SITE INSPECTION REPORT

Subject : Renewal of lease period of 1. Ha forest land of Karnangeri
reserve forest Sy.No 236/1 of Karnangeri village.

==*==*==

I have inspected this project site on Dt : 05.10.2018 along with Assistant Conservator of Forests, Madikeri and his staff. It is a 66/11 KV substation which cater to the electricity needs of Madikeri city. 1 Ha forest land was diverted in the year 2000 in Sy.No 236/1 of Karnangeri village, Madikeri forest division out Madikeri East Reserve Forest for a period of 10 years in the first instance. As this is a renewal, and is required for the basic need of the growing city. I recommended this project positively. Renewal could be considered for next 10 years.
