

PART – III

(To be filled by the concerned Conservator of Forests)

14. Whether site, where the forest land involved is located has been inspected by concerned Conservator of Forests (Yes/No). If yes, the date of inspection & observation made in form of inspection note to be enclosed.

No,

15. Whether concerned Conservator of Forests agree with the information given in Part-B and the recommendations of Deputy Conservator of Forests.

Yes, I agree with information given in part II and the recommendations of the Deputy Conservator of Forests.

16. Specific recommendation of concerned Conservator of Forests for acceptance or otherwise of the proposal with detailed reasons.

The present proposal for diversion involves 10.106 Ha of forest land in Hazaribagh West Division out of which 7.101 ha. is Protected Forest and the rest 3.005 ha. GM Jungle Jhari for construction of 132 KV D/C Transmission line between DVC's Hazaribagh (Sindur) sub station to TSS Dhanbad. The applied forest area proposed for diversion is spread across 9 PFs namely Nagwan, Merawal, Mandaikhurd, Maraikalan, Alagdiha, Harina, Mayapur, Chharwa & Gadokhar PF.

As mentioned above in the divisional forest officer recommendation the proposed area and surrounding area is good habitat of many wild animals and this project will definitely impact adversely on resident and migratory wild animals and birds for which a wildlife management plan will be required.

The proposal is meant for construction and development of transmission system and also to mitigate the actual shortage of power due to non availability/inadequate capacity of transmission system in the area. A large number of people will be benefited by this project.

In view of the aforesaid facts, this proposal is being recommended for the diversion of 10.106 ha. Forest Land for construction of 132 KV D/C Transmission line between DVC's Hazaribagh (Sindur) sub station to TSS Dhanbad.
