

Site Inspection Report Site Inspection By the CCF

Sr. No	Particular	Inspection Report BY DFO(T)
1	Extent in hectares.	148.75 hect.
2	Location (Lat-Long) of the forest land proposed for diversion.	Enclosed In Annexure.
3	Legal status of the forest land (Protected forest, reserved forests, revenue forest lands or any other forest land)	Reserved forest - 101.00 hect Revenue Forest - 47.75 hect Total - 148.75 hect
4	Demarcation of the area with temporary cairns etc.	Area is Demarcated.
5	Any signs of encroachment.	2.1 hect. of forest land is under encroachment.
6	Any activity already taken up within the forest land or adjoining non forest land as part of the proposed project by the user agency. Details of action taken against the user agency in case of violation of the FC act and guidelines there under.	Nil
7	Status of vegetation, site quality, species composition etc.	5737 tree will be affected. The area has miscellaneous tree species of little commercial value. Site quality of forest is VA. cultivation land leased/ Forest right to forest village dwellers and nallah
8	Importance of area from wildlife point of view, Status of wildlife (density and abundance of important species, bird life reptiles, butterflies and other scheduled animals any endangered wildlife). Any latest census of wildlife in this area.	No significant availability of wild life is seen in the areas proposed fecal material of Nilgai, Jackal spotted deer are seen in adjoining forest areas. No fauna species of importance is present in the area.
9	Endemism of flora/fauna or any other unique ecosystem in the area.	Nil
10	Current land use. Is this area managed as per prescriptions in the working plan and if not, why?	57.44 hect. forest area is part of forest village Sarmeshwar comp.No (764B) 22.46 hect. Area hect. is river bed in comp. 764A and 21.1 hect. area is managed under SCI working circle Borkheda .
11	Importance of the area from historical or religious point of view.	None
12	Any dependent persons/families on this land.	Sarmeshwar Forest village are dependent for agriculture on this land
13	Any displacement of persons proposed.	No displacement will occur only cultivation land will be effected
14	Is there any Rehabilitation and resettlement Plan for the persons to be affected? Is there any dissenting voice among the persons proposed to be displaced?	Affected persons will be compensated by user agency for land submerged no dissent voice is there

15	Compensatory afforestation proposed is on forest land or non-forest land. Location of this area, suitability of the area for CA.if in the degraded forest land then what is the current working plan prescription for the area? Distance of the non-forest land for CA from the nearest forest area. Number of patches in case the area should be more than 10 Kms.	Land for Compensatory afforestation is non forest land details are is under			
		Patch No	Range	Khasra No	CA Area (Hect.)
		1	Khandwa	Gram- Sargaon nipani Kh- No 13,20,31, 32,33,34,35,50,51, 52,	148.75
					148.75
		Whole area is in a single patch and about 5 kms. From nearest forest area			
16	Proposal area should not be part of any protected area. Also distance from the boundary of the nearest protected area should be more than 10 Kms	Proposed Area is not a part protected area. There is no protected area around proposed site within 10 Kms.			
17	Dependence of tribals in the area. Whether the rights of the tribals have been recognized in this area.	Yes. Collector certificate for settlement of rights under FRA'2006 enclosed.			
18	Utility of the project, including the people living in close vicinity of the project.	It will provide irrigation facility to formers which will enhance the productivity of land and economy of people			
19	In case of renewal whether all the conditions stipulated in the earlier sanction order have been complied with.	New proposal,			
20	Alternatives examined by the user agency in case of non-site specific projects.	Proposal is site specific hence no alternative is examined			
21	A certificate by the user agency that the forest land requested for diversion for non-forestry purpose is bare minimum.	Attached			
22	Any scope of saving tree growth while ensuring that the purpose for which the forest land is being diverted is also not adversely affected.	Proposed area will submerge in tank therefore it needs to be cleared the trees available but trees on banks of tank will be saved as on submergence will be for short period			
23	Any other issue of significance.	The area in question is water starved. During summer there is acute shortage of water. The proposed project will mitigate the problem for the local tribal inhabitant.			
24	Specific recommendations of the DFO with reason for approval of the project.	It is recommended to divert 148.75 hect of forest land to User agency Water resource Deptt.for proposed construction of Bham medium Irrigation Tank.			

Place: KHANDWA
