

Office of the Divisional Forest Officer, Gaya Forest Division, Gaya, Bihar

Site Inspection report of DCF

Inspection Date 25/1/201

The Proposed project area was inspected on 25-1-18 . It is situated in protected forest near village-Larpur Thana-Muffasil No.305 plot No. 845 & 821 in Gaya District. The Protected Forest had been notified vide by Environment and Forest Department Government of Bihar notification No.c/F-17069/54-3410R dated 09-08-54. This site has been visited by me along with my forest staffs. In this present proposal total area for diversion is 0.64 hectre. This area has great tourism potential and a large no. of pilgrims and foreigner visitors visit the ancient temple Dungeshawary temple. Installation of a rope way will be proved to be a great help to the tourest and will also boost the tourism. The requirement of forest land as proposed by the user agency is unavoidable and bare minimum of the project. I highly recommend the project in the interest of people and forest.
