

OIL INDIA LIMITED DULIAJAN'S FOREST LAND DIVERSION PROPOSAL
NO. FP/AS/Pipeline/119243/2021

RECOMMENDATION FOR DIVERSION OF 13.43 HECTARE FOREST LAND FOR LAYING OF
UNDERGROUND OIL & GAS PIPELINES ALONG UPPER DEHING RESERVE FORESTS PORTION OF
DULIAJAN-DIGBOI ROAD, ASSAM.

A proposal (FP/AS/Pipeline/119243/2021) submitted by the Oil India Limited for diversion of 13.43 hectare of forest land for non-forestry purpose under FC Act 1980. The area being diverted for laying of underground Oil & Gas pipelines. The proposed linear area for diversion is along the existing ROW along the Digboi-Duliajan road passing through Upper Dehing Reserve Forest (West Block) under Digboi Division. The diversion of forest land is proposed to replace the existing 8 inch dia Duliajan Digboi Crude Oil pipeline. The proposed diversion site is in Upper Dehing Reserve Forest (West Block) under Digboi Division and has 850 nos of trees of miscellaneous species of different girth classes as per the enumeration list prepared by the DFO, Digboi Division. The aerial distance of the proposed diversion site from the nearest point of Dehing Patkai National Park is 2.52 km. Considering the importance of laying of underground Oil & Gas pipe as per the proposal as submitted by the Oil India Limited, the proposal is hereby recommended.
