

**SITE INSPECTION REPORT OF UPASANA PATIAL, IFS, CHIEF
CONSERVATOR OF FORESTS, (T) CHAMBA.**

Name of Proposal: Diversion of 3.677 hectare forest land in favour of HPPWD Division Salooni for construction of link road from Nadal to Jutarahan (Km 0/0 to 3/090) within the jurisdiction of Churah Forest Division.

A proposal has been received in this office from HPPWD Division, Salooni through Divisional Forest Officer, Churah for the Diversion of 3.677-hectare forest land in favour of HPPWD Division Salooni for construction of link road from Nadal to Jutarahan (Km 0/0 to 3/090) within the jurisdiction of Churah Forest Division. The site inspection of the land involved in the proposal has been done by me, DFO Churah along with field staff of Churah Forest Division and concerned User Agency on dated03-9-21.....

During the Site Inspection sample checking of trees enumerated was done (932 number of trees of various species and classes have been enumerated on the forest land proposed to be diverted for the construction of above-mentioned road).

During the site inspection, it has been found that the requirement of forest land as well as number of trees as proposed in this proposal is unavoidable and barest minimum.

The requirement of forest land (3.677 hectare) and trees (932 numbers) as proposed by the user agency are unavoidable and is bare minimum for the construction of proposed road. No rare/endangered/unique species of flora & fauna were noticed in the area. The forest forms part of high-altitude forests mainly consisting of Ban and other miscellaneous broadleaved species. Most of trees enumerated are of class IV & V.

Keeping in view all the above circumstances, the case is recommended.
