I wish to inform that, as per the right of way for the 11 kv transmission line, the width of the proposed stretch has been reduced as 7.00 m instead of 7.29 m proposed earlier. Accordingly, now the requirement of the area is reduced to 0.777 ha.

Hence, the “kml file and DGPS surveyed Geo-referenced map” measuring an area of 0.777 ha are uploaded by deleting previously uploaded “kml file and Geo-referenced map” as prescribed in the “part I of Form A – C. Maps of forest land proposed to be diverted”.

The component wise breakup details for the proposed area 0.777 ha is furnished below:

Sl. No.	Name of Village	Area details		
		Length (km)	Breath (km)	Area (ha)
1	Sigaramanapalli	0.164	0.007	0.1148
2	Konganapalli	0.946	0.007	0.6622
	<b>Total</b>	<b>1.110</b>		<b>0.7770</b>

Based on the above breakup details for the area requirement, the existing area breakup details already uploaded in the "Additional information Details" is now deleted.

With reference to the above letter 3<sup>rd</sup> cited, as the proposal has been uploaded before 2018, the area requirement in the "Part – I of Form A" unable to modify from previously proposed area from 0.81 ha into modified area of 0.777 ha in the online web portal. Hence, it is requested to consider the reduced area for the project proposal to 0.777 ha instead of 0.81 ha.

2) In the part I of Form A, copy of authentication letter issued in favour of Executive Engineer, O&M, TANGEDCO, Krishnagiri, which was deleted is now uploaded.

I herewith enclose the revised "part 1 of form A" along the newly uploaded documents in 5 copies.

Therefore, I request that, this proposal may please be considered and recommended for getting the orders from the Government as early as possible.
