

SPECEFIC RECOMMENDATION FOR ACCEPTANCE OF THE PROPSAL

The Construction of Bridge in question is a critical Development Initiative for the local population of Gurez Valley & Security Forces to connect from one place to another & to reach LOC. The construction of Bridge is a back bone to increase connectivity & cover gaps in all the villages of Gurez Valley especially in Tulail Tehsil. The main aim is to speed up To and Fro movement of the Public in General & Security Forces in particular & will also help to step forward with the Government Policies to deliver electronic facilities to the people of Tulail & other adjoining area dealing with health, Education, Farming, Justice, Security & Financial inclusion & Optical Network Infrastructure connecting people to Digital World

As such the proposed site needs to be cleared for effective Development of the area in particular and whole of UT of J&K in General
