

COMPLIANCE OF THE CONDITIONS STIPULATED IN STAGE-I APPROVAL
ORDER ISSUED VIDE NO. F. NO. 5-ORB369/2018-BHU, DATED-02.07.2019
OF GOI, MOEF & CC, NEW DELHI

Condition (i) : Legal status of forest land proposed for diversion shall remain unchanged

Compliance : In compliance to this condition we do hereby undertake that the legal status of forest land proposed for diversion shall remain unchanged . (Annexure-I).

Condition (ii) :Compensatory afforestation shall be raised over 1.214 ha of non -forest land identified in Khata No. 276, Plot no. 542, Kisam Parbat-2 of village khindo under of Khandia Thasil of Anugul district by the State Govt. at the cost of user agency. As far as practicable a mixture of local indigenous species will be planted & monoculture of a species has to be avoided.

Compliance : In compliance to this condition, we do hereby undertake that the Compensatory Afforestation (CA) will be raised over 1.214 Ha of non-forest land identified in Khata No. 276, Plot no. 542, Kisam Parbat-2 of village Khindo under of Khandia Thasil of Anugul district by the State Govt. at the cost of user agency . As far as practicable a mixture of local indigenous species will be planted & mono-culture of a species will be avoided. (Annexure-II)

Condition (iii): The non forest land identified for raising compensatory afforestation shall be transferred & mutated in favor of the State Forest Department before issue of Stage - II approval.

Compliance : In compliance to the above, the Non-Forest Govt. Land over an area of 1.214 Ha identified in village Khindo has been transferred and mutated in favour of State Forest Department and accordingly RoR of village has been issued by the Tahasildar, Kaniha.

The copy of RoR enclosed herewith as **Annexure-III**

Condition (iv): The cost of compensatory afforestation at the prevailing wage rates as per compensatory afforestation scheme and at the cost of survey, demarcation and erection of permanent pillars if required on the CA land shall be deposited in advance with Forest Department by the project authority. The CA will be maintained for of 10 years. The scheme may include appropriate provision for anticipated cost increase for works scheduled for subsequent years.

Compliance: In compliance to the above, the Compensatory Afforestation Scheme has been prepared at the prevailing wage rate and the cost of survey demarcation, pillaring and barbed wire fencing provision along with 10 years maintenance. The Compensatory Afforestation Scheme has been technically approved by the Principal Chief Conservator of Forest (Forest Diversion & Nodal Officer) FC Act, O/o the Principal Chief Conservator of Forests & MoEF, Odisha, Bhubaneswar with financial outlay of Rs. 6,55,900/-. The Demand Notice issued vide

Tehsildar, Kaniha

Condition (viii): Approach road to the main leases shall constitute the part of extant mining proposal & will be examined by the REC meeting considering it as a mining proposal, necessary rectification in the extant proposal shall accordingly be affected before stage-II approval.

Compliance: In compliance to the above, the User Agency submitted additional Forest Diversion Proposal regarding Approach Road Vide Proposal No: FP/OR/ROAD/41512/2019 has been submitted. (Annexure-VIII)

Condition (ix): Given the small size of mining leases, cluster mining of approach should be adopted by the state Govt. to enable the Regulatory Authority to monitor to impact of mining on forest & environment. Necessary rectification in the Mining Plans shall be made by the State Govt. and revised documents shall be submitted to the regional office before stage -II approval.

Compliance: In compliance to the above, we do hereby undertake that necessary rectification in the Mining Plans will be made and revised documents will be submitted to the regional office before stage -II approval. (Annexure-IX)

Condition (x): The user agency shall ensure demarcation of boundary of safety zone (7.5 meter strip all along the inner boundary of the mining lease area), and its protection by erecting adequate number of 6 feet RCC boundary pillars inscribed with DGPS coordinates with barbed wire fencing and deploying adequate number of watchers under the supervision of the State Forest Department. Safety zone be raised & maintained by the User Agency/State Govt. in accordance with the relevant guidelines issued by the Ministry.

Compliance: In compliance to this condition, we do hereby undertake to demarcation of boundary of safety zone (7.5 meter strip all along the inner boundary of the mining lease area), and its protection by erecting adequate number of 6 feet RCC boundary pillars has already been done in the field inscribed with DGPS coordinates with barbed wire fencing and deploying adequate number of watchers under the supervision of the State Forest Department. Safety zone be raised & maintained by the Kaniha Tahasildar in accordance with the relevant guidelines issued by the Ministry (Annexure-X).

Condition (xi): The State Govt. shall ensure compliance of instructions contained in the Judgement of Hon'ble Supreme Court order dated 27th February, 2012 passed in Special Leave Petition No. 19628-19629 of 2009 in the matter of Deepak Kumar Vrs. State of Haryana & Others.

Compliance: In compliance to this condition, we do hereby undertake that to comply of instructions contained in the Judgement of Hon'ble Supreme Court order dated 27th February, 2012 passed in Special Leave Petition No. 19628-19629 of 2009 in the matter of Deepak Kumar Vrs. State of Haryana & Others (Annexure-XI).

Tahasildar, Kaniha

Condition (xii): The user agency shall obtain Environment clearance as per provisions of the Environment (Protection) Act, 1986, if required.

Compliance: In compliance to the above, we obtained the Environmental Clearance certificate from SEIAA Odisha, Bhubaneswar vide Letter No. SEIAA-45/01-2020, Letter No. SEIAA-44/01-2020 and Dt: 17.08.2020 for Quarry 'A' and 'C'. Letter No. SEIAA-496/08-2020 Dt: 17/12/2020 for Quarry 'B' as per Environmental (Protection) Act 1986. The Copy of Environmental Clearance Certificate is enclosed as **Annexure: XII**.

Condition (xiii): The cost of felling of trees shall be deposited by the User Agency with the user agency with the State Forest Department.

Compliance: In compliance to this condition, we do hereby undertake that the cost of felling of trees will be deposited by the Tahasildar Kaniha with the State Forest Department. (**Annexure-XIII**).

Condition (xiv): The complete compliance of the FRA, 2006 shall be ensured by way of prescribed certificate from the concerned District Collector.

Compliance: In compliance to the above, we obtained the certificate under FRA-2006 as per the prescribed forest from collector & Dist. Magistrate Angul. The copy of certificate is enclosed as **Annexure-XIV**.

Condition (xv): The period of diversion of the said forest land under this approval shall be for a period co-terminus with the period of the mining lease granted under Odisha Minor Mineral Concession Rules, 2004 as amended subsequently.

Compliance: In compliance to this condition, We do hereby undertake that period of diversion of the said forest land under this approval will be for a period co-terminus with the period of the mining lease granted under Odisha Minor Mineral Concession Rules, 2004 as amended subsequently (**Annexure-XV**).

Condition (xvi): No labor camp shall be established on the forest land.

Compliance: In compliance to the above condition, we do hereby undertake that no labor camp will be established on the forest land (**Annexure-XVI**).

Condition (xvii): The user agency shall provide LPG to the laborers and the staff working at the site so as to avoid any damage and pressure on the adjacent forest areas.

Compliance: In compliance to the above condition, we do hereby undertake that to supply LPG to the laborers and the staff working at the site so as to avoid any damage and pressure on the adjacent forest areas (**Annexure-XVII**).

Tahasildar, Kaniha

Condition (xviii): The user agency while executing works, shall not fell any tree or damage forest growth in the surrounding forest area in any manner.

Compliance: In compliance to the above condition, we do hereby undertake that while executing works, shall not fell any tree or damage forest growth in the surrounding forest area in any manner (Annexure-XVIII).

Condition (xix): The layout plan of the proposed forest land shall not be changed without the prior approval of ministry of Environment forest & climate change.

Compliance: In compliance to the above condition, we do hereby undertake that the layout plan of the proposed forest land will not be changed without the prior approval of ministry of Environment forest & climate change (Annexure-XIX).

Condition (xx): The forest land shall not be used for any purpose other than that specified in the proposal and under no circumstances be transferred to any other user agency, department or person without the prior approval of Ministry of Environment, Forest & Climate Change.

Compliance: In compliance to the above condition, we do hereby undertake that the forest land will not be used for any purpose other than that specified in the proposal and under no circumstances be transferred to any other user agency, department or person without the prior approval of Ministry of Environment, Forest & Climate Change (Annexure-XX).

Condition (xxi): Any other of conditions that the Regional Office (Eastern Zone), Bhubaneswar of this Ministry and State Government of Odisha may stipulate from time to time, in the interest of conservation, protection & development of forest & wildlife, which shall be the complied by the user agency.

Compliance: In compliance to the above condition, we do hereby undertake to comply any other of conditions that the Regional Office (Eastern Zone), Bhubaneswar of this Ministry and State Government of Odisha may stipulate from time to time, in the interest of conservation, protection & development of forest & wildlife (Annexure-XXI).

Condition (xxii): The State Govt. and user agency shall ensure compliance to provisions of the all Acts Rules, Regulations, Guidelines, NGT Order (s) & Hon'ble Court Order (s) pertaining to this project, if any, for the time being in force, as applicable to the project.

Compliance: In compliance to the above condition, we do hereby undertake to comply the provisions of the all Acts Rules, Regulations, Guidelines, NGT Order (s) & Hon'ble Court Order (s) pertaining to this project, if any, for the time being in force, as applicable to the project (Annexure-XXII).

Tahsildar, Kanit

Condition (xxiii): The compliance report shall be uploaded on e-portal (<http://parivesh.nic.in>).

Compliance: The Compliance report has been uploaded on e-portal (Annexure-XXIII).

OFFICE OF THE DIVISIONAL FOREST OFFICER; ANGUL DIVISION: ANGUL

Letter No. 4360 /81/2019/DRP/Dated. 15-7-2019

To

Tahasilder Kaniha,
Dist-Angul -759100

Subj:

Submission of proposal seeking prior approval of Central Government under the Forest (Conservation) Act, 1980 for diversion of 1.214 ha of forest Land required for establishment of Stone Quarry pertaining to widening and Strengthening of existing SL/IL/DL to two lane with paved shoulder from 246/100 km to 321/100km of NH-53 in Angul District.

Ref:

1. Proposal No. FP/OR/QR/32655/2018.
2. Memo No. 3889 dt. 27.07.2018 of RCCF, Angul.
3. Memo No. 12886 dt. 06.07.2019 of Special Secretary to Govt.

Sir,

With reference to the above cited letter on the subject, it is to inform that that the Government of India, Ministry of Environment & Forests Eastern Regional Office, At: Chandrasekharpur, Bhubaneswar has accorded Stage-I approval for diversion of 1.214 ha of forest Land required for establishment of Stone Quarry pertaining to widening and Strengthening of existing SL/IL/DL to two lane with paved shoulder from 246/100 km to 321/100km of NH-53 in Angul District for non forest purpose on Design, Build, Finance, Operate and Transfer (BOT/DBFOT) basis in BOT(TOLL) Mode. The following stipulations imposed by GOI, MOEF which may be complied in all respect at an early date.

