

## Site inspection Report of the District Forest Officer, Thoothukudi

I inspected the proposed project site for construction of intake well with pump room, Foot Bridge in Reserved Land of S.No.600 of Srivaikundam village by the TWAD board Thoothukudi on 21.08.2018. The project area has already been constructed on 2008 over an extend of 0.055ha and approved by the Govt of Tamilnadu vide G.O (MS) No. 18Environment and Forests (FR10) dept dt 07.03.2008. Further the user agency have constructed additional work for foot passage and Transformer yard over an extent of 0.025ha at the time of carrying out the work during 2008. The constructed area is 2.8m height above the Thamiraparani river bed. The project is implemented for water supply to Thermal Power Project, SIPCOT Complex, Heavy Water Plant and Other industries in Thoothukudi district for drinking and industrial purpose. There are no flora, fauna and standing trees in the proposed area. No protected Archeological site is nearby. The land required also is only a barest minimum.
