

### PART – III

#### (To be filled by the concerned Conservator of Forests)

14. Whether site, where the forest land involved is located has been inspected by concerned Conservator of Forests (Yes/No). If yes, the date of inspection & observation made in form of inspection note to be enclosed.

No,

15. Whether concerned Conservator of Forests agree with the information given in Part-B and the recommendations of Deputy Conservator of Forests.

Yes,

16. Specific recommendation of concerned Conservator of Forests for acceptance or otherwise of the proposal with detailed reasons.

The proposal is for diversion of 1.7587 ha. forest land in Hazaribagh East Forest Division for construction of New Keshwari station and yard of DFCCIL at Sariya Khurd village.

The entire area is part of migratory route of wild elephants with almost regular visits of the proposed area. The most recent migration of wild elephants was witnessed in the month of June-July 2021. As such, a site-specific wildlife management plan will be needed to address human-elephant interface issues.

The watershed/catchment area of the nearby river (Barakar) shall be greatly affected by tree felling and consequent soil erosion. Therefore, extensive river side plantation needs to be carried out as per site conditions.

This proposal is mainly concerned with construction of new station and yard by DFCCIL. This proposal will lead to the greater movement of goods and speedier cargo disposal on the DFCCIL track. In view of the aforesaid facts the proposal is recommended for the diversion of 1.7587 ha. forest land in Hazaribagh East Forest Division for construction of construction of New Keshwari station and yard of DFCCIL at Sariya Khurd village.