Hence, as per the stipulation No. (V) of the approval order by GOI, MOEF, you are requested to deposit an amount of Rs. 9,74,842 /- towards the cost of NPV as per the calculation given below in the Ad-hoc CAMPA in the saving Bank Account No. 520101263743655, Corporation Bank, Lodhi Complex, Ground Floor, Block No. 11, CGO Complex, Lodi Road New Delhi through "e" payment immediately and intimate the same to the undersigned for taking further action in the matter.

Forest land involved	-1.214 ha
Density of forest land	-0.6
Eco value class	-III
Rate of NPV applicable -	Rs. 8,03,000/- per ha

Amount of NPV to be deposited - Rs. 8,03,000/- X 1.214 ha = Rs. 9,74,842 /-

(Rupees Nine lakh Seventy four thousand Eight hundred forty two Onle)

Yours faithfully

Divisional Forest Officer

Sub: Proposal for mining of road metal from Khindo(C) Stone Quarry over an area of 1.00 acres or 0.405 ha at village- Khindo, Tahasil-Kaniha, District-Angul of Sri. Sujit Kumar Mishra-Environmental Clearance reg.

Ref: Proposal No: SEIAA-44/01-2020 dt. 31.01.2020

Sir,

This has reference to your EC application submitted on 31.01.2020 seeking environmental clearances for the above project under EIA Notification, 2006. The proposed project activity is listed at Item no. 1(a) (i) in the schedule of EIA Notification, 2006 as amended from time to time and the project falls under Category B2 project as the mining lease area is less than 5 ha. The proposal is for mining of road metal from Khindo(C) Stone Quarry located at Village- Khindo, Tahasil-Kaniha, District-Angul, Odisha over lease area of 1.00 acres or 0.405 ha. The mine area is a part of the Survey of India Toposheet No.73C/15 bounded by Latitude: 21°17'50.46"N to 21°17'48.11"N and Longitude: 84°57'25.8"E to 84°57'23.4" E. The Khindo(C) Stone Quarry sairat source has been leased out under the OMMC Rules, 2016 by Tahasildar, Kaniha on the basis of public auction, to Sri. Sujit Kumar Mishra, vide Tahasildar's order no.60 dated 09.01.2020 for a period of 5 years. The mining plan of the mining project has been approved by Joint Director of Geology, Zonal Survey, Dhenkanal on 17.01.2020. As per the approved mining plan submitted by the project proponent, it is observed that mineable reserves in the lease area are 16312 cum (proved) and road metal will be mined out by semi-mechanized method with annual extraction not exceeding 2220 cum (maximum production capacity) during the valid lease period of 5 years. During the plan period, plantation will be done by the project proponent along the safety zone of the proposed lease area. Environmental Management Plan (EMP) shall be implemented by Project proponent. The present said quarry area is in cluster with Khindo(A)

Stone Quarry & Khindo(B) Stone Quarry. CSR activities & other activities will be undertaken jointly by the mines owners in the cluster area and the proponent has submitted a legally tenable agreement for the same.

The proposal has been duly appraised by SEAC, Odisha in its meetings held on 04.03.2020 & 13.07.2020 on the basis of the documents enclosed with the application, namely Checklist, Form-1, Prefeasibility Report, Approved Mining Plan, Environment Management Plan and clarification furnished to SEAC on 01.07.2020 in response to clarification raised vide letter no. 148(4)/SEAC-(Misc)-28 dated 07.03.2020. The State Expert Appraisal Committee (SEAC) has recommended for grant of Environmental Clearance to the project with certain stipulations.

The proposal was considered by the SEIAA in their meeting held on 13.08.2020 for EC. The SEIAA hereby accords the environmental clearance in favour of the project, subject to strict compliance of the following conditions by the project proponent, and subject to ensuring such compliance by the Tahasildar, Kaniha, the project Authority. This environmental clearance shall take effect from the date of registration of duly executed lease deed and shall be coterminous with the expiry of lease period. Detailed half yearly compliance report of these conditions has to be submitted by the project proponent to the Member Secretary, SEIAA on the 1st June and 1st December each year.

Stipulated Conditions:-

- 1) The yearly total excavation (maximum) from the quarry shall not exceed more than 2220 cum for the valid lease period.
- 2) Any change in the calendar plan, change in production quantity or method of mining shall not be made without prior approval of the SEIAA. Mining activity shall adhere to the working parameters of approved mining plan prepared for this project
- 3) The project proponent may prepare a modified mining plan for the revised plan period as granted by the competent authority, as required for the project for mining upto the expiry of the lease period.
- 4) Demarcation of mining area with pillars and geo-referencing should be done prior to start of mining at the cost of the lease holder after certification by the mining official and its geo coordinates are made available to the concerned authority. The area should be properly surveyed and mapped with the help of DGPS to assign geo-coordinates and accordingly erect durable masonry/concrete pillars.
- 5) No mining shall be carried out in the vicinity of natural /manmade archeological sites.
- 6) It shall be ensured that quarrying is not carried out within 500 m of structures, bridges, embankment, dams, weirs, ground water extraction points, water supply head works, extraction points for irrigation and any other cross drainage structures.

- 19) Blasting shall be minimized. A scheme for disposal of waste generated shall be prepared and faithfully implemented. The sites where tree plantation shall be raised must be specified and protection measures for the saplings planted have to be undertaken by the Project Proponent.
- 20) The explosives shall be stored at site as per the conditions stipulated in the permits issued by the licensing Authority.
- 21) Blasting shall be carried out in such a manner that the splinters generated shall not fall beyond the mining lease area. Blasting shall be carried out after announcing to the public adequately through public address system to avoid any accident.
- 22) Waste oils, used oils generated from the EM machines, mining operations, if any, shall be disposed as per the Hazardous Wastes (Management, Handling, and trans-boundary movement) Rules, 2008 and its amendments thereof to the recyclers authorized by SPCB, Odisha.
- 23) The Project Proponent shall undertake phased restoration, reclamation and rehabilitation of land affected by mining and completes this work before abandonment of mine.
- 24) Environmental Management Plan (EMP) shall be implemented by PP to ensure compliance with the environmental conditions specified above. The year wise funds earmarked for environmental protection measures shall be kept in separate account and shall be spent according to the plan proposed. Year wise progress of implementation of EMP shall be reported to the SEIAA, Odisha and OSPCB along with the six monthly compliance report.
- 25) The proponent shall take necessary measures to ensure that there is no adverse impact of the mining operations on the human habitation if any, existing nearby.
- 26) It shall be mandatory for the project management to submit six (06) monthly compliance reports on the status of implementation of the above stipulated environmental safeguards to the SEIAA, Odisha / SPCB, Odisha/ Regional Office of the MoEF & CC, Bhubaneswar, in hard and soft copies on 1st June and 1st December of each calendar year, failing which EC is liable to be revoked.
- 27) At the end of mine closure, the proponent shall immediately remove all the sheds put up in the quarry and all the equipment in the area before closure of the quarry.
- 28) The conditions stipulated in the environmental clearance will be closely monitored on the ground by the lease granting authority, i.e. the Tahasildar, who shall insist on project proponent to submit half yearly compliance reports.
- 29) The concerned Regional Office of the MoEF & CC/ SPCB, Odisha shall periodically monitor compliance of the stipulated conditions as applicable for this project. The project authorities should extend full cooperation to the MoEF & CC officer(s)/SPCB officer(s) by furnishing the requisite data / information / monitoring reports.
- 30) A copy of the clearance letter shall be sent by the proponent to concerned Gram Panchayat / Panchayat Samiti / Zila Parishad / Municipal Corporation / Urban Local Body as the case may be.
- 31) Project proponent shall obtain Consent to Operate from the OSPCB and effectively implement all the conditions stipulated therein. The mining activity shall not commence prior to obtaining Consent to Establish / Consent to Operate from the State Pollution Control Board.

- 7) The project proponent shall ensure that no mining activity takes place beyond 6 m below ground level.
- 8) It shall be ensured that quarrying shall not be carried out below ground water table under any circumstances. If ground water table occurs /intervenes within the permitted depth, then also quarrying shall be stopped.
- 9) Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purpose.
- 10) The project proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite quantity of water (surface water and groundwater), if any, required for the project.
- 11) Pursuant to MoEf & CC, O.M No 22-34/2018-1A.111 dated 16.01.2020 to comply with the direction made by Hon'ble Supreme Court on 8.01.2020 in W.P. (Civil) No. 114/2014 in the matter Common Cause vs Union of India, the mining lease holder shall after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to other mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc.
- 12) No transportation of the minerals shall be allowed on any road passing through villages/habitations. Transportation of minerals through existing rural roads can be allowed only by the concerned State Govt. Department/Gram Panchayat and only after required strengthening such that the carrying capacity of road is increased to handle the mineral carrying truck traffic. The project proponent shall bear the cost towards the widening and strengthening of existing public roads in case the same is proposed to be used for the project. No movement on any road is allowed on existing village road network without appropriately increasing the carrying capacity of such roads. Project proponent shall ensure that the road may not be damaged due to transportation of the mineral and transport of minerals will be as per IRC Guidelines with respect to complying with traffic congestion and traffic density.
- 13) Vehicles hired for transportation of minor mineral from the site should be in good condition and should have pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- 14) The vehicles shall not be overloaded and shall be covered with Tarpaulin. The Tahasildar may collect an appropriate road maintenance levy from the lessee as part of the lease conditions on the basis of quantum of mineral transported, and utilize the proceeds of the levy for proper maintenance of the extraction paths and roads to prevent their degradation on account of plying of mineral carrying trucks.
- 15) The project proponent shall take all precautionary measures during mining operation for conservation of flora and fauna. The PP shall plant and nurse a minimum of 100 number of saplings of native species along the approach roads, safety zone of lease area and in community areas in consultation with the Gram Panchayat.
- 16) Water spray should be made on the village road to control dust emission during transportation of mineral.
- 17) Wet drilling method is to be adopted to control dust emissions. Delay detonators and shock tube initiation system for blasting shall be used so as to reduce vibration and dust.
- 18) Drilling and blasting (wherever required) shall be done only by licensed explosive agent by the proponent after obtaining required approvals from competent authorities.

- 32) The SEIAA, Odisha may revoke or suspend the order, if implementation of any of the above conditions is not satisfactory. The SEIAA, Odisha reserves the right to alter /modify the above conditions or stipulate any further condition in the interest of environment protection.
- 33) The Project Proponent (lease holder) shall inform the SEIAA of any change in ownership of the mining lease. In case, there is any change in ownership or mining lease is transferred, then mining operation can be carried out only after transfer of EC as per provisions of the para 11 of EIA Notification, 2006, as amended from time to time.
- 34) Concealing any factual information or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance besides attracting penal provisions in the Environment (Protection) Act, 1986.
- 35) The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made there under and also any other orders passed by the Hon'ble Supreme Court of India/ High Court and any other Court of Law relating to the subject matter.
- 36) This Environmental Clearance (EC) is subject to orders/judgment of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, Common Cause Conditions as may be applicable.
- 37) Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.

Yours faithfully,

Sub: Proposal for mining of road metal from Khindo(A) Stone Quarry over an area of 1.00 acres or 0.405 ha at village- Khindo, Tahasil-Kaniha, District-Angul of Sri. Sujit Kumar Mishra-Environmental Clearance reg.

