective safeguard measures such as regular water sprinkling shall be carried out in critical areas prone to air pollution and having high levels of SPM and RSPM such as haul road, loading and unloading point and transfer points. It shall be ensured that the Ambient Air Quality parameters conform to the norms prescribed by the Central Pollution Control Board in this regard.

(xiii) Regular monitoring of water quality upstream and downstream of the Kundra Nallah shall be carried out and record of monitored data should be maintained and submitted to the Ministry of Environment and Forests, its Regional Office, Bhubneswar, the Central Groundwater Authority, the Regional Director, the Central Ground Water Board, the State Pollution Control Board and the Central Pollution Control Board.

(xiv) The project authority should implement suitable conservation measures to augment ground water resources in the area in consultation with the Regional Director, Central Ground Water Board.

(xv) Regular monitoring of ground water level and quality shall be carried out in and around the mine lease by establishing a network of existing wells and constructing new piezometers during the mining operation. The monitoring should be carried out four times in a year – pre-monsoon (April-May), monsoon (August), post-monsoon (November) and winter (January) and the data thus collected shall be sent regularly to the Ministry of

...5/-

Environment and Forests and its Regional Office, Bhubaneswar, the Central Ground Water Authority and the Regional Director, Central Ground Water Board. If at any stage, it is observed that the groundwater table is getting depleted due to the mining activity, necessary corrective measures shall be carried out.

(xvi) Suitable rainwater harvesting measures on long term basis shall be planned and implemented in consultation with the Regional Director, Central Ground Water Board.

(xvii) Appropriate mitigative measures shall be taken to prevent pollution of the Baitarni River in consultation with the State Pollution Control Board.

(xviii) The project proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite quantity of water (surface water and ground water) required for the project.

(xix) Vehicular emissions shall be kept under control and regularly monitored. Measures shall be taken for maintenance of vehicles used in mining operations and in transportation of mineral. The mineral transportation shall be carried out through covered trucks only and the vehicles carrying the mineral shall not be overloaded.

(xx) Blasting operation shall be carried out only during the daytime. Controlled blasting shall be practiced. The mitigative measures for control of ground vibrations and to arrest fly rocks and boulders should be implemented.

(xxi) Drills shall either be operated with dust extractors or equipped with water injection system.

(xxii) Mineral handling area shall be provided with adequate number of high efficiency dust extraction system. Loading and unloading areas including all the transfer points should also have efficient dust control arrangements. These should be properly maintained and operated.

(xxiii) Consent to operate shall be obtained from the State Pollution Control Board prior to start of enhanced production from the mine.

(xxiv) Sewage treatment plant shall be installed for the colony. ETP shall also be provided for the workshop and wastewater generated during the mining operation.

(xxv) Digital processing of the entire lease area using remote sensing technique shall be carried out regularly once in three years for monitoring land use pattern and report submitted to the Ministry of Environment and Forests and its Regional Office, Bhubaneswar.

(xxvi) Land oustees and land losers/affected people, if any, shall be compensated and rehabilitated as per the National Policy on Resettlement and Rehabilitation of project Affected Families.

P.6/-

(xxvii) Pre-placement medical examination and periodical medical examination of the workers engaged in the project shall be carried out and records maintained. For the purpose, schedule of health examination of the workers should be drawn and followed accordingly.

(xxviii) Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.

(xxix)The project proponent shall take all precautionary measures during mining operation for conservation and protection of endangered fauna namely elephant etc. spotted in the study area. Action plan for conservation of flora and fauna shall be prepared and implemented in consultation with the State Forest and Wildlife Department. Necessary allocation of funds for implementation of the conservation plan shall be made and the funds so allocated shall be included in the project cost. All the safeguard measures brought out in the Wildlife Conservation Plan so prepared specific to the project site shall be effectively implemented. A copy of action plan shall be submitted to the Ministry of Environment and Forests and its Regional Office, Bhubaneswar.

(xxx) A Final Mine Closure Plan along with details of Corpus Fund shall be submitted to the Ministry of Environment & Forests 5 years in advance of final mine closure for approval.

B. General conditions

(i) No change in mining technology and scope of working should be made without prior approval of the Ministry of Environment & Forests.

(ii) No change in the calendar plan including excavation, quantum of minerals iron ore and manganese ore and waste should be made.

(iii) Alteast four ambient air quality-monitoring stations should be established in the core zone as well as in the buffer zone for RSPM, SPM, SO_2 & NOx monitoring. Location of the stations should be decided based on the meteorological data, topographical features and environmentally and ecologically sensitive targets and frequency of monitoring should be undertaken in consultation with the State Pollution Control Board.

