2. The proposal is initiated by the Deputy General Manager, Power Grid, Bramhapuri for diversion of 432.6791 ha. forest land under Forest (Conservation) Act, 1980 for laying of ± 800 KV HV D/C Raigarh - Pugalur transmission line passing through the forest area in total 79 villages of four Forest Divisions, in Chandrapur and Gadchiroli, District in Maharashtra State. The aforesaid project is being constructed to evacuate bulk Power from Chhattisgarh and to improve and strengthen

the power System and overall power scenario of Southern Parts of India. The total non-forest land involved in the project is 997.853 ha. The cost benefit ratio for the project is 41:1.

For implementation of the proposed project, three alternative routes have been explored for minimizing the involvement of forest land and accordingly the proposed route-I, involving minimum forest has been selected. During the selection of route for \pm 800 KV HVDC emphasis was given to align the route through non forest land and where ever it was not possible to avoid the forest land, the line is route through minimum forest land. The length of BEE line connecting both the sub-station at Raigarh and Pugalur is 1838 km. In Maharashtra State the portion of the route length of alternative I, II & III are approximately 209.787, 211.175, 225.75 km respectively. The length of proposed route i.e. Alternative Route-I is the least as compared to the length of Route-II & Route III , also the involvement of forest land is minimum in Route-I i.e. Total 432.6791 ha. forest land could not be avoided due to various constraints.

The comparative statement showing forest land involvement in all the three alternative routes is as under:-

Alternative routes	Route Length (in km)	Route length in forest area (in km)	Forest land involved (in ha)	Reason for route selection or rejection
Route-I	209.787	67.390	432.671	Route I Selected as minimum forest land is involved (432.6791 ha.)
Route-II	211.175	72.30	498.87	
Route-III	225.75	79.50	548.55	

The project is sanctioned by Government of India, Ministry of Central Electricity Regulatory Commission, vide order No. 52/11 (PGCIL)/2015-PSP & PA-II, dt. 24-29/09/2015.
