**SPECIFIC RECOMENDATION OF DIVISIONAL FOREST OFFICER, GOLAGHAT**  
**DIVISION, GOLAGHAT FOR ACCEPTANCE**

The proposed diversion of Forest Land for Silonijan Sand Gravel Mahal inside Rengma Reserve Forest is under Uriamghat Range.

The Golaghat district with an area of 3500 km<sup>2</sup> and population of 10,66,888; is lacking behind in infrastructure development. There is a huge shortage of sand gravel in Golaghat & adjoining district. So, to meet the immediate requirement of gravel for development works a new Mahal needs to be immediately opened. The requisition of forest land is unavoidable as the sand gravel is available in the entire district in Reserve Forest area only.

The proposal for diversion of forest land measuring 5.0 hectare inside Rengma Reserve Forest for Silonijan Sand Gravel Mahal is hereby recommended at the site proposed for diversion by the User agency