(iv) Data on ambient air quality (RSPM, SPM, SO_2 & NOx) should be regularly submitted to the Ministry including its Regional office located at Bhubaneswar and the State Pollution Control Board / Central Pollution Control Board once in six months.

...7/-

(v) Fugitive dust emissions from all the sources should be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points should be provided and properly maintained.

(vi) Measures should be taken for control of noise levels below 85 dBA in the work environment. Workers engaged in operations of HEMM, etc. should be provided with ear plugs / muffs.

(vii) Industrial waste water (workshop and waste water from the mine) should be properly collected, treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th May, 1993 and 31st December, 1993 or as amended from time to time. Oil and grease trap should be installed before discharge of workshop effluents.

(viii) Personnel working in dusty areas should wear protective respiratory devices and they should also be provided with adequate training and information on safety and health aspects.

Occupational health surveillance program of the workers should be undertaken periodically to observe any contractions due to exposure to dust and take corrective measures, if needed.

(ix) A separate environmental management cell with suitable qualified personnel should be set-up under the control of a Senior Executive, who will report directly to the Head of the Organization.

(x) The funds earmarked for environmental protection measures should be kept in separate account and should not be diverted for other purpose. Year wise expenditure should be reported to the Ministry and its Regional Office located at Bhubaneswar.

(xi) The project authorities should inform to the Regional Office located at Bhubaneswar regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.

(xii) The Regional Office of this Ministry located at Bhubaneswar shall monitor compliance of the stipulated conditions. The project authorities should extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data / information / monitoring reports.

(xiii) The project proponent shall submit six monthly report on the status of the implementation of the stipulated environmental safeguards to the Ministry of Environment and Forests, its Regional Office, Bhubaneswar, Central Pollution Control Board and State Pollution Control Board.

..8/-

(xiv) A copy of clearance letter will be marked to concerned Panchayat / local NGO, if any, from whom suggestion / representation has been received while processing the proposal.

(xv) State Pollution Control Board should display a copy of the clearance letter at the Regional office, District Industry Centre and Collector's office/ Tehsildar's Office for 30 days.

(xvi) The project authorities should advertise at least in two local newspapers widely circulated, one of which shall be in the vernacular language of the locality concerned, within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the State Pollution Control Board and also at website of the Ministry of Environment and Forests at **http://envfor.nic.in** and a copy of the same should be forwarded to the Regional Office of this Ministry located Bhubaneswar.

3. The Ministry or any other competent authority may alter/modify the above conditions or stipulate any further condition in the interest of environment protection.

4. Failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.

5. The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made thereunder and also any other orders passed by the Hon'ble Supreme Court of India/ High Court of Orissa and any other Court of Law relating to the subject matter.

6. Any appeal against this environmental clearance shall lie with the National Environment Appellate Authority, if preferred within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Act, 1997.

ANNEXURE-XX Series

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE, AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

Encl:- As above.

CHAPTER- I

BRIEF NOTE ON THE PROPOSED FOREST DIVERSION PROPOSAL

The mining lease of Khandbandh Iron ore mine was granted over 905.175 acers or 366.311 ha vide letter No. III (A) II-9/63- 11708, dated 22.11.1963 of Govt. of Odisha Mining & Geology Department. The said Mining lease was executed on dated 30.11.1963 for a period of 30 years with effect from 30.11.1963 to 29.11.1993 over an area of 366.311 ha. The first RML was applied on 09.11.1992 one year prior to expiry of the original mining lease period. The second RML was applied on 06.11.2012 over the said area from extension of ML period 30.11.2013 to 29.11.2033.

The Mining Lease of Khandbandh Iron Ore Mines of M/s OMC Ltd lies between longitude E 85^0 23'12.66888" – 85^0 24' 45.86016" and latitude N 21^0 55' 40.27579" – 21^0 57' 29.90066" in Survey of India topo sheet no. F 45 N 5. The said mining lease over 366.311 ha involves 97.217 ha Village Forest, 209.973 ha DLC forest land and 37.999 ha Non-forest land recorded as Forest as on 25.10.1980. The instant diversion proposal has been submitted over 345.189 ha (Revenue forest-97.217 ha, DLC Forest-209.973 ha and 37.999 ha Non- Forest land recorded as Forest as on 25.10.1980) including safety zone area over 6.77 ha Forest land for diversion under Section-2 (ii) of Forest (Conservation) Act, 1980. The certified status of the non-forest land, involved in the mining lease, depicts that 37.999 ha non-forest land in village Khandbandh, Guruda&Jaroli is Forest as on 25.10.1980. The total broken up land, involved in the mining lease, is 129.095 ha.

