

RECOMMENDATION of the Concerned Conservator of Forests

Proposed Diversion of forest land over 1.831 ha for "Construction of 132/33 KV Tamenglong Sub-Station" under NERPSIP with World Bank funding to be taken up by MSPCL.

The project involved minimum tree felling and no significant adverse impact on the existing eco-system is anticipated. The proposed area is the barest minimum and for public utility. Therefore, considering the importance of the project in developing a reliable and uninterrupted power supply in the region for overall development of the district, the project is recommended for consideration.

Hence, the proposal is recommended for clearance under section 2 of the Forest (Conservation) Act, 1980.
