The very same existing approach Road was already approved by the GOI, Ministry of E&F and the Govt. of Tamil Nadu in their GO MS No.83 E&F (FRIO) Dept. dt 21.08.2006 .

In this connection, we wish to state that the Poonthandalam village comes under the Institutional zone area approved by the IInd Master Plan of the CMDA. The CMDA now insisting us that the approach road to the Educational Institutions must be in the width of Minimum 60'. In the proposed Forest land, there are some trees which are unused / not valuable here and there are some unwanted bushes scattered. There are no well grown trees in the proposed site. There are no rare and endangered species in the proposed site and if our proposed widening of Road is formed, it will be great safeguard to **Nallur RF** and no one can be entered into the **RF** area illegally.
