

PART-II

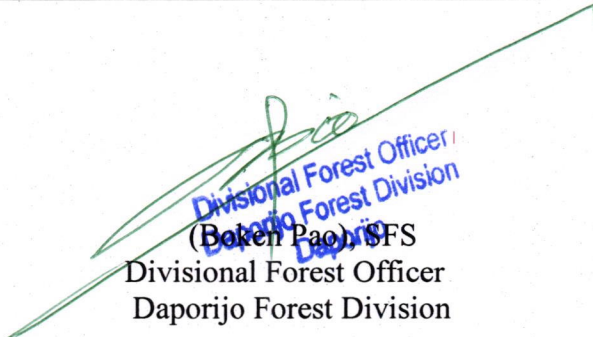

(TO BE FILLED BY THE CONCERNED DEPUTY CONSERVATOR OF FOREST)

Serial No. of proposal FP/AR/TRANS/153903/2022 Dated 29.03.2022

Sl No.	Name of Scheme	Area
7.	Location of the project/Scheme:	Construction of new 132 kV S/C (On D/C Tower) Daporijo – Nacho Line
i.	State/Union Territory	Arunachal Pradesh
ii.	District	Upper Subansiri
iii.	Forest Division	Division Forest Division
iv.	Area of forest land proposed for diversion (in Ha.)	196.66
v.	Legal status of forest	USF
vi.	Density of vegetation	0.5
vii.	Species-wise (scientific names) and diameter class-wise	Enclosed Annexure A
viii.	Brief note on vulnerability of the forest area to erosion	The proposed land for diversion is falling under natural forest. As such no threat of erosion is found.
ix.	Approximate distance of proposed site for diversion from boundary of forest.	Proposed site for diversion is in Unclassed State Forest
x.	Whether forms part of National Park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant corridor, etc. (if so, the details of the area and comments of the Chief Wildlife Warden to be annexed)	No
xi.	Whether any rare/endangered/unique species of flora and fauna found in the area- if so details thereof	No
xii.	Whether any protected archaeological/heritage site/defence establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if required.	No
8.	Whether the requirement of forest land as proposed by the user agency in col.2 of Part-I is unavoidable and barest minimum for the project. If no, recommended area item-wise with details of alternatives examined.	Yes, it is unavoidable and barest minimum for the project, The location is more technically viable for the User Agency and involvement of forest area is also lesser than the alternate sites considered.
9.	Whether any work in violation is still in progress.	No
10.	Details of compensatory Afforestation schemes	Enclosed
i.	Details of non-forest area/degraded forest area identified for compensatory Afforestation, its distance from adjoining forest, number of patches, size of each	It is situated in Ering VRF, Charu VRF, Rago VRF, Deka Derba VRF, Mara VRF and Marging VRF which is contagious

	patch.	with the Unclassified state forest. The area of CA land is 393.32 Ha which is equivalent to the diverted area which is in coherence with Rule 2.5 (iii) of FCA, Rules and Guidelines of 2003.
ii.	Map showing on- forest/degraded forest area identified for compensatory Afforestation ad adjoining forest boundaries.	Enclosed Annexure B.
iii.	Detailed compensatory Afforestation scheme including species to be planted, implementing agency, time schedule, cost structure, etc.	Enclosed Annexure C.
iv.	Total financial outlay for compensatory Afforestation scheme.	Enclosed Annexure D.
v.	Certificates from competent authority regarding suitability of area identified for compensatory Afforestation and from management point of view. (to be signed by the concerned Deputy Conservator of Forests).	Enclosed Annexure E.
11.	Site inspection report of the DCF (to be enclosed) especially highlighting facts asked in col. 7(xi, xii), 8 and 9 above.	The proposed land for diversion is falling under Unclassed State Forest. There has been no site of Archaeological importance in the said area. Till date no species falling under Endangered list (flora or fauna) has been recorded. The area asked for diversion is barest minimum. Till now no works has been done in violation with the FC Act, 1980. Enclosed in Annexure F.
12.	Division/District profile:	Daporijo Forest Division has total 3 ranges. 1. Daporijo Forest Range, Daporijo 2. Taliah Forest Range, Kodak 3. Maro Forest Range, Maro There are no protected area in the division (national park, wildlife sanctuary etc.) The forest area mainly falls under USF.
i.	Geographical area of the district.	7032 Sq. Km
ii.	Forest area of the district.	3582 Sq. Km as per Forest Statics 2008.
iii.	Total forest area diverted since 1980 with number of cases.	630.23 Ha (12 Cases).
iv.	Total compensatory Afforestation stipulated in the district/division since 1980 on	

(a)	Forest land including penal compensatory Afforestation,	1598.99 Ha
(b)	Non-forest land.	Nil
v.	Progress of compensatory Afforestation as on (date) on	
(a)	Forest land	As on 2014-15 in RF degraded area – 1067.8 Ha. As on 2014-15 in VRF degraded area – 620.23 Ha.
(b)	Non-forest land.	Nil
13.	Specific recommendations of the DCF for acceptance of otherwise of the proposal with reasons.	The said transmission line is very important for providing energy security for the people of Nacho area. The Overall development of the area depends on the project. Hence proposal may be considered favourably. However the user agency must ensure that during the construction phase no activity will be done by the staff and labours of the construction site in violation with the Assam Forest Regulation Act, Wildlife Protection Act and other relevant act in force at the time like hunting of wild animal and birds, felling of trees, collection of fuel wood etc. from the nearby forest area.