Stage-I approval for diversion of 345.189 ha. forest land for non-forest purpose for Khandabandha Iron Ore mine has been accorded vide F.No.8-46/2018-FC Dt. 31.1.2019 of Ministry of Environment, Forests & Climate Change subject to fulfillment of certain conditions.

As per condition No.(xxiii) of the Stage-I approval, *"User agency either himself or through the State Forest Department shall undertake gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests (having crown density less than 0.40), if any, located in the area within 100 m. from outer perimeter of the mining lease. The plan for plantation and SMC activities will be prepared and submitted to MoEF&CCbefore Stage-II Clearance"*

In compliance with this condition, a comprehensive scheme is prepared for implementation of the same in 366.311 ha. area of the said mining lease. Earlier a scheme for gap planting and soil moisture conservation measures to restock and rejuvenate the degraded open forests located within 100 mtr from mining lease has been approved by RCCF, Rourkela @ Rs. 286.30 per man day, @Rs. 298.00 per man day and Rs. @ Rs. 303.40 per man day. Labour Commissioner of Odisha letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00 per man day.

CHAPTER- II

DETAILS OF LAND IDENTIFIED FOR PLANTATION OVER 37.25Ha IN ANR MODEL @ 400 PLANTS/HA

IDENTIFICATION OF DEGRADED FOREST LAND

II(1)- Details of identified Forest land-

An area of 37.25 ha. degraded forest land outside the 100 mtrout side of ML area of Khandbandh Iron Ore mines of M/s OMC Ltd out of which non-forest -5.459 ha , open forest 10.677 ha and MDF 21.114 ha i.e in village Khandbanda, Guruda&Jalharihas been identified in Champua Range for taking plantation in ANR model @ 400 plants/Ha. The location map is enclosed as Plate-I. The area has been inspected by the Range Officer, Champua Range and found to be suitable for Afforestation and free from encroachment and encumbrances (copy enclosed).

II(2)- Character of existing vegetation of the identified site-

The prevailing forest growth in part of the forest land has been categorized under forest type- 3C/C_2e Moist Peninsular Valley Sal. The vegetation consists of Sal and its associates like Jamu, Sunari, Asana, Karada, Dhaura etc.

II(3)- Suitability of the identified site –

The identified site is a degraded patch with existing vegetation of Sal and Sal associates. Gaps are sporadically spread over the forest block. The topography of the area is almost plain to gentle hilly in the identified area. The soil is mostly hard rock to sandy loam. The average maximum temperature is 42^0 to 45^0C and minimum 5^0 to 10^0 C and annual rainfall varies from 1100 mm to 1800 mm. The maximum rainfall is received during the rainy season from July to September.

CHAPTER-III

DELINEATION OF PROPOSED AREA ON SUITABLE MAP

III(1)- GPS COORDINATES AND GPS MAP OF THE PLANTATION SITE

The area has been demarcated through GPS survey and GPS survey data showing latitude and longitude of each point and their chainage with bearing is also enclosed in the map prepared thereon (Maps enclosed).

Decision Support System of degraded forest land identified for plantation

Sl. No.	Name of the Village	Verified in Decision Support System (in ha)				
		Total Area	Non-forest	Open-forest	MDF	Area suitable for plantation
1	Khandbandh, Guruda&Jalhari	37.25	5.459	10.677	21.114	16.136

CHAPTER- IV

AGENCY RESPONSIBLE FOR PLANTATION OVER 16.136Ha.

IV(1)- AGENCY RESPONSIBLE FOR PLACEMENT OF FUNDS

The user agency shall provide funds to carry out plantation as per approved scheme. The funds to be deposited in CAMPA Account by the User Agency.

The Territorial Wing of the Forest Department i.e. Divisional Forest Officer, Keonjhar Division shall be assigned with the task for execution of plantation work.

CHAPTER- V

DETAILS OF WORK SCHEDULE PROPOSED OVER 16.136 HA

A. PLANTING PLAN

Planting Plan reflects the species specific treatment of the identified site. Choice of species is based on the geo-morphology of the site, soil-texture, structure, fertility and depth, proneness of the site to water logging etc.

