3. Government of Tamilnadu letter no 1294/  
FR.10/2020-3 Dt. 14-08-2020  
4. Principal Chief Conservator of Forests,  
Chennai- TS3/7477/15 Dt 04-09-2020

Dear Sir,

We thank you for considering our online proposal for  
diversion of forest land in Thirutheri RF for formation of approach road  
to our land SF no 86 of Veerapuram village.

The advise of Government of India to limit the width of the  
Approach road to 8 mtrs.and 10 mtrs width at the bends for a small  
Length of 240 mtrs. will not be sufficient considering the cars length of  
3 mtrs and the new vehicles higher BHP and speed.

Page -2-

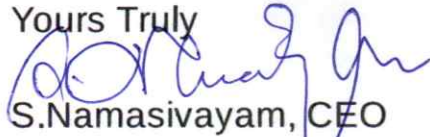

However we have purchased this land from SIPCOT, a Tamilnadu government organisation in the year 2002 and struggling to get the approach road for the last 18 years to start our project due to no approach road. Considering the present age of the partner is about 70 years and the CEO is about 64 years, we dont have much years to wait further for this.

Considering the above we agree as per the Government of India and here by revised our proposal to restrict the width of the road to 8 mtrs. and 10 mtrs at the bends and the revised area for diversion is 0.207 Ha. (51.291 cents) as against our earlier proposal 0.288 Ha.

We have uploaded the revised map with DGPS co-ordinates as per the revised width of the road as advised by you.

Thanking you

Yours Truly

S.Namasivayam, CEO

Sivanesh Bagerathi Enterprises
