

PART – IV

(To be filled in by the Nodal Officer or Principal Chief Conservator of Forests or Head of Forest Department).

Detailed opinion and specific recommendation of the State Forest Department for acceptance or otherwise of the proposal with remarks.

(While giving opinion the advance comments made by concerned Conservator of Forests or Deputy Conservator of Forests should be categorically reviewed and critically commented upon).

The proposal for diversion of 9.8486 hectares of forest land by the North East Transmission Company Limited is meant for re-routing a portion of the existing 400 KV D/C Pallatana-Bongaigaon Transmission Line, passing through private deemed forest land over RIST campus in Ri-Bhoi District, Meghalaya. The forest land proposed to be diverted does not fall under the proposed Eco-Sensitive Zone of Nongkhylllem Wildlife Sanctuary and is situated at about 20 Kms aerial distance away from the boundary of the Sanctuary. Hence, the proposal is recommended.

Date : 4th August, 2017.

Place : Shillong.
