Shreenathnagar Patethan, Post-Rahu, Tal. Daund, Dist. Pune-412 207 EPABX : 9923002924 / 8551858899

Justification for proposal for diversion of Forest land for sugarcane research centre, Agricultural research centre and training centre, community centre. At gut no 47 at village Nandur Tal Daund. The project will be undertaken by Shreenath Mhaskoba Sakhar Karkhana Ltd Ltd. Shreenathnagar, Post- Daund. Dist.Pune.

➤ Name of the Project

Proposal for diversion of Forest land for sugarcane research centre, Agricultural research centre and training centre, community centre. At gut no. 47 at village- Nandur, Tal Daund. The project will be undertaken by The Shreenath Mhaskoba Sakhar Karkhana Ltd Ltd. Shreenathnagar, Post- Rahu, Tal.-Daund. Forest land required is 37.72 ha.

➤ PROPOSAL SUBMITTED BY –

Proposal submitted by Adv. Vikas Ramchandra Raskar, Director The Shreenath Mhaskoba Sakhar Karkhana Ltd . Shreenathnagar , Post-Rahu,Tal.- Daund., Dist . Pune, Pin code 412 207, EPABX No.8551868899. Email. smsklho@rediffmail.com.

➤ Justification for Proposal.

The proposal for diversion of forest land for Proposal for diversion of Forest land for sugarcane research centre, Agricultural research centre and training centre, community centre. At gut no 47 at village Nandur Tal Daund. The project will be undertaken by The Shreenath Mhaskoba Sakhar Karkhana Ltd. Shreenathnagar, Post- Rahu, Tal.-Daund. Forest land required is 37.72 ha. Proposal **Under forest (conservation) Act, 1980.**

The Shreenath Mhaskoba Sakhar Karkhana Ltd. Shreenathnagar, Post- Rahu, Tal.-Daund. has command area in tall. Daund, the crushing capacity of 2500 Tons /day. The command area comes on the bank of Mula –Mutha and Bhima River. So most of fathers growing Sugarcane as

cash crop. The farmers growing sugarcane as per rutting method. So the average total yield of sugarcane is approximately 30 to 35 tons/Acers

The sugarcane raised and planted from same seed of sugarcane and hence yield per acre is lowest & with sugar recovery % is 10.5 to 11. There is no any institute to supply new sugarcane Varity, so the yield per acre and also sugar recovery % incise and ultimately it increase income of the farmers. This issue has been discussed in the Commissioner of Sugar console. The meeting in the month of September 2017 this issue again discussed. So as per guideline our factory has decided to work on this issue. The management committee of sakhar karkhana has also agree for this sensitive work.

Then the search has been done for suitable 25 to 35 ha. land for this work. There is no land available adjoining to Sakhar Karkhana at Patethan. The land surrounded by factory is not available due to the average land holding of farmers is below 1 ha. and if it taken for this project then the farmers may become landless. There is no other land suitable available nearby factory. After survey it is found that the Gut no 47 (old s. no.344) at village Nandur, Tal. Daund. This area is suitable for growing new verity sugarcane, the water availability and approach road facility available nearby. Also this land is within the zone area of sugar factory.

The gut no 47 is owned by forest dept. and it was declared Reserved Forest. The total area is 337.72 ha.

Item wise land required for the proposed project is as per following

Name of project	Item	Gut no	Area required	Remark
Proposal for diversion of Forest land for sugarcane research centre, Agricultural research centre and training centre, community centre	Sugarcane Research plot	Nandur 47	21 ha	Reserved Forest.
	Agri research plot	Nandur 47	15.00 ha.	The detail land use lay out plan has been shown separately.
	Training canter	Nandur 47		
	Community hall	Nandur 47		
	Laboratory	Nandur 47	1.72ha	
Total forest land required			37.72	

The main works will be done as per following. In which internal road, water supply pipeline & Electric line with street light facility and compound as per requirement. There is no plan to build residential buildings.

- A) Three tyre sugar cane seed plot.
- B) Agri. Research plot

- C) Deshi Cow conservation farm
- D) Tissue culture seedling plant
- E) Training centre
- F) Community hall

The project note is attached separately. P. A. has aware that the use of forest land for non-forest purpose, there is need prior approval from central Govt.

And the P. A has also aware that there is need to give alternative non forest land in lieu of forest land to be diverted, and in additional to that P. A. has to pay cost of Forest land (NPV) as fixed by Central Govt. & plantation cost including 7 years cost of aftercare works called as compensatory Afforestation cost.

The Project Authority is aware for use of Forest land for non- forest use, prior approval is required under Forest (Conservation) Act 1980 from Central Govt. Project Authority has not started work in forest land P. A. will start work after sanction by State Govt. Hence this proposal is being submitted for necessary approval under the provision of the forest (conservation) Act, 1980.
