

### Recommendation(Gola-Ormanjhi)

The forest land proposed for diversion is mostly barren with sparse vegetation.

The user agency has not violated the provisions of Forest Conservation Act and no work has been started on the forest land.

The new road will provide faster mode of transportation to the people. Economic activity of the region will be augmented.

Hence the proposal is recommended for approval .

  
Divisional Forest Officer  
Forest Ranchi Division, Ranchi

Place :- Ranchi
