Sub: Clarification with respect to area submitted as per joint inspection report of DFO Karimganj and area as per KML uploaded regarding proposal no FP/AS/Pipeline/49586/2020 of North East Gas Grid Project.

Dear Sir,

This is in respect to the submitted online forest proposal for permission of total diversion of forest land of 9.0898 Ha in Karimganj (Assam) vide Proposal no. FP/AS/Pipeline/49586/2020 dated 10.09.2020.

With reference to the above, a query has been raised by the forest department on 07/10/2021 please find the pointwise reply of the query raised.

SI No	Query	Reply
1	C-(ii)-(b)-After careful verification of the uploaded KML file and the Joint verification report, it is found that the area encompassed by the KML file is 9.0887 hectares whereas the forest area verified by the Divisional Forest Officer (DFO), Karimganj is 9.2472 hectare. Please clarify the anomaly found in the actual forest land to be diverted.	<p>The forest land is at the boundary of Assam and Tripura. The reason for difference (0.1585 Ha) in the uploaded area of forest land to be diverted (9.0887 Ha) and the forest area as per DFO Karimganj joint verification report (9.2472 Ha) is that "the 0.1585 Ha difference in area of forest land appears to be falling under Tripura forest division" subsequently we subtracted that area in our proposal.</p> <p>Also regarding the above mentioned area of 0.1585 Ha, we have already applied for forest clearance under FCA Act via application no FP/TR/Pipeline/126024/2021.</p> <p>The area has already been verified by DFO North Tripura and the proposal is currently under review by Government of Tripura and RO. (Timeline is attached).</p>

2	C-(iii) – The forest land to be diverted reflected in the uploaded SOI (1:50000 scale) toposheet map do not corroborate with the actual forest land to be diverted mentioned in the joint verification report. Also, the DGPS/Total Station co-ordinate readings annexed in the uploaded SOI (1:50000 scale) toposheet map do not fall exactly in the proposed land to be diverted. Further, the title annexed in the uploaded SOI (1:50000 scale) toposheet map does not include the name of the Reserve Forest and Forest Division. Please rectify the mistakes and upload a freshly prepared SOI (1:50000 scale) toposheet map with mandatory map components.	The reason of the forest land is not matching with the area mentioned in joint verification report in the uploaded SOI Toposheet is same as point no 1. Remaining queries will be rectified and uploaded accordingly
3	C-(iv)- The forest land to be diverted reflected in the uploaded Geo-referenced map do not corroborate with the actual forest land to be diverted mentioned in the joint verification report. Also, the DGPS/Total Station co-ordinate readings annexed in the uploaded Geo-referenced map do not fall exactly in the proposed land to be diverted. Further, the title annexed in the uploaded Georeferenced map does not include the name of the Reserve Forest and Forest Division. Please rectify the mistakes and upload a freshly prepared Geo-referenced map with mandatory map components.	The reason of the forest land is not matching with the area mentioned in joint verification report in the uploaded SOI Toposheet is same as point no 1. Remaining queries will be rectified and uploaded accordingly
4	D-(ii)–The uploaded map of alternative route has not annexed the title of the map. Please rectify the mistake and upload accordingly.	Will be rectified and uploaded accordingly

Further we are also attaching the following details with respect to our proposal (FP/TR/Pipeline/126024/2021) of Tripura forest division.

- 1) GEO referenced maps,
- 2) Coordinates of Tripura Forest division
- 3) Copy of SOI Toposheet
- 4) KML files as per DFO North Tripura
- 5) KML as per DFO Karimganj report

It may be worthwhile to note that the aforesaid Pipeline Project is of National importance and it is to be completed in the time bound manner.

Thanking You,

For Indradhanush Gas Grid Limited

Salim
