Dear Sir,

With reference to the above subject, it is submitted that IE along with Concessionaire visited the said location for proposed Road Under Bridge (RUB) at Etah Bypass at KM. 216+195 and following are the findings;

1. 1st RE Wall (Aligarh side) ends at design Km 216+170
2. 2nd RE Wall (Etah/Kanpur side) starts at design Km 216+346
3. Road FRL at proposed location is 171.204 m.
4. Bottom RL in drawing/plan submitted by RITES is 178.445 m
5. Hence, clear height over the Road level is 7.243 m (178.445-171.204). Which is sufficient as per standard.
6. At this chainage the available PROW 60 Meter width is fully utilized in our Plan & Profile. Therefore Clear 60 meter ROW should be clear in any condition for NHAI/Project use.

In view of above facts, the No Objection Certificate (NOC) may be granted to RITES for their further course of action only after fulfilling point no.6 as mentioned above.

This is for your kind information and further action please.

Thanking and assuring you of our best services at all times.

Yours sincerely,
