

SITE INSPECTION REPORT

The requested land area for Foot Path, Transformer Yard and Control Room from TWAD Board, Karur in Mayanur RF of Karur Range and the site has been inspected on 07.08.2020 with Forest Range Officer, Karur and Assistant Engineer, TWAD Board, Karur

The area for Foot Path has been proposed as 307m length and 4m width instead of 390m length and 4m width. Due to this variation Essential sought has been raised vide this office Ref.No. 3585/2019D Dated:07.08.2020. Based on the above Essential sought, the user agency has resubmitted the proposal in online.

- The proposed area for Foot path is a linear stretch of Reserved Forest land to a length of 390 meter and width of 4 meter (0.156 Ha.) in Mayanur RF.
- The proposed area for Control Room is a polygon stretch of Reserved Forest land to a length of 10 meter and width of 10 meter (0.01 Ha.) in Mayanur RF.
- The proposed area for Transformer Yard is a polygon stretch of Reserved Forest land to a length of 12 meter and width of 8 meter (0.0096 Ha.) in Mayanur RF.

The land area is under TAFCORN lease on plantation with Eucalyptus. The requested layout of the Foot Path, Transformer Yard and Control Room linear stretch is devoid of vegetation as well as Eucalyptus plantation. It is left as such may be for TAFCORN Plantation purpose.

The requisition is from the TWAD Board, Karur for supplying drinking water for 274 rural habitations in over exploited blocks of Thanthoni union in Karur district. This diversion will not make any impact inside the Forest area.

District Forest Officer,
Karur Forest Division,
Karur.
