Presently people of the Kotturmalai habitation are facing difficulties to reach nearby town i.e., Palacode to get their day to day facilities like public distribution Shop, School, Hospitals and Market as no connectivity by all weather roads to that habitation. The proposed road is very much useful to the people those who are living in the Kotturmalai habitation which is having a population of 500 Nos in Vattuvanahalli Panchayat, Pennagaram Block. By formation of this road, the people will get the benefit to go over to school, market and hospital using vehicular transportation and also it will help to improve the Social-Economic development of the individuals. Therefore, the proposed formation of road from Thimmalanmedu to Kotturmalai village in Dharmapuri District is imperatively required considering the long term demand by the village peoples and demand raised in the Legislative Assembly.

The User Agency has furnished the under takings for the payment of cost of Compensatory Afforestation / Penal Compensatory Afforestation / Maintenance of Plantation / Protection of Plantation / Net present value / Additional Amount of Net present value / Lease rent and etc.

2) Under, the circumstances reported by the District Forest Officer, Dharmapuri I recommend that permission may kindly be granted for the **formation of road from Thimmalanmedu to Kotturmalai village in Dharmapuri District** by diverting the forest area ever an extent of 5.00 ha in Kesarkuli RF in Dharmapuri Forest Division subject to the following conditions,

- (i) The total forest area to be utilized for the project shall not exceed 5.00 Ha to a length of 6.00 Km.
- (ii) The User agency has to pay the cost of Compensatory Afforestation including maintenance cost and lease rent as fixed by the Forest Department.
- (iii) The identified Compensatory Afforestation land of 10.00 Ha in SF.No.692/5 of Kammampatti village in Dharmapuri District has to be mutated to the Forest Department immediate after receipt of stage-I in principle approval.
- (iv) The Compensatory Afforestation will be raised and maintained by the District Forest Officer, Dharmapuri as per rulings in force.
- (v) There are 167 Nos of trees of various species have to be felled in the proposed area of diversion. As they are spontaneous in nature the prior permission of the Hon'ble Supreme Court should be obtained by the User Agency.

I request that the permission of the Government of India may kindly be obtained under Forest (Conservation) Act 1980 and communicated early.

Encl. As stated above.

Yours faithfully,
