To
The Prl. Chief Conservator of Forests,
Govt. of Andhra Pradesh,
Aranya Bhavan,
HYDERABAD.

Kind Attention of Addl. Pri. CCF & Nodal Officer.

Sir,

Sub: Application for diversion of 285.44 Ha. Forest land in Lankapalli RF, Sattupalli Range of Khammam Division in favour of M/s. Singareni Collieries Company Limited for Kistaram Opencast Project in Sattupalli Mandal, Khammam District – Reg.

* * *

Kind attention is invited to the subject cited above.

2. It is to submit that, to meet the ever increasing demand for Coal and the targets set by Government of India, the Singareni Collieries Company Limited (SCCL) has proposed to increase Coal production by opening new projects and expansion of existing mines. Accordingly, it has been planned to open Kistaram OCP towards North side of the existing JVR OC-I (formerly named as Sathupalli OCP-I).

3. Kistaram OCP requires 435.68 Ha. of land, of which 285.44 Ha. is Forest land. The total Coal reserves of the mine are 21.61 Million Tonnes of which about 20.71 Million Tonnes of Coal has been located in Forest land in Compartment Nos. 160 (part), 161 (part) & 162 (part) of Lankapalli Reserve Forest, Sattupalli Range of Khammam Division, Andhra Pradesh.

4. It is to state that, Ministry of Environment & Forests, vide letter No. 8-129/2003-FC dated 02.02.2005 sanctioned diversion of 244.02 Ha. of Forest land in Lankapalli RF in Sattupalli Range of Khammam Division in Andhra Pradesh for JVR OC-I Mine (formerly Sattupalli OCP-I). On 30.11.2006, proposal for diversion of 136.50 Ha. Forest land for expansion of JVR OC-I Mine was submitted to the Forest Department and it was processed and forwarded to MoEF for approval. Further on 16.08.2008, proposal for diversion of 776.20 Ha. Forest land for JVR OC-II Mine at Sattupalli was also submitted to the Forest Department and it is also under process.

5. Kistaram OCP is planned to produce 2.00 Million Tonnes of Coal per annum with a Net capital outlay of Rs.194.03 Crores and has a life of 20 years (including pre-mining and post mining activities). This project provides direct employment to 370 persons. The Nation will be benefited by achieving increased coal production by exploiting coal reserves of the project and also gets benefited financially due to additional income by way of Royalty, Excise Duty, Sales Tax and Electricity supply continuously. Further, this project will contribute benefit to the society by way of increased employment resource direct and indirect in nature with resultant improvement in standard of living, rise in per capita income of the population of surrounding villages of this area.

6. The details relating to total Forest land already diverted at Kothagudem Area, their current use, details of reclamation, plantation carried out so far, environmental and biological engineering measures are being taken and proposed to be taken etc., are furnished in the enclosed statements (Annexure-I, IA & IB).

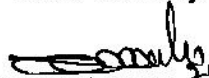

7. Regarding CA land it is to submit that, the Singareni Collieries Company Limited has already identified equivalent extent of Non-forest land in Eluru Forest Division of West Godavari District. The details are furnished in Form-"A" under Part - I.

8. The application (Form-A) for prior approval under Section 2 of F (C) Act 1980 Part-I duly filled in seven (7) sets is submitted. The lease of the Forest land is required for a period of 20 years.

9. Therefore, it is requested to kindly arrange to process and forward the application to Government of India through Govt. of Andhra Pradesh for prior approval for diversion of 285.44 Ha. of Forest land for Kistaram Opencast Project for a period of 20 years.

Encl:- As above.

Yours faithfully,

General Manager,
Kothagudem Area.

The Singareni Collieries Company Limited

(A Government Company)

Kothagudem Area.

Application for diversion of 285.44 Ha. Forest land in Lankapalli RF, Sattupalli Range of Khammam Division, Andhra Pradesh in favour of M/s. Singareni Collieries Company Limited for Kistaram Opencast Project in Sattupalli Mandal, Khammam District.

