

SITE INSPECTION REPORT

The proposed site was inspected by the undersigned on 29/01/2021. During the period of inspection, it was noticed that there is no record of rare, endangered and unique species of flora and fauna in the area. No archaeological, heritage site, defence established or any other important monument is located in the proposed area. Beside the Environment and Forest department some other line department would also be involved for an integrated approach towards providing livelihood to the people