Ref: Proposal No: SEIAA-45/01-2020 dt. 31.01.2020

Sir,

This has reference to your EC application submitted on 31.01.2020 seeking environmental clearances for the above project under EIA Notification, 2006. The proposed project activity is listed at item no. 1(a) (i) in the schedule of EIA Notification, 2006 as amended from time to time and the project falls under Category B2 project as the mining lease area is less than 5 ha. The proposal is for mining of road metal from Khindo(A) Stone Quarry located at Village- Khindo, Tahasil-Kaniha, District-Angul, Odisha over lease area of 1.00 acres or 0.405 ha. The mine area is a part of the Survey of India Toposheet No.73C/15 bounded by Latitude: 21°17'46.84"N to 21°17'49.12"N and Longitude: 84°57'28.02"E to 84°57'30.54" E. The Khindo(A) Stone Quarry sairat source has been leased out under the OMMC Rules, 2016 by Tahasildar, Kaniha on the basis of public auction, to Sri. Sujit Kumar Mishra, vide Tahasildar's order no.60 dated 09.01.2020 for a period of 5 years. The mining plan of the mining project has been approved by Joint Director of Geology, Zonal Survey, Dhenkanal on 17.01.2020. As per the approved mining plan submitted by the project proponent, it is observed that mineable reserves in the lease area are 18450 cum (proved) and road metal will be mined out by semi-mechanized method with annual extraction not exceeding 1725 cum (maximum production capacity) during the valid lease period of 5 years. During the plan period, plantation will be done by the project proponent along the safety zone of the proposed lease area. Environmental Management Plan (EMP) shall be implemented by Project proponent. The present said quarry area is in cluster with Khindo(C) Stone Quarry & Khindo(B) Stone Quarry. CSR activities & other activities will be

undertaken jointly by the mines owners in the cluster area and the proponent has submitted a legally tenable agreement for the same.

The proposal has been duly appraised by SEAC, Odisha in its meetings held on 04.03.2020 & 13.07.2020 on the basis of the documents enclosed with the application, namely Checklist, Form-1, Prefeasibility Report, Approved Mining Plan, Environment Management Plan and clarification furnished to SEAC on 01.07.2020 in response to clarification raised vide letter no. 148(4)/SEAC-(Misc)-28 dated 07.03.2020. The State Expert Appraisal Committee (SEAC) has recommended for grant of Environmental Clearance to the project with certain stipulations.

The proposal was considered by the SEIAA in their meeting held on 13.08.2020 for EC. The SEIAA hereby accords the environmental clearance in favour of the project, subject to strict compliance of the following conditions by the project proponent, and subject to ensuring such compliance by the Tahasildar, Kaniha, the project Authority. This environmental clearance shall take effect from the date of registration of duly executed lease deed and shall be coterminous with the expiry of lease period. Detailed half yearly compliance report of these conditions has to be submitted by the project proponent to the Member Secretary, SEIAA on the 1st June and 1st December each year.

Stipulated Conditions:-

- 1) The yearly total excavation (maximum) from the quarry shall not exceed more than 1725 cum for the valid lease period.
- 2) Any change in the calendar plan, change in production quantity or method of mining shall not be made without prior approval of the SEIAA. Mining activity shall adhere to the working parameters of approved mining plan prepared for this project
- 3) The project proponent may prepare a modified mining plan for the revised plan period as granted by the competent authority, as required for the project for mining upto the expiry of the lease period.
- 4) Demarcation of mining area with pillars and geo-referencing should be done prior to start of mining at the cost of the lease holder after certification by the mining official and its geo coordinates are made available to the concerned authority. The area should be properly surveyed and mapped with the help of DGPS to assign geo-coordinates and accordingly erect durable masonry/concrete pillars.
- 5) No mining shall be carried out in the vicinity of natural /manmade archeological sites.
- 6) It shall be ensured that quarrying is not carried out within 500 m of structures, bridges, embankment, dams, weirs, ground water extraction points, water supply head works, extraction points for irrigation and any other cross drainage structures.
- 7) The project proponent shall ensure that no mining activity takes place beyond 6m below ground level.

- 8) It shall be ensured that quarrying shall not be carried out below ground water table under any circumstances. If ground water table occurs /intervenes within the permitted depth, then also quarrying shall be stopped.
- 9) Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purpose.
- 10) The project proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite quantity of water (surface water and groundwater), if any, required for the project.
- 11) Pursuant to MoEf & CC, O.M No 22-34/2018-1A.111 dated 16.01.2020 to comply with the direction made by Hon'ble Supreme Court on 8.01.2020 in W.P. (Civil) No. 114/2014 in the matter Common Cause vs Union of India, the mining lease holder shall after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to other mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc.
- 12) No transportation of the minerals shall be allowed on any road passing through villages/habitations. Transportation of minerals through existing rural roads can be allowed only by the concerned State Govt. Department/Gram Panchayat and only after required strengthening such that the carrying capacity of road is increased to handle the mineral carrying truck traffic. The project proponent shall bear the cost towards the widening and strengthening of existing public roads in case the same is proposed to be used for the project. No movement on any road is allowed on existing village road network without appropriately increasing the carrying capacity of such roads. Project proponent shall ensure that the road may not be damaged due to transportation of the mineral and transport of minerals will be as per IRC Guidelines with respect to complying with traffic congestion and traffic density.
- 13) Vehicles hired for transportation of minor mineral from the site should be in good condition and should have pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- 14) The vehicles shall not be overloaded and shall be covered with Tarpaulin. The Tahasildar may collect an appropriate road maintenance levy from the lessee as part of the lease conditions on the basis of quantum of mineral transported, and utilize the proceeds of the levy for proper maintenance of the extraction paths and roads to prevent their degradation on account of plying of mineral carrying trucks.
- 15) The project proponent shall take all precautionary measures during mining operation for conservation of flora and fauna. The PP shall plant and nurse a minimum of 100 number of saplings of native species along the approach roads, safety zone of lease area and in community areas in consultation with the Gram Panchayat.
- 16) Water spray should be made on the village road to control dust emission during transportation of mineral.
- 17) Wet drilling method is to be adopted to control dust emissions. Delay detonators and shock tube initiation system for blasting shall be used so as to reduce vibration and dust.
- 18) Drilling and blasting (wherever required) shall be done only by licensed explosive agent by the proponent after obtaining required approvals from competent authorities.
- 19) Blasting shall be minimized. A scheme for disposal of waste generated shall be prepared and faithfully implemented. The sites where tree plantation shall be raised

must be specified and protection measures for the saplings planted have to be undertaken by the Project Proponent.

- 20) The explosives shall be stored at site as per the conditions stipulated in the permits issued by the licensing Authority.
- 21) Blasting shall be carried out in such a manner that the splinters generated shall not fall beyond the mining lease area. Blasting shall be carried out after announcing to the public adequately through public address system to avoid any accident.
- 22) Waste oils, used oils generated from the EM machines, mining operations, if any, shall be disposed as per the Hazardous Wastes (Management, Handling, and trans-boundary movement) Rules, 2008 and its amendments thereof to the recyclers authorized by SPCB, Odisha.
- 23) The Project Proponent shall undertake phased restoration, reclamation and rehabilitation of land affected by mining and completes this work before abandonment of mine.
- 24) Environmental Management Plan (EMP) shall be implemented by PP to ensure compliance with the environmental conditions specified above. The year wise funds earmarked for environmental protection measures shall be kept in separate account and shall be spent according to the plan proposed. Year wise progress of implementation of EMP shall be reported to the SEIAA, Odisha and OSPCB along with the six monthly compliance report.
- 25) The proponent shall take necessary measures to ensure that there is no adverse impact of the mining operations on the human habitation if any, existing nearby.
- 26) It shall be mandatory for the project management to submit six (06) monthly compliance reports on the status of implementation of the above stipulated environmental safeguards to the SEIAA, Odisha / SPCB, Odisha/ Regional Office of the MoEF& CC, Bhubaneswar, in hard and soft copies on 1st June and 1st December of each calendar year, failing which EC is liable to be revoked.
- 27) At the end of mine closure, the proponent shall immediately remove all the sheds put up in the quarry and all the equipment in the area before closure of the quarry.
- 28) The conditions stipulated in the environmental clearance will be closely monitored on the ground by the lease granting authority, i.e. the Tahasildar, who shall insist on project proponent to submit half yearly compliance reports.
- 29) The concerned Regional Office of the MoEF & CC/ SPCB, Odisha shall periodically monitor compliance of the stipulated conditions as applicable for this project. The project authorities should extend full cooperation to the MoEF & CC officer(s)/SPCB officer(s) by furnishing the requisite data / information / monitoring reports.
- 30) A copy of the clearance letter shall be sent by the proponent to concerned Gram Panchayat /Panchayat Samiti /ZilaParisad /Municipal Corporation / Urban Local Body as the case may be.
- 31) Project proponent shall obtain Consent to Operate from the OSPCB and effectively implement all the conditions stipulated therein. The mining activity shall not commence prior to obtaining Consent to Establish / Consent to Operate from the State Pollution Control Board.
- 32) The SEIAA, Odisha may revoke or suspend the order, if implementation of any of the above conditions is not satisfactory. The SEIAA, Odisha reserves the right to alter /modify the above conditions or stipulate any further condition in the interest of environment protection.

- 33) The Project Proponent (lease holder) shall inform the SEIAA of any change in ownership of the mining lease. In case, there is any change in ownership or mining lease is transferred, then mining operation can be carried out only after transfer of EC as per provisions of the para 11 of EIA Notification, 2006, as amended from time to time.
- 34) Concealing any factual information or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance besides attracting penal provisions in the Environment (Protection) Act, 1986.
- 35) The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made there under and also any other orders passed by the Hon'ble Supreme Court of India/ High Court and any other Court of Law relating to the subject matter.
- 36) This Environmental Clearance (EC) is subject to orders/judgment of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, Common Cause Conditions as may be applicable.
- 37) Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.

Yours faithfully,

17.08.2020
Member Secretary

Sub: Proposal for mining of road metal from Khindo(B) Stone Quarry over an area of 1.00 Ac or 0.405Ha at village- Khindo, Tahasil-Kaniha, District-Angul of Sri Himanchala Panda -Environmental Clearance reg.

Ref: Proposal No: SEIAA-496/08-2020 dt. 31.08.2020

Sir,

This is with reference to the application dated 31.08.2020 for grant of environmental clearance (submitted in the offline mode) for the proposed activities mentioned above.

2. The application has been submitted in the offline mode because it is a case of minor mineral extraction involving area of less than 5ha. (a B2 category project), and there is no provision at present for filing EC application for such cases in the online mode before SEIAA in the PARIVESH portal (the relevant application Form-IM does not appear on the screen of the said portal when EC application is to be filed to SEIAA). The applicant has submitted the application in Form-I, i.e. the Form in which applications for minor mineral projects were being submitted upto the year 2016 before SEIAA. The Form-I does not contain some of the situational information relating to environmental sensitivity, but much of the required information has been submitted by the applicant in the Checklist and also in the PFR. The State Govt. vide their letter no. 21253/F&E dated 05.11.2019 have requested the MoEF&CC to make necessary provision in the PARIVESH portal to facilitate filing of environmental clearance applications for minor

mineral projects before SEIAA in the online mode; but so far the necessary provision has not been given in the said portal.