Patch No.	Total Area in Ha.	Area suitable for Plantation	As per DSS report area coming with-in MDF	Remarks
Patch 1	5.799	3.562	2.237	Shown in the Map
Patch 2	5.462	3.996	1.466	Shown in the Map
Patch 3	5.828	1.468	4.360	Shown in the Map
Patch 4	9.193	6.150	3.043	Shown in the Map
Patch 5	10.968	0.960	10.008	Shown in the Map
Total	37.250	16.136	21.114	

Species to be planted:-

1. *Sizyziumcumini*(Jamu)
2. *Adina cardifolia*(Kuruma)
3. *Anogeissuslatifolia*(Dhaura)
4. *Dalbergiasissoo*(Sissoo)
5. *Azadirrachtaindica*(Neem)
6. *Gmelinaarborea* (Gambar)
7. *Terminaliachebula*(Harida)

B.PRE-PLANTING OPERATION

B(I)-RAISING OF PLANTATION STOCK- NURSERY-

Nursery will be raised including seedlings for 10% causality replacement i.e. 440 seedlings per hectare will be raised.

B(II)-SURVEY, DEMARCATION & PILLAR POSTING, GPS READING WITH MAPPING-

The planting area has been surveyed and demarcated with four feet height RCC pillars at inter visible distance with GPS coordinates, forward and backward bearing, pillar No. and distance between pillars inscribed in it. A GPS map in the scale of 1:1000 has been prepared along with GPS co-ordinates, forward & backward bearing, pillar to pillar distance and pillar numbers reflected in the map.

C. PLANTING OPERATION

Planting of seedlings will be taken up in the month of July. The polythene covering the ball of earth will be carefully removed before planting. Care will be taken to see that the ball of earth is not broken while doing so. The seedling with the ball of earth will then be placed firmly in the pit and buried at such a depth that the root collar is well below the surface of the soil. The soil around the plant will be well compacted with the heal as a final step so that there is a proper bond between the plant and the surrounding soil. The earth close to the collar will be slightly elevated so that rain water does not accumulate very close to the plant.

D. POST PLANTING OPERATION

D(1)-CASUALTY REPLACEMENT

The entire area will be gone over in the same order as plantation was carried out and casualties, if any, will be replaced as soon as the main plantation operation is over.

D(2)-WEEDING AND SOIL WORKING

Regular and efficient weeding will start immediately in the month of August-September.

D(3)-MANURING AND INSECTICIDE APPLICATION

On degraded sites urban compost or farmyard manure, wherever available, will be added to the soil while refilling the pits. As regards artificial fertilizers, the minerals required and dosage will be applied in the month August to September as per the schedule and dosage provided in the Cost Norm.

D(4)-PROTECTION AGAINST FIRE AND GRAZING

Fire line tracing will be ensured to protect the plantation from fire and watch & ward will be provided as per the approved norm for protecting the plantation & protect the plant site from grazing by domestic animals using Bamboo Twig fencing around the plantation site over an area 4951Rmt.

CHAPTER-VI

REQUIREMENT OF FUNDS:

For implementation of all prescriptions outlined above, **34,02,100.00/- (Rupees thirty four lakhs two thousand one hundred) only** will be required as detailed below.

1.	ANR plantation @ 400 plants/Ha with 10 years maintenance amounting to Rs. 59902.71/- per Ha. **Expenditure for 16.136 ha (16.136 x 59902.71) =Rs 966590.13**	Rs:	966590.13
2	Staggered trenches @130 MD per ha over 16.136 ha.	Rs:	652378.48
3	Additional incentive (3% of cumulative expenditure upto 4th year) for VSS/Fr./FG proposed for more than 80% survival and very good growth during 4th year of maintenance as per recommendation of DFO and RCCF. @Rs. 1620.74/- for 16.136 ha.	Rs:	26152.26
4	Additional EPA expenses if implemented through VSS at rate Rs.1200/- in 0th Year, Rs.2400/- in 1st Year, Rs.1800/- in 2nd Year, Rs.600/- in 3rd Year, Rs.600/- in 4th Year,Rs.600/- in 5th Year ,Rs.600/- in 6th year, Rs.600/- in 7th year, Rs.600/- in 8th year, Rs.600/- in 9th year, Rs.600/- in 10th year @ Rs. 10200/- per ha for 16.136 ha	Rs:	164587.20
5	Bamboo twigs continuous fencing @ Rs.207.10/- per Rmt for Rmt including maintenance to be carried out:- **Expenditure for ha (Rs. 207.10/- x 4951 Rmt) = Rs1024857/-**	Rs:	1025352.10
	TOTAL PLANTATION COST :-	Rs:	28,35,060.17
8	Add 20% for escalation	Rs:	567012.03
	Total Plantation cost :-	Rs:	34,02,072.20 Or 34,02,100.00

(Rupees thirty four lakhs two thousand one hundred) only.

