**FIELD INSPECTION NOTES OF FOREST DIVISIONAL OFFICER  
Mahadevpur DIVISION TO THE FOREST AREA WHICH IS PROPOSED  
FOR DIVERSION OF 1.5194 Ha. FOREST LAND IN Mahadevpur  
DIVISION FOR LAYING OF OPTICAL FIBER CABLE IN THE EXISTING  
RIGHT OF WAY IN FAVOUR OF M/S. Reliance LIMITED  
ON 25-11-2018**

@@@

I have inspected the forest land which is proposed for Diversion of **1.5194** Ha. forest land in Mahadevpur) Division for laying of Optical Fiber Cable in the existing Right of way in favour of M/s. Reliance Limited. The proposed area is falling of Mahadevpur, Nasturpally - 1 Kudurupally Suraram Extn Ambatpally R.Fs of Mahadevpur Range and Singaram north Lankalagada Panken panmella-I panmella-II Sarwaipet Dammur - I Burgugudem R.Fs., of Panmella Range The proposed area is falling in within the existing Right of Way of R&B and no trees are falling in the proposed alignment and no tree felling is required.

I have inspected the said proposed forest land along with the Forest Range Officers, Mahadevpur) and Panmellai and notice the following facts.

The project is essential for better communication, however it is equally important to emphasize on increasing the awareness of environment & nature to the common public. In view of this the project is recommended.

There is no protected archaeological heritage site and defense establishment nor any important monument is located in that area.

The proposed area i.e. **0.1425 Ha** in falling in Eco-Sensitive Zone of Eturnagaram Wild Life Sanctuary.

The requirement of forest land proposed by the user Agency is unavoidable and bare minimum to laying of Optical Fiber Cable work and there is no violation of the FCA act was noticed.

Yours faithfully

  
Forest Divisional Officer,  
Mahadevpur