3. The application in Form-I is supported by other necessary documents, namely the PFR, DSR, cluster EMP, Approved Mining Plan and Checklist.

4. The Tahasildar, Kaniha who is the lease granting authority in this case is responsible for monitoring strict compliance by the project proponent with the following conditions of grant of environment clearance.

5. **The proposed activities in a nut shell are as follows: -**

- a. (This is a proposal for mining of road metal from **Khindo(B) Stone Quarry** located at **Village- Khindo, Tahasil- Kaniha, District-Angul** over lease area of 1.00 Ac or 0.405Ha.
- b. The mine area is a part of the Survey of India Toposheet No. 73C/15 bounded by Latitude: 21°17'44.6" N to 21°17'46.8" N and Longitude: 84°57'26.64" E to 84°57'29.18" E.
- c. The mining lease is an identified sairat source in the DSR. The Khindo(B) Stone Quarry sairat source has been leased out under the OMMC Rules, 2018 by Tahasildar, Kaniha to Sri Himanchala Panda on the basis of public auction for a lease period of 5 years.
- d. The mining plan of the mining project prepared on behalf of successful bidder(lessee) has been approved by Joint Director Geology, Zonal Survey, Dhenkanal on 17.01.2020.
- e. As per the approved mining plan submitted, it is observed that the mineable reserve in the lease area is 25641 cum of road metal.
- f. The project proponent has not furnished the alignment of the extraction path for road metal transportation. As reported by the Tahasildar/PP in the Checklist, the village road is at a distance of 1.5Km from the mining lease area.
- g. The cluster certificate has been furnished by the Tahasildar certifying that there are two other mines located within 500 meters from the periphery of the proposed mine lease area. As reported by the Tahasildar, this sairat source is a part of a cluster.
- h. The MoEF & CC, Govt. of India, Eastern Regional Office, has issued the Statge -1 forest Clearance for diversion of 1.214 Ha forest land for establishment of stone quarries Khindo-A, B & C vide letter no. ORB369/2018-BHU on dated 02.07.2019.

1. As per the approved mining plan, it is observed that road metal from the quarry will be extracted by semi-mechanized method with annual extraction of road metal not exceeding 3220 cum (maximum production capacity) during the valid lease period.
6. This proposal conforms to the item no. 1(a) in the schedule of EIA Notification, 2006 as amended time to time, and the minor mineral extraction project falls under Category B2 as the mining lease area is less than 5 ha).
7. The proposal is duly appraised by the SEAC in its meeting held on 25.09.2020 & 26.11.2020. The SEAC has submitted the appraisal report and recommended for grant of EC, vide their letter no. 665/SEAC-Misc-02 dated 26.11.2020.
8. The Environmental Clearance is accordingly granted to the proposed activity of road metal mining / quarrying which shall take effect from the date of registration of duly executed lease deed in this regard by the Tahasildar and shall be coterminous with the expiry of lease period.

9. **Stipulated Conditions:**

- 9.1 The yearly total production (maximum) from the quarry shall not exceed more than 3220 cum for the valid lease period and the total production from the quarry shall be 16050 cum during the valid lease period of five years.
- 9.2 Any change in the calendar plan, change in production quantity or method of mining shall not be made without prior approval of the SEIAA. Mining activity shall adhere to the working parameters of approved mining plan prepared for this project.
- 9.3 Demarcation of mining area with pillars and geo-referencing should be done prior to start of mining at the cost of the lease holder after certification by the mining official and its geo coordinates are made available to the concerned authority. The area should be properly surveyed and mapped with the help of DGPS to assign geo-coordinates and accordingly erect durable masonry/concrete pillars.
- 9.4 It shall be ensured that quarrying is not carried out within 500 m of structures, bridges, embankment, dams, weirs, ground water extraction points, water supply head works, extraction points for irrigation and any other cross drainage structures. Pursuant to Hon'ble NGT in its Order dated 21.07.2020 in OA No-304/2019 in the matter of M.Haridasan & Ors. Vrs State of Kerala and to comply with the direction made therein "No stone quarry involving blasting will be operated within 200 m (minimum distance criteria) from Residential/public buildings, inhabited sites, other location, etc."
- 9.5 The project proponent shall ensure that no mining activity takes place beyond 6 m below ground level.

OFFICE OF THE TAHASILDAR, KANIHA

UNDERTAKING

ANNEXURE-VI

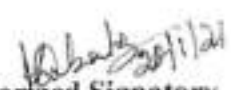

Condition No (vi): Additional amount of the NPV of the proposed forest land of diversion if any becoming due after finalization of the same by the Hon'ble Supreme Court of India on receipt of the report from the Export committee, shall be charged by the State Govt. from the user agency. The user agency shall furnish an undertaking in this regard.

Compliance to Condition No (vi):

In compliance to the above, we do hereby undertake to pay the additional cost of NPV as and when demand by Forest Deptt. as per decided by the Hon'ble Supreme Court of India.

ANNEXURE-X

Condition No. (x):

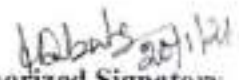

The user agency shall ensure demarcation of boundary of safety zone (7.5 meter strip all along the inner boundary of the mining lease area), and its protection by erecting adequate number of 6 feet RCC boundary pillars inscribed with DGPS coordinates with barbed wire fencing and deploying adequate number of watchers under the supervision of the State Forest Department. Safety zone be raised & maintained by the User Agency/State Govt. in accordance with the relevant guidelines issued by the Ministry.

Compliance to Condition No. (x)

In compliance to this condition, we do hereby undertake to demarcation of boundary of safety zone (7.5 meter strip all along the inner boundary of the mining lease area), and its protection by erecting adequate number of 6 feet RCC boundary pillars has already been done in the field inscribed with DGPS coordinates with barbed wire fencing and deploying adequate number of watchers under the supervision of the State Forest Department. Safety zone be raised & maintained by the Kaniha Tahasildar in accordance with the relevant guidelines issued by the Ministry.

- 9.6 No mining shall be carried out in the vicinity of natural /manmade archeological sites.
- 9.7 It shall be ensured that quarrying shall not be carried out below ground water table under any circumstances. If ground water table occurs /intervenes within the permitted depth, then also quarrying shall be stopped.
- 9.8 Topsoil, if any, shall be stacked properly with proper slope with adequate measures and should be used for plantation purpose.
- 9.9 The project proponent shall obtain necessary prior permission of the competent authorities for drawl of requisite quantity of water (surface water and groundwater) if any, required for the project.
- 9.10 Pursuant to MoEF & CC, O.M No 22-34/2018-1A.111 dated 18.01.2020 to comply with the direction made by Hon'ble Supreme Court on 8.01.2020 in W.P. (Civil) No 114/2014 in the matter Common Cause vs Union of India, the mining lease holder shall after ceasing mining operations, undertake re-grassing the mining area and any other area which may have been disturbed due to other mining activities and restore the land to a condition which is fit for growth of fodder, flora, fauna etc.
- 9.11 No transportation of the minerals shall be allowed on any road passing through villages/habitations without prior explicit permission Transportation of minerals through existing rural roads can be allowed only by the concerned State Govt. Department/Gram Panchayat and only after required strengthening such that the carrying capacity of road is increased to handle the mineral carrying truck traffic. The project proponent shall bear the cost towards the widening and strengthening of existing public roads in case the same is proposed to be used for the project. No movement on any road is allowed on existing village road network without appropriately increasing the carrying capacity of such roads. Project proponent shall ensure that the road may not be damaged due to transportation of the mineral and transport of minerals will be as per IRC Guidelines with respect to complying with traffic congestion and traffic density.
- 9.12 Vehicles hired for transportation of minor mineral from the site should be in good condition and should have pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- 9.13 The vehicles shall not be overloaded and shall be covered with Tarpaulin. The Tahasildar may collect an appropriate road maintenance levy from the lessee as part of the lease conditions on the basis of quantum of mineral transported, and utilize the proceeds of the levy for proper maintenance of the extraction paths and roads to prevent their degradation on account of plying of mineral carrying trucks.
- 9.14 Wet drilling method is to be adopted to control dust emissions. Delay detonators and shock tube initiation system for blasting shall be used so as to reduce vibration and dust.
- 9.15 Drilling and blasting (wherever required) shall be done only by licensed explosive agent by the proponent after obtaining required approvals from competent authorities.

- 9.16 Blasting will be carried out after announcing to the public adequately through public address system. Warning siren prior to blasting activity will be sounded adequately to the public before the blast is detonated to avoid any accident or casualty in the area to the inhabitants. The nearby inhabitants shall be informed one day before the actual day of blasting. Blasting is permissible at fixed hour in day time, only after blowing the siren for 5 to 15 minutes before the actual start, for safety of the inhabitants. Blasting shall be carried out in such a manner that the splinters/debris generated shall not fall beyond the mining lease area.
- 9.17 Blasting shall be minimized. A scheme for disposal of waste generated shall be prepared and faithfully implemented. The sites where tree plantation shall be raised must be specified and protection measures for the saplings planted have to be undertaken by the Project Proponent.
- 9.18 The explosives shall be stored at site as per the conditions stipulated in the permits issued by the licensing Authority.
- 9.19 The project proponent shall take all precautionary measures during mining operation for conservation of flora and fauna. The PP shall plant and nurse a minimum of 100 number of saplings of native species along the approach roads, safety zone of lease area and in community areas in consultation with the Gram Panchayat.
- 9.20 Water spray should be made on the village road to control dust emission during transportation of mineral.
- 9.21 Waste oils, used oils generated from the EM machines, mining operations, if any, shall be disposed as per the Hazardous Wastes (Management, Handling, and trans-boundary movement) Rules, 2008 and its amendments thereof to the recyclers authorized by SPCB, Odisha.
- 9.22 The Project Proponent shall undertake phased restoration, reclamation and rehabilitation of land affected by mining and completes this work before abandonment of mine.
- 9.23 Environmental Management Plan (EMP) shall be implemented by PP to ensure compliance with the environmental conditions specified above. The year wise funds earmarked for environmental protection measures shall be kept in separate account and shall be spent according to the plan proposed. Year wise progress of implementation of EMP shall be reported to the SEIAA, Odisha and OSPCB along with the compliance report.
- 9.24 The proponent shall take necessary measures to ensure that there is no adverse impact of the mining operations on the human habitation if any, existing nearby.
- 9.25 It shall be mandatory for the project management to submit quarterly compliance reports on the status of implementation of the above stipulated environmental safeguards to the SEIAA, Odisha / SPCB, Odisha/ Regional Office of the MoEF& CC, Bhubaneswar, in hard and soft copies on 1st day of January, April, July, October of each calendar year, failing which EC is liable to be revoked
- 9.26 At the end of mine closure, the proponent shall immediately remove all the sheds put up in the quarry and all the equipment in the area before closure of the quarry

