Site Suitability Certificate

This is to certify that Competent Authority regarding suitability of the area identified for Compensatory Afforestation under Bru resettlement is under Paschim Tilthai of Dharmanagar Forest Sub-Division.

1. This project of 20 ha is situated at Paschim Tilthai RF (Status: PRF) of Panisagar Forest Range under Dharmanagar Forest Sub-Division, a total of 20000 seedlings shall be planted in the 20 Ha area through AR.
2. This area is a degraded area with less than 10% density of trees coverage (As per decision support system tools and physical verification reports).
3. This area is infested with full of weeds and bushes, hence needs special attention in order to create a good patch of forest.
4. The patch is not a natural habitat of wild animal including elephants, hence needs to be developed into a dense forest from the present degraded status.
5. Availability of water is not a problem here; hence scope of surviving of transplanted seedling is more.
6. Soil is fertile and suitable for miscellaneous species of planting.
7. Availability of labour is a plus point here as there are villages nearby.
8. People all around this area including villages are in a shortage of wages hence they will have a chance to increase their earning for their livelihood.
9. There is a scope to enhance the protection activity in this area with the involvement of engagement of villages for different works in connection with the creation of plantation.