NB:- The cost norm for ANR plantation @400 plants per ha,& the cost norm for Bamboo Twigs continuous fencing for Block Plantation are taken @Rs. 311.00/Manday.

Divisional Forest Officer,
Keonjhar Division

CHAPTER-VII

PROVISION OF FUNDS AND FUND UTILIZATION

Rs. **34,02,100.00/- (Rupees thirty four lakhs two thousand one hundred) only** shall be deposited by the user agency M/s OMC Ltd on approval of the scheme to the Ad-hoc CAMPA Account and the funds will be utilized for raising plantation over 16.136 ha by the Divisional Forest Officer, Keonjhar Division on allotment by the Principal Chief Conservator of Forests, Odisha, Bhubaneswar.

Technically Approved

Regional Chief Conservator of Forests
Rourkela Circle

Divisional Forest Officer,
Keonjhar Division

OFFICE OF THE REGIONAL CHIEF CONSERVATOR OF FORESTS, ROURKELA CIRCLE, AT/P.O. PANPOSH, ROURKELA-769 004.

Memo No. 1478/3F-119/2021 Date: 11-06-2021

To

The Divisional Forest Officer,
Keonjhar Division.

Sub: Proposal for diversion of 345.189 ha. of forest land including 6.919 ha. safety zone within the total mining lease area over 366.311 ha. of Khandbandh Iron Ore Mines of M/s OMC Ltd. in Keonjhar district, Odisha.

X-Sub: Submission of revised schemes at the current wage rate of Rs.311.00 per man day.

Ref: Your Memo No.3316 Dtd.01.06.2021.

The revised financial outlays of the following schemes prepared in compliance with the conditions stipulated in the Stage-I approval accorded in respect of the above diversion proposal at the current wage rate of Rs.311.00/- per man day and submitted vide your Memo under reference are hereby technically approved for the amount as indicated against each.

Sl. No.	Name of the scheme for which revised financial outlay has been submitted by the DFO, Keonjhar	Technical approval by the RCCF, Rourkela Circle.
01	The scheme for Appropriate mitigative measures to minimize soil and choking of streams within Khandbandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(a) with a total financial outlay of Rs.44,16,000/-	Technically approved for Rs. 44,16,000/- (Rupees forty-four lakh sixteen thousand) only
02	The for planting of adequate hardy plant species and sowing of seeds in the appropriate area within the mining lease area to arrest soil erosion prepared in compliance with Condition No. (vii)(b) without budgetary provision.	Technically approved vide this office Memo No.1681 dtd.12.07.2019.
03	The scheme for construction of check dams, retention / toe walls to arrest sliding down of the excavated material along the contour prepared in compliance with Condition No. (vii)(c) with a total financial outlay of Rs.62,73,900/-	Technically approved for Rs.62,73,900 (Rupees sixty-two lakh seventy-three thousand nine hundred) only
04	The Scheme to stabilize overburden dump by grading/benching so as to ensure the angles of repose at any given place is less than 28^0 prepared in compliance with Condition No. 2(vii)(d) with a total financial outlay of Rs.2,06,12,300/-	Technically approved for Rs. 2,06,12,300/- (Rupees two crore six lakh twelve thousand three hundred) only
05	The scheme for Management of Top Soil within Khandabandh Iron Ore Mines prepared in compliance with Condition No. 2(vii)(e) with a total financial outlay of Rs.3,47,47,300/-	Technically approved for Rs.3,47,47,300/- (Rupees three crore forty-seven lakh forty-seven thousand three hundred) only

06	The Scheme for fencing, protection and regeneration of the safety zone within the mining lease boundary prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs.93,35,600/-	Technically approved for Rs.93,35,600/- (Rupees ninety-three lakh thirty-five thousand six hundred) only
07	The Scheme for afforestation over one & half time of safety zone area over 10.38 ha of degraded forest land identified in Baitarani East (A) PRF forest block of Champua prepared in compliance with Condition No. 2(xii) with a total financial outlay of Rs. 17,61,700/-	Technically approved for Rs.17,61,700/- (Rupees seventeen lakh sixty-one thousand seven hundred) only
08	The Scheme for gap planting and soil & moisture conservation activities to restock and rejuvenate the degraded open forests located in the area within 100 meters from outer perimeter of the mining lease prepared in compliance with Condition No. 2(xxiii) with a total financial outlay of Rs.34,02,100/-	Technically approved for Rs.34,02,100/- (Rupees thirty-four lakh two thousand one hundred) only
09	The scheme for de-silting of the village tanks and other water bodies located within 05 Km from Mining Lease Boundary so as to mitigate the impact of siltation of such tanks/water bodies prepared in compliance with Condition No. (xxv) with a total financial outlay of Rs.22,88,500/-.	Technically approved for Rs.22,88,500/- (Rupees twenty-two lakh eighty-eight thousand five hundred) only.

