

## PART - III

(To be filled by the concerned Conservator of Forests)

1	Whether site, where the forest land involved is located has been inspected by concerned Conservator of Forests (Yes/No). If yes, the date of inspection & observations made in form of inspection note to be enclosed.	Yes Date-4/11/2022
2	Whether the concerned Chief Conservator of Forests (T) agree with the information given in Part-B and the recommendations of Deputy Conservator of Forests	Yes
3	Specific recommendation of concerned Conservator of Forests for acceptance or otherwise of the proposal with detailed reasons.	<p><b>Proposal is recommended for approval on the bases of following –</b></p> <p><b>A: As per office record</b></p> <ol style="list-style-type: none"> <li>1. Project location does not fall in NP/WLS/SEZ ✓</li> <li>2. Project location is not a part of 32 notified corridor of GOI ✓</li> <li>3. Project area is not a part of Tiger Corridor notified by WII in their publication “Wildlife Atlas of Vidarbha Landscape” ✓</li> <li>4. This location however is covered under Approved Tiger Conservation Plan of Tadoba Andhari Tiger Reserve and Section 38(O) I (g) of the said Act, provides for the tiger conservation plan to ensure ecologically compatible land uses in areas linking one protected areas or tiger reserve with another and therefore need to recommendations of NBWL.</li> <li>5. Separate proposal for obtaining recommendations of NBWL has been submitted by user agency. ✓</li> <li>6. Proposed mining lease area is more than 28 km from the sensitive core boundary of Tipeshwar WLS and ✓</li> <li>7. User agency has already submitted separate proposal under section 38 (O)(G) of WLP 1972 for obtaining recommendations of NBWL ✓</li> </ol> <p><b>B. As per field inspection</b></p> <p>Area involved in this project have Schedule I species as well as many other Wildlife .</p>

Keeping in view the above documents and observations the project is recommended for approval for the following reasons.

- a. Project is site specific as mine is vested by Government of India . Coal is the important and prime source of energy and mining is in the interest of infrastructure development of India.
- b. Project will create of additional employment opportunities which will reduce the pressure on adjoin forest and wildlife  
This recommendations are subject to
- a. Clearance under section 38(o), (g) of Wildlife (Protection ) Act 1972 from NBWL.
- b. Project should have following mitigation measures .

1. No Mining/ No blasting/ No transport allowed from 6 pm to 6 am.
2. Mining lease boundary falling in corridor section will be fenced with 6-8 feet chain-link fencing to avoid incident of trapping of Wild-Life. ✓
3. 7.5 meter safety zone around lease boundary within lease area will be developed as green belt for safety of the wild life from dust/ noise and vibrations. Plantation of additional plants of native species should be resorted to. ✓
4. Separate nursery of saplings of native flora should be created for plantation of the area on vacant spaces. ✓
5. Control Blasting with minimum duration during day time with keeping record for inspection for the forest staff. ✓
6. Water sprinkling during mining/ haul roads and approach road. ✓

Strict compliances of mitigation measures suggested in Mine Closure Plans, Wild-Life Mitigation Plan Project and conditions of Environment Clearance and NBWL .
