

RECOMMENDATION LETTER

The NHAI PIU-Bangalore elevation corridor project, which involves diversion of 11.00 Hectare of forest land from the Bannerghatta National Park, is located at Thattekere Village Sy.No.91 and Sy.No.100, Kanakapura Taluk, Ramanagara district of Karnataka. The above said Linear Project lies inside the Madeshwara State Forest of Anekal Wildlife Range of Bannerghatta National Park. The diversion of forest land for the formation of elevated corridor may helps in the reduction of vehicular traffic and speeding vehicles inside the forest area of Bannerghatta National Park and thus facilitates easy and safe movement of wild animals across the forest area of Bannerghatta National Park (Kardikal-Madeshwara elephant corridor area). Hence, the proposal may be considered for further approval, with necessary and suitable conditions like installation of awareness sign boards, warning sign boards, CCTV cameras and check gates etc.