The technically approved revised financial outlays are returned herewith for taking necessary action at your end.

SCHEME FOR

DE-SILTING OF VILLAGE TANKS AND OTHER WATER BODIES LOCATED WITHIN 05 KM FROM THE MINE LEASE BOUNDARY SO AS TO MITIGATE THE IMPACT OF SILTATION OF SUCH TANKS WATER BODIES

AT

KHANDABANDHA IRON ORE MINES

UNDER KEONJHAR FOREST DIVISION

OF

M/S ODISHA MINING CORPORATION LTD.
(A GOVT.OF ODISHA UNDERTAKING)
OMC HOUSE, BHUBANESWAR-751001

(As per Additional condition No. (xxv) of the stage-I Forest Clearance granted by MoEF&CC, Govt.of India vide F.No.8-46/2018-FC dt 31.01.2019)

(@ Rs. 311.00/- per Man day)

SCHEME FOR DE-SILTING OF VILLAGE TANKS AND OTHER WATER BODIES LOCATED WITHIN 05 KM FROM THE MINE LEASE BOUNDARY SO AS TO MITIGATE THE IMPACT OF SILTATION OF SUCH TANKS WATER BODIES

(As per condition No. (xxv) of the stage-I forest clearance granted by MoEF&CC, Govt. of India vide F.No.8-46/2018-FC dt 31.01.2019)

1. INTRODUCTION

Stage-I approval for diversion of 345.189 ha. forest land for non-forest purpose for Khandabandha Iron Ore mine has been accorded vide F.No.8-46/2018-FC Dt. 31.01.2019 of Ministry of Environment, Forests & Climate Change subject to fulfillment of certain conditions.

As per condition No. (xxv) of the Stage-I approval, *"The User Agency shall prepare a list of existing village tanks and other water bodies with GPS co-ordinates located within five km. from the mine lease boundary. This list is to be duly verified by the concerned Divisional Forest Officer. The User Agency shall regularly undertake desilting of these village tanks and other water bodies so as to mitigate the impact of siltation of such tanks/water bodies. A detailed approved plan for desilting of identified ponds and water bodies to be prepared in consultation with forest department and shall be submitted to MoEF&CC before Stage-II approval"*

In compliance with this condition, a comprehensive scheme is prepared for implementation of the same within 5 km from boundary of the said mining lease.

Khandabandh Iron Ore Mines of M/s Odisha Mining Corporation (OMC) Limited, a State Government Undertaking, is a mining project for exploitation of iron ore. The mining lease (ML) area over 366.311 Hectares (ha) is confined within latitudes: 21^0 55' 40.27579'' – 21^0 57' 29.90060" (Between ML Boundary pillar No.1 & 16) North and Longitudes: 85^0 23'12.6688" – 85^0 24' 45.86016" (Between ML Boundary pillar No. 4 & 29) East located in the Survey of India Topo sheet bearing No. F 45 N 5 in 1:50,000 scale. The key plan showing Khandabandha ML area is enclosed as Plate No. I. It is located at a distance of 12 KM from Joda town to the South via. Bichakundi-Malda road. The other route via Joribahal on Joda-Bamebari-Palasponga road follows a distance of 13 km. The area exhibits an undulated topography with varying elevations from 530 m to 675 m above Mean Sea Level (MSL).

The mining and ancillary activities will convert this area prone to intensive soil erosion by creating reels and gullies on mined out pit benches, on the surface of O.B. dump, on the shoulder of haul roads, on the surface of the surface-soil deposit and on the bank of the natural streams. Such gullies eventually may widen and occupy large tract of the slope and cause heavy soil loss and flooding the valley bottom with heavy siltation. This results the virgin forest area prone to soil erosion. During rains, the exposed soil will not allow percolation of rainwater to charge the groundwater table. Consequently the seasonal streams will be dried up. Therefore, it is essential to treat the area with strategic soil and moisture conservation measures to mitigate the adverse impact of mining.