Shankar

- 9.27 The conditions stipulated in the environmental clearance will be closely monitored on the ground by the lease granting authority, i.e. the Tahasildar, who shall ensure compliance of the stipulated conditions and take corrective measures promptly in case of any non-compliance and also ensure that the project proponent submits quarterly compliance reports.
- 9.28 The concerned Regional Office of the MoEF&CC/ SPCB, Odisha shall periodically monitor compliance of the stipulated conditions as applicable for this project. The project authorities should extend full cooperation to the MoEF & CC officer(s)/SPCB officer(s) by furnishing the requisite data / information / monitoring reports.
- 9.29 A copy of the clearance letter shall be sent by the proponent to concerned Gram Panchayat /Panchayat Samiti /ZilaParisad /Municipal Corporation / Urban Local Body as the case may be.
- 9.30 Project proponent shall obtain Consent to Operate from the OSPCB and effectively implement all the conditions stipulated therein. The mining activity shall not commence prior to obtaining Consent to Establish / Consent to Operate from the State Pollution Control Board.
- 9.31 The SEIAA, Odisha may revoke or suspend the EC, if implementation of any of the above conditions is not satisfactory. The SEIAA, Odisha reserves the right to alter /modify the above conditions or stipulate any further condition in the interest of environment protection.
- 9.32 The Project Proponent (lease holder) shall inform the SEIAA of any change in ownership of the mining lease. In case, there is any change in ownership or mining lease is transferred, then mining operation can be carried out only after transfer of EC as per provisions of the para 11 of EIA Notification, 2006, as amended from time to time.
- 9.33 Concealing any factual information or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this environmental clearance besides attracting penal provisions in the Environment (Protection) Act, 1986.
- 9.34 The above conditions will be enforced inter-alia, under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and the Public Liability Insurance Act, 1991 along with their amendments and rules made there under and also any other orders passed by the Hon'ble Supreme Court of India/ High Court and any other Court of Law relating to the subject matter.
- 9.35 This Environmental Clearance (EC) is subject to orders/judgment of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, Common Cause Conditions as may be applicable.
- 

9.36 Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under section 16 of the National Green Tribunal Act, 2010.

FORM - II

(for projects other than linear Projects)

GOVERNMENT OF ODISHA

OFFICE OF THE DISTRICT COLLECTOR, ANGUL

No. 1463 / Dated 28/7/18

TO WHOMSOEVER IT MAY CONCERN

In compliance of the Ministry of Environment and Forests (MoEF), Government of India's letter No. TT-9/98-FC (pt) dated 3rd August 2009 wherein the MoEF issued guidelines on submission of evidences for having initiated and completed the process of settlement of rights under the Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 ('FRA', for short) on the forest land proposed to be diverted for non-forest purposes, it is certified that 1,214 Ha. of forest land proposed to be diverted in favour of Tahasildar, Kaniha for establishment of stone quarry in Angul District falls within jurisdiction of Khindo village of Kaniha tehsil.

It is further certified that:

- (a) the complete process for identification and settlement of rights under the FRA has been carried out for the entire 1,214 Ha. of forest land proposed for diversion. A copy of records of all consultation and meeting (s) of the Forest Rights Committee(s), Sub-Division Level Committee(s), and the District Level Committee are enclosed as annexure- 1, 2, & 3;
- (b) the proposal of such diversion (with full details of the project and its implications, in vernacular / local language) have been placed before each concerned Forest Rights Committee of forest-dwellers, who are eligible under the FRA;
- (c) the each of concerned Forest Rights Committee, has certified that all formalities / processes under the FRA have been carried out, and that they have given their consent to the proposed diversion and the compensation and ameliorative measures, if any, having understood the purpose and details of proposed diversion. A copy of certificate issued by the Forest Rights Committee of Khindo village is enclosed as annexure- 1;
- (d) the discussion and decisions on such proposals had taken place only when there was a quorum of minimum 50% of the members of Forest Rights Committee present;
- (e) the diversion of forest land for facilities managed by the Government as required under section 3(2) of the FRA have been completed and the Forest Rights Committees have given their consent to it;
- (f) the rights of Primitive Tribal Groups and Pre-Agricultural Communities, where applicable have been specifically safeguarded as per section 3(1) (e) of the FRA.

No. 2830

Date. 08/12/2019

OFFICE MEMORANDUM

In consideration of the application for Consent to Establish for M/S Sri Durga Condev Pvt. Ltd, Stone Crusher and Clearance Certificate on Sitting Criteria from the Collector & District Magistrate, Deogarh vide No. 3017/ Rev. Dt. 06-07-2019 the State Pollution Control Board, Orissa has been pleased to convey its Consent to Establish (NOC) under Section 21 of Air (PCP) Act, 1981 for manufacture / production of Stone Chips & Stone dust @ 20000 T/Month over Plot no. 59/122 & 59/123 of Khata no. 1, Khasam- Goda-II measuring area 2.14 Acre under Mouza - Gollmundi, Post- Palasama, P.S - Kundhelgola, Tahasil - Reamal, District - Deogarh with the following conditions.

General Conditions:

1. This Consent to Establish is valid for the product, quantity manufacturing process and raw materials as mentioned in the application & for a period of five years from the date of issue of this letter provided commencement of production of the proposed project has not taken place in the meantime.
2. If the proponent fails to start operation of the project but substantial physical progress has been made then a renewal of this consent order shall be sought by the proponent.
3. If the proponent fails to initiate construction of the project and no significant physical progress is made then, the proponent has to apply for Consent to Establish a fresh after expiry of 5 years from the date of issue of this order.
4. All emission from the industry as well as the ambient air quality and noise are to conform to the standards as laid down under EP Rule/ Central Pollution Control Board / State Pollution Control Board or otherwise stipulated in the special conditions.
5. Adequate method of disposal of solid waste is to be adopted to avoid environmental pollution.
6. The industry is to take the plantation of indigenous species around the available vacant areas inside the factory premises.
7. The industry is to apply for grant of consent to operate under section 21 of Air (PCP) Act, 1981 at least 3 (three) months before to obtain consent to operate for starting production.
8. The industry shall submit land conversion documents at the time of applying consent to operate.
9. Adequate effluent treatment facilities are to be provided such as the quality of sewage & trade effluent satisfies the standards as prescribed under EP Rule or as prescribed by the Central Pollution Control Board and/or State Pollution control Board or otherwise stipulated in the special conditions.
- *10. This Consent to Establish is subjected to statutory clearance from other Departments of Govt. of Orissa and Govt. of India as applicable.

Special conditions:

1. Dust suppression & extraction system shall be provided at all dust generating sources such as crushing, screening, material transfer points etc. such that, suspended particulate matter concentration in ambient air quality shall not be more than $600 \mu\text{g}/\text{m}^3$ at a distance of 3 m. to 10 m. from the source.
2. The suction points for dust extraction system shall be provided at primary crusher, discharge chute, screen, all transfer points, secondary crusher discharge chutes and any other dust generating sources. This system shall be connected to a cyclone/bag filters so that particulate matter emission from this stack shall not exceed $150 \text{ mg}/\text{Nm}^3$.
3. The dust containment system shall be provided for the process equipment. The primary crusher, vibratory screen and secondary crusher shall be placed in a complete covered and closed shed. All the conveyor shall be covered with corrugated G. I. sheets.
4. The products shall be discharged through chutes and the bottom of the chute shall be maximum 3 mtr from the ground level.
5. Wind breaking walls shall be constructed around the crushing unit.
6. Auto water sprinkling arrangement shall be provided at all the discharge chutes to regulate fugitive dust.
7. The industry is to construct metalloid roads with proper drainage facility within the premises to minimize fugitive dust emission. Fixed auto sprinklers shall be provided along the haulage roads and in the stock yard of product.
8. All the product conveyor shall discharge the product into a proper hopper and chute arrangement fitted.
9. The industry shall make provision to collect the fine products in hopper instead of heaping by free falling to avoid the dust nuisance. Fine products shall not be kept open. Fine transportation shall be done in covered truck.
10. Ambient Air Quality inside the factory premise shall conform to the National Ambient Air Quality Standard.
11. The stone dust shall be stacked properly and systematically with retaining wall at the toe to avoid washings during rain.
12. The unit shall provide boundary wall around the factory premises to check the stone dust from being carried away with surface run off to nearby water bodies. Garland drain shall be provided along the boundary wall inside the factory premises. Provisions shall be made for collection of wash water from the garland drain and water collected shall be treated in a sedimentation tank.

- 13 Domestic effluent shall be discharged to soak pit through septic tank constructed as per BIS specification.
- 14 Thick green belt shall be developed around the factory premises.
- 15 The Board may impose further condition or modify the conditions are stipulated in this order during installation and / or at the time of obtaining consent to operate and may revoke this order in case the stipulated conditions are not implemented and / or information have found to been suppressed / wrongly / furnished in the application form.
16. The unit shall abide by EP Act, 1986 and Rules amended there under.
17. No production activity shall commence prior to installation of all pollution control measures. In case it is found that the industry is operated without installation of adequate pollution control equipment, direction for closure shall be issued u/s 31(A) of Air (PCP) Act, 1981 and / or u/s 33(A) of Water (PCP) Act, 1974 as the case may be without any further notice.
18. Land conversion document for industrial use shall be submitted to the Board along with consent to operate application.

CONSENT ORDER

E. GENERAL CONDITIONS FOR ALL UNITS

1. The consent is given by the Board in consideration of the particulars given in the application. Any change or alternation or deviation made in actual practice from the particulars furnished in the application will also be the ground liable for review / variation / revocation of the consent order under section 27 of the Act of water (Prevention & Control of Pollution) Act 1974 and section 21 of Air. (Prevention & control pollution) Act 1981 and to make such variations deemed fit for the purpose of Acts.
2. The industry would immediately submit revised application for consent to operate to this board in the event of any change in the quantity & quality of raw material / and products / manufacturing process or quantity / quality of the effluent rate of emission / air pollution control equipment / system etc.
3. The applicant shall not change or alter either the quality or quantity or the rate of discharge or temperature or the route of discharge without the previous written permission of the board.
4. The application shall comply with and carry out the directives / orders issued by the board in this consent order and at all subsequent times without any negligence on his part. In case of non-compliance of any order / directives issued at any time and / or violation of the terms & conditions of this consent order, the applicant shall be liable for legal action as per the provisions of the Law / Act.
5. The applicant shall make an application for grant of fresh consent at least 90 days before the date of expiry of this consent order.
6. The Issuance of this consent does not convey any property right in either real or personal property or any exclusive privileges nor does it authorize any injury to private property or any invasion of personal rights, nor any infringement of central, State laws or regulation.
7. This consent does not authorize or approve the construction of any physical structure or facilities or the undertaking of any work in any natural water course.
8. The applicant shall display this consent granted to him in a prominent place for perusal of the public and Inspecting officers of this Board.
9. An Inspection book shall be opened and made available to Board officers during the visit to the factory.
10. The applicant shall furnish to the visiting officer of the Board any information regarding the construction installation or operation of the plant or of effluent treatment system / air pollution control system / stack monitoring system any other particulars as may be preventing and controlling pollution of water / Air.
11. Meters must be affixed at the entrance of the water supply connection so that such meters are easily accessible for inspection and maintenance and for other purposes of the Act provided that the place where it is affixed shall in no case be - at a point before which water has been tapped by the consumer for utilization for any purposes whatsoever.
12. Separate meters with necessary pipe-line for assessing the quantity of the water used for each of the purposes mentioned below.
 - (a) Industrial Cooling, spraying in mine pits or boiler feed.
 - (b) Domestic purpose
 - (c) Process

