

Site Inspection Report

The proposed site was inspected by the undersigned on 17/03/2021 along with the DFO, Dhemaji Division and representation of User Agency. The extent of area is 34.32 hact of Subansiri RF (Line-II). During the period of inspection it is noticed that the proposed area is a narrow stretch of forest land located between the river Subansiri (Project site) and Ajarguri village and contiguous to the already diverted area in Subansiri RF for NHPC Project. It was noticed that there is no record of rare endangered and unique species of flora and fauna in the area. No archaeological, heritage site, defence establishment or any other important monument is located in the proposed area. The proposed area for diversion is unavoidable and barest minimum.
