

Inspection Report

I have inspected the site proposed for release of forest land to NHAI for widening of NH-206 in Kadur Range on 02-12-2018. There are totally 8 patches and all are linear. This area is having sparse tree growth and these are mostly shrubs. This area is required by the user agency for implementation of the project. Totally 4.5797 Ha. is recommended for release.

Place: Chikmagaluru