CONSENT ORDER

13. The applicant shall display suitable caution board at the place where the effluent is entering into any water-body or any other place to be indicated by the Board. Indicating therein that the area into which the effluents are being discharge is not fit for the domestic use / bathing.
14. Storm water shall not be allowed to mix with the trade and / or domestic effluent on the upstream of the terminal manholes where flow measuring devices will be installed.
15. The applicant shall maintain good house-keeping both within the factory and the premises. All pipes, valves, sewers and drains shall be leak-proof. Floor washing shall be admitted into the effluent collection system only and shall not be allowed to find their way in storm drains or open areas.
16. The applicant shall at all times maintain in good working order and operate as efficiently as possible all treatment or control facilities or systems install or used by him to achieve with the term(s) and conditions of the consent.
17. Care should be taken to keep the anaerobic lagoons, if any, biologically active and not utilized as mere stagnation ponds. The anaerobic lagoons should be fed with the required nutrients for effective digestion. Lagoons should be constructed with sides and bottom made impervious.
18. The utilization of treated effluent on factory's own land, if any, should be completed and there should not be possibility of the effluent gaining access into any drainage channel or other water courses either directly by overflow.
19. The effluent disposal on land, if any, should be done without creating any nuisance to the surroundings or inundation of the lands at any time.
20. If at any time the disposal of treated effluent on land becomes incomplete or unsatisfactory or create any problem or becomes a matter of dispute, the industry must adopt alternate satisfactory treatment or disposal measures.
21. The sludge from treatment units shall be dried in sludge drying beds and the drained liquid shall be taken to equalization tank.
22. The effluent treatment units and disposal measures shall become operative at the time of commencement of production.
23. The applicant shall provide port holes for sampling the emissions and access platform for carrying out stack sampling and provide electrical outlet points and other arrangements for chimneys / stacks and other sources of emissions so as to collect samples of emission by the Board or the applicant at any time in accordance with the provision of the Act or Rules made therein.
24. The applicant shall provide all facilities and render required assistance to the Board staff for collection of samples / stack monitoring / inspection.
25. The applicant shall not change or alter either the quality or quantity or rate of emission or install, replace or alter the air pollution control equipment or change the raw material or manufacturing process resulting in any change in quality and / or quantity of emissions, without the previous written permission of the Board.
26. No control equipments or chimney shall be altered or replaced or as the case may be erected or re-erected except with the previous approval of the Board.

CONSENT ORDER

27. The liquid effluent arising out of the operation of the air pollution control equipment shall be treated in the manner and to ion of standards prescribed by the Board in accordance with the provisions of water (Prevention and Control of Pollution) Act, 1974 (as amended).
28. The stack monitoring system employed by the applicant shall be opened for inspection to this Board at any time.
29. There shall not be any fugitive or episodal discharge from the premises.
30. In case of such episodal discharge / emissions the industry shall take immediate action to bring down the emission within the limits prescribed by the Board in conditions / stop the operation of the plant. Report of such accidental discharge / emission shall be brought to the notice of the Board within 24 hours of occurrence.
31. The applicant shall keep the premises of the industrial plant and air pollution control equipments clean and make all hoods, pipes, valves. Stacks/chimneys leak proof. The air pollution control equipments, location, inspection chambers, sampling port holes shall be made easily accessible all times.
32. Any upset condition in any of the plant/plants of the factory which is likely to result in increased effluent discharge/emission of air pollutants and/ or result in violation of the standards mentioned above shall be reported to the Headquarters and Regional Office of the Board by fax / speed post within 24hours of its occurrence.
33. The industry has to ensure that minimum three varieties of trees are planted at the density of not less than 1000 trees per acre. The trees may be planted along boundaries of the industries or industrial premises. This plantation is stipulated over and above the bulk plantation of trees in that area.
34. The solid waste such as sweeping, wastage packages, empty containers residues, sludge including that from air pollution control equipments collected within the premises of the industrial plants shall be disposed off scientifically to the satisfaction of the Board, so as no to cause fugitive emission, dust problems through leaching etc, of any kind.
35. All solid wastes arising in the premises shall be properly classified and disposed off the satisfaction of the Board by
 - i) Land fill in case of inert material, care being taken to ensure that the material does not give rise to leachate which may percolate into ground water or carried away with storm run-off.
 - ii) Controlled incineration, wherever possible in case of combustible organic material.
 - iii) Composting, in case of bio-degradable material.
36. Any toxic material shall be detoxicated if possible, otherwise be sealed in steel drums & buried in protected areas after obtained approval of this Board in writing. The Detoxication or sealing and burying shall be carried out in the presence of Board's authorized persons only. Letter of authorization shall be obtained for handling and disposal of hazardous wastes.
37. If due to any technological improvement or otherwise this Board is of opinion that all or any of the conditions referred to above requires variation (including the change of any control equipment either in whole or in part) this Board shall after giving the applicant an opportunity of being heard, vary all or any of such condition and thereupon the applicant shall be bound to comply with the conditions so varied.
38. The applicant, his/heirs/legal representatives or assignees shall have no claim whatsoever to the condition or renewal of this consent after the expiry period of this consent.

CONSENT ORDER

39. The Board reserves the right to review, impose additional conditions or condition, revoke change or alter the terms and conditions of this consent.
40. Notwithstanding anything contained in this conditional letter of consent, the Board hereby reserves to it the right and power under section 27(2) of the Water (Prevention & Control of Pollution) Act, 1974 to review any and / or all the conditions imposed herein above and to make such variations as deemed fit for the purpose of the act by the board.
41. The conditions imposed as above shall continue to be in force until revoked under section 27(2) of the Water (Prevention & Control of Pollution) Act, 1974 and section 21 A of Air(Prevention & control of Pollution) Act, 1981.
42. In case the consent fee is revised upward during this period. The industry shall pay the differential fees to the Board (for the remaining years) to keep the consent order in force. If they fail to pay the amount within the period stipulated by the Board the consent order will be revoked without prior notice.
43. The Board reserves the right to revoke/refuse consent to operate at any time during period for which consent is granted in case any violation is observed and to modify / stipulate additional conditions as deemed appropriate.

GENERAL CONDITIONS FOR UNITS WITH INVESTMENT OF MORE THAN Rs. 50 CRORES AND 17 CATEGORIES OF HIGHLY POLLUTING INDUSTRIES (RED A).

1. The applicant shall analyse the emissions every month for the parameters indicated in TABLE B & C as mentioned in this order and shall furnish the report thereof to the Board by the 10th of the succeeding month.
2. The applicant shall provide and maintain at his own cost three ambient air quality monitoring stations for monitoring Suspended Particulate Matter, Sulphur Dioxide, Oxides of Nitrogen, Hydro-Carbon, Carbon-Monoxide and monitor the same once in a day/week/fortnight/month. The data collected shall be maintained in a register and a monthly extract be furnished to the Board.
3. The applicant shall provide and maintain at his own cost a meteorological station to collect the data on wind velocity, direction, temperature, humidity, rainfall etc and the daily reading shall be recorded and the extract sent to the Board once in a month.
4. The applicant shall forward the following information to the Member secretary, State Pollution Control Board, Orissa, Bhubaneswar regularly.
 - a. Report of analysis of stack monitoring, ambient air quality monitoring meteorological data as required every month.
 - b. Progress on planting of trees quarterly.
5. The applicant shall install mechanical composite sampling equipment and continuous flow measuring / recording devices on the effluents drains of trade as well as domestic effluent. A record of daily discharge shall be maintained.
6. The following information shall be forwarded to the Member Secretary on or before 10th of every month.
 - a. Performance / progress of the treatment plant.
 - b. Monthly statement of daily discharge of domestic and / or trade effluent.

CONSENT ORDER

7. Non-compliance with effluent limitations
- a. If for any reason the applicant does not comply with or is unable to comply with any effluent limitations specified in this consent, the applicant shall immediately notify the consent issuing authority by telephone and provide the consent issuing authority with the following information in writing within 5 days of such notification.
 - i) Causes of non-compliance.
 - ii) A description of the non-compliance discharge including its impacts on the receiving waters.
 - iii) Anticipated time of continuance of non-compliance if expected to continue or if such conditions has been corrected the duration or period of non-compliance.
 - iv) Steps taken by the applicant to reduce and eliminate the non-complying discharge and
 - v) Steps to be taken by the applicant too prevent the condition of non-compliance.
 - b. The applicant shall take all reasonable steps to minimize any adverse impact to natural waters resulting from non-compliance with any effluent limitation specified in this consent including such accelerated or additional monitoring as necessary to determine the nature and impact of the non-complying discharge.
 - c. Nothing in this consent shall be construct to relieve the applicant from civil or criminal penalties for non-compliance whether or not such non-compliance is due to factors beyond his control, such as break-down, electric failure, accident or natural disaster.
8. The applicant shall at his own cost get the effluent samples collected both before and after treatment and get them analysed at an approval laboratory every month for the parameters indicated in part-D and shall submit in duplicate the report thereof to the Board.
9. The addition of various treatment chemicals should be done only with mechanical dosers and proper equipment for regulation of correct dosages determined daily and for proper uniform feeding. Crude practices such as dumping of chemicals in drains or sumps or trickling of acids or alkalies arbitrarily and utilizing poles for stirring etc. should not be resorted to.
10. In the disposal of treated effluent on land for irrigation, the industry shall keep in view of the need for.
- i) Rotation of crops.
 - ii) Change of point of application of effluent on land.
 - iii) A portion of land kept fallow.
11. The adoption of these would avoid soil becoming sick or slate, the industry may ensure this in consultation with the Agriculture Department.
12. It is the sole responsibility of the industry to ensure that there are no complaints at any time from the royats in the surrounding areas as a result of discharge of sewage or trade effluent if any.
13. Proper house keeping shall be maintained by a dedicated team.
14. The industry must constitute a team of responsible or technically qualified personnel who will ensure continuous operation of all pollution control devices round the clock (including night hours) and should be in a position to explain the status of operation of the pollution control measures to the inspecting officers of the Board at any point of time. The name of these persons with their contact telephone numbers shall be intimated to the concerned Regional Officer and Head Office of the Board and in case of any change in the team it shall be intimated to the Board immediately.

