**SITE INSPECTION REPORT OF KSDB & KSDC OF CF, EAC,  
JORHAT**

The proposed development of KSDB & KSDC of ONGC are located inside Doyang Reserve Forest under Jamuguri Range was inspected by the undersigned and ONGC Officers, Chinnamora, Jorhat on 30-08-2019 and report thereof furnished as under:

The diversion area is 1.80 ha (KSAB) was made available during 2008 is open Forest inside Doyang Reserve Forest. During my inspection no rare/endangered/unique species of flora and fauna was found in the area. The proposed development and drilling proposal is non linear project. The project aims to development and drill 2 nos of new wells KSDB and KSDC within existing site of KSAB. No extra land is required to drill new well. FC for existing well KSAB is available and the land is still in use by ONGC. Both the wells will be developed and drilled as gas injector. Total period for which the forest land was proposed to be diverted (in years) 15 years.

There is no wildlife present in and around the forest land proposed for development. The proposed site are not a part of National Park, Wildlife Sanctuary, Biosphere, Tiger Reserve, Elephant Corridor, Wildlife Migration Corridor etc. The proposed development site is not located at within Eco-Sensitive Zone of the Protected Area notified under Wildlife (Protection) Act. 1972 and no any water body is seen in and around the proposed site.