Earlier a scheme for de-silting of village tanks and other water bodies located within 05 km from the mine lease boundary so as to mitigate the impact of siltation of such tanks water bodies has been approved by RCCF, Rourkela @ Rs. 286.30 per man day. Labour Commissioner of Odisha letter no. 2816/LC dt. 25.05.2021 has revised the minimum wage rate to Rs. 311.00/- per man day. In this context the scheme has been revised @ Rs. 311.00/- per man day.

2. Factors responsible for Siltation

Siltation is an inherent problem with ponds, lakes and almost all types of water reservoirs world over. Siltation occurs due to deposition or settling of soil eroded from the shore line, decaying fallen leaves, grass and other vegetative materials and decomposed organic materials settled on pond bottoms. Soil erosion may be attributed as the primary factor responsible for pond siltation in this area. Higher gradient and excess rainfall are the most common reasons of soil erosion. Erosion of Soil occurs from the waste dumps, excavated areas and naturally denuded ground surface. However, looking into the current problem of siltation of the village ponds, the major factors are the surface runoff containing silt particles entering into the pond. As the age of the ponds increases, new layers of silt accumulate on the older ones and the silt layers become thicker. Finally the depth of the pond decreases and it loses its water storage capacity. At this time it needs to be desilted to recover. The best practice against siltation is to de-silting pond bottom at regular intervals as well as taking adequate preventive measures.

3. LOCATIONAL DETAILS

There are 42 other mines within 5 km from outer periphery of Khandabandha Iron Ore Mines. OMC has already provided for de-siltation of water bodies located within 5 km of Tiringpahar ML of OMC Ltd. Excluding the water bodies to be desilted for Tiringpahar

project and water bodies located within lease area of other mines, there are only 6 tanks / water bodies within 5 Km from boundary of the mining lease area which need de- silting.

WB No.	Village	Corner points	Longitude	Latitude	Length	Width

		D	85°21'46.69"	21°55'01.22"		

4. TOPOGRAPHY:

The ponds are mostly on plain terrain. They are situated close to habitation.

5. SOIL TYPE.

The soil is hard and lateritic. The pond silt is basically of clay, silt and sand. The silts are soft and easily can be removed. The depth of siltation as observed varies from 30cm to 200cm. On an average 115cm or say 1 meter silt is proposed to be removed.

6. METHODOLOGY FOR DE-SILTATION

Keeping in view the site condition it is proposed to take up de-siltation on a cycle of five year basis (i.e. each pond will be de-silted twice within the plan period over 10 year) particularly during summer months when the pond / water bodies are dried up with

exposed silts. Removal of silts is to be done either manually or mechanically basing on ground condition and quantity of silts accumulation. Silt accumulation occurs in the basal area of the tank which is roughly estimated to be 30% less of the aerial area. The estimated quantum of silt that is required to be removed is given in the table.

During excavation the excavated silt are to be put on the embankment of the pond with top height at least of 1 meter and base width 2.5meter basing on availability of land on periphery. The soil on embankment to be compacted and two inlet and two outlet pipe are to be fixed in the embankment (6" diameter PVC pipe or Cement Pipe).

7. A. Cost estimate:

As per schedule of rate for earth work "Earth work in excavation by mechanical means (hydraulic excavation means over areas exceeding 30cm depth 1.5m in width as well as 10sqm. On plan including disposal of excavated earth lead up to 50 m and life up to 1.5m disposal earth to be levelled and neatly dressed etc complete @Rs. 111.05/ cum. Basing on volume of earth work as indicated above Table No, cost estimate to be calculated. In addition cost of Inlet / outlet pipes, at each pond an additional cost of 5000/- per tank to be added. Year wise cost factor is calculated as follows.

Sl	Village	Length in mtr	Width in mtr	Area in sq m	Volume in cu.m taking the height as 1 mtr and area as 70% of total area	Expenditure		
						Earth work @ Rs 111.05 per cum in Rs	Inlet & outlet pipes in Rs	Total expenditure
1	Ganua	54.82	58.57	3210.81	2247.57	2,49,593	10000	2,59,593
2	Kamalpur	56.6	43.18	2443.99	1710.79	1,89,983	10000	1,99,983
3	Bhanga	48.39	40.36	1953.02	1367.11	1,51,818	10000	1,61,818
4	Ganua	34.2	37.43	1280.11	896.08	99,510	10000	1,09,510
5	Ganua	37.23	49.39	1838.79	1287.15	1,42,938	10000	1,52,938
6	Ganua	39.55	76.57	3028.34	2119.84	2,35,408	10000	2,45,408
	Total			13755.06	9628.54	10,59,621	60000	11,29,249

