

# SITE INSPECTION REPORT

## ANNEXURE-E

Project : Diversion of Forest land for construction of 132 KV S/C (D/C tower)  
Bomdila – Kalaktang T/L under Arunachal Pradesh Comprehensive Scheme  
of transmission & distribution system.

1	Legal status of forest land proposed for diversion	USF forests under Shergaon Forest Division
2	Item wise break up details of the forest land Total length under Shergaon FD Total Nos. of Towers Area to be acquired for 132 KV S/C T/L	28533.70 M 206 Nos 32.944 Ha
3	Whether proposal involved any construction of building (including residential) or not. If yes details thereof.	No
4	Total cost of the project at present rate	Rs 2438 Lakhs
5	Wildlife: Whether forest area proposed for diversion is important from wildlife point of view or not.	No
6	Vegetation	
a	Total numbers of trees to be felled	996 trees
b	Effect of removal of trees on the general Eco-system of the area	There will be no significant impact on the local eco system if the trees are felled.
c	Important Species	AIV, BI, E & F class species
d	Nos. of trees to be felled of girth above 60 cm	703 trees
e	Nos. of poles to be felled of girth below 60 cm	293 Poles
7	Background note of the proposal	The single circuit transmission line with D/C towers is proposed from Bomdila to Kalaktang. Joint survey of the 132 KV T/L with PGCIL and enumeration of trees have been carried out.
8	Compensatory Afforestation	
a	Whether land for compensatory Afforestation is suitable for plantation and from management point of view or not.	Yes, the land for CA is suitable for plantation and from management point of view.
b	Whether land for Compensatory Afforestation free from encroachment/other incumbencies	Yes
c	Whether land for Compensatory Afforestation is important from religion/archaeological point of view.	No
d	Land identified for raising Compensatory Afforestation is in how many patches? Whether the patches are compact or not?	The CA area is a single and compact patch.

	Map with details	
	Total Financial outlay	CA map enclosed
	Net present value (NPV) @ Rs 8.45 lakhs/hect. (for Eco class-V).	Rs 2,78,37,680.00
b	Cost of Compensatory Afforestation as per existing guidelines.	Rs 2,60,87,000.00
c	Cost of tree felling, cross section, dragging, transporting, depot marking & maintenance etc.	Rs 12,31,000.00
10	Whether proposed area involves violation of Forest (Conservation) Act, 1980 or notification, if yes, a detailed report on violation including action taken against the concerned officer.	No, there is no case of violation of FCA, 1980
11	Whether proposal involves rehabilitation of displaced persons. If yes, whether rehabilitation plan has been prepared by the State Govt. or not.	No
12	Details be furnished specifically if rehabilitation plan would affect any other forest area by transecting outtees in ground of the said forest.	Not applicable
13	Reclamation plan Details of financial allocation.	Not applicable
14	Details on catchment and command area under the project calculation area, treatment plan to prevent siltation of Reserve.	Not applicable
15	Cost Benefit Analysis	The proposed project on construction of 132 KV S/C (D/C tower) T/L from Bomdila to Kalaktang under Comprehensive scheme for strengthening of Transmission and distribution in Arunachal Pradesh is important for improving the power scenario of the district and from development point of view. In view of the importance of the project, it cannot be summarized in financial terms. The multifarious benefits resultant from the 132 KV S/C (D/C tower) T/L shall be higher than the financial benefits.
16	Recommendation of Principal Chief Conservator of Forests of State Govt.	
17	Recommendation of Regional Chief Conservator of Forests along with detail reason.	
18	Recommendation of Regional APCCF shall give detailed comments on whether	

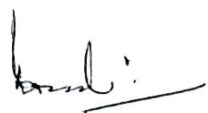

(10)

	There are any alternative routes/alignment for locating the project on the non-forest land.	
19	Utility of the project	
a	Number of Schedule Caste/Schedule Tribes to be identified by the project	
20	Whether land being diverted has any socio-cultural/religious value.	The entire population is scheduled tribe.
21	Whether any sacred grove of very old trees/orest exist in the area proposed for diversion.	No
22	Whether the land under diversion form part of any unique eco-system.	No
23	Situation with reference to any PA	The area is within the USF area and the USF areas are not demarcated. The area proposed for diversion does not fall under any protected area. Eaglenest Wildlife Sanctuary is about 18 KMs from the project site.
24	Any other information relating to the project	The required informations as per the provisions of submission of the proposal have been given in the appropriate columns of the format.