FORM – 'A'

**Form for seeking prior approval under section 2 of the proposals
by the State Governments and other authorities.**

PART-I

1. Project details:

i) Short narrative of the proposal and project/scheme for which the Forest land is required.

The Singareni Collieries Company Limited (SCCL) is a Government Company jointly owned by Government of Andhra Pradesh and Government of India. It is the only Coal producing Company in the South India meeting the coal requirements of various industries located in South India. The activities of SCCL are spread over in Khammam, Warangal, Karimnagar and Adilabad Districts. The SCCL is presently having 37 Coal Mining Leases spread over in the above four Districts. In these sanctioned mining leases, SCCL is operating 36 Underground mines and 14 Opencast mines and produced 44.44 Million Tonnes of Coal in 2008-09. The production target for 2009 – 10 is 50.40 Million Tonnes.

In order to meet the ever-increasing demand for Coal and to achieve the targets fixed by the Government of India, the SCCL has embarked upon large-scale expansion of Coal mining to increase coal production. Kistaram Opencast Project is one of the new projects identified in Sattupalli Range of Khammam Forest Division.

In Sattupalli area, details of Forest land/Non-forest land already diverted/acquired and diversion proposals are under process are shown in the enclosed statement (Annexure-IIB).

For the proposed Kistaram OCP, the total land requirement is 435.68 Ha. of which, 285.44 Ha. is Forest land and the area is situated towards North side of existing JVR OCP-I (formerly named as Sattupalli OCP-I).

The present application is for diversion of Forest land of 285.44 Ha. in Compartment Nos.160 (Part), 161 (Part), & 162 (Part) of Lankapalli RF in Sattupalli Range of Khammam Division. The total Forest land is required for mining and its allied activities

The KISTARAM OCP is planned to produce 2.00 Million Tonnes of Coal per annum with a net capital out lay of 194.03 Crores and has a life of 20 years including pre-mining and post mining activities. The estimated reserves of Kistaram OCP is 21.61 Million Tonnes, of which 20.71 Million Tonnes are located in Forest land. This project provides direct employment to 370 persons. Further, the Nation will be benefited by achieving increased coal production by exploiting coal reserves of the project and also gets benefited financially by way of Royalty, Excise Duty, Sales Tax and Electricity supply continuously. Further, this project will also contribute benefit to the society by way of increased direct and indirect employment resources resultant improvement in standard of living and rise in per capital income of the population of surrounding villages of this area.

Regarding C.A. land, Singareni Collieries Company Limited identified Govt. Non-forest land to an extent of 285.44 Ha. as detailed below :-

Sl. No.	District	Forest Division	Forest Range	Mandal	Village	Extent (Ha.)
1.	West Godavari	Eluru	Kannapuram	Buttaigudem	Gogumilli	140.99
2.					Munjuluru	48.90
3.					Chamanpalli	31.58
4.					Orrinka	63.97
Total :						285.44

Copies of Charge Certificates, Non-encumbrance Certificates, Mutation Certificates and Plans of Non-forest land handed over for C.A. are enclosed.

The Safety Zone area along the Quarry towards adjacent Reserved Forest land is 1.36 Ha. having 7.50 Mtrs. width. Therefore, the SCCL undertakes to bear the cost of Compensatory Afforestation charges over an extent of 2.04 Ha. (1 ½ times of Safety Zone area of 1.36 Ha.) in degraded Forest land. Further, it undertakes to bear the cost of fencing the Safety Zone area also. (Annexure-IV).

In this connection, it is to state that the following physical features are existing in the area, which are to be diverted/shifted:

- a) Transmission Line (Over Head Power Transmission lines) to a length of about 1.5 Kms. belonging to AP TRANSCO.
- b) Road to a length of 1.20 KMs. belonging to R & B.

