FACT SHEET OF THE PROPOSAL

Name of the proposal Diversion of 77.3655 ha (32.9633 ha in Bathinda forest division + 44.4022 ha in Sri Murtसर Sahib forest division) of forest land in favour of General Manager (Tech), Project Director, NHAI PIU, Bathinda for widening and strengthening of Bathinda-Malout road km. 06-23.500 B/s Bathinda to Malout Section NH-07 to 4-lane with paved shoulder from existing chainage 123.218 (design chainage km. 0.000) to existing chainage km. 84.600 (design chainage km. 38.664) under Bharatmala Pariyojana (Package-1) in the state of Punjab on Hybrid Annuity Mode, under forest division and distt Bathinda and Sri Muktsar Sahib, Punjab

1. This proposal was discussed in REC meeting held on 28.02.2020 and the committee, for want of following information, deferred the proposal for next meeting:-
 - i. DFOs should revisit the CA site and optimization of CA sites and accordingly submit revised KML file and DGPS map.
 - ii. Revised site specific CA scheme be prepared for planting appropriate species along the railway track i.e., dwarf species in first row and then gradually taller plants in subsequent rows.
 - iii. Correction be made in details of proposal seeking prior approval of central government under the act for diversion of forest land for the project already submitted in the past be uploaded under column B-1 of part-I.
2. Accordingly this office sought the above information from State Government on 09.03.2020.
3. The fact sheet of the case is also enclosed.

14. After examining the proposal, this office sought following information from the state government on 13.02.2020:

- Since the proposal involves diversion of forest land (deemed forest) i.e., area closed under Section 4 & 5 of PLPA in Faridabad District wherein on the advice of CEC, the proposals of non-public utility have been kept pending till the final decision of Hon'ble Supreme Court, more so, as the User Agency is a profit making organization (State PSU). Please comment.
- It is proposed to fill the Badkhal Lake with waste water after treatment as available from Sector 21 A, Faridabad and the user Agency has mentioned in part-I the EC is not applicable. Please elucidate the mechanism for maintaining water quality.
- The exact lake area, main bund area and left over catchment area are not defined in the project report. The entire vegetation is proposed to be removed without mentioning state of vegetation on periphery/bund side of the lake and remaining catchment area. Please comment.
- Staircases & ramp area (0.147 ha) as proposed seem to be permanent structures which should be temporary and eco friendly. Please comment.
- No CAT plan activities have been proposed and no participation of technical departments like forest, soil conservation, fisheries etc. and local village residents/Resident Welfare Societies is proposed in the project report. Please comment.
- The User Agency is not exempted from providing equivalent non-forest land, hence equivalent non forest land be provided for CA.

15. Though the User Agency through Nodal Officer, Haryana have not submitted the reply but as the representative of the User Agency was present in the REC meeting held on 28.02.2012, the Committee considered this proposal.

16. The Committee discussed the proposal and during the presentation, the User Agency informed that another project proposal no. FP/HR/ Pipeline/41348/2019 titled "Diversion of 0.359 ha of forest land in favour of Executive Engineer, HSVP, Horticulture Division, Faridabad for laying of treated water supply line from sector 21 A STP to Badkhal Lake, under Forest Division and District Faridabad" be linked with this proposal. The committee agreed to club the above referred proposal with the current proposal.

17. DSS analysis report of the project sites and CA sites:

A) Of online proposal no. FP/HR/Others/41689/2019:

- Project site:
On DSS analysis, no issue observed in proposed project site.
- CA site:
Three CA sites are proposed by the State Government in different components of Faridabad range. On DSS analysis it was found that out of 116.372 ha, only 55.6 ha vacant space is available and remaining 60.772 ha more vacant space is required for target plantation.

13) Of online proposal no. FP/HR/Pipeline/41348/2019:

- i) Project site:
On DSS analysis, no issue observed in porposed project site.
- ii) CA site:
DSS analysis shows that correct coordinates of CA site under Column 13(iii) of part –II is not provided.

- 18. The Committee directed User Agency/State Government to produce the Gazette Notification/Executive Order of ownership/possession of Badkhal lake before the next meeting.
- 19. This office sought the above said query from State Government on 09.03.2020.
- 20. The Original fact sheet of the case FP/HR/Ohers/41689/2019 is also enclosed.
