

RECOMMENDATION OF DIVISIONAL FOREST OFFICER MUNNAR

I have inspected the area proposed for the implementation of de-siltation of Lower Periyar Dam by the Travancore cements limited on 31-10-2016. The proposed area falls within the Malayattoor Forest Reserve which is under the Nagarampara Forest Station of Neriyanamangalam Forest Range. The areas do not have any rare, endangered/unique species of flora and fauna. Moreover there are no protected/ archeological/ heritage site/defence establishment located in the area. No works in violation of Forest (Conservation) Act have been carried out in the area. Area proposed, ie, 0.8235 Ha is the minimum required for the proposed project. Hence, it is recommended to divert 0.8235 Ha of forest land temporarily for the implementation of de-siltation of Lower Periyar Dam.

Devikulam

Divisional Forest Officer
