This remaining PF land is along the existing road where proposed road alignment is realigned/bypassed.</p> <p>Note: - <u>Significant length (from km 66+500 to 78+635) of project road is located in Hastinapur Wildlife Sanctuary. Road side plantation is notified as PF and as per available revenue record, within Sanctuary affected plots through which project road alignment traverse is not in the name of Forest/Wildlife Department, so these lands are considered as private land within sanctuary. Diverted area of these forest patch/plots are calculated as per polygon size as many of patches/plots are of asymmetrical/uneven shape</u></p>