CONSENT ORDER

F. SPECIAL CONDITIONS (Air Pollution Control)

1. Dust suppression system or dust extraction system shall be provided at feed hopper, primary crusher, secondary crusher, screen and at other material transfer points etc. such that suspended particulate shall not be more than $600 \mu\text{g}/\text{m}^3$ at a distance of 3 m. to 10m. from the dust generating source.
2. The primary crusher, screen and secondary crusher shall be placed in a covered shed.
3. Water sprinkling arrangement shall be provided at all the discharge chutes to regulate fugitive dust.
4. The industry shall construct metallic roads inside crusher premises.
5. The industry shall make provision to collect the fines products in an environmentally sound manner instead of heaping by free falling to avoid the dust nuisance.
6. The unit shall provide wind breaking walls of adequate height both in downwind and up wind directions.
7. The ambient air quality inside the factory premises shall be confirmed to the National Ambient Quality standard.
8. Thick green belt shall be developed around the factory premises.
9. The stone fines shall be stacked properly and systematically with retaining wall at the toe to avoid washings during rain. Under no circumstances, the wash water shall be allowed outside the factory premises.
10. Domestic effluent shall be discharged to soak pit through septic tank constructed as per BIS specification.
11. The unit shall abide by E (P) Act, 1986 and Rules framed there under.

**CONSENT ORDER**

The occupier must comply with the conditions stipulated in section A, B, C, D and E to keep this order valid.

Letter No. 4809 /81/2019/DRP/Dated. 3-8-19

To

Tahasildar Kaniha,
Dist-Angul -759100

Sub:-

Submission of proposal seeking prior approval of Central Government under the Forest (Conservation) Act, 1980 for diversion of 1.214 ha of forest Land required for establishment of Stone Quarry pertaining to widening and Strengthening of existing SL/IL/DL to two lane with paved shoulder from 246/100 km to 321/100km of NH-53 in Angul District.

Ref:

1. Proposal No. FP/OR/QRY/32655/2018.
2. Memo No. 12786 dt. 06.07.2019 of Spl.Secy to Govt.F&E Department.

Sir,

With reference to the above cited letter on the subject, it is to inform that that the Government of India, Ministry of Environment & Forests Eastern Regional Office, At: Chandrasekharapur, Bhubaneswar has accorded Stage-I approval for diversion of 1.214 ha of forest Land required for establishment of Stone Quarry pertaining to widening and Strengthening of existing SL/IL/DL to two lane with paved shoulder from 246/100 km to 321/100km of NH-53 in Angul District for non forest purpose. As per condition No. (iii) imposed by State Government vide their letter No.12782/F&E/dt. 06.07.2019, the user agency shall contribute towards implementation of Regional Management Plan at revised rate. Besides the lessee shall take adequate measures for protection of wild fauna owing to opening of stone quarries in the area.

Hence, you are requested to deposit an amount of Rs 99,548/- towards the cost of Regional Management Plan at revised rate for the entire area of mine void filling project as per the calculation given below in the Ad-hoc CAMPA in the saving Bank Account No. 520101263743655, Corporation Bank, Lodhi Complex, Ground Floor, Block No. 11, CGO Complex, Lodi Road New Delhi through "e" payment immediately and intimate the same to the undersigned for taking further action in the matter.

Entire lease area involved - 1.214 ha

Rate of RWMP per ha : 82,000/-/-

Amount to be deposited - Rs. 82,000/- X 1.214 ha = Rs 99,548/-

(Rupees Ninety nine thousand and five hundred forty eight) only

Yours faithfully

Tahasildar, Kaniha

English Version of Gram Sabha Resolutions

A Pallisabha held on dated 29/7/18 at 8 A.M. at Khindo village regarding the diversion of forest land for establishment of stone quarry pertaining to widening and strengthening of existing of SL/IL/DL to two lane paved shoulder from 246/100 km to 321/100 km of NH-53 having an area of 1.214 Ha having khata no. 276, plot no. 96.

The Kisam of the forest land need to be diverted for non forest purposes for the above said project and for this agreement of the committee member of Pallisabha is required as per Act 2006 and Amendment rules 2012.

Accordingly District Office (Department of Tribal and Ethnic development), Angul memo no. 1100/12.07.18, Panchayat Samiti Office, Kaniha memo no. 1121/19.07.18 and advertisement no. 79, dated 23.07.18 for Pallisabha of Sarpanch, Kuluma, a Pallisabha was held for non forest purpose of forest land as per rule 2012 in the presence of Sarpanch Shri Nisakar Biswal. The announcement about the advertisement was preached throughout the village.

In the same meeting, Sarpanch, Kuluma and the villagers of Khindo and Kuluma village were present. The Sarpanch discussed and told to the villagers about the purpose of Pallisabha and as per Recognition of forest rights Act 2006 & Rules 2007 and amendment rules 2012.

A fully detailed verification was done on above mentioned 1.21 Ha Forest land and a decision was taken. The decision was that everyone agreed for the changes in the land Kisam for this project. In the above mentioned land, no SC/ST is residing and no one is dependent on that land nor it is under anyone acquisition nor anyone has requested for its acquisition.

In total 305 out of 601 members were present in the meeting which is more than 50% and agreed to change the Kisam of forest land to non forest purpose. Accordingly decision of Pallisabha was that majority of people accepted to change the Kisam of Forest land. Lastly above discussed topics were elaborately explained in Odia to the villagers.

Annexure - 3

PROCEEDINGS OF THE DISTRICT LEVEL COMMITTEE MEETING ON SCHEDULED TRIBES AND
OTHER TRADITIONAL FOREST DWELLERS (RECOGNITION OF FOREST RIGHTS) ACT, 2006 &
AMENDMENT RULES, 2012 HELD ON 21.07.2018 AT 10.00 AM IN RESIDENTIAL OFFICE CHAMBER
OF THE COLLECTOR & DISTRICT MAGISTRATE, ANGUL

The meeting was presided over by Shri Anil Kumar Samal, I.A.S., Collector & DM, Angul-cum-Chairman, DLC. The list of members present in the meeting is placed at Annexure-I.

At the outset, the Collector welcomed all the members present in the meeting and asked the DWO, Angul to brief the agendas of the meeting. Accordingly, the DWO gave an introduction and briefed the agendas.

Agenda-1. Diversion of Forest land and Issuance of FRA certificate in favour of Block Development Officer, Talcher for construction of road from N.H-23 to Baidamunda Bangau Nalla of Gurjang village under Sub-Section (2) of Section 3 of the Act.

The Divisional Forest Officer, Angul has accorded permission vide his letter No.3399 / dt.28.05.2018 for diversion of 0.33 Ha forest land for construction of road by the Block Development Officer, Talcher from NH-23 to Baidamunda Nalla of Gurjang village passing through Parthuria Petachira RF & Baidamunda village forest of Talcher Range under section 3(2) of the ST & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006, which is less than 1.00 Ha, under DMF scheme, subject to the full fulfilment of the following conditions

1. The legal status of forest land shall remain unchanged.
2. Construction with strict provision of over pass and deep wild life proof trenches with size (Bottom-1m, height-2.5m, Top-3m) along either side of the road passing through the Parthuria Petachira RF for safe guard of wild life
3. The proposed road work should not be under taken in presence of forest officials and representative of BDO, Talcher but not through the Contractors.
4. The Road work will not involve any clearing of forest growth or cutting of trees other than the enumerated trees for the purpose after obtaining tree felling permission from the DFO, Angul
5. The forest land shall not be used for any purpose other than specified in the proposal.
6. No widening of roads shall be undertaken and no black topping shall be allowed without prior permission from the state forest department under the FC Act, 1980.
7. No crushing / breaking of stones shall be allowed inside forest areas and no labour camp shall be established in the forest land
8. Reinforcement of both sides of the road with brick / stone works and vegetative measures shall be done in consultation with the DFO, Angul at project cost to check soil, erosion.
9. Plantation of shade bearing / ornamental trees shall be taken up along both side road immediately at the project cost in consultation with the DFO, Angul
10. The user agency shall be responsible for any loss to the flora / fauna in the surroundings and therefore shall take all possible measures to conserve the same. Any damage done in this regard shall be compensated by the user agency at the project cost as per assessment of the DFO, Angul.

- Contd... 2-

The committee after detailed discussion, approved the diversion of the following Forest Land for the purpose in favour of BDO, Talcher

Sl. No.	Forest Land details	Name of the G.P.	Name / No. of village	Area require to be diverted (in Ha)	Remarks
1	Pathuria Petachira R/F	Gurujang		0.13	Linear Project (Construction of Road)
2	Revenue Forest		Baidamunda	0.20	
	Total			0.33	

Agenda-2. Diversion of Forest land and Issuance of FRA certificate in favour of Dy. Chief Engineer / Const. East Coast Railway, Angul.

Discussion was made on Diversion Proposal submitted by the SDLC, Athamalik vide Memo No.573/Dt.21.02.2018 for construction of Talcher – Sambalpur doubling Broad Gauge Rail Link measuring an area of Ac.6.981 of Forest land covering 15 villages under Kishorenagar Block of Athamalik Sub-Division. It may be noted that the Tahasildar, Kishorenagar was requested to provide detailed land schedule to the BDO, Kishorenagar vide this office memo no.13/04.01.2017. But the detail land schedules have not been provided by the Tahasildar, Kishorenagar where the FRC meetings were held for this diversion proposal. The matter has not been pursued by the User Agency before the Tahasildar, Kishorenagar inspite of advice of this office vide memo no.15/Dt.04.01.2017. Besides the SDLC, Athamalik has not submitted the FRC resolutions for perusal of the DLC.

The Tahasildar, Kishorenagar is instructed to verify the land schedule submitted by the E.Co. Rail way and submit the same to the SDLC, Athamalik & DLC, Angul within a week.

Appart from this, the SDLC, Angul has not submitted the diversion proposal measuring 2.7 Acres of forest land coming in Banarpal and Chhendipada Block for this Railway project.

The Sub-Collector, Angul is advised to convene the SDLC at the earliest and approve the proposal.

As such, this diversion proposal is kept pending to be considered in the next DLC.

Agenda-3. Diversion of Forest land and Issuance of FRA certificate in favour of Tahasildar, Kaniha for establishment of stone quarry.

The proposal received from SDLC, Talcher vide memo No.5066/Dt.07.07.2018 towards diversion of forest land for establishment of stone quarry pertaining to widening and strengthening of existing of SL/IL/DL to two lane paved shoulder from 246/100 Km to 321/100 Km (Except 292.164 to 307.934 Km and 314.130 to 321.0 Km) of NH-53 in Angul district having an area of 1.214Ha,

The details of Lands to be diverted are as follows.

Sl. No.	Forest Land details	Name of the G.P.	Name / No. of village	Area require to be diverted (in Ha)	Remarks
1	Jungle (as per Sabik) Parbat /2 (as per Hal)	Kuluma	Khindo	1.214 Ha.	Other than linear Project (Stone Quarry)

The committee after detailed discussion, approved the diversion of the following Forest Land for the purpose in favour of BDO, Talcher

Sl. No.	Forest Land details	Name of the G.P.	Name / No. of village	Area require to be diverted (in Ha)	Remarks

Agenda-2. Diversion of Forest land and Issuance of FRA certificate in favour of Dy. Chief Engineer / Const. East Coast Railway, Angul.

