## JUSTIFICATION OF ADJOINING ALTERNATE ROAD (LINK ROAD),

As per objection raised by nodal officer FCA Punjab SAS Nagar, user agency submits that after seeing the project site on Google earth it is found that there is access to adjoining alternate road (link road), but no road access can be taken on this adjoining alternate road (link road) in any situation because this is a big colony having area 6.13ha. and is Puda approved. As per bylaw of PUDA, the passage for colony can only be taken from State Highway. The passage which is applied for Sant enclave residential colony from forest department which is correct. This passage is applied by considering the area of colony. User agency has taken less area as per guidelines of forest department wherein one tree is being effected which is lesser. Adjoining alternate road (link road) which is showing on Google earth is a small passage and In/Out in this passage is not sufficient. In/Out access road is prepared for the parking of project and for the safety measurements from any accident or mishappinging. This layout plan is applied as per bylaw of PUDA and same cannot be changed. The passage to Sant Enclave Residential colony is necessary to be taken at State Highway as more area for parking is left in it so that there remain no possibility of accident.
