APPENDIX PART – II

(TO BE FILLED BY THE CONCERNED DEPUTY CONSERVATOR OF FORESTS)

7. Location of the Project/Scheme :- Widening/Improvement of Kaying-Tato Road from Km 11.350 to Km 19.950 and Km 28.600 to Km 86.600 (Total length-66.600 Km) from existing road to NHDL specifications under project Brahmanak.
- (i) State/Union Territory :- Arunachal Pradesh
- (ii) District :- Siang & Shi-Yomi
- (iii) Forest Division :- Along Forest Division
- (iv) Area of forest land proposed for diversion (in ha) :- 39.093Ha.
- (v) Legal status of forests :- Unclassified State Forest (USF)=39.093 Ha. Forest type: Eco Class-I, Tropical Semi evergreen
- (vi) Density of Vegetation :- Dense Forest =0.4 to 0.5 , USF area.
- (vii) Species wise (Scientific Names) and diameter,class :- Enclosed.
- (viii) Brief note on vulnerability of the Forest area to erosion :- The soil erosion is inevitable, since the road being Widened new formation cutting is being carried out which passes through slopes. However, erosion is not severe, except in portions where landslide occurs.
- (ix) Approximate distance of proposed site for Diversion From boundary of forests :- The proposed project Widening/Improvement of Kaying-Tato road is at a distance of approx 10.19Km from Yorde Rabe Subse wildlife Sanctuary, and 6.512Km from the boundary of Mouling National Park (Map enclosed).
- (x) Whether form part of National Parks, wildlife :- The proposed site for Widening/Improvement of Kaying-Tato road does not form part of national park, Wildlife sanctuary or Biosphere reserve.
- (xi) Whether any rare/endangered unique species of Flora & Fauna found in the area, if so details thereof :- No Rare/Endangered unique species of Flora and Fauna were found during the time of survey and site inspection of the area (Details enclosed)
- (xii) Whether any protected archeological/heritage site :- defence establishment or any other important monuments is located in the area if so, the details thereof with NOC from competent authority if required. No protected archaeological/ heritage site/defence establishment or any other important monuments is located in the proposed area.

2/8
62

8. Whether the requirement of forest land as proposed by the user agency in col.2 of Part-I is unavoidable and the barest minimum for the project. If no, Recommended area item wise with details of alternatives examined. :- Yes, the requirement of Forest land as proposed by the user agency is Unavoidable and the barest minimum of the project.
9. Whether any work in violation of Act has been carried out (Yes/No) If yes, details of the same including period of work done action taken on erring officials, Whether work on violation is still in progress. :- No
10. Details of compensatory afforestation scheme
- (i) Details of Non forest area/degraded forest area identified for Compensatory afforestation, Its distance from adjoining forest, Number of Patch size of each patch. :- Degraded land for CA Area is not available under Along Forest Division and It may be identified at some other division.
- (ii) Map Showing non forest/degraded forest area Identified for Compensatory Afforestation and Adjoining forest boundaries :- May Refer where CA area is identified.
- (iii) Details Compensatory Afforestation scheme including Species to be planted, implementing agency, time Schedule, cost structure, etc. :- Mixed hard species by Department of Environment & Forests.
- (iv) Total financial outlay for Compensatory Afforestation scheme (in Rs) :- May Refer where CA area is identified
- (v) Certificate from competent authority regarding Suitability of area identified for compensatory Afforestation & from management point of View (to be signed by concerned Deputy Conservator of Forests). :- May Refer where CA area is identified
11. Site inspection report of the DCF (to be enclosed) in status of compliance of conditions Stipulated during earlier approval :- Enclosed.
12. Division/Distt. Profile.
- (i) Geographical area of the District :- 8325 Sqkm (undivided West Siang as per ISFR 2019 report) after carving out of three district i.e Leparada, Siang & Shi-Yomi, now available area of West Siang district is 1497.45sq.km.
- (ii) Forest Area of the District :- 5049 Sq km.

(iii) Total Forest Area diverted since 1980 with no. of cases :-