Discussion was made on Diversion Proposal submitted by the SDLC, Athamalik vide Memo No.573/Dt.21.02.2018 for construction of Talcher - Sambalpur doubling Broad Gauge Rail Link measuring an area of Ac.6.981 of Forest land covering 15 villages under Kishorenagar Block of Athamalik Sub-Division. It may be noted that, the Tahasildar, Kishorenagar was requested to provide detailed land schedule to the BDO, Kishorenagar vide this office memo no.13/04.01.2017. But the detail land schedules have not been provided by the Tahasildar, Kishorenagar where the FRC meetings were held for this diversion proposal. The matter has not been pursued by the User Agency before the Tahasildar, Kishorenagar inspite of advice of this office vide memo no.15/Dt.04.01.2017. Besides the SDLC, Athamalik, has not submitted the FRC resolutions for perusal of the DLC.

The Tahasildar, Kishorenagar is instructed to verify the land schedule submitted by the E.Co. Rail way and submit the same to the SDLC, Athamalik & DLC, Angul within a week.

Appart from this, the SDLC, Angul has not submitted the diversion proposal measuring 2.7 Acres of forest land relating to Banarpal and Chhendipada Block for this Railway project.

The Sub-Collector, Angul is advised to convene the SDLC at the earliest and approve the proposal.

As such, this diversion proposal is kept pending to be considered in the next DLC.

Agenda-3. Diversion of Forest land and Issuance of FRA certificate in favour of Tahasildar, Kaniha for establishment of stone quarry.

The proposal received from SDLC, Talcher vide memo No.5066/Dt.07.07.2018 towards diversion of forest land for establishment of stone quarry pertaining to widening and strengthening of existing of SI/UDL to two lane paved shoulder from 246/100 Km to 321/100 Km (Except 292.164 to 307.934 Km and 314.130 to 321.0 Km) of NH-53 in Angul district having an area of 1.214Ha.

The details of Lands to be diverted are as follows.

Sl. No.	Forest Land details	Name of the G.P.	Name / No. of village	Area require to be diverted (In Ha)	Remarks
1	Jungle (as per Sabik) Parbat /2 (as per Hal)	Kuluma	Khindo	1.214 Ha.	Other than linear Project (Stone Quarry)

On verification of the records received from SDLC, Talcher, it was ascertained that, the ST & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 & Amendment Rules, 2012 have been properly implemented in this village. The FRC has been constituted and individuals as well as community claims have been settled and no claims are pending. Any interest of PTGs and PACs are not being affected for such diversion of forest land for non-forest purpose i.e. establishment of stone quarry.

After examining, the committee approved to issue the FRA certificate for considering the diversion proposal of forest land of 1,214 Ha. by the Forest Deptt. for establishment of stone quarry in favour of Tahasildar, Kaniha.

Agenda- 4. Conversion of Badmul Forest village to Revenue village

The proposal for conversion of Badmul Forest Village to revenue village of Chhendipada Tahasil has been received from the SDLC, Angul duly approved vide memo No.1718/Dt.07.03.2018 of the Sub-Collector, Angul.

On verification of records, it is seen that, the proclamation (public notice) has been duly published in the village by the Tahasildar, Chhendipada. The Tahasildar, Chhendipada has made a detailed survey of the lands of the proposed revenue village & submitted details of the land schedules alongwith map, Gram Sabha resolutions for conversion of Forest Village, Badmul to Revenue Village as per Forest Rights Act, 2006.

The Tahasildar, Chhendipada has recommended the following Land Schedules which are now in occupation by the villagers.

Sl No.	Category	Area (in Acre)
1	Community land & road	83.27
2	Agricultural land	354.07
3	Homestead land (Ghara diha & Ghara bari)	11.57
4	Blank Polygon	23.93
Total		472.84

The members of the DLC examined the proposal and approved for it's conversion from Forest Village to Revenue Village. The committee advised the DWO, Angul to submit the proposal alongwith all relevant records to the Board of Revenue, Odisha, Cuttack for necessary action at their level.

The meeting ended with vote of thanks to the Chair.

PROCEEDINGS OF THE DISTRICT LEVEL COMMITTEE MEETING ON SCHEDULED TRIBES AND
OTHER TRADITIONAL FOREST DWELLERS (IN COGNITION OF FOREST RIGHTS) ACT, 2006 &
AMENDMENT RULES, 2012 HELD ON 21.07.2018 AT 10.00 AM IN RESIDENTIAL OFFICE CHAMBER
OF THE COLLECTOR & DISTRICT MAGISTRATE, ANGUL

The meeting was presided over by Shri Anil Kumar Samal, I.A.S., Collector & DM, Angul-cum-Chairman,
DLC. The list of members present in the meeting is placed in Annexure-I.

At the outset, the Collector welcomed all the members present in the meeting and asked the DWO,
Angul to brief the agendas of the meeting. Accordingly, the DWO gave an introduction and briefed the agendas
Agenda-1. Diversion of Forest land and Issuance of FRA certificate in favour of Block Development
Officer, Talcher for construction of road from N.H-23 to Baidamunda Bangau Nalla of Gurjang
village under Sub-Section (2) of Section 3 of the Act.

The Divisional Forest Officer, Angul has accorded permission vide his letter No.3399 /
dt.28.05.2018 for diversion of 0.33 Ha forest land for construction of road by the Block Development Officer,
Talcher from NH-23 to Baidamunda Nalla of Gurjang village passing through Parthuria Petachira RF &
Baidamunda village forest of Talcher Range under section 3(2) of the ST & Other Traditional Forest
Dwellers (Recognition of Forest Rights) Act, 2006, which is less than 1.00 Ha. under DMF scheme, subject
to the full fulfilment of the following conditions

1. The legal status of forest land shall remain unchanged.
2. Construction with strict provision of over pass and deep wild life proof trenches with size
(Bottom-1m, height-2.5m, Top-3m) along either side of the road passing through the Pathuria Petachira RF
for safe guard of wild life.
3. The proposed road work should not be under taken in presence of forest officials and
representative of BDO, Talcher but not through the Contractors.
4. The Road work will not involve any clearing of forest growth or cutting of trees other than the
enumerated trees for the purpose after obtaining tree felling permission from the DFO, Angul
5. The forest land shall not be used for any purpose other than specified in the proposal.
6. No widening of roads shall be undertaken and no black topping shall be allowed without prior
permission from the state forest department under the FC Act, 1980.
7. No crushing / breaking of stones shall be allowed inside forest areas and no labour camp shall
be established in the forest land
8. Reinforcement of both sides of the road with brick / stone works and vegetative measures shall
be done in consultation with the DFO, Angul at project cost to check soil, erosion.
9. Plantation of shade bearing / ornamental trees shall be taken up along both side road
immediately at the project cost in consultation with the DFO, Angul
10. The user agency shall be responsible for any loss to the flora / fauna in the surroundings and
therefore shall take all possible measures to conserve the same. Any damage done in this regard shall be
compensated by the user agency at the project cost as per assessment of the DFO, Angul.

The committee after detailed discussion, approved the diversion of the following Forest Land for the purpose in favour of BDO, Talcher

Sl. No.	Forest Land details	Name of the G.P.	Name / No. of village	Area require to be diverted (in Ha).	Remarks
1	Pathuria Petachira R/F	Gurujang		0.13	Linear Project (Construction of Road)
2	Revenue Forest		Baidamunda	0.20	
	Total			0.33	

Agenda-2. Diversion of Forest land and Issuance of FRA certificate in favour of Dy. Chief Engineer / Const. East Coast Railway, Angul.

Discussion was made on Diversion Proposal submitted by the SDLC, Athamallik vide Memo No.573/Dt.21.02.2018 for construction of Talcher - Sambalpur doubling Broad Gauge Rail Link measuring an area of Ac.6.981 of Forest land covering 15 villages under Kishorenagar Block of Athamallik Sub-Division. It may be noted that, the Tahasildar, Kishorenagar was requested to provide detailed land schedule to the BDO, Kishorenagar vide this office memo no.13/04.01.2017. But the detail land schedules have not been provided by the Tahasildar, Kishorenagar where the FRC meetings were held for this diversion proposal. The matter has not been pursued by the User Agency before the Tahasildar, Kishorenagar inspite of advice of this office vide memo no.15/Dt.04.01.2017. Besides the SDLC, Athamallik has not submitted the FRC resolutions for perusal of the DLC.

The Tahasildar, Kishorenagar is instructed to verify the land schedule submitted by the E.Co Railway and submit the same to the SDLC, Athamallik & DLC, Angul within a week.

Apart from this, the SDLC, Angul has not submitted the diversion proposal measuring 2.7 Acres of forest land relating to Banarpal and Chhendipada Block for this Railway project.

The Sub-Collector, Angul is advised to convene the SDLC at the earliest and approve the proposal.

As such, this diversion proposal is kept pending to be considered in the next DLC.

Agenda-3. Diversion of Forest land and Issuance of FRA certificate in favour of Tahasildar, Kaniha for establishment of stone quarry.

The proposal received from SDLC, Talcher vide memo No.5066/Dt.07.07.2018 towards diversion of forest land for establishment of stone quarry pertaining to widening and strengthening of existing of SL/UDL to two lane paved shoulder from 246/100 Km to 321/100 Km (Except 292.164 to 307.934 Km and 314.130 to 321.0 Km) of NH-53 in Angul district having an area of 1.214Ha.

The details of Lands to be diverted are as follows.

Sl. No.	Forest Land details	Name of the G.P.	Name / No. of village	Area require to be diverted (in Ha)	Remarks
1	Jungle (as per Sabik) Parbat /2 (as per Hai)	Kuluma	Khindo	1.214 Ha.	Other than linear Project (Stone Quarry)

On verification of the records received from SDLC, Talcher, it was ascertained that, the ST & Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 & Amendment Rules, 2012 have been properly implemented in this village. The FRC has been constituted and individuals as well as community claims have been settled and no claims are pending. Any interest of PTGs and PACs are not being affected for such diversion of forest land for non-forest purpose i.e. establishment of stone quarry.

After examining, the committee approved to issue the FRA certificate for considering the diversion proposal of forest land of 1.214 Ha, by the Forest Deptt. for establishment of stone quarry in favour of Tahasildar, Kaniha.

Agenda- 4. Conversion of Badmul Forest village to Revenue village

The proposal for conversion of Badmul Forest Village to revenue village of Chhendipada Tahasil has been received from the SDLC, Angul duly approved vide memo No.1718/DI.07.03.2018 of the Sub-Collector, Angul.

On verification of records, it is seen that, the proclamation (public notice) has been duly published in the village by the Tahasildar, Chhendipada. The Tahasildar, Chhendipada has made a detailed survey of the lands of the proposed revenue village & submitted details of the land schedules alongwith map, Gram Sabha resolutions for conversion of Forest Village, Badmul to Revenue Village as per Forest Rights Act, 2006.

The Tahasildar, Chhendipada has recommended the following Land Schedules which are now in occupation by the villagers.

Sl No.	Category	Area (in Acre)
1	Community land & road	83.27
2	Agricultural land	354.07
3	Homestead land (Ghara diha & Ghara bari)	11.57
4	Blank Polygon	23.93
Total		472.84

The members of the DLC examined the proposal and approved for it's conversion from Forest Village to Revenue Village. The committee advised the DWO, Angul to submit the proposal alongwith all relevant records to the Board of Revenue, Odisha, Cuttack for necessary action at their level.

The meeting ended with vote of thanks to the Chair.