The following course of action is being initiated to divert/shift the above:

a) Shifting of Over head Power Transmission Lines:

Overhead Transmission lines are supplying power to Jagannadapuram Village including the agricultural purpose. The entire Jagannadapuram Village including the agricultural lands are being acquired for accommodating the external dump of OB material. However, SCCL will provide required funds for diversion of the above said Over Head Transmission lines as per AP TRANSCO's requirement.

b) Diversion of Existing Road:

One Road leading to Jagannadapuram from main road between Cherukupalli to Kistaram, is falling within the proposed mine boundary. Further there is no need of this road since the entire Jagannadhapuram village is to be vacated by implementing R & R package as approved by Govt of Andhra Pradesh.

The details relating to Forest land already diverted in Kothagudem Area, their current use, details of reclamation, plantation carried out so far, environmental and biological engineering measures are being taken and proposed to be taken etc., are furnished in the enclosed statements (Annexure-I, IA & IB).

ii) Map showing the required Forest land, boundary of adjoining Forest on a 1:50,000 scale map.

Map on R.F. 1:50,000 Scale showing the boundary of Kistaram OCP, Forest land 285.44 Ha. required for diversion, covering Survey of India (Topo sheet) No. 65-C/16 shown on Plan No. 2.

iii) Cost of the project:

Rs. 194.03 Crores.

iv) **Justification for locating the project in Forest area.**

The Coal reserves are available in Forest land, which is site specific.

-- Annexure -II

v) **Cost-Benefit analysis (enclosed).**

* Cost Benefit ratio is 1:25.57. Details furnished in Annexure-VI (b) & VI (c).

vi) **Employment likely to be generated.**

Direct employment : 370 persons.

Indirect employment : 1850 persons.

2. Purpose- wise break-up of the total land required :

(Fig. in Ha.)

Sl. No.	Purpose	Forest land	Non-forest land	Total (3 + 4)
(1)	(2)	(3)	(4)	(5)
1.	Quarry including Drain, Bund etc., around Quarry.	200.72	27.30	228.02
2.	External Dumps including Drain, Toe wall etc., around dumps:			
	a) Top Soil Dump	13.98	0.78	14.76
	b) Hard OB Dump	57.73	122.16	179.89
3.	Service buildings	4.36	0.00	4.36
4.	CHP & Coal stock yard	8.65	0.00	8.65
	Total :	285.44	150.24	435.68

A detailed justification note along with land use plan for the requirement of Forest land for different purposes is enclosed. (Annexure-II).

3. Details of displacement of people due to the project, if any:

i) **Number of families.**

There is no habitation in the Forest land applied for diversion. However, in the adjacent Non-forest land (required for this project), one village namely Jagannadhapuram consisting of 84 families is existing which is to be shifted

Number of Scheduled Castes/Scheduled Tribe families.

a) Scheduled Tribe Families -- 83 Nos.

b) Non-Scheduled Tribe Families -- 01 Nos.

Total -- 84 Nos.

ii) Rehabilitation plan.

As the Singareni Collieries Company Limited is a Government Company, Rehabilitation & Resettlement Plan will be implemented as per the R&R Policy of State Government.

4. Whether clearance under Environment (Protection) Act, 1986 required? (Yes/No).

Yes. Necessary clearance under Environment Protection Act will be obtained.

5. Undertaking to bear the cost of raising and maintenance of Compensatory Afforestation and / or penal Compensatory Afforestation as well as cost for protection and regeneration of Safety Zone, etc., as per the scheme prepared by the State Government (Undertaking to be enclosed).

An Undertaking (Annexure-IV) to bear the cost of raising and maintenance of Compensatory Afforestation and/or Penal Compensatory Afforestation as well as cost for protection and regeneration of Safety Zone, etc., as per the scheme prepared by State Government is enclosed. Further, SCCL also furnishes Undertaking to pay NPV as per the demand issued by the State Forest Department (Annexure-III).
