3	Legal status of the forest land (Protected forest, reserved forest,	PF- 50 (Protected Forest) area 5.05 hac.
	revenue forest lands or any other forest land)	Revenue forest Kh. No. 179 area 0.98 hac. &
		Kh. No. 194 area 0.23 hac. total area 6.26 hac.
4	Demarcation of the area with temporary cairns etc.	Yes
5	Any signs of encroachment.	No
6	Any activity already taken up within the forest land or	No
	adjoining non-forest land as part of the proposed project by the	
	user agency. Details of action taken against the User Agency in	
	case of violation of the FC Act and guidelines there under.	
7	Status of vegetation. Site quality, species composition etc.	Mixed Forest, IV-B, density 0.2 to 0.5

Importance of area from wildlife point of view. Status of wildlife (density and aboundance of important species, bird life reptiles, butterflies and other scheduled animals, any endangered wildlife) Any latest census of wildlife in this area. PEndemism of flora/fauna or any other unique ecosystem in the area. Current land use. Is this area managed as per prescriptions in the Working Plan and, if not, why? Importance of the area from historical or religious point of view. PF-50, (IFS-C/no.XII, XIII, Density 0.2 to 0.5 site quality IV-B) Area has no importance from historical or religious point of view. No, Persons/Families are dependent on the proposed area. Any dependent persons/families on the land. No, Persons/Families are dependent on the proposed area. No displacement proposed. As no persons/families are dependent on the proposed area, therefore no resettelment and rehabilitation plan is applicable and there is no dissenting voice. Compensatory afforestation proposed is on forest land or nonforest land. Location of the area, suitability of the area for CA. If in the degraded forest land then what is the curent Working Plan prescription for the area? Distance of the non-forest land for CA from the nearest forest area. Number of patches in case the area should be more than to kms. 16 Proposed area should not be part of any protected area. Also distance from the boundary of the nearest protected area should distance from the boundary of the nearest protected area should listance from the boundary of the nearest protected area should
wildlife (density and aboundance of important species, bird life reptiles, butterflies and other scheduled animals, any endangered wildlife) Any latest census of wildlife in this area. 9 Endemism of flora/fauna or any other unique ecosystem in the area. 10 Current land use. Is this area managed as per prescriptions in the Working Plan and, if not, why? 11 Importance of the area from historical or religious point of view. 12 Any dependent persons/families on the land. 13 Any displacement of persons proposed. 14 Is there any Rehabilitation and Resettlement Plan for the persons to be affected? Is there any dissenting voice among the persons to be affected? Is there any dissenting voice among the persons proposed to be displaced? 15 Compensatory afforestation proposed is on forest land or nonforest land. 16 Location of the area, suitability of the area for CA. If in the degraded forest land then what is the curent Working Plan prescription for the nearest forest area. Number of patches in case the area should be more than to kms. 16 Proposed area should not be part of any protected area. Also Proposed area is not a part of protected area.
reptiles, butterflies and other scheduled animals, any endangered wildlife) Any latest census of wildlife in this area. Pendemism of flora/fauna or any other unique ecosystem in the area. Current land use. Is this area managed as per prescriptions in the Working Plan and, if not, why? Importance of the area from historical or religious point of view. Proposed area. No, Persons/Families are dependent on the proposed area. No displacement proposed. Is there any Rehabilitation and Resettlement Plan for the persons to be affected? Is there any dissenting voice among the persons to be affected? Is there any dissenting voice among the persons proposed to be displaced? Compensatory afforestation proposed is on forest land or nonforest land. Location of the area, suitability of the area for CA. If in the degraded forest land then what is the current Working Plan prescription for the area? Distance of the non-forest land for CA from the nearest forest area. Number of patches in case the area should be more than to kms. Proposed area should not be part of any protected area. Also Proposed area is not a part of protected area.
endangered wildlife) Any latest census of wildlife in this area. Pendemism of flora/fauna or any other unique ecosystem in the area. Current land use. Is this area managed as per prescriptions in the Working Plan and, if not, why? Importance of the area from historical or religious point of view. Presons/families on the land. Any displacement of persons proposed. Any displacement of persons proposed. Is there any Rehabilitation and Resettlement Plan for the persons to be affected? Is there any dissenting voice among the persons to be affected? Is there any dissenting voice among the persons proposed to be displaced? Compensatory afforestation proposed is on forest land or nonforest land. Location of the area, suitability of the area for CA. If in the degraded forest land then what is the curent Working Plan prescription for the area? Distance of the non-forest land for CA from the nearest forest area. Number of patches in case the area should be more than to kms. Potential in the Not applicable and sper prescriptions in the prescription of the prescription of the area is not a part of protected area. Not applicable Not applicable Preson, XII, XIII, Density 0.2 to 0.5 site quality IV-B) Area has no importance from historical or religious point of view.
