|    | (vi) Density of vegetation                                                                                                                                                                                            | 0                                       |
|    | (vii) Species-wise (scientific names) and diameter class-wise enumeration of trees (to be enclosed. In case of irrigation/hydel projects enumeration at FFL, FRL-2 meter & FRL-4 meter also to be enclosed.)          | No                                      |
|    | (viii) Brief note on vulnerability of the forest area to erosion.                                                                                                                                                     | Barest minimum                          |
|    | (ix) Approximate distance of proposed site for diversion from boundary of forest.                                                                                                                                     | Attached                                |
|    | (x) Whether forms part of National Park, wildlife sanctuary, biosphere reserve, tiger reserve, elephant, corridor, etc. (If so, the details of the area and comments of the Chief Wildlife Warden to be annexed)      | NA                                      |
|    | (xi) Whether any area/endangered/unique species of flora and fauna found in the area-if so details thereof.                                                                                                           | No                                      |
|    | (xii) Whether any protected archaeological/heritage site/defense establishment or any other important monument is located in the area. If so, the details thereof with NOC from competent authority, if required.     | No                                      |
| 8  | Whether the requirement of forest land as proposed by the user agency in col. 2 of Part-I is unavoidable and barest minimum for the project. If no, recommended area item-wise with details of alternatives examined. | Barest minimum                          |
| 9  | Whether any work in violation of the Act has been carried out (Yes/No). If yes, details of the same including period of work done, action taken on erring officials. Whether work in violation is still in progress.  | No Violation seen at site.              |
| 10 | Details of compensatory afforestation scheme:                                                                                                                                                                         |                                         |
|    | (i) Details of non forest area/degraded forest area identified for compensatory afforestation, its distance from adjoining forest, number of patches, size of each patch.                                             | NA                                      |
|    | (ii) Map showing non-forest/degraded forest area identified for compensatory afforestation and adjoining forest boundaries.                                                                                           | NA                                      |
|    | (iii) Detailed compensatory afforestation scheme including species to be planted, implementing agency, time schedule, cost structure, etc.                                                                            | Iron gabbion plantation scheme attached |
|    | (iv) Total financial outlay for compensatory                                                                                                                                                                          | 7,55,515.00                             |

|    |       |                                                                                                                                                                                                                 |                                                                                                      |
|----|-------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|
|    | (v)   | Certificates from competent authority regarding suitability of area identified for compensatory afforestation and from management point of view. (To be signed by the concerned Deputy Conservator of Forests). | Land suitable for compensatory afforestation                                                         |
| 11 |       | Site inspection report of the DCF (to be enclosed) especially highlighting facts asked in col.7 (xi,xii), 8 and 9 above.                                                                                        | enclosed                                                                                             |
| 12 |       | Division/District profile:                                                                                                                                                                                      |                                                                                                      |
|    | (i)   | Geographical area of the district.                                                                                                                                                                              | 2279 sq. km.                                                                                         |
|    | (ii)  | Forest area of the district.                                                                                                                                                                                    | 134 sq. km.                                                                                          |
|    | (iii) | Total forest area diverted since 1980 with number of cases.                                                                                                                                                     |                                                                                                      |
|    | (iv)  | Total compensatory afforestation stipulated in the district/division since 1980 on<br>(a) Forest land including penal compensatory afforestation,<br>(b) Non-forest land.                                       |                                                                                                      |
|    | (v)   | Progress of compensatory afforestation as on (date).....on<br>(a) Forest land,<br>(b) Non-forest land.                                                                                                          |                                                                                                      |
| 13 |       | Specific recommendations of the DCF for acceptance or otherwise of the proposal with reasons.                                                                                                                   | The proposal is for the welfare of the local residents. So, the diversion of land may be considered. |