For desilting twice, the estimated cost will be Rs. 11,29,249 X 2 = Rs 22,58,498.00

Construction of one signage each in pond @ Rs 5000/- for six pond=Rs 30,000.00

Total cost=22,88,498.00

or say 22,88,500.00

8. Planning Execution.

As indicated above de-siltation will be carried out in a five year cycle. All the ponds will be de- silted twice in the plan period once in 2021-22 and then in 2025-26.

9. Executing Agency

The user agency shall take up the project of De-siltation of Village tank out of project head.

10. INSPECTION AND MONITORING.

The manner of execution & periodical monitoring will be made by M/s OMC Ltd authority. The Execution and achievements may be reviewed by the Divisional Forest Officer, Keonjhar Forest Division from time to time as possible. In case of some dispute if the earmarked tank could not be de- silted in assigned year it may be executed in the next year along with the next years programme.

No. 2067 /68-Mining-15/2017
Dated, Keonjhar the 13-03-/2019

To
The Executive Director (F&E),
M/s OMC Ltd, OMC House,
Bhubaneswar- 751001

Sub: Proposal for diversion of 345.189 ha forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of M/s OMC Ltd in Keonjhar District, Odisha.

X-Sub: Demand of funds towards contribution for implementation of Regional Wildlife Management Plan.

Ref: F. No. 8-46/2018-FC dated 31.01.2019 of MoEF&CC, Govt. of India and letter No. 2821/F&E dated 08.02.2019 of Special Secretary to Govt. F&E Department, Odisha, Bhubaneswar.

Sir,

With reference to the aforementioned letter on the captioned subject, you are requested to deposit the amount of ₹ 3,00,37,502/- (Rupees three crore thirty-seven thousand five hundred two) only towards the Regional Wildlife Management plan as per instruction issued vide letter No. 126159/F&E dated 05.12.2018 of Special Secretary to Govt. Forest & Environment Department, Odisha, Bhubaneswar. The said amount has to be deposited through e-portal of MoEF&CC as provided in the https://parivesh.nic.in/ and the proof/evidence of the deposit of fund be submitted to this office for further necessary action at this end.

Regional Wild Life Management plan of
Keonjhar-Bonai over- 366.311 ha.@₹82,000/ha. = ₹ 3,00,37,502/-

(Rupees three crore thirty-seven thousand five hundred two) Only

Yours faithfully,
13/3/19
Divisional Forest Officer,
Keonjhar Division.

OMC | ODISHA NEW OPPORTUNITIES

No. 2803 /OMC/F&E/2019
16th February, 2019

To

The Divisional Forest Officer,
Keonjhar Forest Division,
Keonjhar

Sub: Proposal for diversion of 345.189 ha of forest land including 6.919 ha in safety zone within the total mining lease area over 366.311 ha of Khandbandh Iron Ore Mines of OMC in Keonjhar District, Odisha.

Ref: (i) Letter No. 8-46/2018 FC, dt 31.01.2019 by MoEF & CC.
(ii) Letter No. 10F (Con) 108/2018/2821/F&E dt 08.02.2019 by F&E Dept, Govt. of Odisha.

Sir,

MoEF & CC vide letter under reference (i) has accorded Stage-I approval subject to compliance of 28 conditions stipulated therein. F&E Dept., Govt. of Odisha vide letter under reference (ii) has also advised for necessary compliance with additional 8 conditions. The condition no. (F) of the additional condition by State Govt. is read as follows:

"The user agency shall undertake demarcation of the lease area on the ground posting four feet high cement concrete pillars embedded two feet inside the soil with serial number, forward and backward bearings, and distance from pillar to pillar. The user agency shall also submit the map of lease area showing different kinds of forest land using DGPS survey data and latitude and longitude of each pillar to the Divisional Forest Officer, Keonjhar for his reference before commencement of work on final forest clearance".

In this context a copy of the DGPS surveyed map of the lease area indicating different type of forest land and latitude and longitude of each pillar is submitted herewith for kind reference.

Yours faithfully,

Executive Director (F&E)

Encl: As above

Memo No. 2804 /OMC/F&E/2018 dt.16.02.2019

Copy forwarded to the Regional Manager, Barbil/Manager (Mining), Khandbandh Iron Ore Mines for information.
