FORM - A

Form for seeking prior approval under section 2 of the proposals by the State Government and other authorities (For Improvement of the existing Track to BT Standards)

PART-I (To be filled up by user agency) User Agency: Executive Engineer, PR Division, Paderu.

1. Project Details:		The total length of the proposed road from Nurmathi R&B Road to Pedajageeru village of G.Madugula mandal is 11.40 km length with existing track & Path.
(i) -	Short narrative of the proposal and project/scheme for which the fores land is required.	Diversion of 2.48 ha. land for Formation & BT to the road including construction of Culverts from Nurmathi R&B Road to Pedajageeru village of G.Madugula manda through of Kokkirapally RF ,Kokkirapally Beat,Lothugedda Range, Narsipatnam Division in favou of Executive Engineer, PR Division, Paderu under FC Ac 1980
		The road work sanctioned / approved by Ministry of rural development in PMGSY grant under phase X for Rs. 519.83 lakhs. The existing surface is earthen surface and it leads to a BT road and it is a shortest path to reach the mandal head quarters and the road serves total population of 1192 (Singarbha-190, Porlu -143, Korapalli-433, Gannelba-164,Boddagondhi-118,Pedajageeru -144). As there is no proper transportation facilities the school going children are becoming Agricultural Labour. The basic occupation of the people in this area is Agriculture and is totally rain fed and collection and selling of forest produce. The main food crops are Paddy, Ragi and vegetables like carrot, beans etc, and forest products like Tamarind, Honey, Pineapple, Jack fruits etc. The crop yielding is generally very good and needs to be transported to the nearest marketing center i.e. G.Madugula, Paderu & Narsipatnam so as the formers shall get the better benefits and true value.
		This is the only road to provide medical aid to the people who are generally prone to Malaria and other general epidimics. This also helps the school going children and college students to reach the nearest schools and colleges.
		The Project is for New Connectivity of the existing road from track to BT standards. Hence, Forest Clearance is needed for this road to upgrade to BT standards.
(ii)	Map showing required forest land, boundary of adjoining forest on a 1:50000 scale map.	Enclosed

(ii	i) Cost of the Project.	
	- Joseph Grand Control of the Contro	Rs. 519.83 lakhs
(iv	Justification for locating the project in forest area.	difference of the state of the
	in forest area.	Boddagondhi and Pedajageeru reach the mandal head
		quarters G.Madugula with shortest path by providing this
		road, the existing road passes through Reserve Forest in
		various reaches in the road from 0/0 to 11/400 km. This
		is the only the shortest route for the people of above
		habitations. The buses and commercial vehicles are not
		playing on this road due to improper geometry and
	•	various streams crossing the road. The people are facing
		lot of problems to meet their needs of Education, Health
	-	and Transportation of Agricultural and forest produces
	•	etc,. Hence the road is proposed to upgrade to BT
		standard so as to make the road traffic worthy.
(v)	Cost-Benefit analysis (to be	Area proposed is less than 5 ha. Hence cost benefit
	enclosed)	analysis does not arise. However The proposed road is to
		serve the habitations (Tribal) having a population of 1192
		members. It is required to bring this tribal population
		into normal civilization by providing this road. By laying
		this road, the poor tribes living in remote areas can
		transport the agriculture and forest Produce. There by
		the tribes will get benefited by getting better income and
		become better civilized.
(vi)	Employment likely to be generated.	
	• • Se generated.	Due to this road project, they will get employment
		directly by creating 28098 man days for a period of one year and also indirectly, the nearby habitants are
-		benefited.
2. Purpose-wise break-up of the total land required		The main purpose of the forest land is required for
requ	irea	widening of the existing track and laving of BT Road. The
		total length of the road is 11.40 km and the road is
		passing through various reaches of Kokkirapally Reserve
		forest , Kokkirapally Beat, between Nurmathi R&B Road to Pedajageeru. Required total Right of way for
		Formation and Laying of BT Road is 7.50m including
		Construction of Culverts for 7.50mts width.
•		
		An area of 2.48 hectares of forest land is to be diverted
		for construction of Road.(As per Authentication map of PCCF)
2.a. Compartment-Area-wise break-up of		Bit 1-0.42 ha,Bit 2-0.19 ha, Bit 3-0.27 ha , Bit 4-0.23
the total land Required		ha,Bit 5-0.59 ha & Bit-0.78 ha.
		An area of 2.48 hectares of forest land is to be diverted
		for construction of Road.(As per Authentication map of
		PCCF)
3. De	tails of displacement of possile due	
the pr	tails of displacement of people due to oject if any	
(i)	Number of Families.	ALL
(ii)	Number of Scheduled Castes/	Nil Nil
		IVII

(ii)	Number of Scheduled Castes/ Scheduled Tribe families	Nil
(iii)	Rehabilitation plan(to be enclosed)	Nil
4. Whether clearance under Environment (Protection) Act, 1986 required? (Yes/no)		No
5. Undertaking to bear the cost of raising and maintenance of compensatory afforestation and / or penal compensatory afforestation as well as cost for protection and regeneration of Safety Zone, etc. as per the scheme prepared by the State Government (undertaking to be enclosed)		Enclosed
6. Details of certificates/ documents enclosed as required under the instructions		 Map-1 showing the area applied for Formation of road (Authenticated Map) Map-2 showing the surveyed sketch of the road. Map-3 Map showing the road with reference forest block boundaries (SI Sheet). Undertaking to bear the cost of trees Certificates not to violate the provisions of forest conservation Act.
