Recommendation Report

Sub:- Laying of ± 320 KV HVDC underground cable from Wadakkenchery to Thrissur in the utility corridor of NH 544 in favour of Power Grid Corporation of India Ltd.

Inspected the proposed site along with Sri. Joseph Thomas, Technical Assistant to Chief Conservator of Forests, Central Circle, Range Forest Officer, Pattikkad & Staff of the Range on 07.10.2017. The proposed site is by the side of NH 544 and ~~there~~ the length of underground cable which is to be laid through the forest land is 730 meters. No tree felling is required to execute the work and it would not pose any threat to the animal / bird population of the locality. As such, I recommend the project for inception.

Chief Conservator of Forests,
Central Circle, Thrissur
